BOSTON, October 16, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of October 6, 1951, the following list of bids was received and publicly opened and read aloud on October 15, 1951, for furnishing emergency lighting generators for the Department of School Buildings for various schools:

Fairbanks Morse & Co., \$20,736; J. H. Westerpoke Corporation, \$20,796, alternate.

The Fairbanks Morse & Co. inadvertently left their bid deposit with the City Auditor, however, since the bid deposit was in the amount and form as required by advertisement and was submitted before time specified for opening of bids, your Honor's permission is requested to waive the informality and to award a contract to Fairbanks Morse & Co., 178 Atlantic avenue, Boston, Mass., the lowest responsible bidder, in the amount of twenty thousand seven hundred thirty-six (20,736) dollars.

Respectfully yours,

EDWARD M. O'FLAHERTY,
Acting Superintendent of Construction.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, and mercantile establishments for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, October 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

On October 2, 1951, your Honor approved our written request of September 21, 1951, for authority to amend, without public advertising, our present contract with Astor Exterminating Company for extermination of vermin at \$260 per month, to cover the period January 1, 1952, to March 31, 1952.

The aforementioned letter of September 21, 1951, inadvertently described this firm as the sole bidder, following public advertising, for the current contract. For your information, however, the existing con-

tract was awarded, without advertising, its \$260 monthly rate having been carried over from this firm's earlier, publicly advertised, contract which terminated March 31, 1951.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY HOSPITAL,

MARTIN J. ENGLISH, M.D.,
President.

BOSTON, October 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your permission is hereby requested for the award of a contract, without publicly advertising, to John M. Gray Company, 175 High street, Boston, Mass., for architectural services in connection with the alterations and addition to the Pediatrics Building (for premature infants) at the Boston City Hospital.

The estimated cost of the work is \$125,000 and the architect is to be paid a fee equal to 10 per cent based on the actual cost of said construction.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY HOSPITAL,

MARTIN J. ENGLISH, M.D.,
President.

BOSTON, October 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested for the awarding of a contract, without publicly advertising, to R. & M. Wood Products, 5 Montferm avenue, Brighton, Mass., in the sum of \$1,390, for furnishing and installing counters, cabinets, and new sink in the laboratory on Medical 1, Boston City Hospital.

Four informal bids on this work were received, and the above company was the low bidder. They are specialists in constructing and installing laboratory equipment.

The trustees are of the opinion that nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY HOSPITAL,

MARTIN J. ENGLISH, M.D.,
President.

PARK DEPARTMENT.

BOSTON, October 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The Board of Park Commissioners respectfully requests permission to enter into a one-year agreement starting November 1, 1951, with the American Coin Lock Company, of Pawtucket, R. I., for the operation of convenience stations on Boston Common.

This company is an outstanding one, nationally, in maintaining this type of service. For more than 25 years it has operated the convenience stations on the Common at Park street, West street, and Flagstaff Hill.

Under the existing agreement we have been paying the company \$2,500 per year for this service, with the company retaining any proceeds they may obtain from the locks. The company furnishes and pays four attendants who maintain the convenience stations from 6 A.M. until 12 midnight and in addition fur-

nishes all supplies, such as tissues, mops, brooms, and other cleaning materials.

If the Park Department were to operate these stations the salaries alone of four attendants would be in excess of \$10,500 annually and there would be the additional expense of furnishing all supplies and cleaning materials.

The American Coin Lock Company has agreed to accept a new lease on the same terms as the present one but with the understanding that if there is an increase in the minimum wage scale in Massachusetts, the company must of necessity receive an increase in the amount of money now being paid by the city. We are in receipt of a letter from the company to the effect that this provision must be included in the contract because of the present pending bill in the Massachusetts Legislature which would increase the wage scale.

The Board of Park Commissioners believes that for the best interest of the city, the lease should be awarded to the American Coin Lock Company, without advertising, and therefore requests your approval to enter into an agreement for a term of one year beginning November 1, 1951, with the understanding that the lease may be extended an additional year if both parties so desire. Under the terms of the agreement the city will pay the American Coin Lock Company the sum of \$2,500 per year for the services mentioned herein, subject to an increase in this rate if the minimum wage scale is revised upward. The cost is to be charged to Park Department budget, Item 299.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, October 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted several requisitions for replacement parts for Hersey water meters.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Hersey Manufacturing Company. Inasmuch as this company is the manufacturer of these parts, no advantage could be gained by publicly advertising for prices.

Approximate total amount of contract will be \$6,165.44, less 5 per cent trade discount but no cash discount.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this office for 5,000 dozen Hoodsie cups for the annual Hallowe'en celebration.

In past years, the H. P. Hood & Sons was the only company that rendered satisfactory service regarding deliveries of the ice cream. Inasmuch as this is the most important factor to be considered at this time, permission is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to H. P. Hood & Sons for

5,000 dozen Hoodsie cups at a price of 55 cents per dozen.

Total amount of contract will be \$2,750, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Welfare Department has submitted a requisition to this office for the following:

One Model "A" Recordak, two film units, one film reader.

Recordak Corporation is the manufacturer of the above equipment. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Recordak Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,600, less a rental allowance for 36 months of \$630, making a net total of \$970.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On September 12, 1951, your Honor approved a letter to award a contract to the American Sterilizer Company for furnishing sterilizers to the Boston City Hospital. This company was the lowest bidder as a result of a publicly opened bid of September 6, 1951.

The American Sterilizer Company inadvertently overlooked our standard clause in the proposal stating that a 2 per cent cash discount is deducted unless otherwise stated. This company subsequently advised this office that their terms, in all dealings with the City of Boston, have been on a net basis. After checking previous contracts with this company over a long period of time, I have found this fact to be true.

Inasmuch as their bid was approximately \$600 lower than any other bid received irrespective of terms, authority is requested to dispense with further publicly advertising and award a contract, without public advertisement, to American Sterilizer Company at a total amount of \$11,434, net. It is my opinion that, in this way, the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

LAND-TAKING IN CHARLESTOWN.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Waldo street, Charlestown district, as a highway, from Warren avenue to Charles River avenue, bounded and described as follows:

A highway named Waldo street is hereby laid out, from Warren avenue to Charles River avenue.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Warren avenue, twenty-five feet; northerly by the northerly line of said Waldo street as hereby laid out, by three measurements, twenty-six and 45-100 feet, twenty-eight and 7-100 feet, and ninety-nine and 35-100 feet; easterly by Charles River avenue, twenty-five and 55-100 feet; southerly by the southerly line of said Waldo street as hereby laid out, by three measurements, one hundred five and 11-100 feet, thirty and 93-100 feet, and twenty-eight and 84-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out of Waldo street, Charlestown district, as a highway, from Warren avenue to Charles River avenue, under the order of the Board of October 15, 1951, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Baker place, West Roxbury district, as a highway, from Baker street approximately 386 feet, bounded and described as follows:

A highway named Baker place is hereby laid out, from Baker street westerly for a distance of approximately 385 feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Baker street, thirty and 4-100 feet; southerly by the southerly line of said Baker place as hereby laid out, three hundred eighty-five and 70-100 feet; westerly by the westerly line of said Baker place as hereby laid out, thirty feet; and northerly by the northerly line of said Baker place as hereby laid out, three hundred eighty-four and 8-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Baker place, westerly from Baker street for a distance of approximately 385 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Baker Place, West Roxbury Assessment Plan, September 14, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 15, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors Ansel, P. A. Tracy, Yerxa.

The Reverend Theophilus McNulty of the Franciscan Fathers, St. Anthony's Shrine, Arch street, was escorted to the rostrum.

INVOCATION BY REV. THEOPHILUS McNULTY.

Let us pray. In Thy unceasing and loving care over Thy household, we beseech Thee, O Lord, grant to those to whom have been committed the well-being of the people of this city the spirit of fortitude and prudence that they may courageously direct the civil affairs of the city. Grant to them also the spirit of temperance and justice that they may patiently fulfill the task that Thy provident care has assigned to them. Imbue them with the strength of Thy example and grant to us, Thy people, unitedly and perseveringly, to seek after Thy will now that we may enjoy its reward in the life to come. Amen.

The salute to the Flag was given by the members.

VETO OF ORDER RE INCREASED PENSION ALLOWANCES.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the City Council.
Gentlemen:

I return herewith, without my signature and disapproved, the order of your Honorable Body accepting chapter 820 of the Acts of 1950, providing for an increase in the pensions and retirement allowances of certain retired employees.

I declined to approve a similar order on February 21, 1951, principally for the reason that legislation under consideration in the General Court might result in a more equitable act, and that situation still prevails.

Respectfully,
J. B. HYNES, Mayor.

Placed on file.

CHILDREN'S PLAY AREA, CARSON STREET.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of October 1, 1951, requesting the setting up of the missing swings and means of recreation which are now missing from the children's play area on Carson street, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, October 11, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Further supplementing my recent letter to you on Councilor Hannon's order relative to the erection of more swings on the Carson Street Playground, I am pleased to inform you that they will be erected on Monday, October 15, 1951.

Very truly yours,
FRANK R. KELLEY, Chairman.

INCREASED ALLOWANCES FOR WELFARE AND OLD AGE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Overseers of the Public Welfare relative to your order of September 10, 1951, requesting an increase in the welfare and old age allowances because of the present increase in the cost of living.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 10, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Mr. Shannon:

This department is in receipt of the following order of the City Council passed on September 10, 1951:

Ordered, That the Board of Public Welfare be requested, through his Honor the Mayor, to

increase the welfare and old age allowances because of the present increase in the cost of living.

The Board of Overseers of the Public Welfare in the City of Boston wishes to advise that in the matter of Old Age Assistance this department must follow the budget procedure as established by the State Department of Public Welfare which is mandatory. In the matter of welfare grants, called General Relief in the City of Boston, a thorough study is now being made by a committee of the Board, and when the study is completed, the full Board will be given the details. If they concur in the recommendations of the committee, the matter then will be presented to his Honor the Mayor for his consideration.

Very truly yours,
WILLIAM G. O'HARE, Secretary.

EMERGENCY LIGHTS IN CERTAIN SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the secretary to the School Committee relative to your order of October 1, 1951, requesting that emergency lights be installed in the schools, where organizations meet, throughout the city.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
School Committee, October 8, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Your communication of October 5, 1951, submitting City Council order of October 1, 1951, that emergency lights be installed in the schools, where civic organizations meet, throughout the city, will be presented to the School Committee at the first possible moment.

Very truly yours,
AGNES E. REYNOLDS, Secretary.

TRANSFER FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$30,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1951 budget estimates of the Personal Service requirements of the Park Department included an estimate of the total income of \$183,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$30,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, October 8, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$30,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$30,000

When making up the budget estimates for the year 1951, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1951, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of thirty thousand dollars (\$30,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Com-

missioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$30,000

Referred to the Committee on Parkman Fund.

TRANSFER OF LAND ON HOOKER STREET TO PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 15, 1951.
To the Honorable City Council.
Gentlemen:

The Board of Park Commissioners has requested that a certain parcel of tax foreclosed property situated at the rear of Hooker street in the Brighton district be transferred from the jurisdiction of the Board of Real Estate Commissioners to the Park Department, for the purpose of developing the area for park and playground purposes.

I submit herewith an order for the transfer of this land to the Park Department and recommend the adoption of said order.

Respectfully,
J. B. HYNES, Mayor.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated August 5, 1947, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5866, page 7, on about forty-three thousand five hundred eighty-four (43,584) square feet of land at the end of Hooker street, Brighton district, bounded and described as follows: Southwesterly by Hooker street; northeasterly by Goddard street; and southeasterly and northwesterly by Sorrento street; and

Whereas, The Board of Park Commissioners desire to use said parcel for park and playground purposes; and

Whereas, The Board of Real Estate Commissioners has voted its assent to the transfer of said parcel to the Board of Park Commissioners; now, therefore, it is hereby

Ordered, That the following-described parcel of land, be, and the same hereby is, transferred from the care, custody, control, and management of the Chairman of the Board of Real Estate Commissioners to the care, custody, control, and management of the Board of Park Commissioners for park and playground purposes.

Referred to the Executive Committee.

Passed under suspension of the rules.

Adjourned at 3.24 P.M., on motion of Councilor Hannon, to meet on Monday, October 29, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.
(Stenographic copy of such debate on file in office of City Clerk.)

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

PROCEEDINGS OF SCHOOL COMMITTEE.

Aug. 10, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4.10 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward.

SECRETARY PRO TEMPORE

In the absence of the Secretary and the Acting Secretary, the Committee proceeded to the election of a Secretary pro tempore.

A roll call was ordered and the members as their names were called stated that they voted as follows:

For MARY L. O'BRIEN—Mrs. Dacey, Messrs. McDevitt, Muchnick and Ward—4.

Absent—Mr. White—1.

The Chairman declared Mary L. O'Brien elected Secretary pro tempore.

APPOINTMENTS

Nominations by the Superintendent, certified by him as being in accordance with the regulations, to take effect on the dates stated, were presented.

Mr. Muchnick: Are these the appointments that were submitted in conference today?

Miss O'Brien: Yes.

Mr. Muchnick: I would like those broken up.

Chairman: Break them up.

Superintendent: I think Mr. Muchnick means each group — don't you?

Mr. Muchnick: Yes.

Superintendent: The first group are the two professors at the Teachers College.

(THE TEACHERS COLLEGE OF THE CITY OF BOSTON)

The Teachers College of the City of Boston—John E. Collins, professor (from assistant professor), Sept. 1, 1951. Mary E. Lynch, professor (from assistant professor), Sept. 1, 1951.

Mr. Muchnick: On the question of the two professors at the Teachers College, Madam Chairman, I have it from some assistant professors at Teachers College that what I anticipated and feared took place. Some of them cannot understand why, with the same background and same qualifications and so forth but with longer periods of service, they were bypassed for people who are relatively new.

There was one assistant professor from whom I did not hear, and I would like to make that very clear. When he was appointed as an assistant professor a little less than a year ago, I questioned why he should be appointed an assistant professor of English when he had been the successful head of department of Latin at one of our schools; and the Superintendent in very glowing terms—though I haven't checked his exact words at that time—said that although it seemed somewhat strange, this man was not only the best he could think of, or words to that effect, in the Latin field but that the same held true of many in the English field, and he picked him above the head of the English department in the same school, who was also an excellent man.

And I was led to believe then—and I think with justification—that that particular man was as good as we had—or possibly ever would get—as an assistant professor of English for the Teachers College and had every qualification that goes to make a remarkable professor of English.

I don't know why, with his administrative background as a head of a department and with his unquestioned and highly complimented ability, and particularly in view of the switch from the field of Latin to the field of English, he isn't to be considered in the same class with another very able man. There is no question about that in my mind so far as John Collins is concerned.

And I don't know why there shouldn't be consideration also—and if there has been some, more consideration—of the other people who for years, according to what I have been hearing during my term on this School Committee, have been doing excellent jobs as assistant professors and have the degrees.

I don't know whether they earned their Ph.D. degrees in fields that were easier or harder than the field in which John Collins took his degree, but that is all a question of evaluation; and I think that we are in the same category here as when we pick assistant superintendents. We ought to be given the qualifica-

tions of everybody. Those should be discussed with us before we are asked to accept or reject.

If this were as a result of a rating, then you could not have too much quarrel unless you quarreled with the rating system, but somebody would have come out number one on the examination; but here you don't have that, and I think we ought to have the benefit of comparison.

I don't believe I know Miss Lynch, but I do know and like and admire John Collins very much. I don't like to hold up the appointment of him or anybody else, but I think that we ought to have some basis of comparison before we are asked to vote, and I am going to ask that this be held over and that we be given the records of all the people who are concerned.

Chairman: Is that a motion that this be held?

Mr. Muchnick: Yes.

Chairman: Call the roll.

Mr. McDevitt: This motion now is what?

Chairman: That Dr. Collins' appointment be held up.

Mr. Muchnick: And Miss Lynch's.

Chairman: And Miss Lynch's.

Mr. McDevitt: No.

Mr. Muchnick: Yes.

Mr. Ward: Yes.

Chairman: No.

Chairman: Now we will vote on the confirmation of these appointments.

Mr. Muchnick: May I point out that we can't vote on confirmation because this is the first time this has reached public meeting, and there won't be four votes for suspension.

Superintendent: If three vote for it now, then it lies over.

Mr. Muchnick: I thought it just would lie over until the next meeting automatically without any votes.

Chairman: Call the roll.

On roll call the appointments were approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

Mr. Muchnick: Madam Chairman, may I suggest that there be a vote now on Mr. Morris as a coach so that his appointment as a teacher-coach will take place after his appointment as a teacher?

Chairman: There is a motion before us that Mr. Morris be confirmed as an assistant teacher-coach after his appointment as a teacher. Call the roll.

Rollcall: McDevitt, yes; Muchnick: I made the motion purely for the purpose of clarifying the record. I am going to vote no on the motion because of the method of selection of all teacher-coaches; Ward, yes; Chairman, yes.

Superintendent: Do you want to be sure and confirm his appointment now?

Chairman: Now we will confirm Mr. Morris' appointment as a teacher, elementary, permanent.

Mr. Muchnick: We did that. You voted for his appointment first as a teacher under teachers, elementary, and it was because of that—we just did it before I made this motion. That was the purpose of this motion.

Chairman: Next item.

Superintendent: Department of School Hygiene.

Department of School Hygiene—Margaret F. Regan, school nurse, Sept. 1, 1951.

On roll call the appointment was approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward—4.

Mr. Muchnick: What effort was there subsequent to the registered letter to find number one?

Superintendent: Mr. Bond, can you answer that?

Mr. Bond: I know that Miss Sullivan in the nursing department made several efforts to get in touch with number one, even to the extent of sending a registered letter with personal receipt requested.

Mr. Muchnick: Did the receipt come back?

Mr. Bond: The receipt came back. However, there are other vacancies; if she wants an appointment, it is hers for the asking.

Mr. Muchnick: If the receipt came back, then the chances are she got it. Madam Chairman, on the question of permanent substitutes, I'd like to ask the Superintendent this: Assuming all these nominations are accepted,

does that clean up all the appointments to be made between now and the opening of school?

Superintendent: I would say no, Mr. Muchnick.

Mr. Muchnick: Are there many others to be made?

Superintendent: I cannot answer that right now.

Mr. Muchnick: So that some schools, at least, are not fully organized as of the moment because there will be some personnel additions?

Superintendent: There may be some deaths and retirements between now and then.

Mr. Muchnick: Outside of deaths and retirements, do you anticipate future appointments?

Superintendent: There may be some, Mr. Muchnick.

Mr. Muchnick: Well, what are you going to do about Mr. Ackerman, who was appointed or whose appointment as a playground teacher was confirmed today, and who is thus placed in my opinion beyond any shadow of doubt on his fourth year of consecutive service and thus is under tenure?

Superintendent: I am going to confer with the Law Department, Mr. Muchnick.

Mr. Muchnick: And that's all?

Superintendent: I am going to confer with the Law Department.

Mr. Muchnick: Well, if the Law Department confirms what I have said just now and on several other occasions, do you have a spot for Mr. Ackerman?

Superintendent: Yes.

Mr. Muchnick: Already in mind?

Superintendent: There are plenty of opportunities in the elementary grades, Mr. Muchnick.

Mr. Muchnick: Then there are more appointments to be made between now and the opening of school?

Superintendent: At the present time, I think, the eligible list is exhausted. Is that true, Mr. Bond?

Mr. Bond: That is true.

Mr. Muchnick: Now I notice crossed out here the appointments of Miss Kelleher and Miss Ryan to the Model School on the list that Miss O'Brien gave me, and I know that the reason for that is that there is going to be an examination for the Model School.

Superintendent: No action was taken by the School Committee, Mr. Muchnick, on those two.

Mr. Muchnick: My understanding is that the School Committee voted that there be an examination and a rating for the position.

Superintendent: We will have to refer back to Mr. Ford's minutes.

Mr. Muchnick: I say that is just my understanding, and my understanding has been wrong before. I made the motion that there be ratings for everything except the assistant superintendents and the Teachers College, and that the Model School or anything else not be excluded in the future.

Superintendent: Mr. Muchnick, if the School Committee now

wants to vote formally that there be a rating for the position of vice principal at the Model School and also a replacement at the Model School instead of accepting my nominations that I made—not in this conference, Mr. Muchnick, but in a previous conference—of Miss Kelleher and Miss Ryan, then I will follow the wishes of the School Committee.

Mr. Muchnick: We have already voted that, Mr. Superintendent, if my memory is correct, and we will know in a few days when Mr. Ford gets his minutes typed up.

Now, on the same theory, Mr. Superintendent, at the Day School for Immigrants, there can be no appointment if that motion was voted, and I think it was. There must be the same kind of an examination for teaching at the Day School for Immigrants that there would have to be at the Model School or to be a kindergarten teacher or anything else because teachers at the Day School for Immigrants are not in the category of professors at the Teachers College, nor are they in the category of assistant superintendents; and for that reason it seems to me clear that the appointment of Miss Sullivan must be held up. That is one item.

Secondly, that appointment, as you know, is tied up with a motion of mine that, two meetings ago, appeared on the agenda as item No. 54 and today does not appear on the agenda, and I don't know why it doesn't; nor did it appear on the agenda of Tuesday when we met, and I don't know at whose instigation it was taken off.

This is going to be, as I understand it, to make a permanent corps at that school—

Superintendent: Excuse me. Now you are talking about the Model School?

Mr. Muchnick: No, I am talking about the Day School for Immigrants. I just used the Model School, Mr. Superintendent, as a model for the argument.

Superintendent: May I say this, Mr. Muchnick? It was Mr. Ward, I believe, who first spoke about the possibility of a rating for promotion to the Model School. That is something quite different.

Mr. Muchnick: We do not appoint anybody to anything under our rules—although I know the custom had been different in some special classes—unless they come off a rated list; and it's like you say here under teachers, junior high, and so forth: numbers one, two, three, and four on the English list.

Now, we ought to have a list for the Day School for Immigrants. We ought to have a list for everything else, in keeping with our rules, and that is what the rules say. It does not exclude the Model School, nor does it exclude the Day School for Immigrants. We did exclude the Teachers College at your request, and the Board of Superintendents

never were included because they were administrators and not teachers.

So that it seems to me under our rules you cannot appoint unless we have a list. That is one thing. Secondly, this is tied up with item No. 54 of two meetings ago.

Now, there is no particular rush in this situation. This is also tied up, in my opinion, with many other matters which I will not discuss until such time as we have a full board here, and at that time I intend to discuss these matters quite fully.

In addition to that, when the name of this prospective appointee came up in a related connection several meetings ago, we asked for an opinion from the Law Department, and it was voted not to employ this person on a summer-time basis until we received that opinion from the Law Department.

I don't know if we have received it, but I understand that prior to my coming here—I was unfortunately detained—it was voted to pay that person for summer-time work.

That, it seems to me, is clearly improper—and, I think, illegal. That vote should be rescinded; and furthermore, there is other information that was supposed to be furnished to us in connection with this situation. That information was concerning the method of original appointment and the method of non-notice at the end of the third year of work, the reasons for it, the reasons why the others who received their notice were given the notice.

We were going to get the information concerning everybody who was on that list who did and did not receive notice, and it seems to me that this last name on the list, Mrs. Sullivan, clearly should not be acted on today. No harm can come to the school system; and in the interests of fairness to everybody, including Mrs. Sullivan and all the members of the School Committee, but more particularly in fairness to the school system, this one should be held up and all the permanent substitute appointments—the last five names on this list, the four Teachers College graduates and the prospect for the Day School for Immigrants—should be held up with no action pending the having of a full board at a meeting, and I move that we do absolutely nothing on those last five names, and the names are: Fahey, Goldman, Jones, Kleuber, and Sullivan, who are being nominated for permanent substitute teachers, until such time as we have a full board and can thrash this matter out with all the information that has been asked for.

Nothing will happen to our school system in the interim excepting that maybe a little of the confidence that people still have in it may be restored if we postpone action.

Chairman: There is a motion before us that the appointment of five permanent substitutes be held up pending a full board.

Mr. McDevitt: Did Mr. Muchnick make a motion that it be held up?

Mr. Muchnick: Yes.

Rollcall: McDevitt, no; Muchnick, yes; Ward, no; Chairman, no.

Miss O'Brien: On the appointments?

Rollcall: McDevitt, yes; Muchnick, no; Ward, yes; Chairman, yes.

Mr. Muchnick: Madam Chairman, I would like to point out that these five appointments or at least one of them is completely improper under our rules that require rated lists or certificated lists; and it seems to me that it is almost in the nature of the perpetration of a fraud to let the appointment on the part of the Superintendent stand and for there to be any votes in favor of it when it is in direct violation of our rules and when its whole atmosphere is clouded with suspicion.

The Superintendent offered the following:

ORDERED, That the employment of Vesta H. Sullivan as special assistant in the summer classes of the Day School for Immigrants is hereby authorized from June 25 to July 2, 1951, both dates inclusive, (six sessions) and that she be paid for her services at the rate of six dollars (\$6.) per session.

Mr. Muchnick: That, Madam Chairman, is to me completely improper in view of the vote that nothing be done until such time as the Law Department has given us an opinion. I don't know who ordered that order to be drawn up, but it seems to me that whoever did it had absolutely no authority to do so in view of the fact that there was an outstanding vote of this Committee.

Chairman: Call the roll on payment for work done.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

Mr. Muchnick: Madam Chairman, I would like to have my remarks of last week's conference—the opening remarks—on this question included in the public record.

The remarks of Mr. Muchnick in the conference follow:

Mr. Muchnick: Mr. Superintendent, doesn't this amount to merely a reshuffling of some of the assistant coaches and putting the stamp of approval on the same group by a different method of selection when there was considerable criticism voiced at the original selection of some of these people as a result of which criticism the new method of selection was supposed to be evolved which was going to get us the best men, many of them supposedly in our system better than those who were then holding the jobs?

To me, frankly, this whole business of different method of selection, judging from these results, is a complete farce.

Superintendent: Well, Madam Chairman and Mr. Muchnick, let me say this to you. I believe that we had three competent persons working on this program of selection of coaches, who, in their opinion, would do the very best job as coaches and assistant coaches in our high schools.

Mr. Bond, Mr. Gillis, and Mr. Herlihy, in Mr. Daley's absence, after interviewing these individuals and after evaluating them in every way that was humanly possible, have come up to the

Board of Superintendents with these recommendations to the Board. We considered them in the Board and those three individuals who submitted these were unanimous, and the Board was unanimous and made these recommendations to me, and now I haven't made one single change.

Mr. Muchnick: Neither have they.

Superintendent: Yes, they have—in their recommendations.

Mr. Muchnick: Unless forced by circumstances.

Superintendent: And I present them to you and recommend them for these positions, and I will be glad to read the names, and then it is up to the School Committee, either to accept or reject as they see fit. I wanted Mr. Muchnick to be sure to read the name of James L. O'Connell. Do you want me to read their names so they will be in nomination?

Mr. Muchnick: I just want to ask two or three very simple questions.

Superintendent: Surely.

Mr. Muchnick: This is in the form of a statement. I can't understand why a man like John Morris, who was picked to teach in our schools and who for several years was a head coach at Boston College High School, at which place he produced teams that ran either one, two or three in the City League playing the Boston Public School teams all the way down the schedule and in many instances—I think in most instances, having his teams defeat our teams—isn't considered good enough on a proper evaluation method to be a head coach against some of the head coaches whom he has been in the habit of licking consistently—with the same kind of manpower.

They get the same type of boy at Boston College High as we get at English or Latin or anywhere else. They are all in the 170 and 180 lb. class, and they can run and kick reasonably well. They do everything the same as the boys in our schools do.

I don't know whether or not this man, Patten, about whom there was some controversy a couple of months ago, is listed. He is either a coach or an assistant coach.

Superintendent: Did he apply?

Mr. Bond: He did not apply.

Mr. Muchnick: I don't wonder too much at that, frankly, as a result of what happened this summer, but even when people don't apply, if you feel that a man is a potentially good French teacher who is teaching arithmetic, you assign him to teaching French or you ask him if he will take the assignment; and if this man, Patten, is a good coach, as he showed by taking the Latin School basketball team and making New England champs out of them, then it seems to me he might have been approached and asked to apply or why he didn't apply.

If we are going to have athletics, it seems to me, we ought

to make it our business to get the best available coaches or teachers or whatever you want to call them and not use an alleged selective system to rubber-stamp some of the things that have been complained about over the past few years.

Superintendent: Would you want to look at the list, Mr. Muchnick?

Mr. Muchnick: Ninety percent of those names mean absolutely nothing to me.

Superintendent: Would you look at the head coach list for football starting with Charles FitzGerald at the Latin School? Which one of those men would you replace by Mr. Morris?

Mr. Muchnick: I don't know. I haven't studied the comparative records of the teams. I don't claim to be a proper selector or evaluator, but I do know that there was agreement with the complaints that were voiced by some of the members of the School Committee during the last two or three years during my term here over the method of selection.

The Board of Superintendents, Mr. McKenney, and various others agreed that something should be done about a better method of selection with the aim of getting better coaches, and we come up with what is supposed to be a wonderful method of selection which was set in operation in order to improve conditions, and we end up with the same result. To me, it adds up, frankly, to one word—"hooley."

Superintendent: Let me ask you this, Mr. Muchnick: if Mr. Morris—and he was at Boston College High School as football coach—defeated the Boston Latin School with Mr. Charles FitzGerald as coach, would you dismiss or displace Mr. Charles FitzGerald for Mr. Morris on that basis alone?

Mr. Muchnick: The answer is obviously no, Mr. Superintendent.

Superintendent: That's right.

Mr. Muchnick: Obviously no, but over a period.

Superintendent: You mentioned it over a period.

Mr. Muchnick: I did not mention that. I mentioned a successful tenure and a successful string of football games not only against the Latin School. Incidentally, I saw that game, and it broke my heart—the one to which you refer.

Superintendent: That's right. That is why I referred to it.

Mr. Muchnick: Why—do you like to see my heart broken? I saw that game, but I have read the scores of B.C. High against all our schools, and it has been a question of their winning with almost monotonous regularity. Now, if we have a man who has the same kind of equipment, the same kind of boy, the same kind of practice field, and the same kind of hours and everything else that is consistent to the entire Boston School system and he produces successful teams, then the chances are there must be something in his coaching ability that

is superior at least to some of our coaches, and I should think that we would want him rather than some of the old guard that haven't done too well.

Chairman: Let's get the temporary appointments straightened out. Will you call the roll on that?

Superintendent: Excuse me. I want to be sure. In these temporary teachers, too, are the assistant teacher coaches of football at the Boston Latin School down through Brandeis, and the football head coaches, George L. O'Connell and Charles M. Sharky, football skills.

Mr. Muchnick: What does that mean?

Superintendent: The junior high schools.

Mr. Muchnick: They go to all the junior high schools and so forth?

Superintendent: And cross-country, Mr. Ronan and Mr. Mayer and Mr. Carey; and field events, Mr. Bell. Now do you want me to read these names?

Mr. Ward: No, Mr. Superintendent, is John Morris on that list?

Superintendent: If we can get the temporary appointments straightened out first, then we can take up the permanents.

Mr. Ward: I move we call the roll.

Mr. Muchnick: I think what Mr. Ward meant is this: is John Morris on that list for temporary appointment?

Mr. Ward: Yes—is he on that list?

Superintendent: That's right, but I hope to get him in as a permanent as soon as we can.

Mr. Muchnick: As a teacher, having nothing to do with teacher-coach?

Superintendent: That's right. Is that agreeable to all?

Mr. Muchnick: I want to be recorded against it.

Mr. McDewitt: Yes.

Mr. Muchnick: No.

Mr. Ward: Yes.

Chairman: Yes.

SALARY ORDERS

Mr. Muchnick: Madam Chairman, I might just as well do it at this point. I would like to have included in the public records my original remarks that led up to my motion to rescind all pay raises that had been granted at the two meetings and the conference, as well as the motion and any discussion on them that any other member who took part in and would like to have included.

Chairman: The entire discussion?

Mr. Muchnick: Then let it be the entire discussion.

Mr. Muchnick: Madam Chairman, we met upstairs the other day, and we were given some figures by the Board of Apportionment.

I have checked those figures as best I could. I think I have checked them pretty carefully. Those figures show that at best there will be about \$125,000 of unexpended balances. There would have been \$400,000 of unexpended balances—which is about normal—but the \$1,293,000 was cut to \$1,000,000 by the Mayor and the Council, so that that part of the unexpended balance was taken from us before we received it.

Chairman: At your request.

Mr. Muchnick: Not only at my request but, I think, with my guidance, counsel, and advice; and, I hope, at my insistence.

We told the Mayor and the Council, as we told the legislature, that there were no increases contemplated when we asked for the money; and I for one believe that when we talk with people, we ought to tell them the truth, and for no increases we didn't need that money.

Mr. Ward: Will Mr. Muchnick yield?

Mr. Muchnick: Yes.

Mr. Ward: At no time had I, as a member of this Committee, said that I would not vote for salary increases.

Chairman: Nor I.

Mr. Muchnick: The letter that went down, Mr. Ward, as the official communication of the School Committee to the Mayor asking for the \$1,293,000 very specifically stated that it was needed solely for current operating expenses this year and that there was nothing in there for salary adjustments or increases.

Chairman: So did the letter last year.

Mr. Muchnick: And I dissented from that letter and said I didn't care to be bound by it.

Now, we have approximately \$100,000—

Mr. Ward: \$125,000.

Mr. Muchnick: \$125,000. I am perfectly willing to go along and say we may have \$150,000, although I don't believe so.

Now, we also have the problem of what is going to happen with a good portion of this anticipated unexpended balance if there is a ruling stating that custodians are entitled to overtime pay either from October of 1950 or from

January 1st of this year rather than January 12th; and on the January 12th, I frankly think the custodians have a good case.

That is one item. Already we have voted, either in conference or in public meeting, \$67,000 to be expended. Of this \$95,000 that is unexpended or projected as unexpended in the instruction item, about \$10,000 to \$15,000, if I remember the figure correctly, comes off in view of certain appointments that the Superintendent said he was going to make to fill vacancies.

Am I right, Mr. Superintendent—like the supervisors under the Educational Direction and Supervision?

Superintendent: I nominated three today.

Mr. Muchnick: Then that answers that part of the question. It already is coming off, as I understand the analysis the other day, and we may be left with \$100,000 or less.

Fully as important as that and perhaps more important is that we have granted raises to individual groups which in most instances have broadened the base for everybody so that in order to be equitable and logical about it, we would have to increase almost every salary all along the line, and that would run into far more than would be in unexpended balances even if that cut had not been made—at my suggestion, if you will.

In addition to that, we have the long-established policy of the School Committee that we should go into the single salary as quickly as possible, and everybody has always said—or almost everybody, since Mr. Ward has always excepted from it—as quickly as possible by small amounts or large amounts or anything.

If we have to make a choice, it seems to me the choice should be to give it where we have been committed to do it for years.

Now, next year the incoming School Committee is going to be faced with the problem of raising not only the \$1,000,000 that it got, but also enough money more to take care of the \$260 across-the-board increase for a full year, and it is also going to be faced with the fact that the legislature may look somewhat unkindly on a request for increased appropriating power, and a mayor and city council may not look too favorably on a request for more than \$1,000,000 when it was stated specifically what the purpose of the \$1,000,000 was this year, and we may not get not only above the \$1,000,000 that we got this year, but we may even have difficulty getting that \$1,000,000 if we break faith again.

All that is just minor, however, in view of the fact that we are currently faced with a bill in equity—on which I received service, I think it was, Tuesday morning or Wednesday morning—and I know there are no restraining orders involved, but

there are five members of the School Committee who, it is alleged in the bill, have committed and are in the prospect of committing inequitable and possible illegal acts by voting raises.

Now, it seems to me that any public officer should halt whatever he is doing in view of the fact that there is going to be a judicial inquiry or determination of the facts. Judge Crehan just showed the wisdom of that from a legal and ethical point of view when he discontinued his activities in Worcester because of the fact that there may be a question whether a special justice should also act on either side of the criminal courts.

That should apply to all members of the School Committee as well, it seems to me. It would apply all the more to you, Madam Chairman, and to myself, since, in addition to being officeholders, we happen to be members of the bar; and I think that we are at least inferentially enjoined and restrained from doing anything even if it might not be a technical contempt of court if we did act.

And with all that as a background, I move that we now vote to rescind all raises that have been granted either in public or private meeting—or conference, rather—and that no further action be taken on anything until such time as we can either reach an agreement with the plaintiffs in the bill in equity so as to have it dismissed or until such time as we can have some sort of a determination on it—and we can get an immediate determination on the bill in equity by asking the Law Department to enter appearances forthwith and having the bill heard even this coming week. That, I am sure, could be arranged in view of the circumstances.

Mr. Ward: Madam Chairman, there are courts of equity and there are courts of law. The word "equity" is defined as just what the word signifies—equity. A year ago, Mr. Muchnick, you presented a bill here or an order here in which you proposed salary increases from the unexpended balances, which are no different from unexpended balances this year other than the fact that the unexpended balances last year were greater than they are this year.

At that particular time, you introduced an order in which three members of this Committee joined with you to grant to all teachers a \$204 increase. At that particular time, in my opinion—and I am not a lawyer—an inequity was done to the principals, who were teachers; to head masters, who were teachers; to directors or other groups who were not included in your original order; and since this now becomes an illegal action on the part of the School Committee—

Mr. Muchnick: Oh, I don't say that, Mr. Ward. I don't agree that the bill is a valid bill and will be

sustained by the court, but while it is pending I don't think we should act.

Mr. Ward: If it is not to be sustained by the courts, then I move, Madam Chairman, that we act upon all of these measures that we have before us that we have heard in conference and that the members of the Committee by majority vote have committed themselves to vote for; and if you have a definite recollection, Mr. Muchnick, though I did not vote for the \$204 and the transfer of the money was necessary to pay that \$204, I was the fourth vote to grant that transfer, when I might have thrown a block and stopped that transfer by my failure to cast the fourth vote.

Now, I didn't do that. I felt I should abide by the will of the majority, and we were bound by the will of the majority of this Committee; and I say in this that I think an inequity has happened when we find one group of our teachers, who are splendid teachers, who in each instance came before us for an increase in salary. I voted for that increase in salary. I voted on certain matters that perhaps all the petitions presented by elementary teachers in the past ten years, and in so doing I have voted for an increase in their salary to nearly 100%.

By the same token, I have voted unsuccessfully so far as high school teachers were concerned since their increases in salary only amounted to approximately a little over 30%.

Now, if increases are granted—and they talk of courts of equity or inequities—I believe the high school teacher who has only received since 1939 approximately a 30% increase as against elementary teachers, who have received nearly 100% increase, would you say that was inequity?

Mr. Muchnick: No, I didn't say anything concerning that—and, Mr. Ward, if I may say so, I probably didn't make myself clear because you seem to be begging the question or missing the issue.

The issue here is that we are now being complained of in a court of superior jurisdiction in the Commonwealth of having done an illegal, improper act in what we have done by majority vote of this committee in the matter of raises.

While that matter is pending, to me, it is almost tantamount to a contempt of court not only not to rescind these but to go forward and to grant more raises.

It is my feeling, if I may finish, Mr. Ward, as a lawyer, that it is not particularly illegal or improper what we have done. I don't think that the court will uphold the contentions of the ten taxpayers who have instituted this bill. But, while the matter is hanging fire to be determined judicially, then it seems to me that public officials should do exactly what Judge Crehan has done in his situation and suspend all activity until determination;

and what is true of the non-lawyer members of the School Committee is particularly true of those members of the School Committee who are members of the bar and know the rules of the court.

In addition to that if it came to a question of whether we should rescind these in view of the fact that there are other petitions concerned, on the question of doing equity, aside from court proceedings and everything else, it seems to me completely inequitable to say we have already granted \$67,000 worth of raises, and that:

"We are in a position to grant another \$15,000 or \$20,000 under our figures, so we will take care of those that we can up until we have reached the \$80,000 or \$100,000 mark and everybody else can get nothing."

It would be the height of stupidity and folly, in my opinion, for us to go beyond the \$100,000 mark, and I for one don't intend either to make a fool of myself or intend to make a fool of the people who, in my opinion, would be kidded if we told them that we could vote raises to everybody.

Now, if you can't vote it to everybody, then I frankly, if the bill in equity were not involved, would make a motion to eliminate everybody and just make a step forward towards the single salary question to which we are not only morally committed on this School Committee but we have votes and votes expressing our position.

Mr. Ward: Madam Chairman, the bill in equity is returnable after the 1st of September.

Mr. Muchnick: It can be heard next week, Mr. Ward.

Mr. Ward: I am talking about when the court has made this returnable. Under the 1875 law, if we heard or waited until this was returnable, then we are not in power to grant these increases, Madam Chairman. We are not at liberty to grant them because after September 1st under the 1875 law, the School Committee is disfranchised from voting any more increases in salary.

Now you have a bill in equity there that is returnable after your power is gone. Now, in every Supreme Court decision—and I have heard them read here time and again—the School Committee is an autonomous body. They may and can grant these raises, and I think that since the three members of this committee are committed to these raises, we should do it.

So, I move my previous motion.

Mr. Muchnick: If we got the Law Department to file appearances for us on Monday, I am convinced that by going into the lobby and seeing Judge Morton, he would assign a judge to hear this within a week. That has been done in the past; and under the circumstances, with a September deadline, I don't know if Judge Morton is still sitting but I don't know of any Superior Court

judge who, in the public interest, would not assign this to an immediate hearing.

Mr. Ward: Madam Chairman, we have heard these petitions, many of them until 3 o'clock in the morning. We recognize the equity. We are here today for one prime purpose—to vote on salary increases. Appointments were not on the docket for today, appointments were not on the docket for last week; but appointments have come in.

The prime purpose of this meeting was to vote on these matters which we had committed ourselves to after lengthy hearings in conference. I have added another motion which I would like this committee to act on—that the \$360 be granted to the high school women and men, and I am for voting on these today; and then, if they want to go into court to see Judge Morton or anybody that Judge Morton assigns, and Judge Morton says it is illegal, then it will be recognized by everybody in this system and the court will be upheld.

If the action we have taken is not illegal, then we come back here; and if the court states we are illegal in our actions, then we rescind and the people who are the recipients of these increases in salary will recognize that it is not within our power because of the court order.

However, if we are going to stall and stall and stall and meet and meet and meet, and one member doesn't show up, and we haven't a full board, and this is not available and that is not available, September 1st is going to roll around, and I am just not going to do what you have consistently said—I am not going to kid the people whose pay I have voted in conference to raise.

Mr. Muchnick: Madam Chairman; unfortunately, Mr. Ward, while you may have the best of intentions, the practical effect of your voting these raises, leaving the lawsuit completely out of it, will be solely to kid the people who are to be the recipients of your bounty. We do not have that kind of money, and let nobody kid anybody else into believing that we do have.

I have made an exhaustive study of what there is left. I don't believe that there will be an unexpended balance this year unless there is some unforeseen circumstance that I can't think of and that obviously the Business Manager and his associates have not been able to think of in excess of \$150,000 no matter how thick they try to cut it. I don't think it will hit \$100,000.

Now, Mr. Ward, if you parcel out \$360 to everybody in accordance with the motion you have just made—

Mr. Ward: I didn't parcel out \$150,000 for everybody, Madam Chairman.

Mr. Muchnick: No, \$360.

Mr. Ward: To the high school women and men.

Mr. Muchnick: Yes, in accordance with the motion that you have just made, there are 1000 people concerned there.

Mr. Ward: 900.

Mr. Muchnick: 900? Fine. That's 900. That's about \$270,000 for a year; and for a third of the year, it becomes \$90,000. You add that to the \$67,000 which has already been committed, plus these others that still are in the offing, and you get at least \$157,000, and there just isn't that kind of money, regardless of its impact on next year or anything else.

Now, you can do it if you want to. I have no doubt but what your motives are the finest and everything else, but it seems to me that you are committing not only a foolish act but one that, as a responsible public official, you nor any other member of this School Committee should be a part to; and what I say of you and Mr. McDevitt and Mr. White is all the more true of Mrs. Dacey and myself because of the legal situation involved and because of our supposed knowledge of the rules and the ethics and the laws and the various other things concerned.

Mr. Ward: Madam Chairman, I question Mr. Muchnick's amount of money as in accordance with the petition of the high school women and men. I wonder if we could ask Mr. O'Donnell if he is here if he could give us the figure on what that would cost for the remainder of the year?

Mr. O'Donnell: For 900 teachers?

Mr. Ward: 900 teachers.

Mr. O'Donnell: \$360. That divides the \$360 by four, and it comes to about \$90,000. The \$360 divided by four for each teacher would be \$90,000 for the balance of the year.

Mr. Ward: How much would that amount to?

Mr. O'Donnell: \$96,000.

Mr. Muchnick: That's what I said, Mr. Ward. You said for the balance of the year—

Mr. O'Donnell: You said for the balance of the year, didn't you?

Mr. Ward: Yes. If this increase were granted on the increment basis, then what would your answer be?

Mr. Muchnick: The fundamental principle is the same, Mr. Ward. It shouldn't be done for anybody in view of all the circumstances that I attempted to explain. That's why I made the motion to rescind. I think it's a very foolish thing to do, and I think we make fools of ourselves and make fools of them in view of the circumstances.

If you can't do it for one group and you are broadening the base for them, everybody else has the same right. Once you broaden the base for group A, everybody else has a right to say that the base should be broadened for them as well. There is no way out of it.

Mr. Ward: Well, I am willing to vote on this matter right now, Madam Chairman. Mr. Muchnick has a motion and I have a motion.

Chairman: Which motion is first?

Miss O'Brien: Mr. Ward's was the first, for the \$360.

Chairman: Mr. Ward's motion is before us.

Miss O'Brien: For \$360.

Mr. McDevitt: Yes.

Mr. Muchnick: No.

Mr. Ward: Yes.

Chairman: Present.

Mr. Muchnick's motion is before us.

Miss O'Brien: Rescind all raises that have been granted to take effect September 1. Is that correct, Mr. Muchnick?

Chairman: I voted present on that because I am in favor of the single salary schedule.

Mr. McDevitt: Well, I am, too, Madam Chairman, but we hadn't come to that. There is a motion still in here on the elementary teachers. We found it last year.

Miss O'Brien: Motion of Mr. Muchnick to rescind all raises that have been granted to take effect September 1, 1951, either in meeting or conference. No further action to be taken pending action on bill in equity.

Mr. Muchnick: Excuse me one minute. That involves the raises voted on May 26th, June 21st, and June 28; and, in addition to that, to ask the Law Department to file an appearance and answer forthwith.

Mr. Ward: I would rather have the request to the Law Department as a second motion. Mr. Muchnick has a motion. If his motion is sustained, then his second motion can be to ask the Law Department. However, if his motion is not sustained—

Chairman: Well, I think, regardless of whether his motion is sustained or not, that the Law Department should be asked to file an appearance for us as soon as possible and set a hearing at the earliest possible date, whether we act or not on this. If we can have a hearing next week, we will go, regardless of what action we take on the raises today. It has to be faced sometime.

Ask the Law Department. Call the roll on the motion to have the Law Department file an appearance.

The motion is that the Law Department be asked to prepare a hearing date as soon as possible.

Mr. McDevitt: Relative to what—relative to these 17 orders that are in?

Chairman: No, relative to the teachers Alliance.

Mr. Ward: To ask the Law Department to determine it? The Law Department has determined it, in my opinion.

Chairman: No, we are asking the Law Department to complete the pleadings and have a preliminary hearing as soon as possible.

Mr. Muchnick: Not a preliminary hearing—to ask for a trial date.

Chairman: You want a hearing on the merits before September?

Mr. Muchnick: Oh, you can get a hearing on the merits in an extraordinary situation.

Mr. McDevitt: Ordinarily, Madam Chairman, we would ask for the opinion of the Corporation Counsel in a case like this. They would represent us in court—isn't that right?

Chairman: That is right.

Mr. McDevitt: So I vote yes.

Miss O'Brien: Is this for a hearing on the merits?

Chairman: Hearing on the merits.

Mr. McDevitt: Yes.

Mr. Muchnick: Yes.

Mr. Ward: Present.

Chairman: Yes.

Mr. Ward: I don't see why we should or I should have the Law Department running my business for me.

Mr. McDevitt: To represent us in court.

Mr. Ward: I am not letting the Law Department tell me how to vote.

Mr. McDevitt: There is another motion, Madam Chairman.

Mr. Muchnick: Madam Chairman, on that other motion of mine, I would like to clear one thing up. As I understand Mr. Ward's motion, it was \$360 for a year. That becomes \$120 per person for a third of a year, and \$120 times 800 people, it seems to me, becomes about \$95,000.

Mr. Ward: That is three increments, isn't it?

Mr. Muchnick: Yes.

Mr. Ward: That is on a three-increment basis. If you cut that by a third, how much would that amount to?

Mr. Muchnick: You mean just to give one increment a year?

Mr. Ward: To give an increment a year.

Superintendent: \$32,000.

Mr. Muchnick: Yes. If you add \$32,500 to \$67,000, you have \$99,500.

Mr. Ward: So now we have only expended less than \$100,000 of the \$150,000 which you say is in the unexpended balance.

Mr. Muchnick: I don't say it is in. I say that is what it will hit at maximum.

Mr. Ward: At a minimum it is \$125,000.

Mr. Muchnick: Now, in my opinion, our unexpended balance will be in five figures, not six.

Mr. Ward: You still haven't gone over five figures.

Mr. Muchnick: No, we are \$499 short!

Mr. Ward: What is the next motion, Madam Chairman?

Mr. Muchnick: My motion that all raises granted on those three dates, whether in conference or public meeting, be rescinded.

Mr. McDevitt: No.

Mr. Muchnick: Yes.

Mr. Ward: No.

Chairman: No.

In the opinion of the Law Department, they were perfectly valid, and we have a right to vote.

Chairman: Public meeting.

Mr. Muchnick: May I add to that, Madam Chairman, that in the opinion of the Business Manager, they are only academically possible.

(End of conference discussion.)

Mr. Muchnick: I want to add only that if the circumstances were different, I would have pressed my motion to give so much of the money as there was to the teachers in the junior high school and elementary grades towards the single salary.

Unfortunately, both as a financial matter and, as I see it, on the question of professional conduct of lawyers and public officials, that can't be done under the circumstances; and at this point, with regret, I am going to withdraw my motion for the payment or for the recommendation. Unless the Superintendent and the Board of Apportionment want to tell us what their recommendation was, I won't press it at this stage of the game. If the Superintendent wants to, I won't object to its going in.

However, it seems to me to be an utterly ridiculous procedure that we are following now from the financial, legal professional, and moral points of view; and I don't want to be a party to it.

Chairman: May I say, Mr. Muchnick, that unfortunately the motion to take a step towards the single salary was one of the first that was brought into this meeting, and Mr. McDevitt and I voted for it; and if there were \$125,000 in funds available, they could have gone towards the single salary schedule before any other raise was brought in here.

Mr. Muchnick: No, Madam Chairman, they could not.

Chairman: There were more than ten raises considered at that time.

Mr. Muchnick: \$45,638 had already been voted at public meeting on May 26th and June 21st, and if you add \$70,000 to \$45,000, you get more than, in my opinion, there will be in the budget; and if you add to that the increases approved by the Committee in conference on June 28th, you get another \$21,471; and I assume when the School Committee votes in conference to do something, they are going to confirm their actions in a public meeting, so there wouldn't have been enough money.

Chairman: Mr. Muchnick, the fact that you didn't bring in the motion for the single salary schedule—the fact that another member made that particular motion—was your reason for not voting for it.

Mr. Muchnick: Well, I am very happy, Madam Chairman, that you seem to have the power to read what goes on in my mind. That's a very rare faculty, and maybe you ought to develop it.

That doesn't happen to be my reason. I don't care who made the original motion. I think the record will indicate that it was my motion to have the Board of Superintendents and Board of Apportionment study it and bring back a report prior to anybody else having made a motion; and I don't care particularly who gets the credit for it; and frankly if it hadn't been imperative that I be

elsewhere until 2:30 today, then I would have been here and would have been very happy to have made this statement on the motion, whether it be Mr. McDevitt's or yours or Mr. Ward's or mine on this particular subject.

Chairman: Next matter.

Mr. Ward: Madam Chairman, speaking on the single salary schedule, I don't know who wants credit for a motion that is going to cost, as expressed by the Superintendent and the Board of Superintendents, about four million dollars, or an additional \$2.80 on the tax rate. I certainly expressed myself on the single salary schedule.

Mr. McDevitt: Madam Chairman, I think with reference to the motion I made, and then Mr. Muchnick's subsequent motion for \$100, it does not mean that action cannot be taken by this School Committee.

Mr. Muchnick spoke today about any action that we have taken since the adoption of the 17 orders that have been acted on in conference; and then we have agreed to wait for the court action; as to any further proceedings as far as salary orders are concerned, I still am in the same frame of mind I was when I made the motion for the elementary teachers and also for the high school teachers.

Mr. Muchnick: Madam Chairman, it is news to me that we have agreed to wait for the outcome of the court proceedings pending any further raises. I thought that motion was defeated by a vote of three to one, and the action subsequent seemed to indicate that we were not waiting.

Mr. McDevitt: Well, I understood that the action was to rescind any action that this Committee had taken in conference.

Mr. Muchnick: And we are not waiting now on the present votes for a decision by the Superior Court. It seems to me we are voting raises.

Mr. Ward: Madam Chairman, aren't we going to get along with these, because had we voted that very night that we passed these in conference, there would have been no court action at all. We are simply taking back to the date on which we passed these in conference, and that is all we are doing.

Mr. McDevitt: That's right—which is the statement that I made, Mr. Ward.

Mr. Ward: Let us proceed on it.

Mr. Muchnick: Madam Chairman, is that the entire list of all the salary increases?

Chairman: No, that is the entire list of those that were taken up in conference, Mr. Muchnick.

Mr. Muchnick: Are there others?

Mr. McDevitt: Confirmed in conference.

Mr. Muchnick: Are there others?

Chairman: Petitions?

Mr. Muchnick: No; are there others to be acted on?

Mr. Ward: Not today.

Mr. Muchnick: Well, may I ask if anybody here knows what the total cost of the raises now voted since May 26th through this batch will cost?

Chairman: That was brought in the last meeting. These were the same people.

Mr. Muchnick: Could I have that figure as to what it will cost for those, too? I mean for all the raises from May 26?

Mr. Ward: Do you have that figure, Mr. Smith?

Business Manager: The School Committee was given that figure.

Mr. McDevitt: \$68,000, you said, Mr. Smith.

Business Manager: Increases granted by School Committee at meetings on May 26th and June 21st, \$45,638. Increases approved by School Committee in conference on June 28th—which I believe we are now accepting in public meeting—\$21,471. This is for the balance of them.

Mr. McDevitt: A total of \$67,000.

Mr. Muchnick: \$67,000 for that portion of the year that begins September 1st.

Business Manager: That's right.

Chairman: All of the other petitions will be considered right after the preliminary court hearing, which will no doubt be next week.

The following was offered:

LAND-TAKING IN CHARLESTOWN.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the relocation and alteration of Charles River avenue, Charlestown district, as a highway, from Water street approximately 375 feet southerly, bounded and described as follows:

A highway named Charles River avenue is hereby laid out and widened, from Water street southerly for a distance of approximately 375 feet.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the City of Boston, bounded:

Westerly by the westerly line of said Charles River avenue, as laid out and widened under this order, three hundred twelve and 44-100 feet; easterly by the westerly line of said avenue as it existed previously to this order, by two measurements, two hundred fourteen and 47-100 feet and ninety-eight and 2-100 feet; and southerly by the southerly line of said avenue as laid out and widened under this order, twenty-six and 12-100 feet, containing forty-six hundred and seventy-eight square feet, more or less.

Said Charles River avenue as hereby laid out and widened is bounded:

Northerly by Water street, thirty-two and 71-100 feet; easterly by the easterly line of said Charles River avenue as hereby laid out and widened, one hundred thirty-nine and 23-100 feet; southerly by the southerly line of said Charles River avenue as hereby laid out and widened, twelve feet, again easterly by the easterly line of said Charles River avenue as hereby laid out and widened, two hundred twenty-seven and 46-100 feet; again southerly by the southerly line of said Charles River avenue as hereby laid out and widened, sixty-five and 62-100 feet; and westerly by the westerly line of said Charles River avenue as hereby laid out and widened, by two measurements, three hundred twelve and 44-100 feet and fifty-five and 11-100 feet on a curve of two hundred four and 88-100 feet radius.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and widening of Charles River avenue, Charlestown district, as a highway, from Water street southerly for a distance of approximately 375 feet, under the order of the Board of October 15, 1951, and awards no damages therefor.

City of Boston, 4,678 square feet, nothing.

BIG RISE IN PORT OF BOSTON CARGOES.

Cargo valued at \$643,100,100 was cleared through the Port of Boston during the year 1950, states Paul G. Carney, regional director, Department of Commerce, Bureau of Foreign and Domestic Commerce.

This exceeded 1949 valuation by more than \$233,300,000. Dry cargo vessels accounted for \$608,800,000 of the total valuation of cargo movement while tanker ship cargo amounted to \$34,300,000.

HOSPITAL DEPARTMENT.

PROPOSALS FOR REPAIRS, ALTERATIONS, AND RENEWALS IN THE KITCHEN BUILDING OF BOSTON CITY HOSPITAL, SANATORIUM DIVISION, 249 RIVER STREET, MATTAPAN, MASS.

The Trustees of the Boston City Hospital invite sealed proposals for repairs, alterations, and renewals in the Kitchen Building, Boston City Hospital, Sanatorium Division, 249 River street, Mattapan, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before two (2) P.M., Eastern Standard Time, Tuesday, November 13, 1951, at the office of the Assistant Superintendent, Boston City Hospital, Sanatorium Division, 249 River street, Mattapan, Mass., with a certified check for \$1,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read.

The bids must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Subbids shall be filed at the office of the Assistant Superintendent, Boston City Hospital, Sanatorium Division, 249 River street, Mattapan, Mass., or before 12 o'clock noon, Eastern Standard Time, Thursday, November 8, 1951, and shall be submitted in accordance with notice to subbidders contained in the contract documents of the specifications and shall be accompanied by a certified check of not less than 3 per cent of the amount of the subbid, but in no event less than the sum of one hundred dollars (\$100). The Board of Trustees reserves the right to reject any or all proposals.

Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., after nine (9) A.M., Eastern Standard Time, Monday, October 29, 1951.

A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M.D.,

MAYOR HYNES ISSUES PROCLAMATION FIXING NOVEMBER 3 AS DISABLED AMERICAN VETERANS FORGET-ME-NOT DAY.

Whereas, Numbers of disabled veterans and their families often find themselves in temporary financial distress; and

Whereas, This emergency arises because a disabled veteran has as yet not had his claim for government benefits approved by the Veterans Administration; and

Whereas, Disabled veterans who are partially disabled sometimes find their

Mayor John B. Hynes and citizens of Boston and many sections of New England joined in extending a hearty welcome to the United Nations servicemen, representing 19 of the United Nations forces now fighting in Korea. The group arrived on Tuesday for a two-day visit.

As the cavalcade moved through the streets of downtown Boston on their way to City Hall, they were everywhere greeted with vociferous applause. Here they were again greeted by the Mayor and the welcoming committee, and souvenirs of the event were presented.

The servicemen were met at the East Boston Airport by the Mayor and representatives of the 19 nations, a number of them consuls. High ranking officials of the Army, Navy, Air Force, and Marine Corps also were on hand to greet them. The United States Army Band of Fort Edwards played them in.

They were escorted to downtown Boston in a colorful motor vehicle caravan, by way of Chelsea and the Mystic River Bridge. Their first stop was at the Charlestown Navy Yard for a brief tour of the yard. From Charlestown they proceeded via North Washington street to Devonshire, Court, Tremont, Boylston, Washington, and School streets to City Hall.

At City Hall each was presented one of the City of Boston United Nations in Korea medals.

Following the ceremony, the cavalcade moved to the State House, there to be met by Governor Paul A. Dever. They presented him with a flag carried into battle by the United States 8th Army. This was for permanent display in the Hall of Flags.

At noon the servicemen were guests of honor of the city at an official luncheon at the Sheraton Room, Copley Plaza Hotel. Among those present were Governor Dever, Archbishop Richard J. Cushing, and Frank Jennings of the Massachusetts Council of Churches, leading educators, representatives of the four armed forces, and leading Boston businessmen. Mayor Hynes presided.

In the afternoon the servicemen were at the Parkman Bandstand to meet the relatives and friends of New England men and women in Korea, and to participate in the demonstration arranged in their honor.

Opening the program was the noted cowboy singer and actor, Gene Autry, with the cast of the entire rodeo now performing at the Boston Garden.

At frequent intervals during the program prominent representatives of the Red Cross, the Treasury Department, and the United Council on World Affairs made appeals for support of the Korean war effort.

Celebrities of stage, screen, nightclub, and vaudeville stage appeared, as well as outstanding concert bands, vocal and instrumental soloists. Victoria Samuelian, well-known coloratura soprano of the opera and concert stage, sang during the Greek program, from two to three o'clock.

Broderick Crawford, Academy Award winning motion picture star, Victor Borge, famed comic pianist, and Tony Bavaar, James Barton, and Olga San Juan, singing stars of the musical play, "Paint Your Wagon," also appeared during the afternoon hours.

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES OFFICIATES AT DEDICATION OF SHORTELL BUILDING AT CITY HOSPITAL — TO BE DEVOTED TO NEEDS OF ORTHOPEDIC SERVICE FOR TREATMENT OF DISEASE, FRACTURES, ETC., OF BONES AND JOINT DEFORMITIES — HOSPITAL'S DEPARTMENT FAMOUS OVER WORLD FOR SUCCESSFUL TREATMENTS.

Mayor John B. Hynes and the trustees of the City Hospital, as well as leading citizens, took part on Tuesday at noon in exercises dedicating the new Shortell Building, to be known as the Fracture Unit. This is another of the efforts of Mayor Hynes and the trustees to provide Boston citizens with the best facilities possible for the care of the ill.

Congratulations of both the medical fraternity and the citizens have been extended to the trustees and the Mayor on their vision in providing these new facilities for the care of the ill. At the exercises on Tuesday the compliments of the city were extended to the entire staff for their contribution toward the care of those who find it necessary to make use of the facilities offered by the city.

In his brief address Mayor Hynes said:

"There are over 300 physicians and surgeons on the staff of this institution, and over 300 residents and internes in continuous training.

"The Orthopedic Service of the Boston City Hospital has attained international prominence; in particular, the postgraduate courses which have been given by this Service have been attended by surgeons from all over the world. They are continuously employed in not only handling the tremendous volume of work that enters the Service daily, but carry on a daily program of teaching to undergraduate medical students of Tufts and Boston University, who come to the Fracture Service for their necessary training in the diagnosis and treatment of diseases, injuries, and deformities of bones and joints.

"The statistics presented by Dr. James W. Manary are ample evidence, and fully justify whatever expenditure is necessary on the part of the taxpayers of this city for the erection of this Fracture Unit.

"The present visiting surgeons of this Service have been handed a wonderful heritage from previous chief surgeons such as the founder of the Service, the late Dr. Frederick J. Cotton, the next chief, Dr. Otto J. Hermann, who still maintains his connection with this group, and the late chief, Dr. Joseph J. Shortell, to whom this building is dedicated. I am particularly happy that the memory of such a wonderful surgeon as Dr. Shortell is to be perpetuated, and will serve as a constant source of inspiration to all of the other doctors, nurses, and personnel as they go about their daily tasks of mending the maimed and the injured who come to our gates.

"The City of Boston will always be willing and anxious to continue to provide the financial aid necessary to carry on such wonderful work as is being done in this hospital."

illness or handicap a barrier from full-time employment; and

Whereas, The Disabled American Veterans, chartered by Congress as the official voice of the nation's wartime disabled veterans, is to be commended for providing much needed emergency welfare assistance to disabled veterans and their families; and

Whereas, In addition to its welfare work the DAV provides a free service in assisting veterans in their claims, employment, and hospital problems; and

Whereas, The DAV has further pledged itself to protect existing benefits and obtain additional needed benefits for America's disabled defenders; and

Whereas, Saturday, November 3, 1951, has been chosen by the combined chapters for its annual Forget-Me-Not Day in this community; and

Whereas, All funds derived from the sale of forget-me-nots on that day will be used in behalf of the disabled veteran and his dependents in this community; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do hereby declare Saturday, November 3, 1951, as Disabled American Veterans Forget-Me-Not Day and request all citizens, interested groups, and societies to participate in the day.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from heads of departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, October 24, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 8, 1951, you approved our written request, of the same date, to award to the Boston Showcase Company, 1300 Tremont street, Roxbury, Mass., the lowest qualified bidder in the public bidding on bronze colored aluminum wall cases for the Central Library Building, Copley square, a contract in the total amount of \$6,368.

In its bid proposal the Boston Showcase Company specified that delivery of these cases would be on or before November 1, 1951. Since there was unavoidable delay in awarding the contract, the company has requested that the delivery date be changed from November 1, 1951, to January 18, 1952. The price of the contract is to remain the same.

The proposals were opened at 12 o'clock noon on Wednesday, September 5, 1951. The Boston Showcase Company was notified of the award of the contract on October 8, 1951. Since more than 30 days elapsed between the date the bids were opened and the date of notification of the award of contract the company cannot be held to the terms of the original proposal.

In view of the foregoing and since we feel no useful purpose will be served in publicly advertising for new bids, we now wish to amend the request in the above-referred-to communication and to request permission of your Honor to dispense with public advertising and award a contract to the Boston Showcase Company for a sum not in excess of \$6,368, with delivery of the 13 bronze colored aluminum wall exhibition cases to be made on or before January 18, 1952.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ELIZABETH B. BROCKUNIER,
Clerk.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 24, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

A recent inspection of the approaches of the Summer Street Bridge, over the Reserved Channel, showed that many piles and pile tops had been crushed to a serious degree, endangering the safety of the structure. This bridge has been closed to roadway traffic for the past eight days for repairs to the drawspan, under a contract with the Eastern Roads Company, Inc., which was publicly advertised and approved by your Honor July 24, 1951. It was expected to place the bridge back in operation immediately after these repairs were completed but the conditions found on the approaches made it unsafe to reopen the bridge until repairs to the approaches are made.

I have therefore ordered the bridge kept closed to trolley car and vehicular traffic. The Eastern Roads Company, Inc., has tentatively agreed to do the necessary strengthening to the approaches

for prices substantially the same as the prices bid by them for similar work under their current contract for repairing the pile bracing of the Charlestown approach of Warren Bridge, over the Charles River, which was publicly advertised and approved by your Honor August 23, 1951.

In my opinion the prices for doing the work on the proposed emergency contract are fair and reasonable and no advantage would be gained by publicly advertising for proposals.

To expedite the necessary additional repairs and to prevent the loss of time required to advertise for bids, I respectfully request the authority of your Honor to dispense with advertising and to enter into a contract with the Eastern Roads Company, Inc., for emergency repairs to approaches of Summer Street Bridge, over Reserved Channel, in an amount not to exceed \$7,500.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, October 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A publicly advertised contract in the amount of \$15,080 was awarded under date of August 23, 1951, to the low bidder, Eastern Roads Company, Inc., for repairing the pile bracing of the Charlestown approach of Warren Bridge, over the Charles River.

Subsequent to the commencement of work under this contract, conditions were found to exist in certain areas at the site, relative to defective pile work and necessary bracing of timber work, not previously known and therefore not provided for under the above contract.

In order to make the necessary additional repairs which were not disclosed at the time of the preparation of the original proposal on the above contract, it will be necessary to increase the quantities of lumber and bolts provided for under Items 3 and 4 of the existing contract as follows:

Increase Item 3 from 4,000 feet board measure to 16,000 feet board measure, other new Douglas fir lumber, measured in place, complete at \$360 per 1,000 feet board measure.

Increase Item 4 from 20,000 to 25,000 pounds of new bolts, nuts, washers, etc., complete in place, at 24 cents per pound.

The additional quantity of lumber and bolts to be furnished, fitted and fastened in place where and as directed, for the purpose of posting defective piles and placing such additional bracing as may be directed, at no change in the bid unit prices on the aforementioned contract, constitutes work that is incidental to and necessary to properly complete the work covered by the terms of this contract; the prices are fair and reasonable, and in my opinion no advantage would be gained by publicly advertising for proposals to complete this necessary extra work.

The increases in cost are as follows:

Item 3, 12,000 feet board measure at \$360 per 1,000 feet board measure, \$4,320; Item 4, 5,000 pounds new bolts, nuts, washers, etc., complete in place at 24 cents per pound, \$1,200; total increase in cost, \$5,520.

Your authority is respectfully requested to dispense with publicly advertising for proposals and to amend the aforementioned contract thereby providing for an increase in the total estimated cost of

the original contract of \$15,080, by an amount not in excess of \$5,520, exclusive of any additions to the aforesaid estimated contract cost resulting from increases heretofore in the quantities of any of the contract items in accordance with the authority therefor contained in Article 3 of the contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on January 10, 1951, to purchase clothing for the various city departments, without publicly advertising for prices, authority is requested at this time to award a contract, without public advertisement, to the following-named company for furnishing clothing to the various city departments for the period from November 1 to December 31, 1951, inclusive:

M. Hoffman & Co., Inc., 63 Bedford street, Boston, Mass.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

BOSTON, October 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR,

Your permission is requested to dispense with advertising and to engage the services of Robert F. Carter, Boston, as engineer in connection with necessary alterations and additions to the heating system in the women's wing of the Jail.

The estimated cost of this work is \$9,000, and the engineer is to be paid a fee equal to 10 per cent of the actual cost of the above work.

Respectfully submitted,

FREDERICK R. SULLIVAN,
Sheriff.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for an extension of time for the completion of the contract with G. L. Rugo & Sons, Inc., from September 1, 1951, to February 1, 1952. Item 2 (1949), Henry Grew District, Hyde Park: Plans, construction and furnishing of elementary school building (six classrooms and kindergarten with basement playroom.)

This extension was requested for the reason that certain items specified in the specifications and contract are under critical restriction by the U. S. Government and deliveries are delayed.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with the General Ship and Engine Works, Inc., for general repairs to ferryboat "Daniel A. MacCormack," to November 2, 1951.

This extension was requested for the reason that the contractor was delayed on account of late delivery of the Tripps Metallic for the main engines and also on account of the necessity of performing extra work required by the U. S. Coast Guard.

REAL ESTATE COMMISSION.

Approval has been given for the extension of the time of completion of the contract with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, for waterproofing and other repair work at the Houghton and Dutton Building, Boston, to September 11, 1951. This extension was requested for the reason that, due to adverse weather conditions, the contractor was unable to complete the work on time.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A catch basin and connection in Catherine street, at the easterly corner of Organ Park street, in the West Roxbury district, at an estimated cost of \$350.

NEW ENGLAND BUSINESS ACTIVITY.

Business activity in New England continued at a very high level during the first quarter of 1951, according to a recent report of the Federal Reserve Bank of Boston.

Anticipatory buying and an increase in non-secret defense contract awards in New England from \$47,000,000 in January to \$264,000,000 in February stimulated general business activity. The bank stated that New England producers will do more and more military business as the year goes on.

PROCEEDINGS OF SCHOOL COMMITTEE.

August 31, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:45 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, and Ward.

APPROVAL OF MINUTES

The reading of the minutes of July 31 and Aug. 10, 1951, was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

Mr. Muchnick: Madam Chairman, that is not an item of business for a public meeting that was called especially for the sole purpose, as you have ruled, of discussing the salary question.

Chairman: The appointments will still lie over. There will be some teachers who won't be able to go to work in September.

Mr. Ward: We will have a meeting next week, won't we?

Chairman: We will try to, Mr. Ward.

Secretary: The next one also must still lie over—the salary of Richard P. Brown, one of the newly-appointed teachers.

Mr. Ward: Is it a salary question?

Secretary: Yes. Mr. Brown is a newly-appointed teacher, and his appointment was to be approved.

Mr. Ward: A salary was established?

Secretary: Yes, on the thirteenth year, but it was laid over and it is still laid over.

SALARY OF STRUCTURAL ENGINEER

Mr. Ward offered the following: ORDERED, That the salary of Charles B. McMackin, structural engineer, Office of the Superintendent, is hereby established at the rate of eight thousand dollars (\$8,000) per annum, to take effect Sept. 1, 1951, and to continue until otherwise ordered.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

SALARY OF SANITARY ENGINEER

Mr. McDevitt offered the following:

ORDERED, That the salary of John M. Sullivan, sanitary engi-

neer, Department of School Hygiene, is hereby established at the rate of seven thousand sixty-four dollars (\$7,064) per annum, to take effect Sept. 1, 1951, and to continue until otherwise ordered.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

SALARY SCHEDULE FOR TEACHERS, MEMBERS OF THE SUPERVISING STAFF AND OTHERS, YEAR ENDING AUG. 31, 1952

The sixteen orders establishing a salary schedule, with increments, for teachers, members of the supervising staff and others for the year ending Aug. 31, 1952, were offered.

Mr. Ward: Madam Chairman, all these items, with the exception of the President of Teachers College, include the \$264—is that correct?

Chairman: That's right.

Business Manager: Yes.

Mr. Muchnick: Madam Chairman, during the conference I attempted to call attention to Section 325 of the Regulations which says that we must establish the salaries no later than the month of June for any year to come. It seems to me that where we have knowledge of that rule, even though the practice has been in the past either through lack of knowledge or for any other reason to ignore it, this salary schedule will be of no effect at all unless that rule is waived; and if this salary schedule is of no effect, then it seems to me the only salary schedule that would remain at all effective would be the one of the past year that would carry over.

That would exclude, as I see it, the \$260 increase that was given to all personnel; and for that reason, and only for that reason, I move that Section 325 be suspended so that the salary schedule can be voted on properly.

Chairman: There is another reason.

Mr. Ward: I don't know of any objections to that. I say that as far as I can see, every time this School Committee has voted on salary questions, they have been violating that rule; and particularly since the law supersedes any rule that we might make, I see no harm in suspending the rule. However, I still say that the statute supersedes any rule. The law says that the School Committee cannot grant increases after September 1st. The law must then mean that the School Committee may grant increases up until September 1st. Is that correct?

Mr. Muchnick: Unless by its own rules it limits itself to a different date.

Mr. Ward: Then you are making a motion to suspend this rule?

Chairman: These increases will go through tonight. Call the roll on Mr. Muchnick's motion.

Mr. McDevitt: Madam Chairman, in my twelve years on the School Committee, if this rule has been in effect, we have made increases during the months of June, July, and August; and I remember many years that we met on the day before the 1st of September, such as we are meeting today, and the increases and adjustments were voted by the School Committee, and they were never questioned.

Chairman: Call the roll.

Secretary: Question comes on Mr. Muchnick's motion to suspend Section 325 of the Rules and Regulations.

On roll call, the motion failed of passage by the following vote:

YEAS—Mrs. Dacey, Messrs. Muchnick and Ward—3.

NAYS—0.

PRESENT—Mr. McDevitt—1.

ABSENT—Mr. White—1.

Mr. McDevitt then changed his vote and the motion passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick and Ward—4.

NAYS—0.

ABSENT—Mr. White—1.

Mr. Muchnick: Madam Chairman, it seems to me that now that the School Committee has been playing Santa Claus, Aug. 31, 1951, will probably go down in history as the hottest Christmas Day we have ever had.

By the actions tonight and in some of the previous meetings and by the action that I anticipate will take place in the public meeting, it seems to me that the School Committee is more or less putting our school system into bankruptcy not only financially, as I see it, but, more important, morally and professionally.

It was stated by the Chairman earlier that if one has courage, one is not concerned with tax rates and so forth. The taxpayers however, are concerned with the tax rate, and they are more concerned with things that are in a different field than their tax rate. They are concerned with, and have a right to be concerned with, the fact that their public officials will handle public funds properly and that their public officials on a school committee, particularly, will act with regard for the welfare of the school children.

That, I agree with you, is of greater importance to the taxpayers than the tax money; but it seems to me that the action that has been taken here is about as irresponsible as any action that any public officials could take; and I for one want it on the record that as far as I am concerned, it is inexcusable.

While I wanted to see the rule waived so that a salary schedule could be adopted—because otherwise we would not be able to run the system at all—due to the actions in granting these raises which, in my opinion, are against

the public interest and which, with the bill in equity pending against them, clearly should not be acted on by responsible public officials, especially when they are members of the bar, I intend to vote against the adoption of the salary schedule.

Mr. Ward: Madam Chairman, I stated previously in conference that a year ago there was an increase granted to teachers within our public school system. That was to grant all teachers \$204. As I pointed out before, under the legislative act all are teachers with the exception of the Board of Superintendents and the Superintendent.

Against this amount which was left over in unexpended balance, the majority of these adjustments were made to give all who were considered teachers the \$204 that they were deprived of a year ago and should have received, as teachers, a year ago.

I do not think that my vote in any way denotes my expending the taxpayers' money irresponsibly because I said before that when a motion was made by Mr. McDevitt in which he proposed a single salary schedule with approximately \$24,000 to be expended, to my mind it was not good judgment to give a \$100 increase to the elementary teacher.

Whether or not Mr. McDevitt meant his order to read as it did, I do not know; but if that order had prevailed, it would have meant that for the first time in the the history of the Boston School system the elementary teacher would have been paid higher than a junior high school teacher.

I am inclined to believe that Mr. McDevitt meant that the junior high school teachers should be included in that. That was a financial impossibility for the system; and, as I stated previously, on the Superintendent's own figures on the cost of the single salary schedule it would cost somewhere in the vicinity of \$4,000,000.

I have voted against that motion, and I say that if we have granted adjustments in salary amounting to approximately \$96,000 or \$97,000 and the money is here in unexpended balances, then I don't think that hurts the morale of the system to make adjustments that should have been made a year ago.

That is all I have to say, Madam Chairman.

Mr. McDevitt: Madam Chairman, if my memory serves me correctly, it seems that each year over a period of eight or ten years, and particularly since the closing of World War II, when there have been several statements made throughout this nation about teachers receiving salaries commensurate with the work that they are doing, this Committee, acting in its good wisdom, has taken each year certain groups within our school system and has given them increases in salary.

My action at this meeting has been prompted by some groups within our school system that have not received a salary adjustment for the last four, five, six, and, in some cases, ten years; and I think it is my duty as a public official to consider them in their requests that have been before us tonight. Because of previous actions of mine in voting against increases and adjustments, I found it advisable in my good wisdom to vote yes on these increases tonight where we could do so within the present school budget and where there would be no effect on the taxpayer.

The Secretary proceeded to read the following sixteen orders:

1. ORDERED, That effective as of September 1, 1951, the salaries of teachers, members of the supervising staff and others are hereby established for the school year September 1, 1951, to August 31, 1952, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations. Included in the following schedule are the increases in salary voted by the School Committee on May 26, June 6, June 21, August 10 and August 31, 1951.

On roll call the order was approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

2. ORDERED, That during the period commencing September 1, 1951, and ending August 31, 1952, teachers, members of the supervising staff and others who on August 31, 1951, shall not have reached the maximum of their salary schedules, shall be advanced in accordance with the provisions of the regulations on their respective anniversaries by the amount of the annual increment provided for in the following schedules until the new maxima of the ranks are reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

On roll call the order was approved by the following votes:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

3. ORDERED, That in adopting this salary schedule the School Committee reserves the right, in the event that the General Court of Massachusetts does not grant the School Committee in 1952 power to appropriate a sum sufficient in the opinion of the School Committee to pay in full the salaries specified in this salary schedule, to revise this salary schedule at any time between January 1, 1952, and August 31, 1952, both inclusive, by making such reductions therein as would amount in effect to no more than the amount by which

this salary schedule exceeds the salary schedule of September 1, 1950.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3

NAYS—Mr. Muchnick—1

ABSENT—Mr. White—1

TEMPORARY EMPLOYEES.

4. ORDERED, That the compensation of temporary teachers and members of the supervising staff is hereby fixed for the period commencing Sept. 1, 1951, at the rate of \$12.00 for each day of actual service, except as specified below:

DAY ELEMENTARY AND DAY JUNIOR HIGH SCHOOLS.

Assistants, Instruction of Physically Handicapped Children \$6.00
(Not to exceed two sessions per day.)
Assistants, Classes in Lip Reading, per session of two hours \$6.00
(Not to exceed two sessions per day.)

Mr. Muchnick: May I break in for a moment, Miss Reynolds? Did I understand that on this order for the compensation of temporary teachers, no provision is made for them to receive their proportionate share of the \$264 increase given to all city employees?

Mr. Downey: No temporary people received that money.

Mr. Muchnick: Was that true of civil service employees, too?

Chairman: All temporary employees.

Mr. Muchnick: Was the week's pay of those temporary civil service employees whom we have on the daily rate and who are working by the day at \$7.50 a day increased?

Mr. Downey: No.

Mr. Muchnick: It seems to me that the temporary teachers and temporary civil service personnel have the same cost of living increases due them as have the permanent teachers; and I cannot understand why we don't make provision for them to get their proportionate share of \$264 on a temporary basis.

Business Manager: We told the Mayor in his office about this situation.

Mr. Downey: They were not included in the orders that the School Committee passed. The School Committee orders do not include temporary personnel.

Mr. Muchnick: Well, it seems to me we should have, frankly.

I do not know that there is anything to be done about it at this stage of the game.

Business Manager: That was an agreement in the Mayor's office.

Mr. Muchnick: It seems to me that we have made a serious mistake in not including them.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward.—3.

NAYS—Mr. Muchnick.—1.

ABSENT—Mr. White.—1.

5. ORDERED, That for the year ending August 31, 1952, any teacher or member of the super-

vising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of two dollars (\$2) per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director; assistant in charge; head of department; coordinator; guidance counselor; division head; submaster; vice principal; vice principal, special classes; shop foreman; or assistant supervising nurse; shall be paid at the rate of one dollar (\$1) per day for each day of service, in addition to the regular salary of his rank.

ABSENT—Mr. White—1.

11. ORDERED, That the Director of Adult Education shall be paid for extra services in connection with the Extended Use of Public Schools at the rate of \$15.00 per session (not to exceed one hundred sessions per year).

Mr. Muchnick: Madam Chairman, was this voted in conference?
Superintendent: I think not, Madam Chairman.

Mr. Muchnick: It seems to me that the least that should happen is that we should be told about something that is coming in public meeting or into salary schedule in the conference. Everything else is discussed in conference. As a matter of fact, the last recollection I have, without going back into the minutes, is that the office of Director of Adult Education had been abolished in accordance with the request of the person who had been appointed to that position;

and he went back to the title of Director of Evening and Summer Schools only.

Superintendent: As I understand it, the School Committee referred the matter back to the Board of Superintendents, and Mr. Gould is out at the present time on vacation. Mr. Gould asked to be returned to his old title—namely, Director of Evening and Summer Schools.

If you remember, Mr. Muchnick, the Board of Superintendents recommended that there be an associate director of this big department, which is a joint evening school and extended use situation. The Committee did not accept that recommendation.

The Board of Apportionment now feels that Mr. Gould might well have additional sessions for the supervision of the school center work.

Mr. Muchnick: But he says he does not want the job.

Superintendent: If he does not want it, then it will be up to the School Committee to decide whether they want to accept his decision to revert to his old title, but in the meantime this protects him, Mr. Muchnick.

Mr. Muchnick: We don't have a position of Director of Adult Education.

Superintendent: Yes, we do.

Mr. Muchnick: Well, we don't have a Director of Adult Education.

Superintendent: Yes, we do.

Mr. Muchnick: No, we don't. Mr. Gould turned it down, and we have no right to force it on him, and that was made very clear to us, and he was going back solely to his old position. I do not know if this is being thrown out as bait to him to take the job and get an extra \$1500 a year. If that is what we want to do, then let us say that the position of Director of Adult Education is going to pay what Mr. Gould now gets plus \$1500 a year; but let's not try to camouflage it the same as Order No. 10 is camouflaged to give some extra compensation to the Director and Assistant Directors of Physical Education.

We have been through this many times, Mr. Superintendent, and every time it has been the sense of the majority of the School Committee that we want our people working on an annual basis, not on an annual basis plus extra stipends for extra works. We do not give teachers extra money for handling dramatic clubs or French clubs or history clubs or anything else because they are on an annual basis.

This position is no different. If the position of Director of Adult Education is worth \$8500 for all the work that is involved, let us say so, and let us not on one page give the Director of Evening Schools whatever his salary may happen to be and on another page sneak in an extra \$1500. If Mr. Gould is worth \$7500 for heading the Department of Adult Education, as it says on page 7, then he is worth that; and if he is worth

\$9000 for handling the new job with the extra services for Extended Use of Public Schools, then let's say so; but let's not add it at the rate of \$1500 on the basis of so many sessions.

Mr. McKenney's item was 120 sessions last year, and it runs up to 170 sessions this year, which in my opinion, frankly, is just an attempt to give him another \$500 on top of his salary. The same with Mr. Ohrenberger's, which runs from 100 sessions last year to 150 this year—another attempt to increase his salary by \$500; and frankly in my opinion increasing it by subterfuge. Let's not add to that kind of stuff.

12. ORDERED, That Dorothea L. O'Shea and Kathleen G. Oxley, Supervisors in Vocal Music, Department of Music, are hereby placed upon the maximum salary of their rank, namely, fifty-six hundred eighty-eight dollars (\$5688) per annum, to take effect Sept. 1, 1951.

Mr. Muchnick: Is this one of the matters that was discussed at a previous conference?

Mr. Downey: Yes.

ABSENT—Mr. White—1.

14. ORDERED, that the maximum salary of James P. McDevitt, designated to act as Supervisor of Attendance, Department of Attendance, is hereby established at fifty-five hundred sixty-eight dollars (\$5568) per annum, to take effect Sept. 1, 1951, and that on his anniversary dates he be advanced by annual increments of \$108 until his maximum is reached.

15. ORDERED, That the Managers of School Centers shall be paid for extra services in connection with activities and work out-

side of school center buildings at the rate of \$2.50 per hour (not to exceed twenty hours per month).

Mr. Muchnick: Madam Chairman, was this discussed in conference?

Mr. Downey: Yes, and voted on.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward—3.

NAYS—Mr. Muchnick—1.

16. ORDERED, That any person holding a position included in the foregoing salary schedule shall as of September 1, 1951, be placed on that step of said salary schedule corresponding to his or her years of service in the specified position, but in no such case shall the salary be reduced.

Mr. Muchnick: Madam Chairman, doesn't the addition of the "in no such case shall the salary be reduced" conflict with the third order which says that if necessary salaries can be reduced if there is not enough in the 1952 appropriation?

Mr. Downey: We did not think so. This would prevent a person who, for instance, was on the sixth year and received a promotion from losing that advantage. That is in case it was not a new rank.

Mr. Muchnick: If it is not inconsistent, I have no objection.

Superintendent: We considered that.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

Mr. Muchnick: I would like to be heard before the meeting adjourns. This is the last item of business I take it.

Mr. McDevitt: I would like to make a statement.

Business Manager: May I clear up a few matters in the salary schedule? In the meeting of May 26, 1951, the School Committee passed the following vote:

ORDERED, That the maximum salary of shop foremen, Department of Industrial Arts, is hereby established at the rate of \$4992 per annum, to take effect Sept. 1, 1951.

It does not mention in that order anything about the \$264.

Chairman: That was intended.

Business Manager: Now the question is this. We have in the salary schedule prepared this item without adding the \$264 on to the \$4992.

Chairman: We can call the roll on that.

Business Manager: The problem is what was the intention of the School Committee?

Mr. Ward: I said at the very outset that they were all included.

Chairman: That was just a typographical error.

The following was offered:

ORDERED, That the maximum salary of shop foremen, and of shop foreman, Horace Mann School, in the Department of Industrial Arts, be established at \$5256 per annum, instead of \$4992 per annum.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt and Ward—3.

NAYS—Mr. Muchnick—1.

ABSENT—Mr. White—1.

Business Manager: The other question is a teacher listed on page 10 under the Department of Physical Education. There are assistant professors of physical education assigned to Teachers College who were not given what the Committee agreed to give the professors, and we ought to get that straightened out.

Chairman: What was the figure that was intended?

Superintendent: They should be treated the same as the others at Teachers College.

Chairman: I would like to say that last year when I discovered that there was a surplus in our budget, I voted for the \$204 raise for the teachers. I have been consistently in favor of a single salary schedule of the elementary teachers. This year I voted that we take a step towards the single salary schedule. The single salary schedule could have been established this year, and I think every other group in the School Department would have been happy to sit back and let us get a step in that direction.

Mr. McDevitt and I voted for the single salary schedule, when we discovered that there was a surplus of over \$100,000.

One member refused to vote with us, saying that the assistant superintendents should bring in their recommendation, which would never have come in, favoring a single salary schedule this year. When the single salary schedule could not succeed this year, we voted to make these other adjustments of certain inequities which existed in the School Department.

I am in favor of the single salary schedule. I think the elementary teachers are entitled to have some step taken toward it this year, and they probably will start next year. It could have been done this year, but has not.

Mr. Muchnick and Mr. Dalton fought before the City Council and before the Legislature against any increase in our appropriating power. They succeeded in doing it. I don't know why. We could have had the single salary schedule this year if three members of the School Committee saw fit to vote that way.

Mr. Dalton: Madame Chairman, may I make a statement?

Mr. McDevitt: I would like to make a statement.

Chairman: We will hear Mr. McDevitt first, and then you may make your statement, Mr. Dalton.

Mr. McDevitt: Madame Chairman, it has been consistent with me over the years, when we have been informed by the Business Manager that there would be an unexpended balance, to be privileged as a member of the School Committee to make certain increases and certain adjustments in the direction of our teaching personnel.

This year, consistent with other years, when we were informed that there was \$100,000 unexpended balance and that these increases and adjustments could be made by me or through my vote, to the teaching personnel and within the budget, I was very happy to exercise that power and that right so that it might benefit the personnel in our teaching field; and I am certainly consistent this year, as I have been in previous years.

This being my last year as a member of the Boston School Committee, I hope that by my previous actions I have attempted in every way to build up the morale of our teaching profession in the Boston school system.

Mr. Ward: Madam Chairman, might I say this? First and foremost, we talk of the single salary schedule, and I think my stand is definitely clear on that issue.

Single salary is ultimately going to cost four million dollars. How can we give a \$100 increase under a single salary schedule out of money that we have already appropriated for some other purposes, and how can we in conscience give a \$100 increase in salary to the elementary teachers to make the elementary teacher's salary exceed the salary of a junior high school teacher for the first time in the history of the system?

If that order is consistent, I cannot see its consistency. Again I say that we could not have spent this money and then allowed any money at all toward a single salary schedule to include everybody.

Mr. McDevitt: Madam Chairman, may I request that my motion for \$100 for the elementary teachers be incorporated in the public meeting?

Chairman: And also the discussion of Mr. McDevitt and myself at that time.

Mr. Muchnick: Madam Chairman, it did not seem to me that any more evidence would be needed after the actions of a majority of this School Committee in granting the raises that were granted under the circumstances that existed in order to show the utter lack of responsibility of the persons who so acted and the lack of morals in the handling of a public trust, but it seems to me that the statements that have just been made—and rather proudly made from the tone that was used and from the positions that were assumed—is merely additional evidence of the lack of proper action on the part of public officials who should know better

and who, I am afraid, do know better, but don't act in accordance with their knowledge.

Mr. Dalton: Madam Chairman, it had not been my intention to speak here tonight, but this is the third time—

Chairman: There is no sense of staying here six hours without giving a little speech, Mr. Dalton. You go right ahead.

Mr. Dalton: This is the third time within my memory in attending meetings that you have challenged my actions with respect to single salary, when I represent a group which is working for single salary, and I stated the position once before and I thought the record had been made perfectly clear.

Chairman: Yes, Mr. Dalton, it is on the record. You certainly did not want single salary to be established this year.

Mr. Dalton: Let me say, Madam Chairman, what I said before that if you or the members of this Committee were interested in single salary schedule, there is one place where you should have been, and that was at the Massachusetts Legislature when the appropriation bill was being discussed.

Chairman: No, Mr. Dalton—

Mr. Dalton: Would you allow me to make a statement, Madam Chairman, and then you can talk when I am through.

Chairman: Go right ahead. We are all through. This is just a discussion period.

Mr. Dalton: I would like to say with respect to the appropriation bill—because that was the point you raised. You said Mr. Muchnick and I opposed the appropriation bill at the Legislature. Now I would like to have the facts clear on that bill.

\$1,200,000 was requested — an increase of \$1,200,000 was requested from the Massachusetts Legislature this year. There was not a single cent in that \$1,200,000 for the single salary schedule, and I think it is your business, Madam Chairman, if you are so interested in the single salary schedule.

Chairman: Nor was there last year for the \$204, and you got that and you fought for it.

Mr. Dalton: Would you allow me to finish my statement, Madam Chairman? There was not a single cent in the \$1,200,000 for the single salary schedule. There was \$500,000 in the \$1,200,000 for custodians.

Now, I have worked four years at the Legislature advocating the passage of appropriation bills filed by the School Committee of the City of Boston, and I think that the Alliance can take a fair amount of credit for the passage of those appropriation bills; and I must say that I have never seen at the Legislature, before the Committee on Municipal Finance or before the House or before the Senate or before the Governor, the various groups which are here at the School Committee after the appropriation bill has

been passed—largely due to the work of the Boston Teachers' Alliance.

This is the point which you raised. You wanted to know why I opposed the \$1,200,000 at the Legislature.

Chairman: Yes, I am very much interested.

Mr. Dalton: I had supported all previous bills, but I was not going to put through the Legislature this year or try to put through the Legislature with the efforts of the Alliance a bill which did not include a single cent for single salary and which included \$500,000 for custodians; and that is the reason why I said at the Legislature I could not support the appropriation bill.

There is only one final point I want to make with respect to responsibility, and I think this should go on the public record because it has not been mentioned tonight and it should be mentioned. Less than a couple of months ago you told the Mayor and the Council that you needed \$1,300,000 to carry on bare operations and pay the \$260: \$1,300,000, and that is right in the record.

The Mayor cut that by \$300,000 which should have made it very difficult for you to give salary adjustments after that, but you told the Mayor, you told the Council, and you told the Massachusetts Legislature that there was nothing in there for salary adjustments.

I did not attend the first meeting in which the raises were granted. I must say I almost fell off the chair when I read the newspapers the next morning that raises were being granted when just a couple of weeks before that you had told the Council and the Mayor that there was no money in there for salary adjustments.

Now the one thing I wanted to get clear was the appropriation bill at the Legislature. There was nothing in there for the single salary schedule, and that is the reason I opposed it at the Legislature.

Chairman: Well, Mr. Dalton, do you mind if I ask you one question?

Mr. Dalton: No, I don't mind at all.

Chairman: Last year, Mr. Muchnick and Mr. McDevitt and I voted for the \$204 raise for all teachers, and there was no money in the budget for a raise at that time. That was in unexpected balances; and this year, when you went up before the Legislature, I was astounded to see such excitement over the poor custodians. The teachers do not better their condition by worrying about what the custodians are getting or what the evening center workers are getting. They have to live, too, the money in the budget for the custodians was, as you well know, for the 40-hour-work week which we had to follow by law.

We had to add 143 new custodians. There was no way of getting around it. It was an abso-

lute necessity. And, as I say, arguing to lower the increase in our appropriating power certainly was unwise. You know we must have a cushion. You argued that last year—that in every good budget there is a cushion—there should be for anything that comes up during the course of the year.

It is exactly the same situation, Mr. Dalton, as existed last year when we went along with you; but because these other groups who had certain inequities and who do not have an attorney to represent them came up and presented their cases to us were considered, you object. We acted upon them favorably as long as we did not have the votes for the single salary schedule. So you are hurt.

Mr. Dalton: There was no action before the Legislature, there was no action before the Mayor, there was no action before the Council, on single salary schedule; and that is where the action should have taken place; and on custodians let me get the record clear. I have no objection on the custodian, but I have grave doubt, Madam Chairman, whether the 143 were needed. I have very grave doubt on that, but I have no objection to the salary they receive.

Chairman: I would like to say that tonight one of the most distinguished members of this system, a man who has given forty-five years of his life to the Boston school system, is about to retire, and I am speaking of Deputy Superintendent Downey.

I don't know just how future school committees are going to get along without his advice and guidance.

Mr. Dalton speak about our not being at the Legislature. We sent our legal representative, Mr. Downey, when we took a vote. He was there plugging for us and speaking for us if he had the opportunity.

Tonight I would like to commend Mr. Downey, and I would like to ask the Secretary to bring in a series of resolutions for our next meeting. I think the entire school system will feel his loss very keenly, and I hope that he has many, many happy years to sit back and listen and read about these hectic School Committee meetings.

SINGLE SALARY SCHEDULE

At the request of the Chairman and Mr. McDevitt, the Secretary was authorized to include in the public record the following extract from the Conference notes relating to the single salary schedule:

Mr. McDevitt: Madam Chairman, in view of the fact that we are disposing of these petitions, I made a motion that the elementary teachers be given a \$200 increase in order to close some of that gap under the plan of single salary schedule.

I would like now to make a motion that the elementary teachers receive an increase of \$100 to fill in that gap.

Mr. Ward: You do not have the money.

Chairman: There is before us Mr. McDevitt's motion that the elementary teachers be given a \$100 step towards the single salary schedule.

Business Manager: You have already spent around \$93,000.

Mr. Ward: How are you to give these teachers a \$100 raise out of \$125,000? How are you going to give an increase of \$100 out of \$125,000? You can only give it if you want to pick out 250 teachers and give them each \$100.

Business Manager: What was the motion—to give \$200 to each elementary teacher?

Secretary: \$100.

Business Manager: There are 1600 teachers. That is \$160,000.

Mr. Muchnick: It will cost \$53,333.33 for the rest of the year.

Business Manager: \$53,000 for the balance of the year.

Mr. McDevitt: You have \$68,000 left in the unexpended balance.

Business Manager: According to our records, we are overboard.

Mr. McDevitt: This will take \$53,000.

Chairman: Call the roll.

Business Manager: We have it figured here in a previous report we made for you. The cost of the proposed \$100 increase to partially close the gap in the single salary schedule would be approximately \$67,000 for the balance of the year.

Secretary: On Mr. McDevitt's motion?

Mr. Muchnick: Madam Chairman, it seems to me that this motion reaches a new low in the government of school affairs and a new high in irresponsibility among school officials or any public officials.

In face of a bill in equity that is pending against us and in face of a rule which, while it may have been violated in the past and hasn't been called to our attention in the past, is in existence and should be either followed or waived, we have already granted approximately \$93,000 or \$94,000 worth of increases; and to that an irresponsible move is made now to add \$67,000 so that the total balance of the year will be \$160,000 of increases granted against a maximum as figured by our business department of \$125,000 in our overall budget.

I happen to figure it at approximately \$100,000 in our overall budget. At any rate, it is somewhere between \$125,000—or I will even go up to \$150,000, if you will, but it still won't be \$160,000.

Now, if the purpose of the member who made this motion is to insure our having a longer vacation in schools at the end of December than the normal Christmas-New Year's vacation, then there is some sense to this. If the purpose is to operate a school

system properly, then this motion clearly should not be made. The others should not have been made as well, and should not have been passed.

However, adding this one to the others is about the most ridiculous thing this School Committee could ever hope to do.

Mr. McDevitt: Madam Chairman, I can appreciate the statement of the previous speaker, and perhaps maybe we are reaching a new low or a new high in irresponsibility as school officials.

However, I was one of the three members last year to vote an increase of \$204 for certain teachers in our school system. I amended that motion to give the \$204 to all school employees. However, that amendment was voted down.

With two other members, I voted an increase of \$204 for certain teachers. That motion carried, and \$204 was granted. We had no unexpended balance at that time, and after several meetings over many, many weeks, the increase was finally accomplished and the money was found and the teachers received their \$204.

So that if, by my making a motion to grant this increase of \$100 to elementary teachers, I have reached a new low or a new high of irresponsibility as a city official, then I think that that statement should be applied to the two other members of this Committee who also voted a \$225,000 increase in the budget last year, with no unexpended balance facing them.

Mr. Ward: Madam Chairman, the statement was made that a year ago there was \$204 voted for all teachers. That \$204 was not voted for all teachers. In my judgement and opinion, everybody with the exception of the Superintendent and the six assistant superintendents is a teacher in this system. Is that correct?

At that time all teachers did not receive the \$204. Much of the money that has been expended for this unexpended balance has been voted to make certain adjustments and to give to all teachers that \$204 that three members of this school committee voted for last year, and I was not one of the members who voted for that \$204.

However, Madam Chairman, with the unexpended balance that was there, although I did not actually vote for it, I did agree with the wishes of the three other members of the committee who wanted to grant increases and furnished the fourth vote that was necessary for the transfer of that money; and the \$204, without the fourth vote for the transfer of the money, would not be possible. I did provide the fourth vote for the transfer of that money, Madam Chairman.

Therefore, out of \$125,000 in unexpended balances I believe that we have expended somewhere in the vicinity of \$85,000 or \$88,000 or \$90,000.

Mr. Muchnick: \$94,000.

Mr. Ward: \$94,000. That still leaves \$25,000 or \$28,000 or probably \$30,000, and I would not be surprised, Madam Chairman, if, before the end of the year, your unexpended balance was not \$30,000 but probably \$130,000. We have been led to believe every year it was very, very close and then we end up with \$200,000 or \$400,000 or \$500,000, so that I am not too concerned about having expended too much money here today.

Now, Madam Chairman, so far as I can see on the single salary schedule, I have been opposed to it. We had this discussion in conference. The Superintendent was asked a question; and, as I recollect, he recommended that if the single salary schedule were to be established, the salary of the high school teacher would be set at \$6000 a year; and from there, the kindergarten teacher on up through the high school teacher would all receive a salary of \$6000 a year.

That would mean a cost of \$4,000,000, according to the number of teachers that we have within the system. That is a very different amount of money—\$4,000,000. That is what the single salary schedule will cost, according to the figures furnished by the Superintendent of Schools. What we have expended here today—somewhere in the vicinity of \$90,000—is a far cry from \$4,000,000.

Mr. Muchnick: Madam Chairman, last year I not only voted for the \$204 increase, I made the motion for the \$204 increase. Last year, before and after the motion, I studied our budget very carefully and was convinced that there were sufficient sums of money to take care of a \$204 increase; and while some people still don't agree with me, the balances at the end of the year indicated that I was correct and that there was that unexpended balance or would have been if we didn't use it for the \$204 increase.

This year I have made the same analysis of the budget, and this year I am convinced that there will be approximately \$100,000 left exclusive of the increases voted to the special groups up until today; and that is a fair figure, based on our requests to the Mayor. Our unexpended balance would have been as usual in the vicinity of \$400,000; but when we asked the Mayor and the City Council this year at the time of our last request for \$1,293,000, that was cut to \$1,000,000 by the Mayor and the Council, so that roughly \$300,000 of potential unexpended balance was taken away from us before we got it; and in anticipation of the suggestion that will probably be made that I was responsible for that cut, I gladly accept that suggestion. I was responsible in large measure, I think, for the Mayor and the Council reducing it from \$1,300,000 to \$1,000,000.

The fact remains that, if having been reduced, we do not have it now as a potential unexpended

balance, and all we have is somewhere around \$100,000, out of which you cannot spend \$160,000 and out of which in a school system you should not spend the \$94,000 that has already been allocated.

It seems to me preposterous to attempt to end up a school year with a margin of safety of approximately \$5,000 or \$30,000 when you are running an operation of \$26,000,000 or \$27,000,000.

Chairman: Thank you, Mr. Muchnick, for this speech, which we have now heard for the third time.

Mr. Muchnick: If the matter had been handled properly the first time, you wouldn't have heard it the second or third time.

Chairman: I think that this School Committee here, by its positive action on salary adjustments, has really increased the professional standards of teaching in our Boston school system; and I think that every member of the school system will agree with us, and the elementary situation can be taken care of today. It takes courage—of course it does—with everybody crying "tax rate."

If we had well-paid teachers, well-paid firemen, well-paid policemen, and with economies in the right places, we wouldn't have to be worrying about raising their salaries at this time. It can be done. It was done last year and can be done this year.

Call the roll, Miss Reynolds.

Secretary: On Mr. McDevitt's motion to grant an increase of \$100 to elementary teachers.

Mr. McDevitt: Yes

Mr. Muchnick: No

Mr. Ward: No

Chairman: Yes

Secretary: The motion failed of passage.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

Sept. 7, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 5:35 o'clock p. m., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as presented by the Superintendent and laid over at the meeting of Aug. 10, 1951.

Mr. Muchnick: Which teachers are they, Miss Reynolds?

Secretary: There are quite a few of them here.

Mr. Muchnick: Could we have those called by groups?

Secretary: Yes, sir.

Mr. Muchnick: Before those are called, Madam Chairman, I was wondering if the Superintendent or the School Committee had heard from the Law Department on the question of Mr. Ackerman?

Chairman: He is going to be appointed the first day of school.

Superintendent: The case of whom?

Chairman: Mr. Ackerman.

Superintendent: No. As a matter of fact, I talked yesterday with Mr. Kerr, Madam Chairman and Mr. Muchnick. He has been on vacation and I went over the details with Mr. Kerr, and he asked me to put certain things in writing dealing with data connected with Mr. Ackerman and that he would then study the case very carefully.

Mr. Muchnick: Was there anything to what I just heard that he was going to be appointed the first day of school, as the Chairman said?

Superintendent: I am not sure what Mr. Ackerman's position is, Mr. Muchnick, on any list. Whatever I do for him, if I can do anything at the opening of school, will be by virtue of his position on some temporary list; and so I just suggested to Mr. Ackerman that he come to my office at 10:30 Monday to confer with me to see what his chances are and what his status is.

It might be that a notice has been sent to Mr. Ackerman that is presently in the mail. I would not know that right at the moment, but I will be glad to explain all the details to Mr. Ackerman, as I said to him personally here a few minutes ago.

The Chairman stated the question was on approval of appointments to The Teachers College as presented by the Superintendent and laid over at the meeting of Aug. 10, 1951.

Mr. Muchnick: Mr. Superintendent, do you anticipate making further appointments in the near future to the position of professor at The Teachers College?

Superintendent: Right at the moment, Mr. Muchnick I have not given the matter further thought. I have two written petitions, I think, and I think I have one or two possible verbal petitions for the position of professor. I am going to study all of those, both the verbal and the written petitions. What I will do right at the moment, Mr. Muchnick, I cannot answer.

On roll call the appointments were approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward, and White—4.

The Chairman stated the question was on approval of appointments of permanent substitute

teachers, as reported by the Superintendent and laid over at the meeting of Aug. 10, 1951.

Mr. Muchnick: Madam Chairman, on the question of the appointment of permanent substitutes, several weeks ago when the problem first came up, the Superintendent stated that at the time of the appointment of these permanent substitutes he would go into the qualifications and give his reasons for making those appointments, not wanting to give those reasons at that particular time.

This, as I understand it without referring to the names, involves the appointment of people, some of whom have already served their three years and would normally not be working for the fourth year, at least.

There was discussion concerning the fact that 101 people had received the notices required by the statute that they were not to be retained; and that one, and subsequently that became four or five, I believe, had not been sent those notices in accordance with the School Committee's instructions. I would like to have the Superintendent tell us now why these people did not receive notice. We were going to have the story on each of the 101 who did receive notice and the reasons for the appointments that are under consideration right now.

Superintendent: Madam Chairman, in the conference of June 28th Mr. Muchnick asked for the following information. He said: "For the next meeting I would like a complete report on the experience and background of Mrs. Vesta Sullivan and the other two teachers in the Day School for Immigrants."

This memo also reads: "Mr. Muchnick would also like the folders on the other nine people who were not sent notices that they would not be employed for the following year; also, that the Superintendent give the School Committee a list of those who were on the list but who had been appointed either as permanent substitutes or permanent teachers. He wants complete information on the 101 to whom notices were sent and the 10 to whom notices were not sent."

I have here, Madam Chairman, the registration cards of the 101 who were sent notices—74 there, 7 here, and then there are 10 of those who have been appointed. So I have here all the data that Mr. Muchnick asked for.

I have the figures here, Madam Chairman, in answer to his requests. I would be glad to submit them to the School Committee. He asked how many of these who were sent letters were on eligible lists and how many were not.

Mr. Muchnick: How many were on eligible lists, Mr. Superintendent?

Superintendent: There were twenty-eight on eligible lists.

Mr. Muchnick: And how many of those twenty-eight have been appointed?

Superintendent: Prior to tonight?

Mr. Muchnick: Prior to tonight. Superintendent: Ten.

Mr. Muchnick: How many tonight?

Superintendent: Five.

Mr. Muchnick: Well, why were those people sent notices if they were on eligible lists?

Superintendent: Well, Madam Chairman and Mr. Muchnick, the people who were not sent notices were the ones whom I intended to employ and hoped the School Committee would employ and had every reason from precedent of three years in one case and one year in another case that the School Committee would employ.

Mr. Muchnick: Mr. Superintendent, if I may break in for a minute, these twenty-eight, you said, were on eligible lists and ten were appointed. Is that number right?

Superintendent: That is right.

Mr. Muchnick: They were on eligible lists for elementary and junior high schools, were they not?

Superintendent: Some of them might have been, Mr. Muchnick—yes.

Mr. Muchnick: Didn't we have a terrific shortage of elementary teachers so that these people were sure of appointment in the elementary and junior high school groups?

Superintendent: I would say that is a fair statement, Mr. Muchnick.

Mr. Muchnick: Then why send them notices?

Superintendent: I will answer that. Because there was no precedent for me to follow in not sending them notices, whereas there was, in my opinion, at least, a precedent to follow and an established practice that had been approved by the School Committee that I followed in the case of the ten.

Mr. Muchnick: Wasn't there an express directive by the School Committee to "ad notice to everybody on that list?"

Superintendent: We would have to refer to the minutes of the meeting.

Mr. Muchnick: The meeting we had in the Mayor's office where you brought up Mr. Kerr's announcement to you of the vote at the Legislature, that everybody would receive notice unless they got a notice on or before a certain date that they were not to be re-employed?

Superintendent: We would have to refer to the minutes of the meeting for that, Mr. Muchnick. I think there is some doubt about it. I think the important thing was the intent.

Mr. Ward: Madame Chairman, on this particular matter, notwithstanding notice or non-notice, it is within the Superintendent's prerogative to nominate a permanent substitute teacher. That is in the law. So far as the quali-

fications of any person, whether he be in the 101 or out of the 101, he must have qualifications or why were they teaching for three years in a school? Then the School Committee was lax in allowing the teacher who did not have qualifications to teach; whether they be substitute or temporary or permanent substitute teachers, they must have those qualifications.

So, any permanent substitute teacher whom the Superintendent has the power to appoint must have the necessary qualifications or else he would not have been teaching for the three years previous as a substitute teacher. Isn't that correct, Mr. Superintendent?

Superintendent: That is true.

Mr. Ward: Then the School Committee did appoint or did confirm these substitute teachers when they went in there. Is that correct?

Superintendent: Yes, that is true.

Mr. Ward: It is within your power as Superintendent of Schools to make the appointments. And bear in mind that I went along with Mr. Muchnick, I believe, and wanted to change the law. Nevertheless, the law remained unchanged and left in the hands of the Superintendent of Schools the power of appointment and gave the School Committee the power to confirm.

The Superintendent may appoint as a permanent substitute any teacher who has been within our system for three years whether she is on a list or not. As for the qualifications, any teacher who has been teaching for three years without having the qualifications certainly would have been reported, and she probably would not last in a school-room more than a month or a week after the principal of a school so informed the Superintendent of Schools.

It is within the power of the Superintendent to recommend. He can recommend somebody from California. Isn't that true, Madam Chairman?

Chairman: All right. So make a motion that the superintendent's nominations be accepted.

Mr. Muchnick; Madam Chairman, it happens to be in our rules that appointments should come off certified lists or rated lists, whatever the correct terminology may be; and even if that has not been followed in the past, then it still happens to be the rule and should be followed.

Mr. Ward: Will you yield, Mr. Muchnick, for just a moment?

Mr. Muchnick: Yes, I will.

Mr. Ward: I want to bring up a case that came before me. The people came to my home. Neither of these girls had passed the examination. I think Mr. Bond knows to whom I am referring. The principal of the school concerned, the supervisors, and all who went to visit these girls at various times stated that they were the best within the system.

These girls had failed in the examination every time they took it, but the reports coming into the superintendent's office from the principals of the schools, from the supervisors, and from all those who had had contact with the teaching abilities of these two particular girls brought in their names and recommended that they be appointed permanent substitutes. Is that correct, Mr. Superintendent?

Superintendent: That is true.

Mr. Ward: They were not on any rated list of any kind.

Superintendent: That was September 8, 1950, and that is one of three precedents.

Chairman: Who voted for that?

Mr. Ward: I believe I pressed that precedent.

Superintendent: As far as I know, they were unanimous.

Chairman: Can't we resolve the entire question by voting on it one way or another?

Mr. Ward: Yes.

Mr. Muchnick: Madam Chairman, I have no particular desire to belabor this point or any other point, but it seems to me that the method of making this appointment is the least desirable method that can be followed. There have been many reasons advanced why it was done. I don't know completely, although I have a fairly good idea, of what the qualifications were in the first instance, and then I was given other reasons why the appointment was made.

However it seems to me the people concerned in these appointments stand in the same position as the 101 who received their letters, some of whom have been appointed after receiving the letter of intention not to appoint.

I have one letter here. I have been consulted, frankly, by several of the people who were in the group of 101 who are not being appointed for this coming year. Some of them have had not only three years of experience, but some have gone all the way up to fourteen and fifteen years of experience.

I have here one letter given to me by a widow who is supporting her family. I am not going to make her name public but I am going to read the letter addressed to her last March 30th?

"I have read your letter which was addressed to the Board of Superintendents in connection with your request for appointment as permanent substitute. You may be sure that I am sympathetic and understanding in regard to your case. I regret, however, that I cannot give you any encouragement at this particular time.

"As you no doubt know, 101 persons received notices similar to yours. If these persons continued as permanent substitutes, it would mean that the entire elementary list of eligible candidates would be denied permanent appointments to which they are entitled. This action would present many problems to these

young girls who have spent four years in preparation for teaching, together with having the required teaching experience.

"In view of these facts, I suggest that you try to obtain a teaching position in one of the neighboring cities or towns. If you feel that I can be of assistance to you by furnishing a recommendation, please let me know.

"Very truly yours, Dennis C. Haley, Superintendent of Public Schools."

Now, if that is the situation—that there is going to be sympathetic understanding in regard to 101 people who have the same rights as these few who are up for confirmation at this time—and if appointing them is going to eliminate the rights of persons who had four years of preparation in our Teachers College or elsewhere, then it seems to me the same rules should apply to these as apply to the 101.

Two of these people have told me they are considering bringing action in the courts to have this matter thrashed out. I very frankly am considering myself the advisability, if these appointments are confirmed, of bringing the proper proceedings in our courts to have them cancelled, and I just want to make my position clear before the vote is taken.

On roll call the appointments of permanent substitute teachers were approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Ward—3.

NAYS—Mr. Muchnick—1.

PASSED—Mr. White—1.

The following was offered:

ORDERED, That the order laid over at the meeting of Aug. 10, 1951, suspending the Regulations, to provide that the salary of Richard P. Brown, cooperative instructor, Roxbury Memorial High School (Boys), be established at the maximum salary of the rank, namely \$5112 per annum, to take effect Sept. 1, 1951, was taken up.

Superintendent: Do you want me to give the reasons for that?

Mr. Ward: No. We have been all over this.

Superintendent: I really think, Mr. Muchnick, that if you gave thought to my reasoning, in the interests of the boys, you would vote to get this man in. I really do. In other words, we have put a great amount of money into offset printing equipment. The offset printing boys can go out from our high schools and earn, according to the records, from \$80 to \$114 a week.

For the sake of getting an expert offset printer to train our boys to be in a position to get this money, and with the original investment that we have already put into machinery, I would like to get this man into our service even though we have to give him the maximum salary of a junior master.

He is presently making more than \$6000 as a commercial offset

printer, and it is only in the interests of the boys, Mr. Muchnick, whom I want to see go out and earn, I hope, from \$80 to \$114, let us say, that I am willing to recommend to the Committee that they go the distance and get him in here. I don't know him. I never saw him, but he is number one on the list, and I would like to get him.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

APPOINTMENTS

The following nominations by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

Abraham Lincoln-Quincy District—Margaret M. O'Dowd, teacher, junior high (from teacher, elementary), Sept. 1, 1951.

Grover Cleveland Junior High School—James A. Ronayne, teacher, junior high, physical education (second year), Sept. 1, 1951.

Joseph H. Barnes Junior High School—Patrick J. McDonough, teacher, junior high (fourth year), Sept. 1, 1951; Teresa A. Hamrock, teacher, junior high school (third year), Sept. 1, 1951.

Lewis Junior High School—Annamae Mulcahy, teacher, junior high (fourth year), Sept. 1, 1951.

William Howard Taft Junior High School—Thomas J. Carty, teacher, junior high, physical education (third year), Sept. 1, 1951.

Woodrow Wilson Junior High School—Marian J. Ego, teacher, junior high, (second year), Sept. 1, 1951.

Department of Physical Education—Virginia M. Arnold, assistant, high school, physical education (from teacher, junior high, physical education, Mary E. Curley Junior High School), Sept. 1, 1951. Joseph F. Fielding, junior master, physical education (fourth year), Sept. 1, 1951. Eileen M. Reardon, assistant, high school, physical education (third year), Sept. 1, 1951.

Department of School Hygiene—Marie Canniff, school nurse, Oct. 8, 1951. Eleanor Howe Young, school nurse, eighth year, (re-entrant, resigned June 13, 1947), Sept. 1, 1951.

On roll call the rules were suspended and the appointments approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

(MODEL SCHOOL)

Mr. McDevitt: Madam Chairman, I have here a list of promotions. I do not think we have

taken them up tonight. Those are the promotions to the Model School.

The following nominations of the Superintendent are those referred to by Mr. McDevitt:

Martin District (Model School)—Elizabeth M. Kelleher, vice principal, Model school (from vice principal, Robert Treat Paine District), Sept. 1, 1951.

Marie G. Ryan, teacher, Model school (from teacher, elementary, Edward Everett District), Sept. 1, 1951.

Superintendent: If the Committee wants me to talk on that, I will be glad to do so.

Chairman: Is there any need of talking? Aren't they merely routine promotions?

Mr. White: Are these nominations that the Superintendent made?

Mr. McDevitt: Yes.

Superintendent: I think I ought to refresh the members on this.

Chairman: This is the question of the Martin School, which is the Model School—is that right? There is a different rating?

Superintendent: They were held up at the last meeting, but in justice to the Committee I want to explain the reasons why they were held up.

Chairman: Would you do that briefly and expeditiously?

Superintendent: This started in the conference of the School Committee on July 23, 1951. The Superintendent informed the School Committee that he was prepared to fill a vacancy of vice-principal, Model School, and a teacher, Model School.

One of the members of the Committee asked a question: Why don't these things lend themselves to ratings? Following this question there was discussion relating to this matter. In this discussion a second member of the Committee expressed the opinion that he favored a rating.

However, there was no action taken on the matter at this conference. At a conference of the School Committee on August 7th, the Superintendent nominated Elizabeth M. Kelleher, vice-principal, to the Model School, and Marie G. Ryan as teacher, Model School.

There was further discussion similar to the discussion in the meeting of July 23rd in regard to the manner in which these positions should be filled. The minutes of this conference indicate to me, as I read them this morning, that no final action was taken on this matter due to the sudden adjournment as a result of the death of the Secretary of the School Committee.

Mr. Ward: Madam Chairman: I was one of those who objected to the appointment and wanted a rated list. I now will withdraw my objections because school opens on the 13th and this is a part of the proper operation of the system.

Mr. McDevitt: Madam Chairman, I move that the nominations as proposed by the Superintendent be accepted.

Mr. Muchnick: Madam Chairman, for the reasons that I gave and that others also gave that, among others, it is against our rules to appoint teachers other than members of the faculty of the Teachers College and members of the Board of Examiners without examination and rating.

Mr. Ward: And the Model School, Mr. Muchnick.

Mr. Muchnick: No.

Mr. Ward: By precedent; not by rule.

Mr. Muchnick: In our rules it states that we can have nominations without examination and without certification by the Superintendent only for the Teachers College and for the Board of Examiners. It seems to me that that rule is as good for the Model School as it is for any other school, and I very strongly oppose the appointment of any teachers other than to the Teachers College and to the Board of Examiners without fulfilling the requirements of our rules and getting the best possible people as a result of a rating or certification.

Mr. White: Superintendent, in the selection of these did you make a personal scrutiny of the abilities of these nominees?

Superintendent: Mr. Riley did and Mr. Bond did. Mr. Bond is in charge of personnel. The names came to me from Mr. Bond.

Mr. Muchnick: Mr. Superintendent, may I ask a question?

Mr. White: May I have an answer to my question, please?

Superintendent: This is true—that it has always been the policy to select the Model School teachers without a rating. Mr. Gould did it, and I did it since I became Superintendent. If I am not mistaken, I think the records perhaps would show that all five of these members at some time or other voted in the past for promotions to the Model School, and it was only based upon the precedent of long standing by the previous Superintendent and by my own precedent, and I think perhaps the records would show by precedent of the action of this present group of five members. I might be wrong on that.

Mr. Muchnick: Mr. Superintendent, was there a circular sent out to the system asking for applicants for this position?

Superintendent: No.

Mr. Muchnick: Well, how do we know that rating or no rating we wouldn't get somebody better for either of these two positions if it were advertised, particularly where it is so important a position to be filled?

Superintendent: Mr. Muchnick, if you recall, in the last conference—in fact, in the first conference and also the second one—when the difference of opinion arose, I said to the Committee, "I hope that you will allow these

two to go through; and then, if you want to set up a rating for the teachers to go to the Model School, I will be very glad to do it."

Now, of course, if the School Committee tonight suggests that I set up a rating now, I will follow its directions.

Mr. White: However, Mr. Superintendent, you have submitted these names to the School Committee. The school is opening next week.

Superintendent: They are in nomination, Mr. White.

Mr. White: I think if we are going to change the policy, it should be done at a time other than after you submit these names to us. I never saw the names before, but they are submitted and nominated by you today, and I am prepared to vote on them.

If a change in our policy is to be established, I think it should be established at a period in the year when all the teachers would be notified so that they could take these examinations. I readily know from memory that it has been the custom, and I think when we passed this rule Teachers College and the Model School were accepted by direction.

Superintendent: Excuse me. No, the Model School was not specified.

Mr. White: I did not say that. I said by direction.

Superintendent: Yes.

Mr. Ward: Call the roll.

Chairman: Are you finished, Mr. White?

Mr. White: That is all I want to say. I am willing now to act on these nominations. I am also willing at a later date to deliberate on the suggestion of Mr. Muchnick.

On roll call the rules were suspended and the appointments approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDewitt, Ward, and White—4.

NAYS—Mr. Muchnick—1.

TEACHER COACHES

Mr. Muchnick: Prior to the calling of the roll on what I assume will be the last item, I would like to ask the Superintendent about the coaching problem, and then I have one other item.

I have been informed that at the Latin School—I was told this by a couple of the candidates for the team—that one of the assistant coaches who was appointed, Eddie Lambert, is not available and won't be available because he is going to remain in the Navy.

I was wondering what replacement there was for Mr. Lambert, for one thing. I don't know whether that is true in any other situation.

Superintendent: It is, Mr. Muchnick.

Mr. Muchnick: However, that was one part of it, and the other part was that about a week ago I asked that I be given the names of all the persons who took the examinations and their marks in each portion of the examination. I was refused that information, although it seems to me to be in violation of the rules, the reason being given that that information was confidential.

Now, I don't know why that information is any more confidential than the printed lists that we have with the grades telling who is number one on a bookkeeping list or number one on a history list or anything like that. Nor do I understand any reason why the Board of Superintendents or the Superintendent or any assistant superintendent should keep confidential school information from members of the school committee.

It was my assumption that we were all working towards the same end of having the best education we could in our system, and that with that in mind it seems to me that everybody is entitled to all pertinent information that bears on running a school system. I would like very much to have access to those records to see who received what mark in each portion of the examination. I don't know why I can't have it.

Superintendent: Madam Chairman, may I speak?

Chairman: Superintendent.

Superintendent: Madam Chairman, I naturally will do whatever the School Committee wants me to do.

Mr. Muchnick: Well, the rules call for this, Mr. Superintendent.

Superintendent: No. No.

Mr. Muchnick: The rules say that information should be furnished to the School Committee or any member thereof.

Superintendent: I don't think, Mr. Muchnick, that the rules mean—although perhaps they do—that any individual member of the School Committee can call the Chief Examiner and ask for complete information with the breakdown in every way, shape, or manner on any certificate list or rated list or any other type of list that will result in the selection of individuals.

Mr. Muchnick: Assuming that rules don't call for that, what is there that the Chief Examiner or his assistant superintendent or a superintendent would want to hide from a properly elected, qualified, serving member of a school committee?

Superintendent: I think I can answer it this way, Mr. Muchnick. Now note this. The individual candidate is entitled to a complete breakdown of all information in the Board of Examiners and in the Board of Superintendents. He is entitled to that. He can come in and make an appointment with the Chief Examiner if it involves his work with Mr. Bond if it involves his work, or with the Superintendent; and any one of those three will furnish that individual with complete information about himself.

It has always been the practice that persons aspiring to promotion or to entrance into the system should have a certain amount of protection.

Mr. Muchnick: Against what, Mr. Superintendent?

Superintendent: A great many things, Mr. Muchnick. In other words, I don't think that it would be a very pleasant thing for a man aspiring to promotion, let us say, if for example, all of the confidential information that his headmaster or his director has sent in to the Board of Examiners or the Board of Superintendents becomes public property so that Mr. "A" could come in and say, "Well, what a fine fellow Mr. 'B' is!"

I think, Mr. Muchnick, that our system deserves a certain amount of protection, and it is with that in mind that the Chief Examiner will not reveal information to an individual member of a School Committee, nor will Mr. Bond.

I knew the case you refer to. Mr. Corson called me and said that you had called him.

Mr. Muchnick: Mr. Bond called you.

Superintendent: No, no; Mr. Corson called me first from the Teachers College, and I said, "There are two things that are

public: the examination and the list of people who took it." That can hurt no one. However, as to what a particular person got in this section of the evaluation processes and in this section and what Mr. McKenney said in a confidential estimate about that particular individual and what his head master said in a confidential estimate is information which is really sacred to the individual, to the Board of Examiners, and to the Board of Superintendents.

If that individual, Mr. Muchnick, wants that information, all he has to do is to come right in here and ask for it.

On service ratings, for example, we do not reveal the service rating of one teacher to another teacher. A teacher can come in and say, "I am Miss Mary Brown of a certain address at a certain school. What were my service ratings for the past six years?" and those service ratings will be given to that individual.

However, if Miss Mary Brown walks in and says, "I'd like the service ratings of someone else," or if a member of the School Committee asked for the service ratings of someone else, those things, Mr. Muchnick, really are sacred to the individual.

It is with that in mind that I said to Mr. Corson, "Well, really we want to accommodate Mr. Muchnick, but we can't break a policy that is protective for the individual teachers in the system."

When you called Mr. Bond, he conferred with me; and, as you know, Mr. Bond said something like this to you over the telephone:

"August 28, 1951. Mr. Muchnick asked Mr. Bond for certain information with regard to coaches and teacher coaches. Mr. Bond informed Mr. Muchnick over the telephone that it was not a formal rating for these positions but an evaluation process to help the Superintendent in his selections. The Superintendent considers this information confidential to him and is not willing to give this information to any individual member of the School Committee."

I certainly would be very sorry, Madam Chairman and Mr. Muchnick, if the Committee said that the Superintendent should make this a matter of public record which would be available for anyone to come in and see.

I think that our system would suffer, Mr. Muchnick, and I think that many of the individuals would be dreadfully embarrassed.

I am not speaking about teacher coaches now, but many times in a written examination an individual takes an examination and does not feel well that day. Let us say that he is in chemistry or physics or biology—and I corrected them for many years. I would know afterward that that individual was really worth a great deal more than he had accomplished, and I would find out perhaps that he came in following the death of a relative; and, instead of having a substantial

mark, he comes out with a very poor mark. He is emotionally upset. He may have just come out of the hospital. He wants to get under the wire, and he takes a chance.

It would be dreadfully embarrassing if that information were made available to everyone; and once it is made available through the Committee here, it really becomes a public record.

Mr. Muchnick: Madam Chairman, I am not Miss Mary Brown to whom reference has been made. I am not a school teacher. I am a properly qualified city official, one of five charged with the proper administration of the school system; and it seems to me that any one of those five people or any group up to and including the total number not only are entitled to know what is going on in every phase of the school system but have the duty to find out, once they receive certain information, everything that is going on.

I, too, want to protect the rights of the teachers or the coaches or the children and everybody else, Mr. Superintendent; but it seems to me that if Dennis Haley is a head master and has said that a teacher named Muchnick does not have the proper qualifications and if that has been an unbiased, impartial estimation of Muchnick's capabilities as a teacher, then that is something that the School Committee should know.

I will go one step farther. Even if I become embarrassed by it, that is something that the public should know too. If my head master does not think I can teach, then something ought to be done about it and ought to be done quickly. I ought to be fired, as a matter of fact.

There are several people who are greatly dissatisfied, some of whom do not trust the evaluations that were given in the coaching situation. To many, it is much more than a coincidence that after all the fancy examinations and the great to-do that was made about getting the best teacher coaches and eliminating some of the acknowledged deadwood, we have come up with exactly the same group in head coaches except in one position where the head coach—who probably would have been appointed under this system—had resigned his position.

Where we have almost a negligible number of changes among the assistant coaches, and when a man like the head coach of the Catholic All-Star team, which has licked us pretty decisively three years running, did not even come up with an assistant coach's job, then there is something wrong either with the exam or the system of marking the exam.

Superintendent: I do not want to embarrass anyone, Mr. Muchnick, so I do not want to ask who the individual is, but I can say that I had complete confidence in the three assistant superintendents. I took their recom-

mendations one hundred per cent, as I told you before.

I charged them with full responsibility of evaluating these men according to the six different methods shown in the circular. They are skilled men, and we have represented in that group, I think—and I say this boastfully—two men whom I won't name: one acting for one of the men who was out ill; and in those two individuals we have the most highly respected football officials, in my opinion, in these United States.

Mr. Muchnick: I grant you that, Mr. Superintendent.

Superintendent: May I finish?

Mr. Muchnick: Yes.

Superintendent: And I say that with this thought in mind: that in my meetings with superintendents throughout the country, the names of two of these men have been mentioned to me at different times as being: "Well, we don't know too much about your athletic system, but we do know that you have So and So, who is recognized out in California, even."

Mr. Muchnick: But he isn't coaching, Mr. Superintendent.

Superintendent: But he was a coach.

Superintendent: That's right.

Mr. Muchnick: He or they are not currently coaching. If they are good in their field as officials or assistant superintendents or whatever they may be, then obviously there must be something wrong with the examination. Each year for the past three years we have taken a group of our best boys in the city and have matched them against similar groups from the Catholic all-star teams in and around Boston.

They are both the same type of boy, they are the same age, the same height, the same brains, the same physical brawn, and everything else; and they are coached by certain younger men who have been stars, as I understand it, in their college days, too. They lick us regularly. Boston College High School, which plays in our conference or in our league, has been licking the Boston schools, I think, about 70 to 80 per cent of the games that they have played with our schools in the last five or six years.

To me, it does not add up either to good examinations or to good grading or to anything else if these men who have been producing the winning teams with the same kind of material in one instance aren't named at all. In two other instances the men are named to assistant coaching jobs and are outranked by the coaches whom they have been licking year after year. There must be something wrong there.

Mr. Ward: Madam Chairman, I would like to say this. Mr. Superintendent, I think for a period of six years I tried to bring out the fact that our method of choosing coaches was very, very far from perfect. I believe that even nine years ago I made certain recommendations. I was sat

on in those particular recommendations, and I frankly admit that I do not know the solution.

I stated at that particular time, and I would like to reiterate again, that I would like to see the sports editors of the various Boston newspapers, who at various times have talked about this coaching program, come before this School Committee with a definite program of examination for coaching. I certainly would be the first to listen and try to remedy a situation that I do not consider good.

However, if we sit back here and simply criticize a method without having an alternative to act upon, we are wasting time.

Mr. Muchnick: Mr. Ward, if I may break in for a moment, frankly I want to press that, not for this particular purpose but for all purposes. It seems to me nothing should be kept from members of the School Committee. Nobody around her should have anything they want hidden.

If I could have checked the relative ratings that the different people got on the different parts of the examination, it is possible that I or you or Mr. White or Mr. McDevitt or Mrs. Dacey or anybody else in checking over the grades and the evaluations might have come up with a suggestion that would improve either the examination or the method of evaluating.

Mr. Ward: That is true, Mr. Muchnick, but again we get a list here at a period and a time when they must go to work the next day or a week from Monday.

Mr. Muchnick: Which only adds to the ridiculousness of the situation:

Mr. Ward: I would like to ask the various sports editors and writers of the various newspapers in Boston if they will submit to us or if they can get together some type or character of program that will be a constructive program for the rating of coaches that may better the coaching in the Boston school system. We can't demand that they do it, but we might suggest it.

Mr. Muchnick: Madam Chairman, before you do that, Mr. Ward, I move that the Superintendent and the assistant superintendents and the Board of Examiners be directed to open any of their records on examinations and results of examinations to any member of the School Committee at any time on request.

It seems to me that nothing should be hidden or want to be hidden from any member of a school committee; it seems to me that the members of the School Committee have enough judgment and are able to exercise sound enough discretion as to whether items will be made public or won't be made public. It is as much the school system of any member of the School Committee as it is of the Superintendent or the Chief Examiner or an assistant superintendent. It is as much our system as it is any citizen

living in the City of Boston, and we are entitled to the information.

Superintendent: Madam Chairman, I certainly hope that the School Committee will not vote to do what Mr. Muchnick has asked, and I only make this appeal for the welfare, as I see it, of fine, ambitious teachers in our service, whether they be aspiring to be teacher coaches, vice-principals, submasters, heads of departments, or headmasters.

The only way that you can get an honest evaluation from a principal of a school in regard to the teachers of his school—

Mr. Muchnick: Is to keep it from the School Committee?

Superintendent: —is to have that principal and that director realize that his reports are confidential.

I am expressing this to the members of the Committee: if this information were kept from the individual, I would be the first to say that would be wrong; but when any individual can walk in here and obtain the information he is seeking, if he wants to tell it to his associates or put it in the newspapers, that is his prerogative.

Mr. Muchnick: Would you yield for a question, Mr. Superintendent?

Mr. White: I would like to have something to say on this.

Mr. Ward: Is there another examination previous to January so far as coaches are concerned?

Superintendent: We have already given an examination which is only one part of this evaluation process.

Mr. Ward: When will that be completed?

Superintendent: It may not be completed before the track season opens—perhaps the first of December. Is that right, Mr. Bond?

Mr. Bond: We will get those who will go into the fall program before then.

Mr. Ward: Let this go over for the new school committee. Why should we legislate something that a new school committee can do?

Mr. Muchnick: It is a current problem, Mr. Ward. There is another examination coming.

Chairman: And, Mr. Ward, I think it is one that we can face immediately. I think there is no question about the fact that confidential records should be kept confidential.

Mr. Ward: I am inclined to believe that way also.

Chairman: If the individual has the right to see his complete file, no more than that can be asked. School Committee come and go. All kinds and types are on the school committees, and I think that the individual should be protected. Let us call the roll on Mr. Muchnick's motion and get on.

The Secretary stated that the question was on Mr. Muchnick's motion that the Superintendent, the assistant superintendents, and the Board of Examiners be directed to open any of their records on examinations and results of examinations to any member of

the School Committee at any time on request.

Mr. White: Madam Chairman, I understand that the Superintendent objects to this. I would like to make a motion now to place this on the calendar and get a written report from the Board of Superintendents with the reasons why this information should not be made public.

Chairman: I think the reasons have been given to us today.

Mr. White: I didn't hear too much, Mrs. Dacey.

Chairman: Laid over until the next meeting for report from the Board of Superintendents.

Mr. Muchnick: When will we have the next meeting?

Chairman: We will have the next meeting—September 26.

Mr. Ward: September 26th? I think we should not let the elections or anything interfere with our meetings.

Mr. McDevitt: I agree with Mr. Ward.

Chairman: I think we are all in complete accord. The next date will be at a time agreeable to all members of the School Committee. We can agree on it tonight. Is there any other matter?

Mr. Muchnick: I understand there will be a report from the Board of Superintendents?

Chairman: There will be a report at the next meeting.

Mr. Ward: That is agreed on.

ELECTION OF SECRETARY

Mr. White offered the following:

ORDERED, That Mr. Muchnick's statement and motion in the Conference relative to the election of a secretary be incorporated in the records of the public meeting.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

The following is the statement in Conference:

Mr. Muchnick: Before we go into public meeting, Madam Chairman, it seems to me that this School Committee ought to act fairly promptly—and now is as good a time as any—in the election of a secretary for the School Committee; and, with that thought in mind, I move that we proceed to such an election. If nominations are in order, I would like to nominate, from all points of view including the seniority point of view, our Acting Secretary, Miss Reynolds.

Mr. White: I believe there is a rule that requires a week's notice for electing an officer of the Board. If that is so, I move that we suspend the rule at this time.

Mr. Ward: I second that motion.

Chairman: We are all very happy to suspend the rule for Miss Reynolds, who has always done such hard work.

Mr. White offered the following:

ORDERED, That Section 10 of the Rules is hereby suspended to permit the election of a secretary at this time without the required notice of one week.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5

NAYS—0

The Committee proceeded to the election of a Secretary.

The rules having been suspended, the members, as their names were called, respectively stated that they voted as follows:

Mrs. Dacey: Agnes E. Reynolds.
Mr. McDevitt: Agnes E. Reynolds.

Mr. Muchnick: Agnes E. Reynolds.

Mr. Ward: Agnes E. Reynolds.
Mr. White: Agnes E. Reynolds.
Agnes E. Reynolds was declared duly elected Secretary of the School Committee, subject to the approval of the Division of Civil Service, to take effect Sept. 7, 1951.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS
Secretary

PENAL INSTITUTIONS DEPARTMENT.

PROPOSALS FOR NEW GUTTERS AND ROOF REPAIRS TO HILL PRISON AT DEER ISLAND, BOSTON, MASS.

The Penal Institutions Commissioner of the City of Boston, office 803 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for new gutters and roof repairs to Hill Prison at Deer Island, Boston, Massachusetts.

A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained on and after 12 M. on November 5, 1951, at Room 803, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for New Gutters and Roof Repairs to Hill Prison at Deer Island, Boston, Mass.," and left at Room 803, City Hall Annex, before 12 M. of Thursday, November 15, 1951, with a certified check for \$800, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the above Room 803 in City Hall Annex.

Proposals must be in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 803, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour to be paid to mechanics, teamsters, chauffeurs, laborers, roofers, sheet metal workers, carpenters, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor to the office of the Penal Institutions Commissioner, Room 803, City Hall Annex.

Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

EDWARD L. FRIEL,
(Nov. 3.) Penal Institutions Commissioner.

Louise D. Smither, 83 Lonsdale street, Dorchester, in the sum of \$90, as compensation for personal injuries caused by a raised portion of the sidewalk in front of 5 St. Marks road, April 6, 1951.

Thomas J. Sullivan, 41 Washington street, Hyde Park, to be reimbursed in the sum of \$413, for damage to property caused when Washington street was reconstructed by the Public Works Department, June, 1950.

Mr. and Mrs. William T. McCann, 20 Lawn street, Roxbury, in the sum of \$90, as compensation for damage to property stored in the basement of above premises caused by backing up of sewer, March 27, 1950.

CITY EMPLOYEES WITH RECORD OF OUTSTANDING SERVICE AGAIN TO BE HONORED — MAYOR HYNES WILL PRESIDE AT PARKER HOUSE DINNER TO COMMEMORATE EVENT AND BESTOW HONORS — FELLOW WORKERS NOW MAKING CHOICES FOR ANNOUNCEMENT AT BANQUET ON NOVEMBER 27, SPONSORED BY MUNICIPAL RESEARCH BUREAU.

City employees who have made outstanding contributions to the public service are to be honored at a second annual Public Service Dinner at the Parker House on Tuesday, November 27, with Mayor John B. Hynes as the principal speaker. The affair is sponsored by the Boston Municipal Research Bureau. Heads of departments have been asked to name a committee to study and make recommendations not later than November 14. Fire Commissioner Michael T. Kelleher, who is chairman of the committee, has addressed the following letter to heads of departments:

Boston, November 2, 1951.

To Department Heads.

HISTORIC FANEUIL HALL HAS BEEN GIVEN A VALUABLE NEW SPINET PIANO TO BE USED FOR ALL FUTURE PATRIOTIC EXERCISES — GIFT ACCEPTED BY MAYOR HYNES FROM ANCIENT AND HONORABLE ARTILLERY COMPANY.

Mayor John B. Hynes announces that a valuable new spinet piano to be installed in historic Faneuil Hall has been donated to the City of Boston by the Ancient and Honorable Artillery Company, which, now celebrating its 314th birthday, is the oldest military organization in the Western Hemisphere. The donation was made in response to a public appeal made by the Mayor recently for a piano and an electric organ for Faneuil Hall.

The famous Artillery Company has agreed to present the piano to the city at an elaborate musical program to be held in the "Cradle of Liberty," Sunday afternoon, December 16, in connection with the City of Boston Christmas Festival's music series.

MAYOR JOHN B. HYNES APPEALS TO FELLOW CITIZENS TO CONTRIBUTE TO CHRISTMAS FESTIVAL COMMITTEE IN ORDER TO PROVIDE CHRISTMAS BOXES FOR MEMBERS OF ARMED FORCES BATTLING COMMUNISTS — WOULD LIKE 2,000 PUBLIC-SPIRITED MEN AND WOMEN TO CONTRIBUTE SEVEN DOLLARS EACH TO TAKE CARE OF NEEDS — WISH EXPRESSED WHILE COMMENTING ON ELECTION RESULTS — THANKS ALL CITIZENS NOW AIDING COMMITTEE AND THOSE WHO PLAN TO GIVE AID.

Mayor John B. Hynes has made an appeal to the citizens of Boston to contribute generously to the Christmas Festival Committee to pay for the 1,600 Christmas boxes that will be shipped in the immediate future to the Boston men and women with the armed forces in Korea, Japan, and Europe, and to the 400 Korean wounded at the Greater Boston service hospitals. He has expressed the hope that 2,000 public-spirited citizens might give seven dollars each to aid in bringing Yuletide happiness to those in the armed services from Boston. The checks should be sent to Treasurer Robert Cutler, 1 Federal street, Boston. All the boxes will be sent in the name of "The Grateful People of Boston."

In his statement Mayor Hynes said:

"I wish to take this opportunity to thank both the Boston newspapers and radio stations for assisting the Christmas Festival Committee in obtaining the names and addresses of Boston men and women serving with the armed forces overseas. Without such cooperation it would have been most difficult, if not impossible, for the committee to have promoted such an undertaking.

"The deadline for receiving the names and addresses of the servicemen was November 1. However, if any next of kin has failed to send in the name, serial number, home and military addresses of his or her Boston servicemen, kindly do so before November 15, date of shipping the boxes overseas. They should be sent to Room 37, City Hall.

To Meet Needs of All.

"The overseas boxes will contain a wide assortment of Christmas delicacies not obtainable at the post exchanges or the Navy canteens. The items were selected by overseas veterans familiar with the needs of servicemen away from home at Christmas.

"The gifts for the Korean wounded in Greater Boston service hospitals will be somewhat different from those sent overseas, since the needs of men convalescing at hospitals obviously are different from those of men and women serving on the field with the Army, at sea with the Navy, or in the sky with the Air Force.

MAYOR APPEALS FOR FUNDS TO PROVIDE CHRISTMAS BOXES FOR OVERSEAS VETERANS.

(Continued from page 1253.)

"I solicit aid to help pay for the Christmas boxes from all Boston veterans' organizations, labor unions, service clubs, and business establishments. If each of them will canvass its members, the money to pay for the boxes will be quickly obtained. I understand that the International Ladies Garment Workers Union, under the leadership of Phil Kramer, and representatives of the various veteran units are already formulating plans to assist in payment for the boxes. More than \$700 has already been subscribed by thoughtful and generous persons, but a total of upwards of \$14,000 is needed.

PATRIOTIC ACTIVITY.

"I congratulate the Christmas Festival Committee for their sponsoring of the sending of gift boxes overseas and to the Korean wounded at Greater Boston service hospitals. It is a superb patriotic activity and a credit to the people of Boston. Letters I have received from the Secretaries of the Army, Navy, and Air Force, congratulating the people of Boston for the movement, attest to that.

"How deeply our Boston men and women overseas appreciate such gifts is evident from the several hundred letters of gratitude received during the last year from those who received Christmas, Easter, and Fourth of July boxes. Every letter expressed pride at living in a city where the people are so generous and thoughtful as to remind their servicemen overseas that their deeds and sacrifices have not gone unnoticed.

"I also wish to take this opportunity to thank Chairman Harry J. Blake and the other members of the Christmas Festival Committee for the efforts they are making to produce Boston's second annual Christmas Festival. It is the cooperation of such civic-minded individuals and groups that encourages public officials to higher achievements."

"These Boston men and women who are serving us at United Nations outposts in remote parts of the earth are participating in the most magnificent crusade for peace the world has ever known. I have particular reference to those who are now in battle on the icy hills of Korea. It therefore behooves us, on the occasion of the holiest day in the Christian calendar, to remind them that their ordeal is uppermost in our minds. They give for us. Let us give for them.

MAYOR TO HONOR CITY EMPLOYEES CHOSEN FOR OUTSTANDING PUBLIC SERVICE.

(Continued from page 1253.)

House on Tuesday, November 27, at 6.30 P.M. Mayor Hynes will be the principal speaker.

The chief purpose of the dinner is to give public recognition to city employees who have made outstanding contributions to the public service. Last year six employees were given awards of \$50 in cash and appropriate citations. This year a like number of awards will be presented, and, in addition, there will be a number of "Honorable Mentions." The choice of the persons to be honored rests

entirely with the city employees themselves. Mayor Hynes has appointed a Committee on Awards to make final selections on the basis of recommendations submitted by individual departments. The committee must complete its assignment not later than November 19, and to do so departmental recommendations will have to be submitted not later than Wednesday, November 14. The procedure to be followed is summarized below:

1. Department head appoints a committee, to include at least one person of supervisory rank, and at least one of the so-called rank and file, and as many other representative employees as may be needed to give ample participation.

2. The departmental committee meets and nominates candidates. Suggestions of potential nominees should be invited from every possible source in the department.

3. The committee may send to the chairman of the Mayor's Committee on Awards any number of nominations up to five. Wherever more than one name is submitted, your committee will designate the first and second choice, etc.

4. The bases of selection include: (a) long and faithful service, (b) exceptional initiative, (c) unusual competence, (d) professional spirit, (e) special service reflecting credit on the city or department.

5. It is suggested that this notice should be posted widely for the information of all employees.

Mayor Hynes is deeply interested in the success of this affair, both from the viewpoint of the awards and the dinner which will honor the recipients.

The committee hopes that you will give your early attention and full cooperation to this worth-while project.

MICHAEL T. KELLEHER,
Chairman.

MISS MARY R. SCANLAN,
Board of Appeal.

EDWARD W. FALLON,
Superintendent of Police.

JOHN DE MEULENAER,
Division Engineer,
Bridge and Highway Division.

JOSEPH S. TIESO,
Executive Board Member, Local No. 296, and Laundryman.

JOHN G. PICKETT, President,
Municipal Clerks Association, and
Budget Analyst, Budget Department.

ANCIENT AND HONORABLE ARTILLERY COMPANY PRESENTS SPINET PIANO TO CITY.

(Continued from page 1253.)

The piano, which is valued at well over \$1,000, was selected for its tone and quality, as well as for the beauty of its construction, which was chosen to be in harmony with the Colonial architecture of Faneuil Hall, noted throughout the United States for its style. Both Faneuil Hall and the piano, which is described as "acrosonic," were designed in the American Colonial, or Louis XV, period in the late eighteenth century.

Heading the committee in charge for the Ancients are Lieut. Col. Earl Bernard, Lieut. Col. James E. Bagley, Jr., and Capt. Enoch D. Fuller, Commander of the Ancient and Honorable Artillery Company.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon November 2 the Mayor approved a contract with Eugene R. Eisenberg, Inc., for constructing a sanitary and locker building at the William J. Barry Playground, Charlestown. Bids, opened October 17, were as follows:

Eugene R. Eisenberg, Inc., \$62,500; Martin J. Kelly Company, Inc., \$63,773;

I. Tepper & Son, \$64,450; M. Solimando, \$67,334; Parkman Construction Company, \$68,538; Faletta Brothers, Inc., \$68,599.79; Margill Construction Company, Inc., \$68,910; F. C. Dolan & Sons, Inc., \$74,994; Davis Construction Company, Inc., \$79,186.

PUBLIC WORKS DEPARTMENT.

Upon November 5 the Mayor approved a contract with R. A. Buccella & Sons, Inc., for setting 16-inch Venturi meter connection in American Legion Highway and Cummins Highway, West Roxbury water district, at an estimated cost of \$3,395. The work to be done under this contract is to be completed December 31. The following bids were received November 1:

R. A. Buccella & Sons, Inc., \$3,395; Baker & Co., Inc., \$3,480; Joseph Capone & Son, \$3,540; H. DiTullio & Sons, Inc., \$3,920; A. Grande, \$4,865.

Upon November 6 the Mayor approved a contract with James A. Freaney, Inc., for cleaning exhaust duct, exhaust fan rooms and fresh air ducts at the Sumner Tunnel at an estimated cost of \$2,860. The work is to commence on a date specified in a written order from the commissioner and shall be fully completed within seven weeks from that date. The following bids were received November 1:

The following bids were received November 1:

James A. Freaney, Inc., \$2,088; Eastern Roads Company, Inc., \$2,400; Atlantic Roads Company, Inc., \$2,790; Boylston Company, \$4,400.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, November 5, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Subject to your Honor's approval, I will award a contract to the Ward General Contracting Company, 157 Hampden street, Roxbury, without public advertising, for the installation of a fire alarm box at Revere street and Embankment road, Boston, complete with necessary conduit from manhole in Revere street, near Charles street, for the sum of \$1,625.

This fire alarm box is of vital importance for the protection of this area. It is planned to install a conduit for the most part under the sidewalk as this procedure is more desirable and economical than excavating the paved street.

It is very necessary that the work of installing the fire alarm duct in the sidewalk be performed as quickly as possible inasmuch as the present sidewalk, which is now in defective condition, is to be replaced within the next few weeks. The necessary delay that would be caused by publicly advertising for the work would make it impossible to install the duct under the sidewalk before the present walk is replaced.

The Ward General Contracting Company has been performing the foregoing type of work for the Fire Department for over 20 years and has always given first-class service. I believe that the foregoing price is reasonable and that a lower figure could not be attained through publicly advertising this work.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 31, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The Ward General Contracting Company has been designated by me to effect repairs to bituminous macadam pavement in District 2 in locations where openings have been made by public service corporations.

This contractor is engaged in this so-called "patch paving" work at the present time and, in many locations, the macadam roadway areas opened by the Water Division of this department should also be repaired by the above-referenced contractor concurrently with the patching work being done for public service corporations. The schedule of prices for which the above-referenced contractor is doing this work for the public service corporations is fair and reasonable for this type of work, and I do not believe that it will be practical for the city to publicly advertise for proposals for the macadam patching work for the Water Division. While it is not my intention to resurface all areas on macadam streets opened by the Water Division, I feel that we should make arrangements to effect permanent surface repairs to openings made by the Water Division on heavily-traveled highways or in locations where the present trench area has settled or is in an unsightly or generally poor condition.

Your approval is respectfully requested to the award of a contract, without publicly advertising for bids, to the Ward General Contracting Company, 157 Hampden street, Roxbury, in an amount not to exceed \$1,500, for effecting repairs to bituminous macadam pavement in loca-

tions in District 2 where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Collecting Department has submitted a requisition to this office for one Model R. F. Recordak and other equipment as listed.

The Recordak Corporation is the sole manufacturer of this particular type of equipment. Authority is therefore requested to award a contract, without public advertisement, to the Recordak Corporation at the prices submitted in an informal quotation.

Total amount of contract will be \$3,835, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, October 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950 and chapter 182 of the Acts of 1951, I respectfully request permission to award a contract for traffic violation slips to Henry Rosnosky of 167 Oliver street, Boston, Mass., without advertising, for the calendar year 1952.

Mr. Rosnosky has furnished these violation slips to this court over a long period of years and expects to be able to deliver them on quick notice when slips are needed.

I am estimating at the present time that there will be at least three hundred thousand (300,000) slips used during the year 1952 comprising twelve thousand (12,000) books.

These books are to cost twenty-six and seven tenths (.267) cents each, or a total of three thousand two hundred four dollars (\$3,204).

Respectfully yours,

DANIEL J. LYNCH,
Clerk of the Court.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Cascade School Supplies, Inc., for furnishing and installing furniture and equipment in the elementary school, Hyde Park, from August 15, 1951, to February 1, 1952. This extension was requested for the reason that the school was not ready for occupancy nor for acceptance of items as specified in the contract and specifications, due to restricted delivery of certain critical materials by the U. S. Government.

Approval has been given for an extension of time for the completion of the contract with O. P. Killam & Son for furnishing and installing furniture and equipment in the Henry Grew School, Hyde Park, from August 15, 1951, to

February 1, 1952. This extension was requested for the reason that the school was not ready for acceptance of items specified in the contract and specifications, due to restriction of delivery of certain critical materials by U.S. Government.

Approval has been given for an extension of time for the completion of the contract with Joe Cifre, Inc., for furnishing and installing furniture and equipment in the Henry Grew School, Hyde Park, from August 15, 1951, to February 1, 1952. This extension is requested for the reason that the school was not ready for acceptance of items as specified in the contract and specifications, due to restriction of delivery of certain critical materials by U. S. Government.

Approval has been given for an extension of time for the completion of the contract with John F. Rooney for plumbing work at the William H. Taft School, from October 15, 1951, to November 30, 1951. This extension was requested because of a delay in securing necessary material.

FIRE DEPARTMENT.

Approval has been given for an extension of time to D. W. Dunn Company for the performance of the contract for moving equipment, machines, furniture, supplies and materials from three Fire Department buildings to the new headquarters building on Southampton street, Boston. The contract, dated August 1, 1951, was to have been completed in seven days. However, the contractor was unable to complete the work within the time specified. Delivery of steel shelving and bins for the Fire Alarm stock room in the new building was delayed several weeks inasmuch as the steel was classed as critical material. Delivery was finally made in September and the shelving and bins had to be set up, which work required a period of approximately three weeks. An extension of time was requested to October 25, 1951.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from August 1, 1951, to November 20, 1951, on the contract of Rich Brothers Construction Company, Inc., for explosion proofing and acoustical work in the Dowling Building, Boston City Hospital. This further extension was requested because, due to present conditions, there is considerable delay in the delivery of equipment necessary for the completion of the contract.

Approval has been given for a further extension of time from August 1, 1951, to November 20, 1951, on the contract of Rich Brothers Construction Company, Inc., for erection of transformer vault, Boston City Hospital. This further extension was requested because, due to present conditions, there is considerable delay in the delivery of materials necessary for the completion of the contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with National Gunite Company, Inc., for repairs to the Dorchester intercepting sewer in private land, from 50 feet south of Coffey street, 75 feet southerly, Dorchester, from October 25, 1951, to November 15, 1951. This extension was requested for the reason that the contractor was delayed due to material shortages and inclement weather.

Approval has been given for an extension of time for the completion of the contract with Eastern Roads Company, Inc., for repairs to drawspan of the Summer Street Bridge, over the Reserved Channel, to January 30, 1952. This extension was requested for the reason that the contractor has been delayed in steel fabrication and also has been required to make additional repairs on this bridge.

Approval has been given for an extension of time for the completion of the contract with Bagarella Construction Company, Inc., for the building of sewerage works in Waldemar avenue, from existing sewer to McClellan Highway, East Boston, from November 6, 1951, to January 6, 1952, a period of two months. This extension was requested for the reason that the contractor was delayed due to unforeseen difficulties encountered in the progress of the work.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Adams Asphalt Company has been directed to omit and substitute the following work under the contract for asphalt pavement in Ferry street, Hanover street, Hull street, India street, Marshall street, and Snow Hill street, dated August 7, 1951:

In Hull street, omit approximately 60 tons of sheet asphalt wearing surface, 1½ inches thick, at \$13 per ton, because of excessive slope in roadway, and substitute approximately 60 tons of bituminous concrete wearing surface, 1¼ inches thick, at \$12.50 per ton.

In Snow Hill street, because of excessive slope in roadway, omit approximately 120 tons of sheet asphalt wearing surface, 1½ inches thick, at \$13 per ton, and substitute approximately 120 tons of bituminous concrete wearing surface, 1¼ inches thick, at \$12.50 per ton.

Estimated cost of omitted work, \$2,340; estimated cost of substituted work, \$2,250; estimated decrease in cost, \$90.

Rufo Construction Company, Inc., has been directed to omit and substitute the following work under the contract for safety and traffic island in Warren street, Ward 21, at Cambridge street, dated August 8, 1951:

Omit approximately four tons of sheet asphalt wearing surface at \$8 per ton and substitute approximately three tons of bituminous concrete wearing surface at \$7 per ton. Estimated cost of omitted work, \$32; estimated cost of substituted work, \$21; estimated decrease in cost, \$11.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

M. Spinelli & Sons Company, Inc., have been ordered to make the following additions to the contract for Group H-3, various schools:

Disconnect, relocate and reconnect conduit and outlet boxes in wall, now in way of door; relocate conduit to clear new opening; reconnect complete to outlet boxes in wall near ceiling, for the sum of \$144.10, and the amount of \$144.10 will be added therefor, making the account as follows: contract price, \$47,215; total additions, \$674.10; amount of contract, \$47,889.10.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Brighton Construction Company, Inc., has been directed to perform the following extra work under the contract for artificial stone sidewalks in Trenton street, Ward 1, from Meridian street to Putnam street, dated September 18, 1951:

Furnish and set nine 2-foot corners, including cutting of straight edgestone, at \$20 per corner; remove and dispose of approximately 56 linear feet of existing edgestone at \$1 per linear foot. Estimated cost of extra work, \$236.

A. Singarella & Son have been directed to perform the following extra work under the contract for bituminous concrete pavement in Cowing street, Havey street, and Northdale road, dated May 14, 1951:

In Northdale road, furnish and erect approximately 48 linear feet of chain link fence, 4 feet high, on top of concrete wall, at \$4 per linear foot. Estimated cost of extra work, \$192.

CONTRACT AMENDED.

INSTITUTIONS DEPARTMENT.

Bond Brothers, Inc., of Boston, has been allowed to amend the contract dated June 19, 1951, for construction of gate house for Long Island viaduct, by substituting as the date of completion of the work "October 20, 1951," in place of August 15, 1951. Delay is due to inability to obtain necessary equipment within a reasonable time.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

Walsh; that the amount \$96.30 be, and the same hereby is, awarded to Redmond L. and Edna M. Walsh for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 29, 1949, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Regan road, be, and the same hereby is, amended, by adding to said order the amount of \$96.30 as an award to Julia A. Finnegan; that the amount \$96.30 be, and the same hereby is, awarded to Julia A. Finnegan for the damages so sustained.

FIRE DEPARTMENT ORDERS.

General Order No. 54.

PUBLIC SERVICE DINNER.

The second annual "Public Service Dinner" of the Boston Municipal Research Bureau is to be held at the Parker House on Tuesday, November 27, at 6.30 P.M. Mayor John B. Hynes will be the principal speaker.

The chief purpose of the dinner is to give public recognition to city employees who have made outstanding contributions to the public service. Last year six employees were given awards of \$50 in cash and appropriate citations. This year a like number of awards will be presented and in addition there will be a number of "Honorable Mentions." The choice of the persons to be honored rests entirely with the city employees themselves. Mayor Hynes has appointed a Committee on Awards to make final selections on the basis of recommendations submitted by individual departments. The committee must complete its assignment not later than November 19, and to do so departmental recommendations will have to be submitted not later than Wednesday, November 14.

In accordance with notice received from the Committee on Awards appointed by Mayor Hynes, the Fire Commissioner has appointed the following named to nominate from the Fire Department membership candidates for the awards and citations mentioned in Paragraph 2:

Executive Secretary William D. Slattery, Chairman.

Acting Chief of Department Patrick E. Collins.

James A. Kelley, Maintenance Division.
Foreman Alexander Campbell, Fire Alarm Division.

Miss Eleanor J. Cunniff, Headquarters Division.

Chief Clerk Joseph A. Magner, Electrical Inspection Division.

The basis of selection of outstanding employees are as follows:

(1) Long and faithful service; (2) exceptional initiative; (3) unusual competence; (4) professional spirit; (5) special service reflecting credit on the city or department.

Chief officers, heads of department divisions, company commanders, and

others are invited to send to the chairman of the Fire Department Committee at Headquarters not later than 10 A.M., Tuesday, November 13, 1951, the name of the person who in their opinion would be a good candidate for the outstanding service award together with reasons for their selection. All reports should be made in duplicate and typewritten if possible.

The department committee will send to the chairman of the Mayor's Committee on Awards nominations up to a total of five.

His Honor, Mayor Hynes, is deeply interested in the success of this affair both from viewpoint of the awards and the dinner which will honor the recipients.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

PATRICK T. COLLINS,
Acting Chief of Department.

PROCEEDINGS OF SCHOOL COMMITTEE.

Sept. 19, 1951.

At the call of two members of the School Committee, Messrs. Muchnick and Ward, due notice having been given, a special meeting of the School Committee was held in the Administration Building, 15 Beacon Street, at 11:05 o'clock A. M.

Prerent: Messrs. McDevitt, Muchnick, and Ward.

In the absence of the Chairman, the meeting was called to order by Mr. Daniel J. McDevitt, the senior member, who was thereupon elected Acting Chairman.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of Aug. 31, and Sept. 7, 1951, was omitted, the Committee approving them as printed.

The following was offered:

ORDERED, That the minutes of June 21, 1951, are hereby amended to provide that the leave of absence for rest granted Robert R. Palson, senior instructor, Boston Trade High School, for the period Sept. 1, 1951, to Aug. 31, 1952, inclusive, shall read for the period "Oct. 1, 1951, to Aug. 31, 1952, inclusive."

On roll call the order passed by the following vote:

YEAS — Messrs. McDevitt, Muchnick, and Ward—3.

NAYS—0.

ABSENT—Mrs. Dacey, and Mr. White—2.

The Acting Chairman opened the meeting with the Prayer for Peace.

The Secretary stated that the Chairman had called on the telephone to say that she will not be able to be present at the meeting at 10:30 o'clock this morning because of court attendance. If the members wish to meet and reconvene later in the day, she can come at 5 o'clock, not before. If they do not want to wait until 5 o'clock and want to have a meeting, she will not be present.

The Secretary also stated that Mr. White had telephoned that he will not be able to get to the meeting at 10:30 o'clock. He will come later, if he is able to get away from his office.

Mr. McDevitt: The Chair would like to make a statement. Generally when a meeting is to be called, the members of the Committee are polled as to a convenient time for all five members. Then the meeting is held at the time and date set. This is a special meeting called by two members of the School Committee. I find it most inconvenient to be here. However, I am here, and I would like to have that on the record.

SALARY SCHEDULE

Mr Ward: Mr. Chairman, the purpose of this meeting is this: This Committee voted either one thing or another at the last meeting when we granted certain increases in salary. As I understand it, those salary increases were not put in on an increment basis.

The answer—and the proof of the pudding—is that while these salary increases were being put in, Mr. Muchnick sat at his desk and tabulated the amounts of money, and I believe that the figure came to \$96,000. That was the figure that Mr. Smith said the School Committee had appropriated that night to the end of this year. Did you determine that, Mr. Muchnick—\$96,000?

Mr. Muchnick: It was \$90,000 something.

Mr. Ward: All right, \$90,000-odd, and that was not on an increment basis. Apparently the Business Manager has gone along in setting up the payroll by making this on an increment basis, so I want to adjust that matter. I thought that matter had to be adjusted by today for the simple reason that your payrolls have to be made up.

There is one other thing, and I want this clarified immediately; and I hope that Mr. Muchnick will feel as I do. Because of not having a meeting, an order was put into the minutes in the case of an assistant director—

Mr. McDevitt: Mr. Ward, why don't we take up the matter of the increases first and then go into this next matter? It seems as though it involves two items of business.

Mr. Muchnick: Mr. Chairman, as I understand it, the payroll has been made up on a basis that many people feel is not the intention or was not the intention of the majority of the School Committee. That payroll, I understand, is going to be presented tomorrow. Am I right, Mr. Smith?

Business Manager: The payroll is down at City Hall. It is all made up, Mr. Muchnick.

Mr. Muchnick: It is already made up and down at City Hall?

Business Manager: In other words, there cannot be any changes made on the September payroll if people are going to be paid on time. However, if there are any changes on the payroll, they can be readjusted on the next roll.

Mr. McDevitt: It can be readjusted.

Business Manager: Yes, so I do not think that is an important thing.

Mr. Muchnick: While, under normal circumstances, I would have no opposition to meeting at five o'clock, I understand that one of the members who is here now cannot conveniently be present at five o'clock today, so I do not know why we should not go forward with the meeting.

Business Manager: Mr. Chairman, may I speak?

Mr. Muchnick: I would be perfectly willing to meet at five or at three or at two or at any other time.

Mr. McDevitt: I think, perhaps, that as Mr. Ward has outlined the business here today, we three can carry on. However, I have talked to many of the representatives of the groups who were involved in this salary increase or salary adjustment, so-called. I tried to make it very clear that when I voted for this salary increase it was a flat increase and not on an increment basis. I told them that subsequently, at the next official meeting, we would take care of it. Now you go ahead from there, Mr. Ward.

Mr. Ward: Mr. Chairman, that is identically my stand upon that matter—that we voted on that, and I thought it was clearly understood. Now I find other interpretations of our action.

I assume that perhaps the City Auditor consulted with Mr. Smith on this, and between them they might have come to that conclusion. However, I don't know how this Committee can adjust it now. I would like to know from the parties most interested if an interpretation from the Law Department would be the answer or whether the answer can be found right here by a vote of three members of this Committee.

Mr. Muchnick: Mr. Chairman, I assume that the result is the product of Mr. Smith's thinking or Mr. Fox's or somebody else's; or the product of their joint thinking. I would like to know from Mr. Smith how the conclusion was arrived at that this was an increment proposition rather than an immediate increase proposition?

Business Manager: It is the duty of the Business Manager to take the orders as passed by the School Committee and put them into effect. To take one specific order which I think is probably causing the majority of this misunderstanding—and, incidentally, other orders were based upon the way this was worded—consider the order affecting heads of departments.

According to my recollection, the order reads that the minimum and maximum salaries of the rank of head of department shall be increased by \$504, to take effect September 1st.

In order to have that apply to everybody on September 1st—the \$504—in my opinion the order should have read, as all general orders such as the \$264, the \$204, and so forth, that as of Sept. 1, 1951, the salary of all heads of departments is increased by \$504. If the order had read that way, there would have been no question about it, and every head of department would have gotten the entire \$504 on September 1st.

Mr. Muchnick: May I break in with one question? Interpreting it your way, Mr. Smith, couldn't it mean that somebody who, say, had just been appointed a department head might be getting a

larger salary as a department head than somebody who was on the first or second increment?

Mr. Ward: No.

Mr. McDewitt: Yes, it could be.

Mr. Muchnick: If somebody started at last year's salary at whatever it might have been, assuming it were \$4000, and went on his first increment at \$4144, then somebody who started this year would start at the new beginning salary, which would be \$4504.

Business Manager: No.

Mr. Muchnick: Yes.

Business Manager: Before I answer that question, let me finish the interpretation. With that order in front of us, you then turn to Order No. 16, Mr. Muchnick, which says:

"Ordered, that any person holding a position included in the foregoing salary schedule shall, as of September 1, 1951, be placed on that step of said salary schedule corresponding to his or her years of service in the specified position; but in no such case shall the salary be reduced."

So you have to take those two orders, which are not contradictory at all, and arrive at where the individual department head lands on this new schedule.

You run into this situation when you have a promotional job like department head over a junior master with a lower minimum than the maximum of the rank from which he was promoted. Do you follow that?

Mr. Muchnick: Yes.

Business Manager: So that helps to cause this problem. As it works out on department heads, roughly a hundred department heads, approximately half of them, because of their length of service on the job, received the entire \$504 as of September 1st. Then the others went down at various steps between \$504 and nothing, and I think some of them did receive nothing, on this particular September 1st date.

Mr. Muchnick: That is where I would like to stop you. What was the minimum and maximum before the \$504 increase?

Business Manager: Before the \$504 and before the \$264?

Mr. Muchnick: Yes.

Business Manager: For heads of departments, \$3984; and the maximum, \$5568. Now on the junior masters—

Mr. Muchnick: No, let's stick to department heads.

Business Manager: This is important. Take this down. The junior master's minimum was \$3120 and the maximum was \$4992. In other words, there is better than \$1000 difference between the maximum of the junior master, the lower rank, and the minimum of the advanced rank of department head.

Mr. Muchnick: What is the department head's minimum and maximum now?

Business Manager: \$5752 and \$6336.

Mr. Muchnick: Isn't it conceivable that if somebody had been appointed who was not on maximum as a junior master and had been appointed as a department head last year, for example, and would be getting \$4500 on the first increment of department head, \$144 this year would give him \$4644 and that somebody else could be appointed a department head this year at the new minimum and get more?

Business Manager: I will turn to Miss Sheehan here who does the paper work on each one of these individual cases. Do you follow that, Miss Sheehan?

Miss Sheehan: If the junior master was appointed at a lower salary than his maximum, he would get \$144 on promotion to the new position, but that would be beyond the minimum salary of the new position because the minimum is lower than the maximum of the other; and it would be very seldom that a junior master would be appointed who would be below the minimum salary of head of department.

Mr. Muchnick: But it could happen.

Miss Sheehan: It could happen; and if it did happen, he would go to the minimum salary of the head of department on promotion.

Mr. Muchnick: Excuse me, Miss Sheehan. If somebody who has been in three years now started out at his best three years ago and somebody were appointed today on the new minimum, within a couple of years the one appointed on the new minimum could be getting more money than the one appointed on the old minimum.

Miss Sheehan: On this adjustment of this year—

Mr. Muchnick: More increment or more increase because of the \$504 this year.

Miss Sheehan: When we figured it this year, we did not figure the \$504 that way. We figured what each head of department received. If he were on maximum salary on his old job before he was promoted to head of department, we figured what the new maximum salary of that old job is. For instance, the junior master's is \$5256. Then we give him a promotion on the date he was promoted to his new position and annual increments each year up to date. If that brought him to the maximum salary of new head of department, he will receive that; but if it only brought him two steps below, he gets two steps below the maximum salary.

Mr. Muchnick: Assume somebody were to be appointed now who was a junior master not on maximum.

Miss Sheehan: If he was below the \$4752, he would get it.

Mr. Muchnick: Now if somebody else had been appointed last year and was in the same rank on an increment basis as the one who has been appointed this year, assuming he was below \$3984, this year he would get \$3984 plus \$144—the one who got his appoint-

ment last year; and the one who got it this year would get \$4752.

Miss Sheehan: We would adjust this other person's salary of last year according to what he would receive had he remained in his old position and then give him the increase.

Mr. Muchnick: But it could still be below the entering \$4752.

Miss Sheehan: The adjustment might bring him beyond the \$3984.

Mr. Muchnick: Yes, but it would not bring him to the \$4752.

Miss Sheehan: I don't think that happens.

Mr. Muchnick: But it can happen, and that clearly wasn't the intention of the School Committee.

Miss Sheehan: I don't know how many years a junior master has to be serving in order to be eligible for the head of department rating, but—

Mr. Muchnick: I am perfectly willing to go along with that as a probability or a certainty. Then somebody who became a junior master or who was on maximum as a junior master had \$4992 and now has \$5256 and will have to wait some time in order to get the \$504 if he waits on increments. He can be passed by somebody who is starting off at the \$4752 on a percentage basis.

Miss Sheehan: If he was appointed last year, of course, he would get the \$5256 plus his promotional \$144 plus his increment for this year.

Mr. Muchnick: Yes, but it will take him longer to get the advantage of the \$504 than it will somebody who was appointed at the \$4752 base because he doesn't get that \$504 until the end; and the \$4752 man, as of this year, is getting it this year.

Miss Sheehan: If he is below the \$4752, yes.

Mr. Muchnick: If somebody had the misfortune to be appointed a department head six years ago, he is temporarily out the \$504 that was voted for him.

Miss Sheehan: That is right.

Mr. Muchnick: And if somebody, either because of numbers or because the Superintendent did not want to put it in last week and waited until this week for any reason at all, was lucky enough not to have been appointed, he gets \$504 immediately, and that to me seems completely unfair.

Miss Sheehan: If he is below the minimum, he would get whatever brought him up to the minimum.

Mr. Ward: Mr. Chairman, the one thing that I would like to do is to clarify the intent of the School Committee when it cast this particular vote. Advising the Business Manager to pay these heads of departments on the basis which the School Committee intended they should be paid would perhaps solve this matter. If there is any doubt in the Business Manager's mind as to the intent of the School Committee, all the Business Manager has to do is to go back over the minutes of

that particular meeting when we all spoke, and I think that Mr. Muchnick particularly brought the matter up when the increment basis was discussed. Though he voted against it, he still persisted in saying that the intent of the School Committee at that time was to vote a flat raise rather than on the increment basis, as you interpret it.

Mr. Muchnick: Mr. Ward, if I may interrupt, one of the reasons why I opposed these increases was because of the fact that if it were going to cost immediately between \$90,000 and \$100,000, I did not think we would have the money for it. I don't think my view would have been changed if I had assumed it were on an increment basis, but that was one of the reasons why I voted against this increase for department heads and against the others as well.

Mr. Ward: Your knowledge of that meeting was that the majority of the School Committee did vote not to pay on an increment basis but on the basis of a flat salary increase.

Mr. Muchnick: It was my understanding that that was also Mr. Smith's understanding because while I was making general totals myself, I was getting the accurate totals from Mr. Smith and his assistants.

Business Manager: May I say a word here?

Mr. McDevitt: Mr. Smith, before you make a statement, I would like to say that I think that that was the intent of all the members of the School Committee who voted for this increase.

Business Manager: Let me say a word. We had time enough to figure out the costs of the first increases that were voted. The costs that were figured out for the department heads and which went into that total of \$96,000 totalled around \$9000. A hundred men and women getting \$504 all at once means a yearly cost of \$50,000.

Mr. Ward: This involves a four-month cost.

Business Manager: \$50,400, or a four-month cost of around \$17,000.

Mr. Muchnick: Well, that figure of \$17,000 sticks in my mind.

Business Manager: The figure which we gave to the Committee and which went into the totals was around \$9,000.

Mr. Muchnick: Mr. Smith, may I ask one question? Assuming your theory is correct, then the last increment that somebody who now is not on maximum would get would not be \$144 but would be \$648.

Business Manager: The last increment?

Mr. Muchnick: Yes. If you are going to go up at the rate of \$144 on increments and then get your maximum at the end, then your last increment on whatever the last year of increments is is going to be \$648 rather than \$144.

Business Manager: How do you figure that, Mr. Muchnick?

Mr. Muchnick: When are you going to pay this \$504 on the increments?

Business Manager: The step that they are on in the heads of departments' schedule under Order 16.

Mr. Muchnick: Under the length of time of increments is going to be increased beyond the current number of years.

Business Manager: No.

Mr. Muchnick: Then how are you going to do it?

Business Manager: The number of increments was not increased by this order.

Mr. Muchnick: How many years did it take somebody to go from minimum to maximum before the increase?

Business Manager: I would have to figure that out. It is the difference between \$6336 and \$4752.

Mr. Muchnick: It took 11 years. What do you do now? Have you increased the increment?

Business Manager: No.

Mr. Muchnick: Suppose somebody is on the fifth year now. Next year they will get \$144.

Business Manager: The trouble is that some of these fellows on the sixth or seventh year of their increment have now gone down to the third year of their pay on the salary schedule because of Order #16.

Mr. Muchnick: How does Order #16 differ in wording from the \$264 general increase to teachers?

Business Manager: Under Order #16 and the order for the \$264, they are not comparable. What you mean is: How does the order of department heads differ from the \$264?

Mr. Muchnick: Yes.

Business Manager: The \$264 was a blanket increase, and you can get it from the records.

Mr. Muchnick: What is the difference in the wording? Why isn't the \$264 on increments?

Business Manager: Because of the wording. I said before in this meeting that if \$504 was to be given all at once, the order should have read that as of September 1, 1951, the salary of department heads shall be raised by \$504. Then there would not have been any question.

Mr. Muchnick: Who worded this order, incidentally?

Business Manager: I don't know.

Mr. Muchnick: Miss Reynolds, do you know who worded this order on the department heads' increase?

Secretary: I did, with the advice and counsel of the Business Manager and Mr. Downey and Miss O'Brien.

Mr. Muchnick: Well, it seems to me that at best this is in the nature of a clerical error, and it seems to me further that the clear intent of the majority of the School Committee was that these increases, whatever they might have been, whether proper or improper, should have gone into effect forthwith; and under those circumstances it seems to me again proper to amend those orders and

that that will not be in violation of the statute of 1875.

I don't think the statute of 1875 stands in the way of clearing up mistakes of intention or mistakes on the part of clerical situations; and I would just as soon move to amend the order to comply with the intention of the majority of the School Committee.

Business Manager: Because it is not only our interpretation of these things but also the Auditor's interpretation of these things, and in order to have time and everything else, I think the expeditious way of handling this thing is to refer this whole matter to the City of Boston Law Department, because it is going to land there sooner or later.

Mr. McDevitt: Mr. Muchnick has a motion before the Committee.

Mr. Muchnick: The wording of that motion, it seems to me, must be very carefully gone into in order to accomplish the intent of the motion. It may be, and probably is, that my wording is not careful enough or clear enough; but I think that it is the sense of everybody, even those of us who opposed the granting of the increases, that it was the clear intent of the School Committee that those increases be granted forthwith rather than on an increment basis.

Business Manager: Let me make a suggestion, Mr. Muchnick. How about sending for Mr. Kerr of the Law Department now?

Mr. Muchnick: I think it is an excellent suggestion.

Mr. McDevitt: I think it would be a very good suggestion.

Business Manager: You have the 1875 law involved here; and, as I say, there are going to be many legal questions raised; and the sooner the thing is cleared up, the happier everybody will be. There are other people involved besides heads of departments because many orders were based on that order. For instance, guidance counsellors and various other groups came in.

Mr. Muchnick: People at the Day School for Immigrants and the Assistant Director of Penmanship.

Business Manager: They said they wanted the same thing as heads of departments got, so the orders were drawn by Miss Reynolds in a fashion similar to heads of departments.

Mr. Muchnick: And they, too, similar to heads of departments, got the "business" because of the interpretation.

Business Manager: In other words, everybody ought to be treated alike.

Mr. McDevitt: That's right.

Business Manager: I think Teachers College also is involved. Those groups were handled on the same basis.

Mr. Muchnick: Mr. Smith, what I said about the department heads I meant to have applied to everybody who was involved.

Business Manager: Then the School Committee will have to go

over every order they passed to see which orders there are objections to.

Mr. Muchnick: Do any of these orders differ in wording from similar orders of last year or two years ago?

Business Manager: Mr. Muchnick, over the years, as I remember, there have been about three ways in which orders have gone in on pay raises, and all mean a different thing.

First is the blanket order giving a set sum, which these gentlemen claim is what you wanted. That is the general order that everybody's salary will be raised \$504 as of September 1st. Then there are no questions.

However, over the years orders have gone in raising the minimum and maximum, or raising the maximum. For instance, you will find some of these orders with only the maximum of the salary being raised, which is another problem again because there you add to the number of steps in the schedule.

There has been no set way. The School Committee at times does not deliberately take action. For instance, you mention the intent of the School Committee. How do I know, or how does anybody know, what was in the minds of the School Committee?

Mr. Muchnick: From what they said at the meeting.

Mr. McDevitt: The minutes of the meeting would bear that out.

Business Manager: We have orders in front of us, coldly written, which not only have to be interpreted by us and put into effect by us but which go down to the Auditor's office, and his people down there scan them; and it is liable to hold up payrolls if we try to read something into that cold written order that does not appear in words or in black and white.

Mr. Muchnick: Mr. Smith, I am in no way attempting to quarrel with your desire to be as careful and as prudent as possible in the interpretation of orders or directives or in their carrying out. As a matter of fact, I think you are to be commended for being careful on those things.

Business Manager: That is the first kind word I have heard for two weeks!

Mr. Muchnick: Well, I haven't seen you for two weeks, Henry; and haven't you been home? Doesn't Mrs. Smith say kind things?

Business Manager: I mean in a business way!

Mr. Muchnick: However, it seems to me that the clear intention of the majority of the School Committee, even if there may have been improper wording or unclear wording in these orders, was to have these increases take effect at once; and all we ought to do now, even you and I, who disagreed with the fact that these raises should have been granted at all, is to clear it up if it is possible so that the intent of the ma-

jority of the School Committee can be carried out.

If Mr. Kerr can get over here and help us, that's fine.

Business Manager: We just received word from Mr. Kerr that he is not in his office. I would suggest a special meeting at a future date with Mr. Kerr of the Law Department.

Mr. Muchnick: Let's do it tonight at five o'clock.

Business Manager: I don't know how Mr. Kerr is situated. You say five o'clock now, and Mr. Kerr may not be available. He is unavailable at the minute.

As I say, it is too late now to do anything about the September payroll. It has already gone down and any adjustments, if adjustments are to be made, can be straightened out on the October payroll.

Mr. Muchnick: As of October; but I think it would help very much the frame of mind of several hundred people, if you include wives and children, to have this matter adjusted as quickly as possible.

Business Manager: I agree with you. I would like to see it adjusted as soon as possible.

Mr. Muchnick: I am not sure of the wording of the motion. I would rather have Mr. Kerr's ruling on the wording of the motion.

Mr. McDevitt: Can we see Mr. Kerr today?

Business Manager: He is unavailable at the moment, and I don't know whether he can come at 5 o'clock.

Mr. Muchnick: I think that the only thing we should do before it goes to the Law Department is to have a clarification—at least in so far as the majority intent of the School Committee was concerned—that it was the intention of the School Committee, regardless of how that intention may have been interpreted by administrative officials, that these increases should take effect as of September 1st and not be relegated to the end of the maximum period. I think that if that statement of mine would be concurred in by the two other members present, then it might help the Law Department in advising us.

Business Manager: I think you would have to have the third. I think you would have to have three members.

Mr. Muchnick: The three members who voted for it.

Business Manager: Yes, who voted for it.

Mr. Muchnick: I think you may have a good point there.

Business Manager: To concur in their contention.

Mr. Muchnick: I think you may have something there. I can't—nor do I care to—speak for the third member who voted for the increases.

Mr. Ward: Mr. Chairman, I would like to ask Mr. Muchnick a question. Mr. Muchnick, did you believe that it was the intent of this School Committee to vote a flat raise?

Mr. Muchnick: Yes. If I didn't believe that, I wouldn't be here right now urging that that be taken care of.

Mr. Ward: Let us make a motion of this, because the majority of the School Committee here today believes that the intent of the School Committee was that it be a flat raise, and let us have the motion of Mr. Muchnick acted upon that a flat increase be granted in all of these cases.

Mr. Muchnick: I am concerned with amending it back because of the 1875 law, even though I do not believe that the 1875 law applies, to clear up a clerical error or an error of intention or omission or anything else.

Mr. Ward: Such as the case of Miss Morrison.

Mr. Muchnick: I don't think it applies; but, rather than take the chance on the wording, it seems to me that we ought to get help in wording a motion properly of the one who probably will be consulted by the city auditor before payment is made.

So, while I think we ought now to state what we think the intent was, we ought to have that concurred in as quickly as possible by Mrs. Dacey, whose intent is of importance in this matter. Then I think we ought to have a proper motion drawn by or with Mr. Kerr to see if this can be straightened out; and if it can be done this afternoon, I would just as soon get rid of it now.

Business Manager: It is certainly agreeable to me if you can get Mr. Kerr at five o'clock.

Business Manager: We are going to make a further effort to see if the Law Department can get Mr. Kerr on the telephone wherever he may be to see if five o'clock is agreeable to him.

Mr. McDevitt: I cannot be here at five o'clock.

Mr. Ward: Then all you would need is Mrs. Dacey and myself.

Mr. McDevitt: I cannot be here.

Business Manager: Mr. McDevitt can leave his intentions.

Mr. Ward: And I will leave my intentions.

Mr. McDevitt: I will leave my intentions.

Business Manager: Wait a minute. This is too important. I think you must have the three present.

Mr. Muchnick: It seems to me it must be done by formal vote at a regular, formal meeting.

Business Manager: I think it is very important that the three members who voted for these increases be present, if it is possible.

Mr. Ward: Let us ask the Chairman to call a formal meeting.

Mr. Muchnick: We have the right at this meeting to recess until 5 o'clock tonight.

Mr. Ward: I cannot be here at 5 o'clock. I said that, Mr. Muchnick.

Mr. Muchnick: I thought maybe you could change your mind!

Mr. Ward: I can't.

Mr. McDevitt: I cannot be here at five o'clock this afternoon, either.

Mr. Muchnick: Is Saturday morning a good time?

Mr. Ward: Mr. Muchnick, this School Committee is simply trying to determine what they voted last meeting. Mr. Smith cannot have a meeting of the School Committee to interpret what the School Committee voted. Therefore, why couldn't it be just as well for Mr. Smith to ask Mrs. Dacey what her interpretation was and then act accordingly?

Business Manager: You can't, Mr. Ward. I think you have to act on orders that were passed.

Mr. McDevitt: Mr. Smith, don't you think, after listening to the discussions over those conferences and meetings, that it was the intent of the Committee that this be a flat increase? Wouldn't that be your interpretation of our discussion?

Business Manager: I refuse to attempt to read the minds of the School Committee.

Mr. Muchnick: Would you follow the directive if the School Committee were to vote now that it was their intent that the salary increases go into effect immediately and that you be directed to make up a supplemental payroll? Would you make up such a payroll?

Business Manager: No, I don't think so, Mr. Muchnick.

Mr. Muchnick: And this is not an attempt to put you on the spot.

Business Manager: I don't think it should be handled that way at all. To the best of my ability, I have tried to interpret the orders as passed by the School Committee, and I think that this is a case for the Law Department, and I think this Committee ought to refer it immediately to the Law Department.

Mr. Muchnick: Well, in order to refer it to the Law Department officially and as properly as I can think of at the moment, I offer the following:

ORDERED, That it be declared to have been the intention of the majority of the School Committee that voted for increases in salaries that those increases take effect as of Sept. 1, 1951, without reference to their being paid on an increment basis or in stages; and that the Superintendent, the Business Manager, and any other persons charged with the preparation of the payroll, and the City Auditor, be directed to pay such salary increases as of Sept. 1, 1951, in accordance with that intention in the vote of the majority of the School Committee granting the increase; and, be it further

ORDERED, That the matter be referred forthwith to the Law Department with a request for an immediate opinion on the validity of the motion and of the method of achieving the intent of the School Committee.

Business Manager: Mr. Muchnick, that is on all orders?

Mr. Muchnick: Not only department heads—all of the salary increases that were granted.

Business Manager: That is agreeable.

On roll call Mr. Muchnick's two orders passed by the following vote:

YEAS—Messrs. McDevitt, Muchnick, and Ward—3.

NAYS—0.

ABSENT—Mrs. Dacey, Mr. White—2.

Mr. Ward: Mr. Chairman, in the confusion that night there was a motion put before the body that the assistant directors be granted an increase.

The motion was that assistant directors be granted an increase in salary. There was an omission; and since there was just one person who was left out, I am going to ask this School Committee now to vote that one in. She is Miss Marion Morrison, Assistant Director of Penmanship.

Business Manager: Mr. Ward, may I interrupt? The records do not show that. They show certain departments named, and the Department of Penmanship was not named.

Mr. Ward: I think it said "assistant directors," and it was by omission that her department was not placed in there, as was intended.

Business Manager: This is another case, Mr. Chairman, that ought to be referred to the Law Department.

Mr. McDevitt: If my memory serves me correctly, when we voted for the assistant directors there was a question asked as to whether they were all included, and the answer was yes, I think.

In this connection, may I also ask that the question of salary of Walter E. Leidner and Rufus Stickney, Head Instructors in the Boston Clerical School, be referred to the Law Department.

Mr. Ward: Their rating is similar to that of heads of departments.

Mr. McDevitt: They have always been included as heads of departments.

Secretary: Mr. Chairman, may I say something, please? The assistant director order that was given to me to be written up says: "Assistant directors, Departments of Music, Home Economics, Practice and Training, and Special Classes."

Mr. McDevitt: But I think that there again the intent of the School Committee was misinterpreted.

Mr. Ward: On top of that, it said "assistant directors," and there was an "s" after "director," so that meant assistant directors, and the order was that the assistant directors be increased. Since she was the only one omitted, and since it was intended that she be included, I would like the Law Department to give their interpretation on the words "assistant directors" that we voted

on at the last meeting of the School Committee.

Mr. McDevitt: That is similar to the case of Mr. Stickney and Mr. Leidner.

Business Manager: So that this also is being referred to the Law Department—the cases of Miss Morrison, Mr. Leidner, and Mr. Stickney?

Mr. Ward: With the intent of the School Committee as having voted for assistant directors.

Business Manager: What is your argument on Mr. Leidner and Mr. Stickney?

Mr. Ward: Mr. Leidner and Mr. Stickney were men who were heads of departments. Their rating was changed from head of department to head instructor. They were heads of departments who had gone to head instructor. The head instructor rank, I assume, is the same as head of department. If it had been brought up that night or if we knew of that rating, the School Committee might and would have voted also to include them.

Mr. McDevitt: That matter can be taken up with the Law Department.

Mr. Muchnick: Mr. Chairman, with reference to the last two, it seems to me if they were changed from head of department to head instructor, they can have their rating changed back to head of department, and that might solve the problem, without further reference to the Law Department, if their increases are justified in comparison to other increases.

With reference to Miss Morrison, it seems to me that we ought to ask the Law Department specifically whether the problem of equal pay might not solve her problem. If it were the intent of the School Committee that she be included, then it might follow from equal pay as a corollary that she has to be included.

Going back just one step to the heads of departments, in the petition that was filed by them for salary adjustment on January 18, 1950, the specific request was made, and I think it is important for the Law Department's interpretation: "That the salaries of the heads of departments be adjusted by adding \$504 to the present salary of each head of department."

If I remember—and it may not have been in connection with this specific petition—the School Committee asked various people who presented petitions if they had their petitions, and then it voted to accept the petitions as submitted—at least in conference.

Business Manager: You go over those petitions, Mr. Muchnick, and not one of them reads like another. Some of them ask for a change in the maximum and some ask for a change in the minimum and maximum.

Mr. Muchnick: If I remember correctly, the heads of departments were asked by the School Committee if their petition was in,

and they were told after the vote was taken that "your petition is accepted, and the requests in the petition will be granted by the School Committee." That isn't an actual quote, naturally. That is a specific request for an immediate salary adjustment, so it seems to me that that ought to be pointed out to the Law Department as well.

I have just received a telegram concerning the Day School for Immigrants, with a complaint that they did not receive the same salary adjustment as the teachers of Home Instruction and that they have always been on the same salary schedule.

Business Manager: What do you mean—permanent substitutes?

Mr. Muchnick: Permanent substitutes at the Day School for Immigrants.

Business Manager: There are permanent substitutes not only in the Day School for Immigrants but throughout the school system in the elementary, junior high, and high schools.

Mr. Muchnick: I think we ought to attempt to get clarification on that from the majority of the School Committee that voted for the salary increase for permanent substitutes in Home Instruction as to whether they meant only that group of people or whether they meant to include the Day School for Immigrants and other permanent substitutes.

Business Manager: The petition came in from the permanent substitutes in Home Instruction.

Mr. Muchnick: I think that on that one we must clearly get the intention of the Committee—or of the majority that voted for the increases—before we can send that along to the Law Department, and that is one that I don't want to take any responsibility for one way or the other on intention because I don't know what was in other people's minds.

Mr. McDevitt: Send that to the Law Department.

Mr. Muchnick: I think that the matter ought to be mentioned to the Law Department—that may also be a subject for discussion.

ELECTION OF PERMANENT SUBSTITUTE TEACHER

Mr. Muchnick: There are some custodial problems which should be considered, but I should imagine that those ought to wait for a full board.

There is also the problem, as I understand it, of one man who has been in before us in the past, William J. Akerman, whose position is that he should have been appointed a permanent substitute teacher because he was on the fourth year of his service after having served three full years. He hasn't as yet been appointed. I don't know whether we have heard from the Law Department. His attorneys are here and I assume that they probably would like to be heard. Am I correct?

Mr. John Sullivan, Attorney: I would like to be heard very briefly. If I might address myself to an aspect of the Akerman petition which was not considered at the last hearing. We are in this position: Mr. Akerman rests his petition on three separate grounds, any one of which, or all three of which, might be discounted in some subsequent litigation.

As to one of them, the question is whether, in view of statements that had been made to Mr. Akerman, this Committee can, without a nomination by the Superintendent, vote to elect him to serve with tenure at discretion after one year of service.

The legal problem involved there is whether the special act, which is found in the Acts of 1946, conferring on the Superintendent the power to nominate—

Mr. Ward: Mr. Sullivan, may I interrupt a moment?

Mr. Sullivan: Yes.

Mr. Ward: You say that this School Committee can elect Mr. Akerman, is that true?

Mr. Sullivan: That is our contention.

Mr. Ward: If I should make a motion and three members of this Committee should vote to elect Mr. Akerman as a permanent substitute teacher, you feel that legally that will solve it—is that correct?

Mr. Sullivan: I feel that; and not only that, but that legally that is the only way we can get the question before the courts.

Mr. Muchnick: May I ask a question, Mr. Sullivan? To your knowledge is Mr. Akerman ready, willing, and able to work for the Boston School Department as of today?

Mr. Sullivan: He is, sir.

Mr. Ward: Mr. Chairman, then I make a motion that the School Committee elect William J. Akerman as a permanent substitute teacher in conformity with the law.

Mr. Muchnick: Mr. Chairman, it seems to me that that motion is properly made, but is an academic question even if we pass it because I don't imagine that the Superintendent will put Mr. Akerman in a classroom.

Mr. Ward: He is in a classroom now.

Mr. Muchnick: Is Mr. Akerman in a classroom now, Mr. Superintendent?

Superintendent: Yes, he is.

Mr. Muchnick: If he is currently in a classroom, I am perfectly willing to vote for the motion, but it seems to me it is all the more academic because once he is working for us after having served three consecutive years, he works for us whether we make motions or not. He has tenure under the law as a permanent substitute teacher.

Mr. Ward: Let's relieve his mind by calling the roll.

Superintendent: Mr. Chairman, Mr. Muchnick asks this question: Has the Law Department ruled on the case? and the answer to that

question is "No." I have submitted all the data to Mr. Kerr, and Mr. Sullivan agrees.

Mr. Sullivan: I am not trying to anticipate the Law Department, but my point, if I may finish making it, is that we cannot go to court and say to the court: "The School Committee is willing to vote if they have the power," because that is a moot question which can't be judicially determined.

Mr. Ward: If he is elected today, then that solves your court case.

Mr. Sullivan: You see, if I have a vote, then I have something that can be judicially determined.

Superintendent: May I recommend to the School Committee—and I say this, too, with deference to the attorney for Mr. Akerman—that the School Committee await the decision of the Law Department? That is my recommendation.

Mr. Muchnick: When was it turned over to them, Mr. Superintendent?

Superintendent: Shortly afterward, Mr. Muchnick, and I think Mr. Sullivan and Mr. Artesani have been in conference with the Law Department.

Mr. Sullivan: You see, there is another matter pending in Suffolk Superior Court now. It is the petition of McMann. I am not familiar with that situation, but there is this difficulty with the case. There is a prayer there for a declaratory judgment that this Committee can elect; but, you see, they can't go forward with it because it isn't enough to make a showing, which will be a judicable thing, before the court that the Committee would elect if the matter ever came to a vote. It has to come to a vote. We are not asking you to alter your position.

Mr. Muchnick: It seems to me that the best way of having the matter adjudicated is as Mr. Sullivan has stated. An opinion from the Law Department one way or the other won't determine the question completely and definitely, not only so far as Mr. Akerman's case is concerned but for any other cases that might arise in such a situation, and it seems to me we ought to have a vote that Mr. Kerr either can concur in or disagree with; and if he concurs in it, then the problem is solved.

If he disagrees with the vote, then it is Mr. Sullivan's problem to go into the courts if he thinks he can win. The only way, I think, to bring it to a head is to act one way or another on the motion.

Mr. McDevitt: Miss Reynolds, will you please call the roll on Mr. Ward's motion relative to William Akerman?

Secretary: Question comes on Mr. Ward's motion that William J. Akerman be elected as a permanent substitute teacher in the Boston Public Schools, in conformity with the law, to take effect Sept. 19, 1951.

Mr. Sullivan: To serve with tenure at discretion under the statute. Isn't that right?

Mr. Ward: Well, he is in there now.

Mr. Muchnick: May I say that I am voting for this motion just to bring the matter to a head so that we can get a decision of some kind on it as quickly as possible, although I don't think that it is particularly necessary in Mr. Akerman's case, as I have said before, he having worked for us three full years and then having served a portion of the fourth year as a teacher in our summer playground field.

Superintendent: This is by the School Committee without the nomination of the Superintendent.

Mr. Ward: According to the law—the statute.

Superintendent: This Committee is doing this electing without the nomination of the Superintendent.

Mr. Ward: The School Committee is doing this in conformity with the statute—with the law—that the School Committee may or can elect after a person has served over that three-year period.

Mr. Sullivan: No, one year.

Mr. Ward: Or one year.

Mr. Muchnick: Mr. Chairman, it is my feeling, Mr. Superintendent, that as a matter of law Mr. Akerman is now working for us on tenure at discretion because he has worked this past summer, which was part of the school year 1950-51, as a teacher in our playgrounds; and for various other reasons that I have advanced at other meetings. Teachers in playgrounds are paid out of the educational part of the budget.

However, it seems to me that in order to clarify that status there must be an election even if there is no nomination. Otherwise, we could be in a position that Mr. Akerman wouldn't have to be assigned to any classroom; and, being ready, willing, and able to teach, he could be collecting a salary for sitting home doing nothing.

Business Manager: May I ask a question, Mr. Chairman, because it might involve the payment of money? If this action of the School Committee is legal, does this mean that the School Committee can elect any teacher?

Mr. Muchnick: That is the reason for making the motion as suggested by Mr. Sullivan—so that some sort of a judgment can be rendered in the courts if it becomes necessary.

Question came on Mr. Ward's motion that William J. Ackerman be elected as a permanent substitute teacher in the Boston Public Schools, in conformity with the law, to take effect Sept. 19, 1951.

On roll call, the members as their names were called respectively stated that they voted as follows:

For WILLIAM J. AKERMAN—Messrs. McDevitt, Muchnick, and Ward—3.

ABSENT—Mrs. Dacey and Mr. White—2.

The Chair thereupon declared William J. Akerman duly elected as a permanent substitute teacher in the Boston Public Schools, in conformity with the law, to take effect Sept. 19, 1951.

PRESENT—Mr. Muchnick—1

A communication was received from the Superintendent, under date of Sept. 27, 1951, reporting that, subject to the approval of the School Committee he has reassigned Leo C. Renaud, cooperative instructor, East Boston High School, without change of rank, at an annual salary of \$7032 (\$5256 basic + \$1776 assignment) covering day, evening and vacation service, to assist in organizing and supervising state-aided trade classes, apprenticeship and journeyman classes, part-time trade preparatory classes, and classes for veterans in industry, to take effect Sept. 1, 1951, and to continue until otherwise ordered.

The salary is chargeable on the following basis: 25% to be paid by the City of Boston, subject to 50% state reimbursement, and 75% to be paid from federal George-Barden funds administered by the Commissioner of Education and allotted by special distribution to the City of Boston.

Mr. Muchnick: Are these reassignments made without regard to rating or examination?

Superintendent: Yes, Mr. Muchnick.

Mr. Muchnick: For how long have these reassignments been in effect?

Superintendent: Approximately since the beginning of the second World War, 1940.

Mr. Muchnick: Madam Chairman, I believe that assignments to these positions should be made from a list established either by rating or certified examination. I want to get the best people available for these two jobs; and if the present incumbents cannot pass an examination, I do not want to have them merely because they have been protected for ten years or longer to date; and if they can pass an examination, I want them to have the protection of permanence. I do not think you or I or anyone else wants to run the school system to protect people who have been in jobs for some time.

Mr. White: I do not know what action you are going to take on this, but if Mr. Muchnick wants to do that, why does he hold up their pay? Why don't we give them temporary assignments and make any motion he wants? Why hold up their pay without notification?

Mr. Muchnick: Mr. White, this will not hold up their pay if it is held till the next meeting, when we can give it some further consideration. They have already been paid on yesterday's or today's draft for their work to date, and this will be cleaned up, I am sure, before the next payroll goes down.

Mr. Ward: What do we have to clean up on it?

Mr. White: I don't know. I am going to vote for the Superintendent's recommendation.

Mr. Ward: I don't see anything to hold up on this. This involves Mr. Renaud and Mr. Bergh downstairs. Aren't those the men involved in it?

Superintendent: That's right.

Mr. Ward: They are fine men.

Mr. Muchnick: Nobody says they are not fine men, and I for one don't think that there is anybody who can beat them in an examination; but it seems to me that everything else, or almost everything else, is done by way of examination and lists, and there is no reason why these people should not have the same opportunities to become number one on their list and thus get permanence instead of waiting every September and wondering whether a superintendent will nominate them.

Mr. Ward: Why go to the cost of an examination when you know who is going to be numbers one and two? I say you should not.

Mr. White: Is this going to be a permanent job?

Superintendent: That I do not know.

Mr. White: So you are continuing to determine it.

Mr. Muchnick: They have been temporary for eleven years.

Superintendent: It has varied, Mr. Muchnick, they have been in charge of apprenticeship and journeyman classes and things of that sort. They are now working on surplus supplies from the government. It is sort of a temporary position. I would hate to see them disturbed.

Mr. Muchnick: Well, I would rather see them disturbed than have the normal functioning of the School Department disturbed.

Superintendent: It is not disturbed.

Mr. Muchnick: It is if people are getting appointments without examination. That is disturbing the system.

Superintendent: No.

Mr. Muchnick: They are getting more pay than people of equal rank because somebody saw fit to appoint them then and somebody saw fit to appoint them now to special positions without examination, and that can hold true all down the line. We have been whittling away at that rule now for two years here and there. The Teachers College people, the Model School permanent substitutes, and all these have stayed outside the purview of our regular business, and I don't think it is good administration.

Mr. Ward: Madam Chairman, I say that if anything could be gained by holding it up, I would hold it up; but nothing can be gained by holding it up, and therefore I am going to make a motion that we accept it.

The Chairman stated the question was on the approval of the reassignment of Leo J. Renaud.

RESOLUTION ON DEATH OF MRS. NATALIE TAYLOR CALLANAN

At the suggestion of Mr. Ward, the following statement was ordered spread upon the records:

The Boston School Committee is deeply conscious that the untimely death of Natalie Taylor Callanan, Elementary Teacher of the Dwight School, is a serious loss to the Boston school system and to the boys of the Dwight District.

Mrs. Callanan was regularly appointed to the Dwight School January 2, 1923 and served faithfully and well for more than twenty-eight years as teacher of grade IV.

From the very beginning her companionship and interest in her fellow workers was always a source of courage and inspiration. As counsellor and guardian to the teachers and countless boys in her classes the loss of Mrs. Callanan will be greatly felt. We feel assured her untiring devotion has earned its just reward.

Mrs. Callanan was a director in the Elementary Teachers Club; member and delegate of the Boston Teachers Alliance, member of Boston Teachers Club; also district-treasurer for the Aquinas League; president and member of Board of Directors of the Guild of St. Catherine; president of Ladies Catholic Benevolent Association at the Cathedral; member of Court of Foresters; Ladies Sodality at Cathedral; president of Parent-Teachers Association at the Rice School.

The Boston School Committee extends to her family sincere and heartfelt sympathy.

RESOLUTIONS ON RETIREMENT OF DEPUTY SUPERINTENDENT MICHAEL J. DOWNEY

The following preamble and resolutions were offered:

WHEREAS, Michael J. Downey, Deputy Superintendent of Schools, has retired from the Boston school system after forty-five years of

distinguished service as teacher, submaster, principal, director, assistant superintendent, and deputy superintendent; and

WHEREAS, Press and public have given fitting recognition to his many outstanding achievements as teacher and administrator, and friends and associates, both within and without the system, have paid him tribute by their spontaneous testimonial tendered to him on May 23, 1951, and

WHEREAS, The members of the School Committee individually have acknowledged the countless, worthy accomplishments of the retiring Deputy Superintendent for the children and citizens of Boston, particularly during his twenty-seven years of educational leadership on the Board of Superintendents, and individually have voiced appreciation of his splendid personal qualities; Therefore, be it

RESOLVED: That the School Committee by formal and official action hereby record their grateful appreciation to Mr. Downey in recognition of his long and devoted service to the public schools, his outstanding achievements as teacher and administrator, his admirable personal qualities, his intellectual attainments, and his courageous advocacy of the high ideals and principles which ennobled his entire career, gained for him the confidence, respect and affection of his associates, and contributed immeasurably to the effective progress of the Boston Public Schools during nearly half a century; and be it further

RESOLVED: That the following tribute given by Superintendent Dennis C. Haley on the occasion of the testimonial dinner tendered to Mr. Downey on May 23, 1951, a tribute in which the School Committee sincerely and unanimously concurs, be recorded in the official minutes of this meeting:

To greet an outstanding company assembled for a common, worthy purpose is always a pleasant experience. But it is a particular happiness to welcome you who have gathered here this evening in this beautiful Ballroom because you have come to pay affectionate tribute to a respected friend and associate who justly deserves the gratitude and commendation of every citizen of Boston and, in fact, of all who appreciate sound leadership and true devotion to the traditional ideals of education in America, Deputy Superintendent Michael J. Downey, our honored guest.

It is especially fitting that we who know his best and admire him most for his professional achievements should honor him on the eve of his retirement. For he is—and ever has been—entirely and unselfishly dedicated to the career which he chose nearly half a century ago—the education of youth. He has been the ideal schoolman, the gifted and efficient administrator. Of brilliant mind, vigorous physique, and un-

compromising character, he has held tenaciously throughout his career to principles and convictions which could lead but to honor, respect, and admiration not only for himself but for all individuals and organizations with which he had been associated. The success of his professional and private life has consisted not in an abundance of material possessions, but in his mastery of himself, of circumstances, of human relationships, and of the spirit that is within him,—and of his total dedication of himself to the service and the advancement of others during a career long in years and rich in accomplishments.

Shortly after the turn of the century, Mr. Downey was appointed to teach in the Dearborn School, Roxbury. At the same time he was appointed a teacher in the South Boston Evening High School. Behind him lay years of study and preparation and a brilliant record as student and athlete in the Boston Public Schools, Boston College, and Boston Normal School. At Boston Latin School, it is interesting to recall, he had been a consistent point winner in track and football. At Boston College he had managed the varsity football team, but had preferred the duties of business manager of the Stylus, college literary magazine, and the presidency of his class to additional athletic activities. At Boston Normal School, he had made history by serving as President of the College Section of the first class to which men were admitted.

With such a background of activity and achievement, it was not surprising that—through energetic application of his talents to his new professional duties—he advanced within ten years of the first of the many administrative posts he has since held with great distinction. During that early decade, he was promoted to Sub-Master of the Prescott School, manager of the Charlestown Evening Center, and Principal of the Franklin Evening School. Yet he found time to aid in the organization of the Boston Schoolmen's Club, serving as secretary-treasurer during the Club's first five formative years, and later becoming its president.

With this rich experience, he entered upon administrative duties in the department of evening schools as assistant director, then as acting director for one year prior to his appointment as director in 1917. Then followed seven years of tremendous activity and accomplishment not only in the firm establishment and development of the evening school program in Boston, but also in furthering the work of Americanization throughout the United States. In this latter connection, Mr. Downey lectured on Americanization at John Hopkins University, Harvard University, Hyannis Normal School, and Boston University to hundreds of teachers from all parts of the country.

He also enlarged his influence in this field by service on the State Board of Education and by the establishment of a day school for immigrants in Boston.

Always a staunch and active member of the Knights of Columbus Educational program for servicemen and veterans, he started the first Camp School in the United States at Camp Devens the first free evening school for demobilized servicemen and the first free correspondence courses for ex-servicemen.

Then in 1924 he was elected assistant superintendent of the Boston Public Schools, and in 1947 he was named deputy superintendent in recognition of the dignity and importance of his official duties. Much of the history of that twenty-seven-year period he has written as a member of the Board of Superintendents. His assignments have embraced every phase of public school activity. But legislation and the school budget have been his special obligations obligations which no other man has undertaken with better disposition and qualifications or performed with more marked success. His quick mind, his unusual analytic powers, and his skill in expressing succinctly and simply the most complex problems nowhere were more evident or more helpful than in these important assignments.

It has been a constant joy and a real inspiration to serve with Mr. Downey on the Board of Superintendents for the past ten years. Although I had long admired him from the comparative remoteness of a school building, in the closer association of the Board I have come to realize in full measure his splendid character and his sterling worth to public education in Boston.

To all of us he has been a tower of strength, an exemplar of all that is finest in our profession, and a beloved adviser, friend, and associate. Like his heavenly patron, Michael the Archangel, he has ever been strong in the right, a worthy leader of all who would be faithful to the highest principles and loftiest ideals in education.

As he retires from the high office which he has held with such distinction for so long, we wish him long life and happy days made happier by the recollection of this tribute sincerely offered here this evening by those who know best how justly he deserves it, our friend and associate, Deputy Superintendent Michael J. Downey.

On roll call the preamble and resolutions were adopted by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Surrey street, bounded:

Easterly by the westerly line of Foster street, produced, forty and 61-100 feet; northerly by the northerly line of said Surrey street, one hundred twenty-eight and 91-100 feet; westerly by land now or formerly of Mary T. Nye and Violet Farris, forty-three and 19-100 feet, and southerly by the southerly line of said Surrey street, one hundred nineteen and 63-100 feet, containing four thousand nine hundred and seventy-one square feet, more or less.

The sewerage works to be constructed are as follows: 150 linear feet of 10-inch pipe sanitary sewer, and 161 linear feet of 10-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly side of Surrey street, as hereinbefore described, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.
1. Anthony Pomella, Concetta T. Pomella	\$200
2. Veronica R. Sheridan, Olive F. Sheridan	200
3. Antonio Nicolazzo, Michela Nicolazzo	200
Total	\$600

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Surrey street, Brighton district, under the order of the Board of October 30, 1951, and awards no damages therefor.

Owners unknown (Surrey street), 4,971 square feet, nothing.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following street, from 6 P.M. Friday, November 2, to 7 A.M. Monday, November 5, 1951:

Ferry Street, Boston Proper.

SUFFOLK COUNTY COURTHOUSE COMMISSION.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND REPAIRS TO THE SUFFOLK COUNTY COURTHOUSE, BOSTON, MASS.

The City of Boston by the Suffolk County Courthouse Commission, hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations and repairs to the Suffolk County Courthouse, Pemberton square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, November 27, 1951, at the office of the Suffolk County Courthouse Commission, Room 318, New Building, the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of three thousand (3,000) dollars shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of the wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at and after 12 o'clock noon the 12th day of November, 1951, at the office of the Courthouse Superintendent, Room 119, Old Building. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of thirty-five dollars (\$35) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Friday, November 23, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each sub-bidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING TWO (2) BRIDGES ON THE BOSTON SIDE, AND THE APPROACH PLATFORM ON THE EAST BOSTON SIDE OF THE SOUTH FERRY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing two (2) bridges on the Boston side, and the approach platform on the East Boston side of the South Ferry. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing Two (2) Bridges on the Boston Side, and the Approach Platform on the East Boston Side of the South Ferry," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of MONDAY, NOVEMBER 26, 1951, with a certified check for FOURTEEN HUNDRED (1,400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful electrical contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

ELABORATE MUSICAL PROGRAM ON CITY HALL PLAZA TO OPEN BOSTON'S CHRISTMAS FESTIVAL ON NOVEMBER 30—LIGHTING OF FIRST CANDLE IN CITY'S ADVENT WREATH TO BE FEATURE, WITH GROUP SINGING BY MORE THAN 500 PARTICIPANTS—MAYOR HYNES AND CHAIRMAN HARRY J. BLAKE TO PRESIDE.

The 1951 City of Boston Christmas Festival will be opened with an elaborate musical program at City Hall Plaza on Friday afternoon, November 30, at 4.30 P.M. Exercises will be featured by the lighting of the first candle in the city's Advent Wreath. This was reported to Mayor John B. Hynes by Chairman Harry J. Blake of the Christmas Festival Committee.

Among the 15 groups sharing in the event will be the Northeastern University Glee Club, French singers of Our Lady of Pity Church, St. Lazarus' Italian Choir, the Mabel P. Friswell Chorale, the choirs of St. Gregory's and St. Patrick's High Schools, the boys' choir of St. Richard's Church, and the all-male choir of the Greek Theological Institute.

There will be sung, individually and as a mass choir, hymns and carols appropriate to the centuries-old Bavarian custom of illuminating one candle for each week in

SCHEDULE OF TOLLS AND CHARGES FOR USE OF SUMNER TUNNEL FOR 1952 TO BE SAME AS FOR 1951—PUBLIC WORKS COMMISSIONER HYLAND OBTAINS APPROVAL FROM MAYOR HYNES—TO BE SUBMITTED TO DEPARTMENT OF PUBLIC UTILITIES AFTER LAW DEPARTMENT PERUSAL.

Schedule of tolls and charges for use of the Sumner Tunnel will remain the same for 1952 as for this year, according to proposals submitted to Mayor Hynes for approval by Public Works Commissioner George G. Hyland. These have been approved and will now be submitted to the Corporation Counsel for preparation of a petition to be submitted to the Department of Public Utilities. The request made to his Honor the Mayor is contained in the following communication:

INCREASED COSTS FOR AID TO VETERANS OR THEIR FAMILIES IN SEPTEMBER AMOUNTED TO \$17,934.29 MORE THAN FOR SAME PERIOD IN 1950—THIS IS SHOWN IN REPORT OF VETERANS' SERVICES COMMISSIONER FRANCIS X. COTTER TO MAYOR JOHN B. HYNES—TOTAL OF 1,410 CASES CARED FOR, WITH 2,633 INDIVIDUALS BENEFITING—124 CASES CLOSED DUE TO SECURING OF EMPLOYMENT.

There were 1,410 cases aided during the month of September, 1951, at an increased cost of \$17,934.29 over expenditures for the corresponding period of 1950. This is shown in the report submitted to Mayor John B. Hynes by Veterans' Services Commissioner Francis X. Cotter. The cases aided represent a total of 2,633 individuals. On the other hand, there were 124 cases closed because of employment obtained by those who were receiving benefits. The report to Mayor Hynes reads as follows:

BOSTON, November 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of September, 1951.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

CHRISTMAS FESTIVAL TO
OPEN NOVEMBER 30.

(Continued from page 1285.)

Advent. The custom was introduced to Boston last year during the city's first community-wide Christmas observance and has become a part of the Festival's permanent program.

The Festival's handsome religious and children's displays on Boston Common and the Public Garden will be illuminated early Friday evening, after a buffet Dutch treat supper by the Christmas Festival Committee at the Parker House.

Carols in many languages will herald the unveiling and illumination of each scene, including the Nativity Scene on the knoll opposite the State House; Santa's Workshop in Playland, which this year will house all eight of Santa's live reindeer; the Advent Candle in Brewer Fountain; the Community Christmas Tree; and the Parkman Bandstand. Other features, such as were erected on the Common and in the Public Garden last year, will be announced soon.

As the Mayor, the Festival Committee, and the public move from each display to the next on the opening night, they will be greeted with strains of Advent and Christmas hymns sung by the outstanding foreign language choirs. Among those to take part are the Ukrainian Catholic Choir; the Armenian Association Glee Club; Hellenic Orthodox and St. Mary's Polish Choirs; and the Norwegian Glee Club. Names of other choirs will be announced later.

All the principal streets and squares of downtown Boston, the State House, City Hall, and other prominent public buildings will be illuminated with attractive Christmas decorations.

The Festival will continue until Little Christmas, January 6, 1952.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, November 13, 1951.
To All Department Heads.
GENTLEMEN:

The last day for filing bills in the Legislature is December 5.

Will you, therefore, forward to this office, forthwith, any suggestions involving new legislation, or involving amendments to existing statutes?

Sincerely yours,

JOHN B. HYNES,
Mayor.

BOSTON WORLD'S MEDICAL CENTER.

Boston may well be called the medical center of the world. Its voluntary hospitals, its three great medical schools, its doctors, are renowned in the far corners of the earth. And from the far corners of the earth come men, women, and children seeking the medical help which often Boston alone can provide.

Doctors and students from abroad, who come to America for study, spend a large part of their time here in Boston where medical pioneering is a tradition, where a vast wealth of life-saving knowledge is accumulated, where there is available the most modern equipment, the most advanced techniques for care of the sick.

More than 60 per cent of the Massachusetts hospitals, and even a larger percentage of hospital beds, are located in Metropolitan Boston.

Estimated cost of substituted work, \$3,301.35; estimated cost of omitted work, \$877.50; estimated increase in cost, \$2,423.85.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for an extension of time for the completion of the contract with Gledhill Brothers, Inc., for furnishing and installing furniture and equipment in the Henry Grew District Elementary School, Hyde Park district, from August 15, 1951, to February 1, 1952. This extension was requested for the reason that the school was not ready for acceptance of items as specified in the contract and specifications, due to restriction of delivery of certain critical materials by U. S. Government.

Approval has been given for an extension of time for the completion of the contract with J. Fandel's Sons, Inc., for ventilation changes and alterations at the Michelangelo School, from September 15, 1951, to December 31, 1951. This extension was requested due to difficulty in obtaining DC motors to operate automatic shutters and necessary grilles.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from September 21, 1951, to October 26, 1951, on the contract of M. Solimando for addition to Dowling Building, Boston City Hospital. This further extension was necessary because the contractor, due to circumstances beyond his control, was prevented from completing the contract as planned.

Sanatorium Division.

(Contract for Alterations, Repairs, and Renewals of Buildings at the Sanatorium Division.)

It is agreed that the words "120 working days" appearing in the contract between the City of Boston and the Peabody Construction Company, dated January 18, 1951, be stricken out and the words "November 30, 1951," be substituted in their place.

PARK DEPARTMENT.

Superior Tree Service, Inc., has been granted an extension of time until December 20, 1951, for the completion of the contract for removal and disposal of dead or diseased trees in South Boston district.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain, for the construction of a reinforced concrete retaining wall on Freeport street, Ward 16, from end of existing wall at Dorchester Yacht Club for 98 feet northwesterly, from October 31, 1951, to November 30, 1951. This extension was requested for the reason that the contractor was delayed by inability to obtain special castings for the fence.

Approval has been given for an extension of time for the completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Nonantum street, North Crescent Circuit, and Sparhawk street, from October 1, 1951, to June 30, 1952. This extension was requested for the reason that the contractor was delayed because necessary labor and materials were not readily available.

Approval has been given for an extension of time for the completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Bird street, Ceylon street, Jerome street, Rand street, Salcombe street, Sargent street, Savin Hill court, and Windermere road, from October 31, 1951, to December 31, 1951. This extension was requested for the reason that the contractor was delayed because necessary labor and materials were not readily available.

Approval has been given for an extension of time for the completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Burt street, Colonial avenue, Epping street, New England avenue, Wentworth street, and Whitman street, from October 31, 1951, to June 30, 1952. This extension was requested for the reason that the contractor was delayed because necessary labor and materials were not readily available.

Approval has been given for an extension of time for the completion of the contract with the Boylston Company, 198 La Grange street, West Roxbury, for repairs and alterations to various bulkhead doors of the Sumner Tunnel ventilation system, to December 31, 1951. This extension was requested for the reason that the contractor had been delayed in obtaining steel plate and certain structural shapes.

BOSTON PORT GAINS IN IMPORTS AND EXPORTS.

Gains in foreign tonnage in both import and export classifications were recorded in April of 1951 as compared to April of 1950. Director John M. Bresnahan of the Port of Boston Authority announced last night.

Total foreign trade increased from 466,719 tons to 507,542 tons, with exports rising from 28,960 tons to 46,469 tons. Imports increased from 437,759 to 461,073 tons.

Total port trade from January through April of this year was 7,439,088 tons, an increase of 1,184,632 tons over the figure for the same four months of 1950, Bresnahan said.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ericsson street, Brighton district, as a public highway, from Lincoln street to Adamson street, with the name of Jane street or some other distinctive name, bounded and described as follows:

A highway named Eric road is hereby laid out, from Lincoln street to Adamson street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto.

A parcel of land, supposed to belong to Michael B. Hawkins and Katherine Hawkins, bounded:

Easterly by Ericsson street, fifteen feet; southerly by Lincoln street, fifteen feet; and northerly by other land supposed to belong to said Hawkins *et al.*, twenty-three and 56-100 feet on a curve of fifteen feet radius, containing forty-eight square feet, more or less.

A parcel of land, supposed to belong to Frederick C. Albig, bounded:

Easterly by Ericsson street, twelve and 62-100 feet; westerly by other land supposed to belong to said Albig, twenty and 99-100 feet on a curve of fifteen feet radius; and northerly by Adamson street, twelve and 62-100 feet, containing thirty-two square feet, more or less.

The land, owners unknown, being the private way known as Ericsson street, from Lincoln street to Adamson street,

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Eric road as hereby laid out is bounded:

Southerly by Lincoln street, seventy feet; northerly by the northerly line of said Eric road as hereby laid out, twenty-three and 56-100 feet on a curve of fifteen feet radius; westerly by the westerly line of said Eric road as hereby laid out, by two measurements, two hundred fifty-three and 91-100 feet and twenty and 99-100 feet on a curve of fifteen feet radius; northerly by Adamson street, seventy-one and 5-100 feet; southerly by the southerly line of said Eric road as hereby laid out, twenty-six and 14-100 feet on a curve of fifteen feet radius; and easterly by the easterly line of said Eric road as hereby laid out, by two measurements, two hundred forty-one and 76-100 feet and twenty-three and 56-100 feet on a curve of fifteen feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land, situated on both sides of said Eric road, from Lincoln street to Adamson street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

Parcel.	Amount.
1. Michael B. Hawkins, Katherine Hawkins	\$396 16
2. John F. McGovern	600 00

PROCEEDINGS OF CITY COUNCIL.

Monday, October 29, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Coun. WENZLER, senior member, in the chair. Absent, Councilors Coffey, Hurley, Kinsella, Lane, and Yerxa.

The Very Reverend Bertrand Campbell of the Franciscan Fathers, St. Anthony's Shrine, was escorted to the rostrum.

INVOCATION BY VERY REVEREND BERTRAND CAMPBELL.

Let us pray. O Almighty God, Creator and Ruler of the world, spiritually help the City of Boston, and by Thy spiritual help strengthen and confirm it in all its purposes. By Thy charity and grace and wisdom, renew the spirit of Thy servants whom Thou has appointed to direct this government that in Thee they may clarify the Father and His only begotten Son, Jesus Christ Our Lord. Amen.

The salute to the Flag was given by the members.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

"STOP" SIGNS, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of October 8, 1951, requesting the placement of "Stop" signs at the corner of Greenbrier and Park streets, and Alpha road and Park street.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
October 25, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of October 8, requesting the placement of a "Stop" sign at the corner of Greenbrier and Park streets, and Alpha road and Park street, I wish to report that this order follows many other requests which we have had to make Park street a "Stop" street at Alpha road and Greenbrier street. Previous rejections have been based upon the fact that traffic is not sufficiently heavy to warrant the choice of this intersection instead of other intersections in the neighborhood for a "Stop" street.

On October 9 and 10 we had a 10-hour count of traffic taken between the hours of 8 A.M. and 6 P.M. at Alpha road, Greenbrier street, and Park street. During this 10-hour period, 14 vehicles came out of Alpha road; 164 came out of Greenbrier street; on Park street 435 vehicles were eastbound and 415 westbound.

Greenbrier street is used as an avenue for local traffic only. It is not a through street and strangers do not frequent it.

According to the standards set up by the state for the establishment of a "Stop" street we find that there is no warrant which would permit us to legally defend the selection of this intersection as a site for a "Stop" street.

Sincerely yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

CLEANING OF STREETS, WARDS 12 AND 14.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of October 8, 1951, requesting that clean-up crews be put through the streets of Wards 12 and 14 so that the district will be clean for the Jewish high holidays.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 16, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Receipt is acknowledged of your memorandum of October 10, attaching order in Council, under date of October 8, 1951, request of Councilor Ansel, as follows:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to put clean-up crews through the streets of Wards 12 and 14 so that the district will be clean for the Jewish high holidays."

A report received from the Sanitary Division states that on Sunday, September 30, additional men were employed on special street cleaning in the synagogue areas in preparation for the Jewish high holidays commencing on the evening of September 30 and extending through October 2, 1951.

The order in Council, dated October 8, 1951, was received too late for special clean-up work, but the regular street-cleaning work was performed in these areas.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALK AT 387 WEST FOURTH STREET, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of October 8, 1951, requesting restoring of the sidewalk in front of 387 West Fourth street, Ward 6, which has been left in a dangerous condition as the result of the removal of a tree.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 25, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works restore the sidewalk in front of 387 West Fourth street, Ward 6, which has been left in a dangerous condition as the result of the removal of a tree, and this will advise you that the sidewalk at this location has been repaired by the local paving service district forces.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STREET SIGNS AT WALDECK AND TONAWANDA STREETS.

The following was received:

City of Boston,
Office of the Mayor October 29, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 15, 1951, requesting that new street signs be put at the corner of Waldeck and Tonawanda streets, Dorchester, Ward 17, in order to overcome the present signs that are illegible.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 25, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Public Works Commissioner put new street signs at the corner of Waldeck and Tonawanda streets, Dorchester, Ward 17, in order to overcome the present signs that are illegible, and this will advise you that the obliterated signs at the above locations have been replaced with new street signs.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PRINTING OF "CALENDAR OF EVENTS."

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.
To the City Council.

Gentlemen:

Under the provisions of section 2 of chapter 24 of the Revised Ordinances of 1947, I propose to have printed 125,000 copies of a folder bearing the title "Calendar of Events in Boston, Fall-Winter, 1951-1952." This folder will be distributed

through hotels, stores, theaters, etc., to the thousands of visitors who will be present in our city attending conventions or spending vacations in the area. It will contain a calendar showing the various sporting, theatrical, and entertainment features scheduled during the period, as well as historical points of interest, sight-seeing trips, and other information to guide visitors in planning their recreational and entertainment program during their stay in our midst. In my opinion, such a publication will not only advertise the facilities available to visitors but will also create a large measure of good will toward our city.

I submit an order authorizing the printing of this pamphlet as a special city document or publication and recommend its immediate consideration and adoption.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the Superintendent of Printing be authorized to print 125,000 copies of a folder entitled "Calendar of Events in Boston, Fall-Winter, 1951-1952," the expense of such printing to be charged to the appropriation for City Documents.

Referred to the Executive Committee.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.
To the City Council.

Gentlemen:

The enclosed requests for transfers of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$30,000, to the appropriation for Institutions Department, Long Island Viaduct, Construction of, \$30,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for 03-11, Public Works Department (Bridge Service), 23-12, Bridges, Repairs, Etc., \$50,000, to the appropriation for 03-21, Public Works Department (Lighting Service), 2, Contractual Services, \$50,000.

Referred to the Executive Committee.

TRANSFER OF LAND ON TREMONT STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1951.
To the Honorable City Council.

Gentlemen:

A recently enacted statute is chapter 728 of the Acts of 1951, entitled "An Act Authorizing the Transfer of Certain Parcels of Land on Tremont Street in the Roxbury District of the City of Boston from the Public Welfare and Park Departments, Respectively, to the Public Buildings Department of Said City."

The purpose of the act is to enable the City of Boston, through its Public Buildings Department, to construct, on land now or formerly a part of the Mission Hill Playground, a building containing suitable quarters for a branch office of the Public Welfare Department and also a gymnasium. The facilities of the gymnasium are expected to include, in addition to shower and locker rooms, bleachers seating 1,500 persons so that basketball games and other indoor meets conducted there may be played before an audience.

Under the express terms of the above-mentioned statute, it is not to become fully effective unless and until accepted by vote of your Honorable Body during the current year. In order that the much-needed public improvement described above may be commenced at once, I recommend to your Honorable Body the immediate adoption of the order of acceptance transmitted herewith.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That chapter 728 of the Acts of 1951 entitled "An Act Authorizing the Transfer of Certain Parcels of Land on Tremont Street in the Roxbury District of the City of Boston from the Public Welfare and Park Departments, Respectively, to the Public Buildings Department of Said City" be, and the same hereby is, accepted.

Referred to the Executive Committee.

ARMISTICE DAY PARADE.

Coun. MCCOLGAN, for Councilor Hurley, offered the following:

Ordered, That the City Messenger, through his Honor the Mayor, be authorized to rope off Commonwealth avenue (south side), Arlington street, Boylston street, Tremont street, Temple place, Washington street, School street, Beacon street, Arlington street, and Commonwealth avenue (north side), in conjunction with the annual Armistice Day Parade to be held on November 12, 1951, and that same be charged to the City Council appropriation for Ropes, Flags, and Stakes.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON LICENSES.

Coun. MCCORMACK, for the Committee on Licenses, submitted the following:

Report on petitions (referred October 15) to operate bowling alleys on the Lord's day—recommending that licenses be granted:

Park Square Bowladrome, Inc., 162 Columbus avenue, Ward 5; Lucky Strike Alley, 289 Adams street, Ward 16.

Report on petitions (referred today) to operate bowling alleys on the Lord's day—recommending that licenses be granted: Scollay Alleys, 48 Scollay

square, Ward 3; Codman Square Bowlaway, 649 Washington street, Ward 17.

The reports were accepted, and the licenses were severally granted under the usual conditions.

LEGISLATURE RE INCREASED PENSION ALLOWANCES.

Coun. BRYAN, for Councilor Hurley, offered the following:

Whereas, The ever increasing cost of living knows no age limit or select group and must be borne by all; and

Whereas, It is generally conceded that no step-rate increases have been granted to City of Boston pensioners over the years to correspond with the increased cost of living; and

Whereas, Pending before the Legislature is House Bill 2678 which, if approved and enacted into law, will grant pensioners an increase in the amount of money upon which they are dependent for their livelihood; therefore be it

Resolved, That the members of the Boston City Council, in meeting assembled, urge the members of the Massachusetts Legislature to take prompt action on the passage of House Bill 2678 in order that these elderly persons who are the recipients of a small pension as the only means of their support may be mentally relieved of their present financial worries.

The resolution was adopted under suspension of the rules.

INSTALLATION OF ELECTRIC LIGHTS, WARD 17.

Coun. FARIN offered the following:

Ordered, That his Honor the Mayor contact the Public Works Commissioner in order to have him install one electric light at the corner of Stanton and Norfolk streets, and also electrify Sharp street, Ward 17.

Passed under suspension of the rules.

ADDITIONAL LIGHTS ON CENTRE STREET, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install additional lights on Centre street, from Weld street to the West Roxbury Parkway, Ward 20, as this residential area is extremely dark at night and is heavily traveled by automobiles.

Passed under suspension of the rules.

RECESS.

The Council voted at 3.20 p.m., on motion of Councilor Cook, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Chairman BRYAN at 3.50 p.m.

EXECUTIVE COMMITTEE REPORTS.

Coun. RAMSEY, for the Executive Committee, submitted the following:

1. Report on order (referred today) that Metropolitan District Commission furnish a police cruiser boat for the City Point Station—that same ought to pass.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred today) accepting chapter 728 of the Acts of 1951, authorizing transfer of land on Tremont street, Roxbury, to the Public Buildings Department—that same ought to pass.

The report was accepted, and the order was passed.

3. Report on order (referred today) that the Superintendent of Printing be authorized to print 125,000 copies of folder entitled "Calendar of Events in Boston, Fall-Winter, 1951-1952"—that same ought to pass.

The report was accepted, and the order was passed.

4. Report on petition (referred today) of William K. Morrison, correction officer in House of Correction, Penal Institutions Department, for retirement as veteran for disability—recommending passage of the following order:

Whereas, William K. Morrison, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of section 57 of chapter 32 of the General Laws, as amended; and

Whereas, The said William K. Morrison has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws, that he has been certified for retirement for disability by the duly authorized medical board, that he has been in the service of the county at least 10 years, that he is incapacitated for active service, and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed \$1,000;

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended, William K. Morrison, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of \$2,331.20, being 62 per cent of his highest regular rate of compensation.

The report was accepted, and the order was passed.

5. Report on message of the Mayor and order (referred today) transferring appropriation of \$50,000 from Bridge Service to Lighting Service, Public Works Department—that same ought to pass.

The report was accepted, and the order was passed, yeas 13, nays 0:

Yeas—Councilors Ansel, Banks, Bryan, Chase, Cook, Farin, Hannon, Lanigan, McColgan, McCormack, Ramsey, F. P. Tracey, Wenzler—13.

Nays—0.

Adjourned at 3.58 p.m., on motion of Councilor McColgan, to meet on Monday, November 19, 1951, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening, relocation and construction of South street, West Roxbury district, as a highway, at the intersection of Centre street, bounded and described as follows:

The highway named South street is hereby widened and relocated, at the corner of Centre street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Louis A. Meyer and Margaret J. Meyer, bounded:

Southerly by the northerly line of South street, as it existed previous to this order, seven and 22-100 feet on a curve of eight hundred feet radius; westerly by land hereinafter described as taken from the City of Boston, 3-100 feet; northerly by the northerly line of South street, as established under this order, seven and 22-100 feet, containing 8 square feet, more or less.

A parcel of land, supposed to belong to City of Boston, bounded:

Southerly by the northerly line of South street, as it existed previous to this order, eighty-eight and 7-100 feet; northwesterly by the southeasterly line of Centre street, as it existed previous to this order, eleven and 14-100 feet, and northerly by the northerly line of South street, as established under this order, seventy-eight and 26-100 feet, containing 153 square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said South street, as hereby widened and relocated, is bounded:

Southerly by the northerly line of South street, as it existed previous to this order, ninety-five and 29-100 feet on a curve of eight hundred feet radius; northwesterly by the southeasterly line of Centre street, as it existed previous to this order, eleven and 14-100 feet, and northerly by the northerly line of South street, as hereby widened and relocated, eighty-five and 47-100 feet, containing 153.08 square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the widening, relocation and construction of South street, West Roxbury district, under the order of the Board of November 6, 1951, and awards no damages therefor.

City of Boston, 153 square feet, nothing.

Louis A. Meyer, Margaret J. Meyer, 8 square feet, nothing.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Burton street, Brighton district, as a highway, from Bellamy street northeasterly, for a distance of approximately 225 feet, bounded and described as follows:

An extension of the highway named Burton street is hereby laid out, from Bellamy street northeasterly, for a distance of approximately two hundred and twenty-five feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by another part of Burton street (highway), forty feet; northwesterly by the northwesterly line of said extension of said Burton street

as hereby laid out, two hundred twenty-four and 33-100 feet; northeasterly by the northeasterly line of said extension of said Burton street as hereby laid out, forty feet, and southeasterly by the southeasterly line of said extension of said Burton street as hereby laid out, two hundred twenty-four and 33-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of said extension of Burton street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PROPOSALS FOR SEWERAGE WORKS IN HALLECK STREET, FROM PRENTISS STREET 500 FEET NORTHERLY, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Halleck street, from Prentiss street 500 feet northerly, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Halleck Street, from Prentiss Street 500 Feet Northerly, Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, NOVEMBER 29, 1951, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for new stage curtains, etc., in the Solomon Lewenberg School, Outlook road, Mattapan, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, November 26, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction.

MAYOR'S THANKSGIVING GREETINGS TO CITIZENS.

To all my fellow citizens of Boston I wish a happy Thanksgiving.

As we give thanks to God for all the benefits and blessings He has bestowed upon us, let us not forget to pray to Him that peace may descend on this troubled world.

JOHN B. HYNES, *Mayor.*

MAYOR JOHN B. HYNES ORDERS DANGEROUS AND MENACING CONDITION OF BROADWAY BRIDGE OVER NEW HAVEN RAILROAD REMEDIED IMMEDIATELY TO PREVENT POSSIBLE SERIOUS OR FATAL ACCIDENT—STEEL WORK IN THE FLOOR SYSTEM OF SOME BRIDGE SPANS WAS DETERIORATED TO A DANGEROUS EXTENT—CONTRACT AWARDED FOR REPAIRS.

The dangerous condition discovered on the Broadway Bridge over the New York, New Haven & Hartford Railroad over Fort Point Channel will soon be eliminated according to plans now being undertaken by the Commissioner of Public Works, George G. Hyland, and approved by Mayor John B. Hynes. It was discovered that steel work in the floor system of some of the bridge spans has become dangerous and a menace, and the Mayor has ordered that this be corrected as quickly as possible. This action was taken as the result of recommendations contained in a letter from Commissioner Hyland which reads as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, November 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In connection with a complaint recently received from the New York, New Haven & Hartford Railroad Company, relative to defective conditions of the steel work in the floor system of certain spans of the Broadway Bridge, which passes over its tracks, an inspection was made, and it was found that certain floor beams and stringers were deteriorated to a dangerous extent.

In the interest of safety, immediate repairs should be made, and, in order to

HOME BUILDING IN BOSTON ON INCREASE, ACCORDING TO RECORDS OF CONSTRUCTION APPLICATIONS FILED WITH THE BUILDING DEPARTMENT FOR THE FIRST NINE MONTHS OF 1951 AS COMPARED WITH CORRESPONDING PERIOD OF 1950 — 4,478 NEW FAMILY DWELLING UNITS APPLIED FOR AT A COST OF \$33,405,800 — MOST OF THIS HAS BEEN IN PUBLIC HOUSING WITH FEDERAL AND STATE AID.

Applications have been filed with the Building Department during the first nine months of 1951 for the construction of 4,478 new family dwelling units at a total cost of \$33,405,800. This information has been released by the Building Commissioner and filed with Mayor Hynes.

By way of comparison, for the corresponding period in 1950 there were applications for 1,264 units at a total cost of \$13,423,650. The bulk of the new construction for both years was for public housing.

More than 65 per cent of all new housing has been federal or state aided, under the control of the Boston Housing Authority.

The larger units being built are all Boston Housing Authority projects. Those where work already has begun on the superstructure are 375 units at Franklin Hill avenue, Dorchester, 200 at Whittier street, Roxbury, 274 at Washington and Beech streets, Roslindale, and 588 at the Mission Hill extension, Roxbury.

Building of one-family houses this year has fallen off in comparison with the first nine months of 1950. The 180 built this year compares with the 225 constructed last year. More two-family houses went up in 1951, however, than in 1950. Records show 157 built this year and only 24 built last year.

Three-family houses have fallen out of popularity, with some interest shown in four-unit buildings. No three-family houses were built in Boston for the first nine months of this year and only three for that period last year.

Twenty-four four-family dwellings were built this year and twenty-three last year.

The greatest amount of private construction — especially one- and two-family houses — has been in Hyde Park and West Roxbury.

In Hyde Park this year there were applications for 47 one-family houses and 126 two-family houses. In West Roxbury the applications for one-family houses numbered 79 and for two-family houses 3.

May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

ALBANY STREET GARAGE NEEDS CONSIDERABLE REPAIRS—IMMEDIATE ACTION TO ELIMINATE MENACE TO LIFE AND HEALTH ORDERED BY MAYOR HYNES—CON- CRETE FLOORS AND REINFORCED BEAMS DIS- INTEGRATING—EMER- GENCY COMPELS PROMPT, QUICK ACTION.

The Albany Street Garage of the Public Works Department is soon to undergo considerable repairs. This has been ordered by Mayor John B. Hynes, following information from Public Works Commissioner George Hyland as to the disintegration of the concrete floors and the reinforced beams that span the garage.

Action was taken after receipt of the following letter:

PUBLIC WORKS DEPARTMENT.

BOSTON, November 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the Albany Street Garage of the department we have encountered a condition that should be corrected immediately.

The condition is caused by the disintegration of the concrete floor slab of the second floor and of the reinforced concrete beams that span the garage. This disintegration has caused splitting and spalling of the underside of the concrete slab, with the result that sections of the concrete have fallen onto the first floor. Such a condition not only affects the structural condition of the floor slab, but it also presents a hazard to the safety of department employees assigned to the garage or who have occasion to use the garage in connection with their official duties. I consider the condition as one of an emergency nature that—as stated above—should be corrected immediately.

Under the circumstances, therefore, I requested a representative of the National Gunite Company, Inc., to conduct an inspection and determine what steps should be taken to remedy the above-described condition. I am in receipt of a proposal from the latter-referenced organization to the effect that the condition can be remedied by applying cement—by means of the so-called Gunite process—to the effected sections of the floor slab, the reinforced beams, and a concrete column which also is in poor condition. The contractor is of the opinion—in which I concur—that the only practical method of doing the work at this time is on a cost-plus or force-account basis, because it is difficult to determine the extent of the disintegration and the amount of concrete that will have to be removed and replaced by means of the Gunite process.

The contractor has agreed to furnish a crew of men and the necessary equipment and materials to do the necessary work at a rate of \$288 per working day of eight hours. The crew will consist of a superintendent, one nozzle-man, one gun-operator, and three general mechanics. The contractor will furnish a compressor, a cement gun, a mixer, a booster pump, chipping hammers, and whatever cement is necessary to correct existing conditions. We estimate that it will take approximately eight

working days to repair the sections of the concrete slab, concrete beam, and column that are in the weakest condition.

Because of the emergency nature of the work, and taking into consideration that the Gunite process is specialized work, it is my unqualified opinion that we should not, in the interests of safety, delay this work by attempting to obtain proposals as a result of publicly advertising for them; and, aside from this point, the price for which the contractor agrees to do the work is, in my opinion, reasonable.

I respectfully request, therefore, that you authorize the awarding of a contract, in the estimated amount of \$2,500, to the National Gunite Company, Inc., of 101 West Dedham street, Boston, for repairing disintegrated sections of the concrete floor slab of the second floor of the department garage at 624 Albany street, and also for repairing disintegrated sections of the reinforced concrete beams and columns; with the understanding that the work will be done at the above-referenced agreed price.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR ORDERS IMME- DIATE REPAIRS TO BROADWAY BRIDGE.

(Continued from page 1305.)

expedite the work with a minimum of delay, I respectfully request the authority of your Honor to dispense with publicly advertising for proposals and to enter into a contract on a cost-plus or force-account basis with the Industrial Welding Company of 488 Dorchester avenue, South Boston, for emergency repairs to certain steel work of the South Boston approach spans, Broadway Bridge, over Fort Point Channel, in an amount not to exceed \$3,000.

This maximum contract cost, which is based on an estimate made by the above-named contractor, will be sufficient—in our opinion—to correct and remedy the worst conditions. I consider that this work is of an emergency nature and, therefore, we could not—in the best interests of public safety—delay the repairs by attempting to obtain publicly advertised proposals. It is work, in our opinion, that can be done to the best advantage of the city on a force-account basis, and I have, therefore, made an agreement with the Industrial Welding Company to effect the necessary work, because the latter-referenced company is expert on this type of a contract.

The city will arrange separately with the railroad for whatever flagmen's services are required while the work is in progress.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, November 19, 1951.

To All Department Heads.

GENTLEMEN:

The Boston Municipal Research Bureau will hold its second annual Public Service Dinner on Tuesday evening, November 27, in the roof ballroom of the Parker House.

I am very much interested in having the city represented on this occasion, which I deem to be a tribute to the municipal service as a whole.

May I therefore urge that all department heads purchase tickets and attend this dinner. All of us who were present for last year's dinner enjoyed it very much and took great pride in the public recognition given to all of us through the medium of special awards to outstanding fellow employees.

Tickets for the dinner are \$5. They may be obtained from Michael T. Kelleher, Fire Commissioner, or John G. Pickett, Budget Department, City Hall.

Very truly yours,

JOHN B. HYNES,
Mayor.

THANKSGIVING DAY AT LONG ISLAND HOSPITAL.

Mayor Hynes announced the following program for patients at Long Island Hospital for Thanksgiving. The Catholic Mass was celebrated at 6 A.M. by the Reverend John B. Kinneen, Protestant Thanksgiving services were conducted by the Reverend Charles Peck, and Rabbi Benjamin Motsofsky offered prayers. Relatives and organizational groups visited and distributed gifts to the patients from 10 A.M. to 6 P.M. Entertainment also was furnished for the patients.

Commissioner John R. McGilivray announced the following menu served for the patients and employees:

TURKEY SOUP WITH RICE	
ROAST YOUNG TURKEY	
CHESTNUT DRESSING	
GIBLET GRAVY	
CRANBERRY SAUCE	
MASHED POTATOES	SWEET POTATOES

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the several heads of departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, November 6, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to Holmes and Edwards, architects, 126 State street, Boston, Mass., for full architectural services in connection with the proposed repairs to chapel, Long Island Hospital, Boston Harbor, Mass.

The estimated cost of the proposed repairs is \$10,000, and the architect will be paid a fee equal to 10 per cent of the actual total cost of this work.

In view of the professional nature of the services involved, it is felt that nothing would be gained by publicly advertising for bids.

Respectfully yours,

JOHN R. MCGILLIVRAY,

Commissioner.

LIBRARY DEPARTMENT.

BOSTON, November 6, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On August 29, 1951, the Trustees of the Public Library of the City of Boston entered into a contract with Walter Curley & Son, 21 King street, Roxbury, Mass., for repairs to arcade roof at the Central Library Building, Copley square, at a cost of \$3,413. Walter Curley & Son had been the lowest qualified bidder in the public bidding for this work.

Our engineers, Gilbert Small & Co., have informed us that, upon temporary removal by the contractor of the wood plank walkway on the arcade roof, it has been found that because of inadequate drainage provision the tar and gravel roof beneath had deteriorated greatly. This condition could not be known until repair work was actually underway, and should be remedied. It is our belief that the work to remedy this condition can be done more economically in connection with the present contract. The work called for is as follows:

Remove present plank decking to allow roofer to scratch the entire present roof down to solid bearing. Reroof with 4-ply 20-year tar and gravel roofing. Install four beehive strainers on the present drains from roof. Replace the present plank decking and fur the same from the tar and gravel roof with blocks of yellow pine impregnated under pressure with asphalt. This decking is to be cut in sections that can be handled easily and replaced in its proper position after the roofing work has been finished, using cleats to refasten sleepers.

All of the above stated work is necessary and essential to perform properly the aforesaid project. The total cost of doing the work will amount to a sum not in excess of \$3,240. The engineers have carefully examined the costs as submitted by Walter Curley & Son, and have had them checked by other sources, and have stated that the proposed total addition to the cost of the contract is reasonable and not excessive. The trustees have likewise examined the figure and believe it to be not excessive for the work in-

volved. In view of the foregoing, and since funds are available to do the said extra work, action has been taken by the Board to authorize amending the contract in an amount not in excess of \$3,240, without further advertising, subject to your Honor's approval.

Your permission is therefore respectfully requested to amend the contract with Walter Curley & Son to cover the cost of said additional work to the amount of \$3,240, without further public advertising, thereby making the total of the contract price the sum of \$6,683.

Respectfully,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER,
Clerk.

GILBERT SMALL & Co., Inc.,
10 State Street, Boston.

October 18, 1951.

The Trustees of the Boston Public Library,
Copley Square, Boston, Mass.
Subject: Repairs to Arcade Roof, Central
Library Building, Copley Square.

GENTLEMEN:

The contract for the above repairs, which consisted principally of replacing the old metal flashings with new copper flashings, was awarded to Walter Curley & Son.

When the wood walkways were removed, it was found that the present tar and gravel roof was in very poor condition, caused by the supports of the decking obstructing the flow of rain water to the outlets, and the roof must be replaced by a new one. Also, certain changes must be made to the wood deck when it is replaced in order to correct the condition of rain water drainage.

For this additional work, Walter Curley & Son submitted a proposal in the sum of \$3,240, and we recommend that their proposal be accepted.

Very truly yours,

GILBERT SMALL & Co., Inc.,
by THOMAS B. LYME.

PRINTING DEPARTMENT.

BOSTON, November 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's approval is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Moore Business Forms, Inc., 38 Chauncy street, Boston, for furnishing 75,000 continuous sets three-part lithographed preliminary payroll forms and 75,000 continuous sets two-part lithographed final payroll forms for the Auditing Department.

During the past several years bids have been secured from the various continuous form companies in the city for our payroll requirements, and in each instance the Moore Business Forms, Inc., has been the lowest bidder and has been awarded the contract.

The price quoted by this company for the present requirements is \$53.39 per thousand, f. o. b., Boston, for the three-part preliminary forms, and \$34.42 per thousand, for the two-part final forms, making a total of \$6,585.75.

Because these forms are run on tabulating machines with form fitting and detaching equipment purchased from the Moore Business Forms, Inc., it is essential that the ruling and spacing conform exactly to the machine set-up. The forms supplied in the last four years by this

concern have complied with this requirement. In the event of an award to another company there would be no certainty until the forms had been delivered and run on the machines that the spacing and alignment would be satisfactory.

In view of these circumstances, I feel it is for the best interests of the city to dispense with advertising and make the award to the Moore Business Forms, Inc., which has not only been the lowest bidder in the past years, but has also furnished a satisfactory product.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

SUPPLY DEPARTMENT.

BOSTON, November 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. HYNES:

The Fire Department has submitted a requisition for 300 canisters for All Service Gas Masks and 300 canisters for Chemox masks.

In the past, our experience has been that all vendors submitted identical prices and therefore it would appear that no advantage would be gained by publicly advertising for bids. Authority is requested to award a contract, without public advertisement, to American LaFrance-Foamite Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$3,870, less 2 per cent cash discount, for payment within thirty days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, November 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted requisitions to this office for the following:

Three hundred cartons tripads, 18 x 24, J. & J., or equal.

Three hundred twenty-five boxes bandage, 2-inch, 28 x 24, mesh, J. & J., or equal.

These items were included in existing contracts for surgical dressings but the above quantities are in excess of the amounts provided in the contracts. Inasmuch as all prices received on J. & J. products at the public opening of September 25, 1951, for surgical dressings were identical, authority is requested to dispense with publicly advertising for prices at this time and award contracts, without public advertisement, as follows:

Three hundred cartons tripads to Johnson & Johnson, manufacturer, at a total amount of \$4,668, less 2 per cent cash discount, date of payment.

Three hundred twenty-five boxes bandage, 2-inch, J. & J., or equal, to E. F. Mahady Company, at a total amount of \$1,820, less 2 per cent cash discount, date of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, November 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 23, 1951, your Honor granted permission to award contracts and orders to various concerns for furnish-

ing groceries and canned goods to the various city departments from November 1 to December 31, 1951. Permission to make these awards was requested on the basis of publicly opened bids on September 27, 1951. At that time, permission was requested to reject bids received on several items and purchase them in the open market.

Subsequently, C. Pappas & Co., Inc., quoted prices on some of these items. Inasmuch as the quality of merchandise previously furnished the City of Boston by this company has been most satisfactory, authority is requested to dispense with further advertising at this time and award a contract, without public advertisement, to C. Pappas & Co., Inc., for the items on which they submitted prices. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$8,766.80, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for the extension of the time of completion of the contract, approved September 25, 1951, with New England Waterproofing and Contracting Company for sealing exterior masonry walls at the Donald McKay School from November 15, 1951, to December 31, 1951. This extension was requested because of inclement weather.

Approval has been given for the extension of the time of completion of the contract, approved September 5, 1951, with Joseph P. O'Hearn for plumbing and gas work at the Dorchester High School for Boys from November 15, 1951, to December 31, 1951. This extension was requested because of delay in securing necessary material to complete work.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from July 16, 1951, to November 15, 1951, on the contract of James H. Ritchie & Associates for architectural and engineering services required in making a maintenance examination and report on the Medical Building, Boston City Hospital; said contract having been approved on June 1, 1951. This extension was necessary because of delays beyond the control of the architects, who were unable to satisfactorily complete their contract on July 16, 1951, as contemplated.

PARK DEPARTMENT.

F. C. Dolan & Sons, Inc., has been granted an extension of time until December 10, 1951, for the completion of the contract for constructing a park at Malden and Washington streets, Boston.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract, dated May 8, 1951, with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in H street, I street, K street, and Marine road from October 31, 1951, to June 30, 1952. This extension was requested for the reason that the contractor was delayed because necessary labor and materials were not readily available.

Approval has been given for the extension of the time of completion of the contract, approved August 8, 1950, with John McCourt Company, 910 Huntington avenue, Boston, for repairing with sheet asphalt the pavement in any street upon which there is no maintenance guaranty for the Water Division from October 31, 1951, to December 31, 1951. This extension was requested for the reason that the contractor had to await completion of public service corporation underground work. The repair work performed under this contract is done in conjunction with repair work for the public service corporations.

General Order No. 55.

I. RETURN TO DUTY FROM ARMED FORCES.

The following named, who was granted a leave of absence October 9, 1950, to serve in the United States Marine Corps, has been discharged from the Marine Corps and will return to duty in the department effective at 8 A.M., Wednesday, November 14, 1951:

Hoseman Donald R. Gummesson, Engine Company 45.

II. RETIREMENTS.

The following retirements, which became effective at 8 A.M., Wednesday, November 14, 1951, are hereby announced:

Temporary Supervisor of Construction James F. McMahon, Fire Alarm Division. Hoseman Hubert L. Mellyn, Engine Company 46.

Hoseman Charles L. McEachern, Tower Company 1.

Supervisor McMahon was appointed to the Fire Department September 16, 1912; Hoseman Mellyn was appointed May 31, 1929; Hoseman McEachern was appointed February 1, 1924. These men leave the department with the best wishes of their associates.

III. TRANSFER.

The following transfer will become effective at 8 A.M., Wednesday, November 21, 1951:

Military Substitute Raymond P. Owens, from Engine 45 to Engine 22 (in place of Richard J. Pero, in military service).

IV. A.D.T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the American District Telegraph Company in this department:

Signal 542, B. G. Davis, Inc., 8 St. Mary's street. (Sprinkler.) Apparatus to respond: Engine 37, Ladder 26, District Chief 8. Nearest box, 2319.

V. COMMENDATIONS.

Military Substitute Melvin F. Upton of Engine Company 25 is hereby commended for responding to and working at still alarm in the Atlantic Avenue Station of the Metropolitan Transit Authority on October 29, 1951, while off duty.

Hoseman John T. O'Halloran of Engine Company 36 is hereby commended for services performed during a fire at the Atlantic Avenue Station of the Metropolitan Transit Authority on October 29, 1951. While returning to the quarters of Engine 36 from Division Headquarters, upon entering the Atlantic Tunnel Station, he noticed considerable smoke issuing from the tunnel and found passengers leaving the station. He immediately sought out employees of the M.T.A., directed them to transmit an alarm to the Fire Department, and requested them to have the electric power to the third rail shut off and assist passengers to the street level. He then investigated and found a brisk fire burning in the wooden ties and rubbish in the roadbed some distance from the station. He used several fire extinguishers, confining the fire and holding it in check until the arrival of department apparatus.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 56.

• I. ANNUAL MEMORIAL MASS.

The annual Solemn Requiem High Mass will be celebrated for all deceased members of the Boston Fire and Protective Departments at 9 A.M., Saturday, November 24, 1951, at the Cathedral of the Holy Cross, Washington street, Boston.

The Most Reverend Archbishop Richard J. Cushing will preside at the Mass and preach the sermon. Monsignor Henry J. O'Connell, Boston Fire Department chaplain, will be celebrant.

All off-duty members of the fire force, and members of Headquarters, Fire Alarm Division, Fire Prevention Division, Maintenance Division, Electrical Inspection Division, Civil Defense, and Public Relations Division, and members of the Boston Protective Department are requested to attend the Memorial Mass. Members will march, in their respective units, from Engine 3 quarters to the Cathedral.

The Deputy Chief of Division I shall detail sixteen members, Division II sixteen members, Division III twenty-four members to the services. The uniform for officers and privates will include sack coat, white gloves.

All members participating shall report to Captain-Drillmaster Augustus J. Beaupre at 8.30 A.M., sharp, Saturday, November 24, at the quarters of Engine Company 3, 618 Harrison avenue, Boston. They will march from this point to the Cathedral of the Holy Cross. Deputy Chief James J. Kane, liaison officer to Chaplain O'Connell, will greet out-of-town officers attending the mass.

Many members of the fire service are enrolled on the list of heroic dead. Some have died in defense of country, others as a result of injuries incurred in the line of duty. Others have passed on after illness or the natural course of years. All of these we remember in this religious service as we ourselves may wish to be remembered some day

in years to come. The extent of the tribute and remembrance of our Fire Department dead in this instance rests squarely upon the department itself. By the response of members will be measured the depth of our respect for our departed fellow firemen. All persons or groups and all organizations should combine in this activity to make the attendance at this service as large as possible.

Families, relatives, and friends of members and former members are likewise cordially invited to attend this annual Memorial Mass.

At the conclusion of the services, members shall march from the Cathedral to Engine Company 3's quarters, where they will be dismissed.

The following members will serve as ushers at the memorial services at the Cathedral of the Holy Cross. They shall report to Operator Charles F. Connors at 8.30 A.M. at the Cathedral.

Lieut. John J. Mahoney, Engine Company 17.

Lieut. Walter T. Kelley, Engine Company 2.

Lieut. Walter L. Sullivan, Ladder Company 1.

Lieut. George E. Graney, Engine Company 1.

Aide-to-Deputy Wm. H. McClennan, Ladder Company 8.

Hoseman John E. Burwell, Civil Defense, Public Relations, and Public Information.

Hoseman Frank Mayo, Headquarters.

Hoseman Daniel T. McInness, Engine Company 4.

Ladderman William J. Lammers, Ladder Company 16.

James J. Galvin, Boston Protective Department.

Edward J. Gunn, Boston Protective Department.

Walter J. Kearney, Boston Protective Department.

All members of the band and color guard, whether on or off duty, shall report to Band Manager-District Chief James F. White at Engine Company 3 at 8.30 A.M. Members of the band and color guard working the day tour the 24th shall be excused until 12 noon.

The Superintendent of Maintenance shall arrange to deliver colors and rifles to the assembly point, Engine Company 3's quarters, and flag stand to the Holy Cross Cathedral.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

MUNICIPAL RESEARCH BUREAU GENEROUSLY PRAISED BY MAYOR JOHN B. HYNES FOR SECOND YEAR OF RECOGNITION OF CITY EMPLOYEES WHOSE SERVICES HAVE BEEN OUTSTANDING AND MERITORIOUS—DELIVERS ADDRESS AT PUBLIC SERVICE DINNER AT PARKER HOUSE—TAKES IT AS SOURCE OF PERSONAL PRIDE THAT HE IS MAYOR OF A CITY WHERE PEOPLE IN ALL RANKS AND BRANCHES OF CITY WORK MERIT SUCH SPECIAL PRAISE.

CONTRACTS FOR COLLECTION AND REMOVAL OF GARBAGE AND REFUSE FOR 1952 TO BE SAME AS IN 1951, WHEN CITY SAVED \$141,561—PLAN APPROVED BY MAYOR HYNES WILL RESULT IN GREATER SAVINGS FOR NEXT YEAR.

On November 23 the Mayor made public the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This is in reference to the important annual contracts for the collecting and removing of garbage and refuse.

On Friday, November 17, 1950, publicly advertised proposals were opened in connection with the awarding of contracts for the current calendar year for the collecting of refuse materials. Contracts were subsequently awarded on the basis of such proposals to the lowest eligible and responsible bidders, in a total

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For the past thirty years many studies have been made at various times concerning the problem affecting the disposal of garbage and refuse. All such studies

(Continued on page 1328.)

The following is the address of Mayor John B. Hynes on November 27 on the occasion of the awarding of Municipal Research Bureau citations to city employees for long, meritorious service:

Mr. Chairman, Honored Guests, Fellow Employees, Members of the Incoming City Council and School Committee, Department Heads and Officials, Supporters and Friends of the Research Bureau.

I am pleased to be part of this happy occasion. At a time when the shortcomings of individuals in the public service are the subject of almost daily headlines, rather unpleasant in their import, the decision to hold this Public Service Dinner, paying tribute to unsung but faithful and competent employees of the City of Boston—and through them to recognize the contribution of all who serve Boston well—is most encouraging. As so often is the case with generous undertakings, the Bureau's splendid example of civic action will be fruitful, I believe, beyond its fondest expectations.

I know that these recipients of your tribute would want me, as their fellow public servant, to express their thanks to you, both for themselves as individuals and for the whole body of employees of the City of Boston. Public recognition and praise from an organization such as yours, which is well equipped to judge and to criticize, is gratifying indeed to all of us in the municipal employ.

Other Deserving Public Servants.

The presentation of awards to people in the ranks was and is an excellent idea. I am going to suggest that there is another company of public servants, relatively few in number, perhaps, but great in importance, whose efforts are also likely to go unrecognized. These are the men and women who serve, without pay, and often at great sacrifice of time and energy, on numerous public boards and commissions. I refer to the members of the Park Commission, like Theodore C. Haffenreffer; members of the Recreation Board; of the Board of Overseers of the Public Welfare, whose chairman, Henry Foley, is a Bureau director; of the Board of Commissioners of Sinking Funds; of the Real Estate Commission, of which your Bill Keesler is a member; of the Board of Trustees of our Public Library; of the Trustees of our City Hospital; and a number of others. I trust that they, too, will feel that this Public Service Dinner also does honor to them and to the contributions they make to our city without compensation or personal reward.

I am not exchanging compliments, but merely stating what everyone knows, when I say that the public service—unselfish public service—has had no better exemplar than former State Legislator, former City Councilor, former member of the Recreation Board, and leading citizen of Boston—your own chairman, Henry L. Shattuck.

As I see it, the chief executive of Boston has three main tasks. These are: to help guide the city's basic physical and economic development; to try to master the fiscal problems that confront us; and to lead, direct, and supervise the personnel who work for the city.

MUNICIPAL RESEARCH BUREAU HONORS OUTSTANDING CITY EMPLOYEES AT BANQUET.

(Continued from page 1325.)

The first of these tasks—physical and economic development—is a formidable one in Boston. An article in the current *Atlantic Monthly*—an old Boston institution, like Mr. Haffenreffer's *Pickwick* ale—gives an outside expert's solemn view of the job of rehabilitation and redevelopment that looms before us in this decentralized community. To tackle this job the city will need the help and advice of many who are here. The Bureau has already made a notable contribution in the form of a proposal for reorganization and strengthening of the city's planning agency. The bill to accomplish these purposes was written upon the Bureau's recommendation, its drafting was the product of cooperation between the Bureau and city officials, and it was introduced to the recent session of the Legislature with my support. Because of its sweeping and complex nature it was referred to a recess commission, and you know what has happened to the recess! It vanished in the tail of the big wind. But I do intend to push this important legislation in 1952, and I hope the new councilors will add their prestige to its support.

The second problem, too, is always with us—finances. Here again, I refer you to the *Atlantic Monthly* for a reading of Robert Moses' letter to the Honorable Lazarus Joseph, Comptroller of the City of New York.

The editor has pointedly entitled the reprint "The Budget Must Go Up." So it must, unfortunately, and so must everything here in Boston, as in New York and just about everywhere else. How I would like to write an article for a future issue of the *Atlantic*, an article entitled "How They Brought the Budget Down in Boston." Only a dream, perhaps, but not an impossible dream. The Bureau will help me, in the next four years, I am sure, as it has in the past, by pointing ways to better management and sound economies.

BUREAU OF GREAT HELP.

On my desk now, and not far out of reach, is a very substantial and solid piece of investigation and analysis into the management of the city's automotive equipment, prepared by the Bureau at my own instance. Your staff has not only made numerous sound and realistic recommendations, but has since been sitting down with the officials involved in order to thrash out and settle upon steps for action. Your boys not only gave my department heads some thinking to do, but left me a few chores also. They suggested, for example, that we try something new—that I appoint an Interdepartmental Committee on Automotive Equipment in order to promote better management techniques applicable to all departments. I think it's a good idea, and I'm going to give it a personal push. Other suggestions in the Bureau report that should mean money savings and better control include programs of preventive maintenance, the use and duties of chauffeurs, and clear-cut identification of vehicles now unmarked.

The third major problem is to try to be the good coach, the good leader who gets the most out of his team. Occasions like

this, I can assure you, do immeasurable good in boosting the team morale of our city.

The personnel problem is no simple one. Of our total operating expenditures about half goes for salaries and wages. In some departments, like School, Fire, and Police, personnel costs account for 80 and even 90 per cent of the budget. With approximately 23,000 employees on the payrolls of the City, County, and School departments, we are the city's largest employer, by far. Five single departments have over 1,000 workers each: School, Police, Fire, Hospital, and Public Works. The range of activities of the city government is beyond simple description, and the occupations and skills of this mass of workers defies easy enumeration. Tonight's awards give some hint both of the city's diverse operations and of the specialized types of competence that these operations increasingly involve.

I am proud to say that during my abbreviated administration, ending next month, we have taken a long step forward in improving the management of the city's personnel. The personnel classification and pay plan devised for the city by a nationally-known management consulting firm has been carefully analyzed and described in a recent Bureau bulletin. If you have read that bulletin, as I trust you have, you know that this survey covers some 10,300 positions; that the classification plan proposes to end a chaotic, illogical, and often inequitable personnel situation by substituting science and system for mystery and muddle, for politics and for pull, and that it proposes to install, for the first time, a simple, understandable, and logical plan for ensuring the principle of equal pay for equal work. Equally important, the new system will make possible much more effective control over personnel matters and will remove many of the questions and quarrels which now hamper the efforts of the City Council, the budget authorities, department heads, and the chief executive.

OTHER STEPS PLANNED.

Other steps can and will be undertaken. I know that the new Council will cooperate with me in efforts to improve the effectiveness of our personnel administration, to promote badly-needed programs of in-service training and all the other phases that make up a progressive personnel system.

Since this occasion emphasizes raising of personnel standards, it seems appropriate to add that for the post of Mayor, at least, the attainment of the job gets more difficult all the time. I had to run, and run hard, for it two years ago—and for only half the normal term. Then, for the four-year term, beginning in January, I had to run not so hard perhaps, but twice in one season. Understandably, I am still a little out of breath but, I promise you, not out of zeal for the tasks that lie ahead.

It is a source of pride to be Mayor of this great old city. I am prouder still when the work of the Committee on Research Bureau Awards turns up not a mere few, but dozens and scores of names of people in all ranks and branches of the city's service whose conscientious labors merit special praise. In the main, our employees are good public servants.

I want you to know that I am proud, too, of the respect and confidence of the man in the street, of the leaders of our business, professional, and civic life, and of the people with whom I serve as a

fellow employee. This dinner has, in a sense, made me, too, a recipient of a Public Service Award. For myself, and for these others whom you have honored, I assure you we will strive to be worthy of that confidence.

BOSTON HONORS CITY EMPLOYEES FOR OUTSTANDING PUBLIC SERVICE—MUNICIPAL RESEARCH BUREAU PRESENTS CITATIONS AT ANNUAL DINNER.

At the second annual dinner at which Boston employees were honored by the Municipal Research Bureau for meritorious and conspicuous service citations were distributed to six outstanding employees, and ten others were given honorable mention. The dinner was held at the Parker House with Mayor Hynes delivering the principal address.

Those who received citations with wordings were as follows:

WILLIAM E. CONNORS—Deputy Supervisor of Bridges, Public Works Department.

Rising from the rank of rodman to his present position as Deputy Supervisor of Bridges, he is completing thirty-five years of service in the Public Works Department. During much of that time he was charged with supervisory duties, although compensated at the rate of a subordinate position. He is responsible for guarding the safety of public travel over and under the hundred-odd bridges that span railroad tracks, rivers, channels, and inlets. Ever prompt in responding to emergencies and resourceful in the organization and use of men, materials, and equipment, it can be said of him that neither snow, nor rain, nor heat, nor gloom of night can stay this faithful servant from completion of his appointed tasks.

AGNES R. O'BRIEN—Secretary-Stenographer, Budget Department.

She has spent all but four of her twenty-five years in the city service in the increasingly important Budget Department. Through diligent application she has acquired a thorough and accurate knowledge of budgetary practices. In an agency that was understaffed in its early years she cheerfully bore an unusual burden. Her industry and readiness to serve makes her a worthy representative of a large company of women whose competent, loyal, and quiet service to top executives is too little recognized by the public at large.

MARION E. LAMB—Principal Bacteriologist, Boston City Hospital.

Entering the service of the City Hospital as a young high school graduate in 1913 she quickly became, by dint of exceptional intelligence, industry, and skill, the valued aide of the renowned pathologist, Dr. Frank B. Mallory, and has for many years been top technician in the hospital's bacteriological laboratories. While carrying a heavy load of regular work and responsibility in a unit that examines some forty thousand specimens every year, she has spent her energies generously in the training of others. Bacteriologists and technicians in major laboratories the country over acknowledge her as teacher and friend. An outstanding authority in her own

right, she shares in the world-wide fame of Boston's Mallory Institute of Pathology.

ARTHUR W. HEINTZELMAN—*Keeper of Prints, Library Department.*

Keeper of Prints of the distinguished Albert H. Wiggin collection, he has brought national and international prestige to the Library and to the city. He was recently invited by the French Government to arrange for an important exchange exhibition of French prints to be shown in the United States in 1952. Renowned as an etcher, his artistic achievement is represented in the collections of the Metropolitan Museum of Art in New York, the Library of Congress and the Corcoran Gallery of Art in Washington, the British Museum in London, and the Bibliotheque Nationale in Paris. He has just been accorded the honor of a "one-man-show" at the Boston Museum of Fine Arts. As an adviser to the student, critic to the collector, and interpreter to the layman he has made the Print Department of the Boston Public Library a vital force in the art life of the city.

HOWARD L. LANDERS—*Leading Machinist, Fire Department.*

Supervising the assembly, servicing, and repair of the intricate alarm mechanisms which alert our fire fighting forces into action is his grave responsibility. Confronted regularly with exacting and urgent problems he has disregarded personal convenience and normal working schedules in their solution. Where others would have yielded to uncontrollable circumstances, his persistence and ingenious improvisations have often saved the day. For nearly twenty years his conscientious devotion to duty and his exceptional competence have won this civilian employee the respect of the whole fire fighting establishment.

FRANK T. DONOVAN—*Custodian, Fairview Cemetery, Park Department.*

Superintendent of our largest municipal cemetery, in which 80,000 persons are interred, his able management is reflected in the ever-fresh beauty of Fairview and in the orderly keeping of its records and business affairs. Following in the footsteps of his father, for many years custodian of Mount Hope Cemetery, it was his never failing custom to meet every funeral procession that came to Fairview Cemetery and to comfort the bereaved. Particularly in the days when no clergyman attended burials, he officiated at the graves and led prayers proper to the faith of the deceased. Upon the date of his retirement in January next his service to the city will have reached the truly grand total of fifty-one years, nine months.

Honorable mention awards were received by:

Elisha N. Brady of Jamaica Plain, clerk in the Auditing Department; Jeremiah A. Coakley of Brighton, chief clerk in the Assessing Department; William F. Conway of Dorchester, chief draftsman in the Street Laying-Out Department; William P. Costello of South Boston, settlement examiner of the Institution Department; Philip T. Desmond of Dorchester, chief traffic engineer for the Traffic Commission; Charles B. McMackin of East Boston, structural engineer in the School Department; Sally E. Regan of Brighton, clerk-typist

for the Board of Appeal; Edward J. Ryan of Hyde Park, clerk in the Supply Department; Anna M. Pfeiffer of Jamaica Plain, monotype keyboard operator in the Printing Department; Ethel M. Wall of West Roxbury, social worker in the Public Welfare Department.

MAYOR APPROVES PLANS FOR NEW INCINERATOR.

(Continued from page 1325.)

have unanimously resulted in a recommendation that the city resort to incineration as the most modern, sanitary, and economical system for disposing of these waste materials. The most recent study was completed by an eminent firm of consulting engineers in June of this year, and, as in the case of the previous studies, incineration was recommended for the disposal of garbage and refuse.

Under the circumstances, therefore, it is my unqualified opinion that we should make every effort to construct a 750-ton incinerator, as soon as possible, in the Southampton street section, in order to provide for the sanitary and economical disposal of the garbage and refuse materials now included in the so-called Coleman disposal contract. At the present time the material collected in the area included in the latter contract is hauled to Spectacle Island, at great expense, and also to the so-called Calf Pasture dumping area. The latter-referenced area, however, is becoming filled very rapidly, and I do not believe that we shall have sufficient dumping space for the entire year of 1952. In fact, we are now using a city-owned area as a dump because the Edison land is unavailable, due to the construction of the housing project, and the land owned by the Boston Consolidated Gas Company is almost entirely filled. It is most essential from every point of view that steps be taken to start construction of the 750-ton incinerator, in order that it will be ready for operation, if possible, by the spring of 1953, and not later than July 1 of that year.

Therefore, I feel that we should proceed with the selection of a site for the incinerator and with the design of the plant, in order that the necessary construction plans and specifications can be completed in time to permit advertising for proposals for the construction of the incinerator next spring, and not later than May 1, if possible. We have tentatively selected an area of land located on Southampton street on property of the New York, New Haven and Hartford Railroad. The site is zoned for unrestricted development and is ideally located for an incinerator because it is far removed from any residential property and is located on a main highway, readily accessible from all areas now included in the current disposal contract. It is located adjacent to the site upon which a large market development is to be constructed by the Massachusetts Market Authority. Incidentally, we are working closely with members of said Authority, in order to make certain that the location of the incinerator will not in any way interfere with their proposed development.

I have received the tentative approval of the State Department of Public Health and the Federal Department of Agriculture to the construction of an incinerator on the site that we have selected. In addition, Health Commissioner John H. Cauley has, in the interests of public health, given his whole-hearted endorsement to the construction of an incinerator to replace the present outmoded method

of disposing of garbage and refuse at Spectacle Island and at the Calf Pasture area.

In view of the circumstances, it is my unqualified opinion that immediate steps should be taken to award a contract to a consulting engineer for the complete design of the proposed incinerator. I have therefore selected the consulting engineering firm of Metcalf & Eddy, 20 Providence street, Boston, as the designing engineer. The latter-referenced firm has an international reputation and is exceptionally qualified and expert on the design of incinerators. This firm enjoys an excellent reputation in the profession and is recognized for its integrity and experience in the consulting engineering field, with particular reference to incinerator design.

I have made arrangements with the consulting engineer whereby the complete design, including preparation of construction plans and specifications, supervision of construction, and the checking of shop and working drawings during construction, as well as related activities, will be undertaken on a basis of 6 per cent of the construction costs, with the understanding that in no event will the fee for the above-referenced services exceed \$145,000, regardless of the actual cost of construction of the complete facility.

In my opinion, no advantage would accrue to the city by publicly advertising for proposals for the consulting engineering services, as a contract of this kind is one of the few that should not be subject to competitive bidding. While cost is a factor, the integrity of the firm selected and the experience of the particular firm are of far more importance to a municipality than the amount of the fee. In this particular case I have selected the firm of Metcalf & Eddy because, as stated hereinbefore, it is a firm of high integrity, long experienced in the design of incinerators, and is probably one of the best qualified firms of consulting engineers in this country. In addition, the fee for which the engineer has agreed to do the work is reasonable and, in my opinion, compares favorably with the fees charged for comparable services to other municipalities in this area.

In view of the circumstances, therefore, I respectfully request your approval to the award of a contract, without publicly advertising for proposals, to the engineering firm of Metcalf & Eddy, 20 Providence street, Boston, for the design of a refuse incinerator, in accordance with the provisions of the contract document that has been prepared in connection with the award of this contract, and with the express understanding that the fee for services will not be in excess of \$145,000, exclusive of the cost of additional services furnished or extra work that the engineer might be required to do in accordance with the provisions of Article XI of the contract.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be fifteen (15) days, vehicles are excluded from the following street, effective November 26, 1951:

Hammett Street, Roxbury.
 From Grinnell street to Sarsfield street.

CITY OF BOSTON EMPLOYEES CREDIT UNION ISSUES NEW RULING ON PURCHASES OF SHARES.

The City of Boston Employees Credit Union has issued the following notice:

November 26, 1951.

To the Heads of City and County Departments:

At a meeting held on Tuesday, November 20, the Board of Directors voted to terminate on Friday, November 30, the sale to members of two shares in each month which has been in effect since the 14th day of last June. This action was taken because of the fact that at the present time the Credit Union has sufficient funds on hand for its needs in connection with applications for loans.

On the other hand, however, in accordance with an authorization of the Board, eligible employees of the city and County of Suffolk who wish to become members of the Credit Union for the purpose of borrowing funds, may purchase one share, as heretofore. Under these conditions shares will be on sale at the Credit Union office until further notice.

The Board is appreciative of your courtesy on previous occasions when, at its request, you transmitted to the employees of your departments information concerning the Credit Union. On behalf of the Board, I respectfully ask that you bring this notice to the attention of your employees.

Very truly yours,

JOHN J. CONNOLLY, Clerk.

WARREN BRIDGE CLOSED FOR REPAIRS.

Commissioner George G. Hyland of the Public Works Department closed the Warren Bridge, over the Charles River, to water-borne traffic from 8 o'clock Tuesday morning, November 27, to 4.30 o'clock Wednesday afternoon, November 28, in order to complete repairs to the under structure of the bridge. Highway traffic and pedestrian use of the bridge was not hampered while this work was in progress.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 28, 1949, as amended, determining damages caused by the making of the public improvement, consisting of the laying out of Como road, under the order of November 29, 1949, and the laying out of Vallaro road, formerly Stark avenue, under the order of October 28, 1949, be, and the same hereby is, amended, by adding to said order the amount \$1,485 as an award to Agnese Marapoti; that the amount \$1,485 be, and the same hereby is, awarded to Agnese Marapoti for the damages so sustained.

PARKING METERS.

An additional 3,000 parking meters being installed in the Back Bay and downtown sections of Boston will bring the total number of parking meters in service to 8,000. Of the 189,186 notices of parking violations reported by officers of the Traffic Division, 44,141 were for infractions of parking meter regulations.

MAYOR APPROVES GARBAGE AND REFUSE CONTRACTS FOR 1952.

(Continued from page 1325.)

amount that was \$141,561 less than the cost of similar contracts awarded by the previous administration for the calendar year of 1950.

Recently, I have been making arrangements to publicly advertise for proposals for the contracts for 1952. One week ago, however, some of the present contractors approached me and felt that we might make more mutually advantageous arrangements through negotiations rather than by publicly advertising for proposals. I informed them that I would be interested only if they would agree to accept contracts for this important service in 1952 at the same monthly rate in effect in the current contracts. I also informed them that I would defer advertising for bids for one week in order to give them time to think over my proposal and give me their answer.

Prior to my first discussing this matter with the contractors, I talked with the union delegate representing the contractors' employees, and he informed me that the men were looking for a substantial increase in the current hourly rate of pay of \$1.50, and they also wanted to be paid for three holidays in addition to those holidays included in the current union agreement with the collection contractors. We estimate that a 10 cent an hour increase in the wages of the contractors' helpers and chauffeurs costs between \$80,000 and \$90,000, and, therefore, any so-called substantial increase would result in a major increase in the contract costs, which normally would be reflected in the proposals submitted to the city by contractors bidding on this work.

In addition to the impending increase in the hourly rates paid to chauffeurs and helpers, it is reasonable to assume that rising costs will also affect materials, equipment, and supplies used by contractors on this work in the next years.

In view of the circumstances, therefore, I did not feel that it would be possible for the present contractors to agree to perform this work in 1952 at the prices that prevail in their current contracts. However, I was agreeably surprised when all of the contractors agreed—at a meeting that was held in this office yesterday—not only to accept contracts for 1952 at the current monthly rates, but they also agreed, at my suggestion, to permit the city, at its option, to extend the 1952 contracts from January 1, 1953, to March 31, 1953. I was desirous of having the privilege of extending the contracts to the latter-referenced date in order to have the term of the contracts run from April to March thereafter, thereby insuring compliance with the provisions of chapter 182 of the Acts of the current year, which require the contracting of work from January 1 until the passage of the budget to be done upon like or more favorable terms than similar contracts in effect in the previous year. While, strictly speaking, the proposed new contracts cover only the calendar year of 1952, they are in effect for a period of fifteen months because of the above-referenced option.

As stated hereinbefore, it is reasonable to assume that labor costs and all other costs in connection with the performing of this important service will rise in the next twelve months, and, therefore, it is

my unqualified opinion that the awarding of contracts which will cover not only the calendar year of 1952, but the first three months of 1953, is economically sound and good business for the city, particularly when the awards are to be made on the basis of current prices which were obtained as the result of publicly advertising for proposals in November of last year. Any increase in cost for labor or supplies must be assumed by the contractors and cannot be reflected in the contract prices to the city, because the prices are firm and cannot be increased under any conditions.

While I have a natural aversion to the negotiating of contracts—particularly when the amount involved is as substantial as it is in this instance—I believe sincerely that we are justified in deviating from such a policy at this time, in view of the very satisfactory negotiations that I have completed with the contractors. The work of these contractors has always been of the highest quality, and, for a city as large as Boston, we receive a relatively small number of complaints concerning the garbage and refuse service rendered by these contractors.

To summarize:

1. Contractors have agreed to do the work in 1952 and for the first three months of 1953 at the prices that prevail in their present contracts.

2. These prices were obtained in November of 1950 as the result of publicly advertising for bids.

3. Due to unsettled times, it is reasonable to assume that the cost of labor, supplies, and materials will increase in the next twelve to fifteen months. In general, therefore, if the city can "hold the line" and maintain current prices for an extended period of fifteen months, it should do so.

4. Any increase in costs will have to be assumed in their entirety by the contractors and cannot be passed back to the city, which was the usual policy heretofore, particularly in connection with increases granted to labor.

5. The contractors are in a more favorable position than the city to negotiate with union representatives concerning wage increases.

6. The work of the current contractors has been most satisfactory.

7. It is my opinion that the cost of negotiated contracts for the fifteen-month period will be less than the cost of similar contracts that might be awarded to the lowest eligible bidders on the basis of publicly advertised proposals. I take such a position in this instance in view of the very favorable arrangements that have been made with the current contractors and recognizing that negotiating contracts is a reversal of my usual policy.

In view of the circumstances, therefore, I recommend that contracts, without publicly advertising for proposals and for reasons contained herein, be awarded to the following-named contractors, in the districts designated and at the agreed unit prices per month; with the understanding that the contracts are to commence on January 1, 1952, and are subject to the provisions of Item 1—and Article 16 of the contract document governing the term of said contracts; and with the further stipulation that the city may—at its option—extend these contracts, at the same unit prices, from January 1, 1953, to March 31, 1953:

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

(Statement from Mayor John B. Hynes.)
November 28, 1951.

I am convinced that Public Works Commissioner Hyland has achieved a substantial saving for the city by negotiating the ash and refuse removal contracts for 1952 at the same prices that were paid this year.

Ordinarily, both Commissioner Hyland and I believe that contracts of this nature should be awarded only on the basis of competitive bids. In this instance, however, we feel that the prices quoted would be higher if bids were sought than those we are able to get through negotiation.

Before recommending to me that the contracts be renewed for 1952 at the 1951 prices, Commissioner Hyland conferred with members of the Boston Finance Commission. After considering all the factors

involved, they agreed that this was the soundest course for the city to follow.

Until now it has appeared that it would be necessary for the city to expend a larger amount next year for the removal of rubbish and refuse than was paid this year.

The various contractors who perform this work for the city are confronted with demands for a wage increase. On September 1 the State Public Utilities Department also approved a higher minimum schedule of payments for the rental of trucks.

Since all the indications are that it will cost the contractors more money to perform this work in 1952, it seems to me that the agreement which Commissioner Hyland has reached with the contractors is advantageous to the city in every way.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

FIRE ALARM DIVISION SALARIES.

The Mayor has approved the request contained in the following letter:

BOSTON, November 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.
YOUR HONOR:

I am enclosing herewith an exhibit prepared by Boston Local 718, International Association of Fire Fighters, A. F. of L., with reference to the Fire Alarm Division in the Boston Fire Department. The purpose is to have the Fire Alarm Division receive the same compensation as the uniformed force. The reasons are as follows:

a. The Fire Alarm Division waived the application of chapter 653 of the Acts of 1950 which provided a 40-hour work week for municipal employees. The waiver of this chapter by the Fire Alarm Division was the voluntary acceptance of a 48-hour work week as provided by chapter 413 of the Acts of 1945, the same as that which applies to the uniformed force. (I believe that this was a tremendously effective and beneficial action for the administration.)

b. It is my understanding that the men affected had reason to believe that because of their decision they would receive comparative and concurrent monetary benefits, the same as the uniformed force. (The previous administration established the compensation for the Fire Alarm Division in line with the uniformed force.)

The pay increase which your administration has approved and granted to the uniformed fire force to become effective on November 28, 1951, should be awarded to the Fire Alarm Division, in my opinion. (This matter has been discussed with the Budget Commissioner, Mr. John A. Sullivan, in the presence of almost the entire personnel of the Fire Alarm Division.) The men agreed that favorable action will remove all but nine (9) employees from the reclassification plan. The latter group cannot be rated with any comparable group of uniformed men.

These exclusions would comprise:

- 1 Auto Mechanic.
- 2 Battery-men.
- 2 Clerk-Stenographers.
- 1 Laborer.
- 1 Laborer-Gardener.
- 1 Engineering Draftsman.
- 1 Storekeeper and Property Clerk.

Commissioner Sullivan agreed that this plan is sound and favorable to the interests of the City of Boston. He estimated that the cost for 1951 would be approximately \$2,000. Commissioner Sullivan is further of the opinion that the operation of this plan in the future will result in a net saving of dollars as

compared to participation in the increment of the reclassification plan and the application of the 40-hour week.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Shipman Machine Company for repair of steam engines at Boston Trade High School, from September 4, 1951, to November 30, 1951. This extension was requested because of a delay in securing necessary parts to complete work.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from October 12, 1951, to December 31, 1951, on the contract of Crotty Brothers, Inc., for investigation and survey of entire food service program, Boston City Hospital. This extension was necessary because, due to circumstances beyond the control of the contractor, he was unable to complete his contract as planned.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with J. D'Amico, Inc., 49 Ellison avenue, Dorchester, for laying bituminous concrete pavement in Joyce road, New-acre road, Pinewood street, Roseglan road, and Summer street, from October 31, 1951, to November 20, 1951. This extension was requested for the reason that the contractor was delayed in the construction work because of the necessity of relocating Edison poles.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for bituminous concrete and sheet asphalt pavements in Claymont terrace, Oakman street, Queen street, and Westmoreland street, dated September 24, 1951:

In Oakman street, omit the following work: approximately 325 cubic yards of earth excavation (Item 4a) at \$1 per cubic yard; approximately 5 cubic yards of rock excavation (Item 4c) at \$10 per cubic yard; approximately 200 tons of bank gravel (Item 4d) at \$1.25 per ton; approximately 50 tons of stone dust (Item 4e2) at \$2.50 per ton; approximately 140 tons of bituminous concrete base (Item 10) at \$7.50 per ton, and substitute the following work: approximately 200 square yards of existing

CIVIL SERVICE EXAMINATION.

PUBLIC BOATING MANAGER, BOSTON PARK DEPARTMENT, JANUARY 26, 1952.

Last date for filing applications, Monday, January 7, 1952.

Salary: \$61.45 a week.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To have direct charge of the public sailing program on the Charles River Basin and to control and supervise all activities on the landing and sailing areas; to teach sailing to approximately one thousand boys and girls each summer, in a form quickly absorbed by public participants, and to instruct subordinate staff members in methods of giving such instructions; to outline rules and procedures in order to make a public sailing program safe, harmonious, and efficient, and to supervise the staff of paid or voluntary participants in such a manner as to assure absolute compliance with the rules and procedures during times of calm or emergency; to see that all boats and their gear are in good working condition and safe against any contingency which may arise due to the ineptitude of participants or due to the weather, and to ascertain that boats are not placed in charge of participants not qualified to handle them; to anticipate weather conditions on the sailing area and to interpret the effect of present or expected weather on helmsmen of varying degrees of experience; to protect the fleet and participants during heavy weather by correct and decisive action; to be responsible for money collected in cases where fees are charged to adults or to children; to repair and build boats during the wintertime and to instruct groups of youngsters in the building and repairing of boats; and to perform related work as required.

Examples of Duties: Enforcing appropriate measures during stormy weather or where winds strike suddenly in order to insure the safety of the fleet; organizing paid or voluntary assistants, requisitioning nearby boats and proceeding to render appropriate aid to boats most in need during an emergency; instructing boys inept at learning sailing or non-co-operative towards the sailing program and its many problems and handling such types with inspiring and effective confidence; requisitioning required materials for repairing and building boats and organizing the repair work and construction in an efficient manner; conducting swimming tests; safeguarding personal property left ashore; answering questions from persons seeking information concerning the program.

An understanding of the problems of younger and older persons and the relationships between them as participants in a sailing program, with the ability to gain their cooperation, is necessary, as well as the ability to control all activities in a friendly manner but with vigorous authority.

During the summer months, Sunday and holiday work is included, and the program continues until one hour after sunset each day. During the winter months, evening work is included.

Entrance Requirements: Applicants must have had (a) at least six months or two seasons of paid experience in direct charge of a sailing program which was available to the general public with

or without cost and which included preliminary sailing instruction as an established part of the program and actual direction of the sailboats and the activities of the participants at the boat landing of the project, and must have had (b) at least three months or one season of paid experience as an instructor in boatbuilding or allied manual arts. **Substitution:** One year or four seasons of paid experience as a subordinate sailing supervisor with full responsibility during the absences of the sailing director in a sailing program as described under (a) may be substituted for the required (a) experience.

Possession of a current Red Cross first-aid certificate and a certificate (Red Cross, Y.M.C.A., or intercollegiate) as an instructor in life saving and water safety is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF SCHOOL BUILDINGS.

TO WIRE GRILL CONTRACTORS.

INVITATION FOR PROPOSALS FOR ERECTING WIRE GRILLS ON THE BRIGHTON HIGH SCHOOL GARAGE, WARREN STREET, BRIGHTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for erecting wire grills on the Brighton High School garage, Warren street, Brighton, Mass.

Proposals will be received until 12 o'clock noon, Monday, December 10, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow in the following Snow Areas: Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13, and in other areas within the City Corporate Limits. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of FIVE THOUSAND (5,000) DOLLARS FOR EACH AREA, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removing Snow" (ALL BIDDERS SUBMITTING PROPOSALS IN AREAS 1 TO 9 ARE REQUIRED TO SUBMIT EVIDENCE OF OWNERSHIP OF AT LEAST TWO MECHANICAL SNOW LOADERS OF APPROVED TYPE AS PROPOSED IN THE CONTRACT FORM), and left at Room 508, fifth floor, City Hall Annex, before 12 M. OF FRIDAY, DECEMBER 7, 1951, with a certified check for TWO HUNDRED (200) DOLLARS FOR EACH AREA, OR TWENTY-SIX HUNDRED (2,600) DOLLARS FOR ALL THE AREAS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 48

SATURDAY, DECEMBER 8, 1951.

No. 49

MAYOR JOHN B. HYNES, THROUGH LAW DEPARTMENT, HAS SUBMITTED FOR CONSIDERATION BY THE INCOMING LEGISLATURE 20 MEASURES SEEKING TO IMPROVE THE ADMINISTRATION OF THE CITY OF BOSTON—WOULD RELINQUISH CARE AND CONTROL OF DEER ISLAND HOUSE OF CORRECTION—REORGANIZATION OF EXECUTIVE DEPARTMENTS AND ADMINISTRATIVE BOARDS.

MOTOR PARK, INC., GRANTED A FURTHER EXTENSION OF TIME TO UNDERTAKE CONSTRUCTION OF COMMON UNDERGROUND GARAGE—MAYOR HYNES ALLOWS EXTENSION OF SIX MONTHS FROM NOVEMBER 30 AS REQUESTED.

The following communication has been received at the office of the Mayor:

Brickley, Sears & Cole,
1 Federal Street, Boston,
November 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As you know, the previous extension granted by you to Motor Park, Inc., in connection with the garage under Boston Common, expires November 30, 1951. Since the granting of the last extension, as has been made known to you, a great deal of work has been done and progress accomplished—progress which we believe

REPORT OF DR. FREDERICK J. GILLIS, ASSISTANT SUPERINTENDENT, ON ATTENDANCE AT THIRTY-SEVENTH ANNUAL CONVENTION OF NATIONAL LEAGUE TO PROMOTE SCHOOL ATTENDANCE, HELD IN WICHITA, KANSAS, OCTOBER 15 TO 18, INCLUSIVE.

The following is the report of Dr. Frederick J. Gillis, Assistant Superintendent of Boston schools, on attendance at the thirty-seventh annual convention of the National League to Promote School Attendance, held in Wichita, Kansas, October 15 to 18, 1951:

The theme of the convention was "Mobilizing Children for Healthy Personality Development."

(Continued on page 1344.)

Through the Law Department, Mayor John B. Hynes has caused to be filed with the General Court a total of 20 measures aimed at improving the control and management of the affairs of the City of Boston. One of the most important of these would transfer custody and control of the Deer Island House of Correction from the Boston Penal Institutions Department to the Sheriff of Suffolk County, who also runs the Charles Street Jail.

The Mayor also asks the 1952 Legislature to authorize the appointment of alternates for each of the 12 members of the Board of Zoning Adjustment, to expedite public hearings on zoning changes. Members of the board are unpaid.

Another bill would increase the number of assistant city registrars from two to three. By another bill the Fire Commissioner would be absolved of responsibility for overhead wires which cannot be placed underground because of material shortages. In all, there are 20 measures, which read as follows:

A bill relative to reorganization of executive departments and administrative boards in the City of Boston.

The administrative survey conducted by the Finance Commission of Boston under chapter 261 of the Acts of 1948 called to attention that while the Mayor is solely responsible for the administration of the city and the City Council is prohibited from interfering in such administration, yet the Mayor is unable to reorganize the administrative setup by rearranging departments and divisions thereof—a power which the President of the United States has had with respect to federal agencies since the Federal Reorganization Act of 1945. The proposed bill would enable the Mayor by executive order, as well as the City Council and Mayor by ordinance, to reorganize the executive departments and administrative boards of the city so far as existing governmental functions are concerned; but the creation of new governmental functions would be limited to an ordinance passed by the City Council and approved by the Mayor.

A bill relative to the care, control, and maintenance of certain public highway bridges connecting one municipality with another.

If any highway should be a state highway and paid for from the highway fund it would seem obvious that it should be bridges connecting one municipality with another. Generally speaking, bridges of this type today which are not state highways are maintained at the joint expense of the connected municipalities. It not infrequently happens that one of the municipalities defaults in its obligation. This gives rise to unwanted hostility between adjoining communities. To rectify this situation the proposed bill would make all highway bridges connecting one municipality with another state highways under the control of the State Department of Public Works.

Old Age Benefits.

A bill extending to certain aliens the benefits of the Old Age Assistance law, so called.

Aliens in need of relief and support are today not eligible under state law for Old Age Assistance, with the result that the cost of the General Relief furnished them must be borne entirely by the municipalities without contribution from the state and federal governments. Generally

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of

public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 112 Southampton street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information

regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 115 Southampton street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR HYNES HAS LAW DEPARTMENT PREPARE 20 BILLS TO BE PRESENTED TO LEGISLATURE.

(Continued from page 181.)

speaking, the federal government contributes 50 per cent and the state 33 per cent of the expense of Old Age Assistance. The purpose of this bill is to render aliens eligible for Old Age Assistance, so that the municipalities may get the benefit of the federal and state contributions just mentioned.

A bill providing for the payment by municipalities of increased sums for the funeral and burial expenses of certain poor and indigent persons and for state reimbursement therefor in unsettled cases.

Existing General Relief laws put a limit of \$150 on expenses incurred by municipalities for the burial of poor and indigent persons over the age of twelve years. This limit includes the expense of procuring a burial place. It is common knowledge that a decent burial cannot today be had for \$150. The bill therefore seeks to have the maximum increased to \$250. The bill also increases from \$40 to \$80 the maximum imposed on the burial expenses of children under twelve.

A bill relative to the commitment and custody of certain neglected children.

The law pertaining to neglected children presently provides that upon final adjudication such a child may be committed to the custody of the Commissioner of Institutions of the city, but that during the pendency of the hearing custody shall be in the State Division of Child Guardianship. This means that a child is often subjected in quick succession to the care of two different people. The bill seeks to alleviate this hardship on the child by permitting temporary commitments to the Commissioner of Institutions.

A bill making the zoning law, so called, in the City of Boston inapplicable to land and buildings owned and occupied by said city.

The existing zoning law relating to Boston by its express provisions does not apply to buildings or land belonging to and occupied by the United States and the Commonwealth of Massachusetts. There is no apparent reason why the third governmental unit involved, to wit, the City of Boston, should not likewise be excluded from its operation. That is what this bill, if enacted, would do.

A bill concerning the retention of certain contributions from salaries of members of the Teachers Retirement Fund of the City of Boston.

Under existing law, deductions are made every other month from the salaries of teachers belonging to the Boston Teachers Retirement Fund. These deductions represent the teachers' contributions to such fund. The bill makes no change in the aggregate annual amount of these contributions, but makes them deductible on a monthly basis, thereby enabling uniform monthly payrolls.

A bill relative to the noncriminal disposition of parking violations involving vehicles registered under the laws of another state or country.

The present tagging law is proving ineffective in the case of out-of-state cars because the Police Commissioner is unable to ascertain from the Registry of Motor Vehicles of other states the address of the registrar in the time pre-

scribed by law for the institution of proceedings. This bill endeavors to rectify this defect in existing law.

A bill relative to the filing of evidence of births and deaths occurring in another state or without the United States.

Ever since 1946 there has been a provision in the statutes so that if a Massachusetts resident marries in another state his marriage certificate may be recorded with the clerk of the Massachusetts municipality wherein he resides. The instant bill would make similar provision with respect to birth and death certificates of Massachusetts residents dying outside the state.

INSURANCE FOR REAL ESTATE.

A bill authorizing the Chairman of the Board of Real Estate Commissioners of the City of Boston to contract on behalf of said city for certain types of insurance.

Over the years the City of Boston has acquired through tax title foreclosure much commercial property in downtown Boston which, pending disposition, it has leased or rented. If such property were privately owned by a prudent owner he would undoubtedly carry a public liability insurance, plate glass insurance, and also boiler insurance. Sound business practices would seem to dictate that the city carry like insurance. Existing statutes, however, are believed to negative the power to carry such insurance. The present bill is designed to clarify the matter.

A bill providing for an annual actuarial valuation of the permanent school pension fund in the City of Boston.

It is common practice to actuarially value each year the assets and liabilities of pension funds. This has never been done, however, with respect to one of the earliest of these funds, the permanent school pension fund of the City of Boston. If the proposed bill were enacted, this recognized accounting practice would be made applicable to the permanent school pension fund with a proviso that if the fund was found to have surplus assets such surplus would be transferred to the pension accumulation fund of the Boston Retirement System.

A bill transferring the custody and control of the House of Correction in Suffolk County from the Penal Institutions Commissioner of Boston to the Sheriff of Suffolk County.

The administrative survey conducted by the Finance Commission of Boston under chapter 261 of the Acts of 1948 called to attention that while both penal institutions of Suffolk County were maintained at the expense of the taxpayers of Boston, the maximum efficiency in their operation was not being attained because of divergence of control. The bill filed, if enacted, would effect a transfer of the House of Correction at Deer Island to the Sheriff of Suffolk County, who now has custody and control of the Charles Street Jail. However, the bill will not abolish the Penal Institutions Department, which will remain in existence to perform in Suffolk County the functions with respect to the Jail and House of Correction performed in other counties by the County Commissioners.

A bill exempting certain contracts entered into on behalf of the City of Boston and County of Suffolk from requirements of certain provisions of law.

Under existing law, every contract entered into on behalf of the City of Boston or the County of Suffolk involving the expenditures of \$1,000 or more must not

only be in writing but must also have been let after advertisements for bids published in the *City Record*. The \$1,000 limitation has been in existence for a great many years, dating back to 1909 at least. Values have so changed in the last 50 years that an increase in the amount of the limitation would appear to be justified. The bill, therefore, substitutes for the \$1,000 amount in the existing law the sum of \$5,000, which is the limitation imposed by law upon certain state contracts.

DUTCH ELM DISEASE.

A bill relative to the suppression of the Dutch elm disease, elm bark beetles, and certain other pests in the cities and towns constituting the Metropolitan Parks District.

Boston's fight against the Dutch elm disease is not proving effective because of the complacency of neighboring cities and towns. The situation is, therefore, obviously one requiring action on a metropolitan basis. This bill imposes upon the chief moth superintendent in the State Department of Conservation complete control of the work of suppressing Dutch elm disease in the Metropolitan Parks District, with provision for mandatory annual assessments upon municipalities within the district for the cost of such work.

A bill increasing the amount that may be expended by the City of Boston to obtain information on municipal affairs.

In 1914 an act was passed authorizing the Mayor of Boston or such person or persons as he might appoint to represent the City at congresses, conventions, and other meetings held to consider questions of municipal concern, but imposed a limitation of \$2,500 on traveling and other expenses incidental thereto. In 1921 this amount was raised to \$5,000. If full advantage is to be taken of the 1914 act, the bill seeks to allow an additional \$2,500, i.e., a total of \$7,500, to be spent annually for traveling and other incidental expenses incurred under the 1914 act. Because of the great increase in prices since 1921, this bill would appear to be quite reasonable.

A bill relative to the number of assistant city registrars in the City of Boston.

Ever since 1892 the law has provided for a City Registrar and two assistant city registrars. Public convenience demands that at all times during business hours either the Registrar or one of the assistants be on duty. In recent years it has often happened that the Registrar or one of his two assistants would be on vacation and another out ill, leaving only one official at the office with no one to relieve during lunch. In addition, the business of the Registry Department has so greatly increased in the 60 years elapsing since 1892 that there is marked need for a third assistant registrar.

A bill relative to members of the Board of Zoning Adjustment of the City of Boston.

The Board of Zoning Adjustment of the City of Boston is an unpaid group of officials who, for the most part, are appointed by the Mayor from candidates nominated by business organizations. The chief function of the Board is to hold hearings and pass upon applications for changes in the boundaries of zoning districts. Quite frequently it happens that at the time fixed for hearings the members of the Board to the number required by law are unable to sit because of other business engagements, with the result that the scheduled hearing must be adjourned to another date,

with considerable inconvenience to the general public. The purpose of this bill is to provide for the appointment of an alternate for each member. In the case of the absence of a member such alternate would exercise his powers and perform his duties.

A bill relative to the liability of the Fire Commissioner of the City of Boston in the event of certain overhead wires not being placed underground and poles removed.

Under a statute passed in 1946, the Fire Commissioner of the City of Boston prescribes annually four miles of streets having overhead wires. By the law the utility company owning such wires is required to bury them underground and remove the poles. Because of the critical shortage of materials in recent years, the requirements of the statute have not been fully met. The purpose of the bill is to definitively establish that the Fire Commissioner shall not be civilly or criminally liable in the situation.

A bill concerning the equipment of certain buildings with automatic sprinklers.

The official charged by existing law with requiring buildings or parts thereof to be equipped with automatic sprinklers is the State Fire Marshal. The head of the local fire department has nothing to do with the matter, although, obviously, he is one of the persons primarily interested. The bill, if enacted, would permit the head of the local fire department to certify to the marshal that in his opinion a particular building should be equipped with such sprinklers. Upon receipt of such a certificate, the State Fire Marshal would be required within one month either to order the building equipped or to state in writing his reasons for not doing so.

A bill concerning payments required of the City of Boston for making the Boston main drainage system a part of the South Metropolitan Sewerage System.

In 1951 an act was passed providing for the Boston main drainage system to become a part of the South Metropolitan Sewerage System. An inadvertent change in the text of the 1951 bill in the course of its final passage makes it possible to construe the 1951 act as requiring payments by the City of Boston before sewerage from the main drainage system is discharged in the South Metropolitan System. The purpose of this bill is to make it clear that prior to such time no payment based upon the territory served by the main drainage system shall be required from the City of Boston.

DR. FREDERICK J. GILLIS REPORTS ON CONVENTION ATTENDANCE.

(Continued from page 1341.)

The purpose of the convention may be briefly stated:

"In these days of uncertainty when we seem to live in a state of perpetual crisis, it is necessary to look to the acquisition and maintenance of healthy personalities by everyone, but particularly by our children."

The National League to Promote School Attendance supports:

a. Efforts for the best legislative means of keeping children in school.

b. Adequate measures of adjustment for every child in school, at home, and in the community.

c. The demand for more adequate training for people entering the field of school attendance work.

The League studies the trends in child labor activities, looking forward to a time when no child will be deprived of his birthright to an education, or forced to enter the field of labor before completion of his schooling. The League recommends a case study on each problem of attendance which is aggravated by maladjustment either in school or at home.

The opening session brought greetings from the Honorable Floyd T. Amsden, Mayor of Wichita; Mr. Abel Throckmorton, Kansas State Superintendent of Public Instruction; Dr. Wade C. Fowler, Superintendent of Schools, Wichita; and the president of the League, Miss Martha Smith, State Department of Education, Montgomery, Alabama.

To the delegates from large cities undergoing the process of decentralization, with accompanying loss of school population, Superintendent Fowler's statement of his five big headaches was particularly interesting:

1. Securing well-trained and well-qualified teachers for the elementary schools in a city whose school population frequently increases by as many as six hundred pupils in a month.

2. Obtaining critical materials to continue a building program necessary to keep up with expanding areas.

3. Planning new and proper sites for schools to be built as population increases.

4. Floating bond issues to finance the growth in schools.

5. Retention of teachers in competition with opportunities, particularly in industry, offering much higher salaries.

In Wichita, sixteen elementary schools are on a two-platoon basis.

In an address at the opening session, David Wall, M.D., psychiatrist, outlined the limitations of psychiatry in dealing with pupil disturbances, stressing the psychosomatic factors in personality development.

Probably the most interesting presentation of fine case work in promoting school attendance was the analysis given by Dr. Robert Tabor, Director of Pupil Personnel and Counseling, Philadelphia Public Schools. In Philadelphia, a case committee studies potentially dangerous cases. The personnel of this committee numbers five: the Superintendent of Schools, an Assistant Superintendent of Schools, the Director of Medical Services, a psychologist, and a representative from the field of special services.

Other topics discussed were:

"The Effect of Mobilization on Juvenile Departments."

"The Effects of Conflicts Caused by Mobilization on the Mental Health of Children."

"The Importance of Emotional Development on Personality."

"The Emotional Aspect of Mobilization on the Personality of Children."

"The Importance of Physical Factors in the Development of Healthy Personalities During a Time of Mobilization."

"The Importance of Spiritual Factors in the Development of Healthy Personalities During a Time of Mobilization."

"What We Know About Personality Development."

Thus, through panel discussions as well as individual addresses, the problems of healthy personality development during a time of mobilization were analyzed. The participants agreed that caution must be ever present lest the child be lost in a noncreative school system; that the more we learn about the abnormal pupil, the

more we realize the needs of the normal; that personality fitness is necessary in teachers as well as pupils; that the school must serve individual needs as well as offer mass instruction; and that, ever and under all situations, school personnel must manifest respect for each child.

A most interesting visit to the Institute of Logopedics had been arranged by the local Director of Census, Attendance, and Visiting Teachers. This Institute is devoted to the study and correction of speech defects. The Institute occupies a forty-acre tract on the northeast edge of Wichita, with forty residence buildings and an administration building. Here, persons with every type of speech impediment, from the appallingly afflicted victims of cerebral palsy to stammerers and those with only articulation difficulties, are instructed. Almost three hundred patients are being treated at this time. The largest group are those with articulation difficulties, but many other types attend—spastics, those suffering from aphasia, from brain injuries caused by gunshot wounds, victims of motor car accidents, the deaf and hard of hearing, and those with various other abnormal physical conditions. Throughout the state, at other centers, staffed by Institute instructors, about six hundred persons are being helped to speak better and to lead a normal life. The ages range from two to sixty.

At the convention banquet, I had the honor of being the guest speaker, and, at this banquet, it was my privilege to present an invitation from the Honorable John B. Hynes, Mayor of Boston, to the League to come to Boston for their 1952 convention. At the final session of the convention, the delegates voted to meet in Boston, October 27 to 30, 1952.

Flight schedule necessitated a stopover in Detroit, thus providing an opportunity to inspect the playground facilities of that city.

MAYOR HYNES MOVES TO INCREASE ALLOWANCES TO CERTAIN MEMBERS OF PENSION SYSTEM.

The following communication has gone forward from the Mayor's office: To the City Council.

GENTLEMEN:

I submit herewith an order for the acceptance of chapter 781 of the Acts of 1951. In the cities which accept it, this act authorizes an increase of \$100 in the pensions or retirement allowances of employees retired prior to November 1, 1949, with fifteen years of service and now receiving less than \$2,000 a year; and an increase to \$1,200 of those retired after twenty-five years of service and now receiving less than \$1,200. It also benefits those employees who retired between October 1, 1946, and November 1, 1949, and who did not share in the three increases granted in the last five years.

During the last two years I have been very much disturbed over the situation of those retired employees whose pensions are in the lower brackets, especially as no halt seems to be in sight in the rising cost of living.

Many of them were retired on pensions that, at the time of retirement, were barely sufficient to meet their living expenses, and they now find that the purchasing power of their pensions has been materially reduced.

Nearly everyone would admit that it is desirable and justifiable to increase these pensions, but the pension legislation is such a hodgepodge that it is extremely difficult to accomplish it without involving many inconsistencies and without too much of a burden on the city's finances.

While the act submitted is not entirely free from objections it has the merit of taking care, to a large extent, of those pensioners who now find themselves in a precarious situation, and presents a fairly reasonable step in the solution of the problem.

I feel assured that the City Council and the people generally will agree that it is incumbent on the city to take this action to assist the pensioners, and I recommend the passage of the order at the earliest possible date.

Respectfully,

J. B. HYNES, *Mayor*.

Ordered, That chapter 781 of the Acts of 1951, entitled "An act relative to increasing the amounts of pensions and retirement allowances payable to certain former public employees," be, and hereby is, accepted by the City Council of Boston, acting in behalf of the city and the County of Suffolk.

HONOLULU MAYOR CONGRATULATES MAYOR HYNES ON RECENT ELECTION.

The following communication has been received at the office of the Mayor:

Office of the Mayor,
Honolulu,
Territory of Hawaii,
November 19, 1951.

The Honorable John B. Hynes, *Mayor-Elect*, City of Boston, Massachusetts.

DEAR MR. HYNES:

This is to transmit to you the aloha of the people of Honolulu, and my congratulations, on your election as chief executive of the great American city of Boston.

In the name of the people of Honolulu I wish to extend to you my heartiest best wishes for a most successful administration.

Yours very truly,

JOHN H. WILSON, *Mayor*.

MAYOR SUBMITS ORDINANCE TO COUNCIL SEEKING TO INCREASE SALARIES OF CERTAIN DEPARTMENT OFFICIALS.

The following communication has gone forward from the Mayor's office: *To the City Council.*

GENTLEMEN:

I forward herewith an amendment to the Ordinances of the City of Boston concerning certain salaries of certain department officials.

It is a matter of common knowledge that present-day salaries for the department officials are not, in many cases, attractive. As a consequence, the city government can neither retain, nor persuade other competent persons to accept positions of wide responsibility. There-

fore, at the present time I am recommending that the salaries of the City Auditor, the Corporation Counsel, the Building Commissioner, the Budget Commissioner, the Public Works Commissioner, and the Fire Commissioner be increased.

The salary schedule of other department heads will be adjusted at the time of the acceptance of the general compensation and classification plan. The survey now being made will also include recommendations applying to these other positions, and these recommendations will be forwarded to your Honorable Body in due time.

I recommend the prompt adoption of the accompanying ordinance.

Respectfully,

JOHN B. HYNES, *Mayor*.

An Ordinance—1951—Concerning

Salaries of Certain Officials.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section five of chapter 3 of the Revised Ordinances of 1947, as most recently amended by chapters 4 and 5 of the Ordinances of 1951, is hereby further amended as follows:

In the clause establishing the salary of the budget commissioner, by striking out the words "seventy-seven hundred and sixty" and inserting in place thereof the words "nine thousand."

In the clause establishing the salary of the building commissioner, by striking out the words "ninety-two hundred and sixty" and inserting in place thereof the words "ten thousand five hundred."

In the clause establishing the salary of the city auditor, by striking out the words "eighty-six hundred and sixty" and inserting in place thereof the words "ten thousand nine hundred," and in the same clause by striking out the words "ten thousand two hundred and sixty" and inserting in place thereof the words "twelve thousand five hundred."

In the clause establishing the salary of the corporation counsel, by striking out the words "ten thousand seven hundred and sixty" and inserting in place thereof the words "twelve thousand five hundred."

In the clause establishing the salary of the fire commissioner, by striking out the words "ninety-seven hundred and sixty" and inserting in place thereof the words "twelve thousand."

In the clause establishing the salary of the public works commissioner, by striking out the words "ninety-seven hundred and sixty" and inserting in place thereof the words "twelve thousand."

SECT. 2. Section one of this ordinance shall take effect on December 5, 1951. This section shall take effect upon its passage.

BUILDINGS RAZED.

The Mayor has approved the following requests of the Building Commissioner:

To enter the building or other structure, or the abutting land or buildings, at 6 Dover Street Bridge, Ward 6, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 276 Bolton street, Ward 6, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

MOTOR PARK, INC., GRANTED EXTENSION ON COMMON UNDERGROUND GARAGE CONSTRUCTION.

(Continued from page 1341.)

will result both in a longer-term guarantee by a major oil company and a larger mortgage loan by the group of insurance companies with which we have been dealing.

At the present moment the details are still in the process of negotiation, which is understandably time-consuming and for reasons wholly beyond our own control.

While the progress made is favorable, and the details have been made personally known to you, I am sure you will recognize that it is neither wise nor practical to set them forth in this letter.

Another matter is that before the financing can be absolutely completed, it is necessary that Motor Park, Inc., have commitments for several of the essentials going into the construction of the garage—principally steel. Although Motor Park, Inc., has a promise of steel, which we think is good, nevertheless we have not as yet been able to convert the promise into an absolute commitment, and this will be necessary before final financial commitments can be concluded.

As to the progress of the financing, as you already know, we have a commitment from a well-known oil company, and, based upon this commitment and commitments as to the requirements above mentioned, we have offers from various insurance companies which can be converted into commitments.

It is our expectation that these commitments and offers will be improved as a result of the pending negotiations.

It now appears to me as though it may take several months to have absolutely firm commitments on every necessary particular. These commitments we feel definitely can and will be obtained. It is our feeling, therefore, that we should ask for a further extension of six months, within which time we feel certain we shall have received all of the commitments above described.

I would like to point out that every day's delay in this matter results in additional expense to Motor Park, Inc., hence it has every reason for expedition, and I am sure you already know the substantial investment Motor Park, Inc., has in the project. Motor Park, Inc., will appreciate it, therefore, if you will grant a further extension for six months from November 30 next.

Very sincerely yours,

B. A. BRICKLEY, Counsel.

BRIDGE OVER CHELSEA RIVER TO CLOSE DECEMBER 5, 6, AND 7.

Public Works Commissioner George G. Hyland ordered the Chelsea Street Bridge over the Chelsea River, between East Boston and Chelsea, closed to vehicular and pedestrian use on the mornings of Wednesday, Thursday, and Friday, December 5, 6, and 7, from one o'clock to six o'clock.

Closing the bridge on these days assisted the Metropolitan Transit Authority in its work of converting from street-car service to trackless trolley operation, and the early morning hours were selected because of the small volume of traffic which would normally use the bridge between those hours.

AUDITING DEPARTMENT'S IN- STRUCTIONS FOR CLOSING BUSINESS FOR 1951.

END-OF-THE-YEAR TRANSACTIONS.

In order to assure an early closing of 1951 accounts, the following schedule has been established:

December 7, 1951.—Last date for sending requisitions to Printing and Supply Departments covering work and purchases to be charged against 1951 appropriations.

December 14, 1951.—Last date for sending to the Auditing Department service orders covering work or services to be performed before December 31, 1951.

In the light of these deadlines, department heads must anticipate departmental requirements for the balance of the year and make certain that the necessary paper work is completed on or before the aforesaid dates. Printing and Supply requisitions and service orders initiated subsequent to these dates will be processed as charges against 1952 appropriations. Purchase and service orders not filled or completed on or before December 31 will be automatically canceled by this office.

PAYMENT OF 1951 OBLIGATIONS.

Under the provisions of section 56 of chapter 44 of the General Laws "the treasurer shall, until January 10, enter in his books all items for the payment of bills incurred and payrolls and wages earned during the previous year and expenditures therefor shall be deemed to be as of December 31 preceding." In order to comply with this provision, it is necessary that all receiving notices, departmental and non-order invoices, and payrolls relating to services rendered in 1951 be received in this office on or before January 7, 1952. In the event any 1951 obligation cannot be processed by this date, provision should be made for its inclusion in the 1951 Unliquidated Reserve. Encumbrances on 1951 uncompleted contracts will be carried forward by the City Auditor upon request.

RESERVE FOR 1951 UNLIQUIDATED OBLIGATIONS.

As in previous years, a special reserve account will be established in closing the accounts for 1951 to provide for all bill and payroll commitments of that year which, because of unusual circumstances, could not be processed on or before January 7, 1952. Under the new standard invoice system, this office will automatically provide in this reserve for all completed purchase and service orders on which invoices have not been received from vendors. On commitments covered by departmental or non-order invoices which cannot be processed within the time limit previously mentioned, department heads should request the City Auditor in writing to include in the reserve the amounts involved. This procedure should also be followed in the case of overtime work performed in the closing days of the year on which payrolls cannot be submitted before January 7, 1952.

END-OF-THE-YEAR PAYROLLS.

The calendar year 1951 ends on a Monday. Because of this fact, the totals appearing on payrolls for the week ending January 1, 1952, will be divided as follows:

December 31, 1951, draft, 80 per cent.
January 1, 1952, draft, 20 per cent.

Separate requisitions covering this division must be submitted with each payroll. Notations should be placed at

the bottom of each payroll indicating how the total of the payroll has been divided between the two drafts.

END-OF-THE-YEAR TRANSFERS.

No orders which are being held in this office because of lack or insufficiency of appropriations will be processed after December 14. Departments should anticipate their needs in such cases and make certain that requisitions for transfers of funds reach the Auditing Department on or before this date.

INCOME TAX REPORTS.

Requisitions for W-2 Forms may now be sent to the Printing Department. Deliveries will be made on or about December 15.

The following schedule should be observed in connection with the preparation and filing of W-2 Forms for the year 1951:

December 25, 1951.—End of last payroll week to be included in total compensation to be reported for weekly paid employees. Totals for semimonthly and monthly paid employees should include all payments through December 31. Complete as soon as possible grand totals at bottom of "Withholding Tax Payroll Summary" maintained for each individual employee during 1951.

January 4, 1952.—Last day for submission to City Treasurer of fourth-quarter report showing total deductions by payrolls. Following submission of this report, complete right-hand section of W-2 Forms by inserting actual amounts of compensation and deductions for 1951. When word is received from the City Treasurer that the fourth-quarter report has been checked and verified, separate W-2 Forms into three packages. The first package, consisting of Forms 1 and 2, should be distributed as speedily as possible among the employees involved. All employees who received compensation during any part of the year must be furnished W-2 Forms even though no withholding deductions were made. For employees who have left the service, mail the forms to the last known address. Be sure that the left-hand section of all forms indicates post-office division as well as name and street address.

January 18, 1952.—Last day for sending to City Treasurer the second and third packages consisting of Forms 3 and 4, respectively. The second package, containing the No. 3 Forms, should be accompanied by an adding machine tape indicating the total tax deductions for all the forms contained in the package. At the top of this tape, indicate the name of the department, the particular payroll designation, and the number of forms making up the package.

WITHHOLDING TAX PAYROLL SUMMARY FORMS.

Withholding Tax Payroll Summary Forms for use in 1952 may be obtained by requisition from the Printing Department. In making this requisition, it is suggested that a division be indicated between the number required for weekly paid employees and those paid semimonthly or monthly. The weekly forms will have printed in the "Payroll Period Ending" column the dates for each weekly payroll period, whereas the forms for the other two types of payment will be blank in this column.

CHARLES J. FOX,
City Auditor and Auditor
of the County of Suffolk.

REPORT OF CHARLES B. McMACKIN, STRUCTURAL ENGINEER, ON ATTENDANCE AT ANNUAL MEETING OF NATIONAL COUNCIL ON SCHOOLHOUSE CONSTRUCTION IN MINNEAPOLIS, OCTOBER 1 TO 5, 1951, INCLUSIVE.

The following is the report of Charles B. McMackin, structural engineer, on attendance at the annual meeting of the National Council on Schoolhouse Construction at Minneapolis, October 1-5, inclusive.

The various panels for discussion on school plant planning, building planning as related to state aid, school construction needs and prospects for planning, school planning research and school building trends, all of which I attended, were most beneficial to persons engaged in school building programs. In addition to the discussions, members of the conference inspected many new school buildings in the Minneapolis-St. Paul area.

Of particular importance was the comprehensive talk given by Mr. Walter D. Cocking, managing editor, American School Publishing Corporation, New York. Mr. Cocking's challenge to the conference provoked, I am certain, considerable thought, and will result in extensive research by his auditors. Proposed for study were:

1. The psychological effect on people who live in school buildings.
2. Child-size schools and community use.
3. The school site: how large and how to determine.
4. Floor space required.
5. Furniture: educationally efficient and economically useful.
6. Obligation to build better at lower cost.
7. Function and beauty in the same building.
8. Relation of school buildings to other buildings in the community.
9. Study of heating.
10. The advisability of continuing with fixed standards.

One of the outstanding features of the conference was the presentation of facts in the matter of allotment by the National Production Authority of steel for school building construction. At the instigation of a special committee, one of whose members was Mr. John Marshall, administrator, Massachusetts School Building Assistance Commission, a program was outlined to acquaint the public with circumstances prevailing in the distribution of steel. The following pertinent information was submitted by the committee:

1. The National Production Authority allocated 21,000,000 tons of steel for the fourth quarter of 1951 for all purposes.
 2. They allocated 3,300,000 tons of this amount (15 per cent) for automobiles.
 3. They allocated 100,000 tons of steel (one half of one per cent) for school construction.
 4. The steel allocated for schools will barely complete projects now under construction. The outlook for needed new projects is dismal.
 5. Allocation for schools of 1 per cent of national steel production each quarter would enable America to meet its educational plant needs.
- There is evidence that steel is available for needed schools without handicapping

the defense effort. The difficulty seems to lie in obtaining recognition by the National Production Authority of the importance of adequate schools. As part of this program to secure a more equitable allotment of steel for schoolhouse construction all persons interested in such projects are urged to write to Manly Fleischman, administrator of the National Production Board, and Charles E. Wilson, chairman of the Defense Production Authority, to let them know what the above facts mean to the children of our community.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ELECTION DEPARTMENT.

Approval has been given for the extension of employment for the following-named veterans as provisional assistant registrars of voters for a three-month period at \$49.11 a week.

Albert G. Tobin, 58 Pinehurst street, Roslindale, from November 27.

John L. Pagliarulo, 206 East Eagle street, East Boston, from November 28.

John J. Waite, 81 Richmond street, Dorchester, from November 28.

Edward J. Pearl, 32 Brookside avenue, West Roxbury, from December 3.

Edgar H. Hopgood, 152A Huntington avenue, from December 5.

FIRE DEPARTMENT.

Approval has been given to promote the following-named firemen to lieutenant (military substitute) with increase in salary from \$72.80 to \$85.06 a week:

Warren A. Hardy, Jr., 343 Bowdoin street, Dorchester, Ladder Company 4.

Charles F. Briscoe, 24 Beecher street, Jamaica Plain, Engine Company 26.

Charles J. Jones, Jr., 893 Hyde Park avenue, Hyde Park, Engine Company 42.

John J. Neville, 16 Duncklee street, Brighton, hoseman, has been retired at an annual pension of \$2,533.33.

Daniel Martell, 77 Mt. Vernon street, West Roxbury, deputy chief, has been retired at an annual pension of \$4,200.

The following-named military substitute firemen have been appointed permanent firemen (men on probation) at \$67.05 a week:

Joseph P. Curran, Engine 17.

Charles F. Kilday, Ladder 34.

Thomas F. Leydon, Engine 13.

Raymond P. Owens, Engine 22.

Biaggio F. Sannizzaro, Engine 5.

Melvin F. Upton, Engine 25.

Harold J. Yandle, Engine 4.

The following firemen have been reinstated on a permanent basis:

Vincent J. Kilduff, 155 Glenwood avenue, Hyde Park.

James T. Prendergast, 133 Calumet street, Roxbury.

Roland P. Sferrazza, 602 East Sixth street, South Boston.

Inasmuch as they are now employed in the Fire Department, their wages will be increased from \$68.29 to \$72.80 per week, effective November 28, 1951.

HOSPITAL DEPARTMENT.

Approval has been given for the creation of the following positions:

One principal hospital house worker (male), salary range of \$57.49 to \$60.49 a week.

Four senior hospital house workers (male), salary range of \$47.49 to \$56.49 a week.

If these positions are created the number of hospital house workers (male) would be decreased by five.

The reasons for recommending the above increase in our quota are as follows:

1. Better supervision of employees in the Housekeeping Department.

2. Quicker clearance of supplies to various units of the hospital.

3. Improved supervision of supplies.

General Division.

S. M. Levin Company, Inc., 200 metal lockers, \$3,700*; \$3,300, alternate; 200 metal storage cabinets, \$10,400*; \$10,100, alternate; \$9,200, alternate; \$8,900, alternate.

* In accordance with specifications.

Upon November 28 the Mayor approved a contract with Joe Cifre, Inc., for new stage curtains, etc., in the Solomon Lewenberg School.

There was only one bid opened on November 26, as follows: Joe Cifre, Inc., \$2,790.

PARK DEPARTMENT.

Upon November 28 the Mayor approved a contract with Martin J. Kelly Company for constructing a sanitary and locker building at the William Gary

Walsh Playground, Dorchester. Bids, opened October 24, were as follows:

Eugene R. Eisenberg, Inc., \$58,250; Martin J. Kelly Company, \$58,611; Margill Construction Company, Inc., \$59,626; Faletta Brothers, Inc., \$59,990; I. Tepper & Son, \$60,146; John Rugo, \$61,000; DeStefano Construction Company, \$64,984; M. Solimando, \$65,400.

The lowest bid received, from Eugene R. Eisenberg, Inc., was rejected for the reason that it was received at the office of the City Auditor at 2.06 P.M., six minutes after the advertised closing time for receipt of bids, which disqualified this bid.

It was voted therefore, subject to your approval, to award the contract to the second lowest bidder, Martin J. Kelly Company, 75 Stedman street, Jamaica Plain, for the approximate sum of \$58,611, to be charged to the special appropriation, "Construction of Buildings and Original Equipment and Furnishings Thereof (Park Department), 61-41."

PUBLIC WORKS DEPARTMENT.

Upon November 28 the Mayor approved a contract with A. Orlando, Inc., for repairing two bridges on the Boston side, and the approach platform on the East Boston side of the South Ferry, at an estimated cost of \$26,362.50.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors and supply and commercial houses for furnishing supplies, labor, etc. Communications from heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

Boston, November 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the award of a contract, without public advertising, to McBee Company, 80 Federal street, Boston, Mass., for the

purchase of a quantity of Keysort book loan cards and other equipment.

These cards and equipment are needed in connection with the installation of a more economical and efficient book charging system in the Central Library building and in four branch libraries. The cards and equipment are proprietary items and can be purchased only from McBee Company. The Trustees have therefore

Voted, That there be entered into, without public advertising, with McBee Company, 80 Federal street, Boston, a contract for the purchase of certain Keysort book loan cards and other necessary equipment, in the amount of two thousand four hundred seventy-one dollars and fifty-four cents (\$2,471.54).

Your approval of this award is respectfully requested.

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER,
Clerk.

PARK DEPARTMENT.

BOSTON, November 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

Dear Sir:

The City of Boston, acting through its Board of Park Commissioners, granted for the first time in January, 1949, a three-year license privilege for the operation of a men's massage room at L Street Bath House. The licensee was William H. Baldwin of 351 East Eighth street, South Boston, and under the terms of the agreement he paid the city the sum of \$100 a year.

The city rents to Mr. Baldwin a small room in the men's L Street Bath House, and he supplies all equipment and furnishings for the operation of his business. He has also made interior changes in the room, including all necessary plumbing, installation of plumbing fixtures, etc., at his own expense, and he pays for electricity used in his business. The business is operated in full compliance with all rules of health authorities as required in this type of work.

Mr. Baldwin has experienced some difficulties in building up a business at this location, but he feels now that he has an opportunity, if granted an extension of his license, to make his business an outstanding service to L Street patrons.

Accordingly, the Board of Park Commissioners respectfully requests permission to enter into another three-year agreement with Mr. William H. Baldwin for operation of the men's massage room at L Street Bath House, beginning January 1, 1952, and terminating on December 31, 1954, at rental of \$100 a year during the term of the agreement.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

BOSTON, November 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

Dear Sir:

The three-year agreement between the City of Boston Park Commissioners and William Taylor of 8 Nonantum street, Brighton, for the golf professional's concession and sports shop concession at the George Wright Golf Course terminates on December 31, 1951.

It has been the practice for a number of years to grant Mr. Taylor a three-year license for these two concessions. The City of Boston is one of very few cities that does not hire a golf professional and

pay him a substantial salary for his services on the public golf course and in addition allow him certain privileges in the sale of sports equipment. Because we are not faced with this salary problem, we have allowed Mr. Taylor to operate the golf instruction and sales concession for the sum of \$50 a year.

Your permission is therefore respectfully requested to allow the Board of Park Commissioners to enter into another three-year agreement with Mr. William Taylor of 8 Nonantum street, Brighton, for the golf professional and sports shop privilege in the George Wright Golf Course and clubhouse, for the sum of \$50 a year, beginning January 1, 1952 and terminating on December 31, 1954.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

BOSTON, November 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Three years ago, for the first time, the Board of Park Commissioners leased space in the golf building at Franklin Park for installation and maintenance of cigarette and tonic vending machines. The lessee was John P. Burke, 43 Braeburn road, Hyde Park, and the rental was \$25 a year.

The term of the present lease ended on September 30, 1951. Before recommending a renewal of the lease, the Board of Park Commissioners considered the matter of an increase in rental from \$25 a year to \$100 a year. Mr. Burke agreed that this rate is reasonable and fair, and requested a new lease for another three-year period. The machines are a convenience for golfers and are greatly appreciated by them.

The Board of Park Commissioners therefore respectfully requests your approval of a lease to Mr. John P. Burke, 43 Braeburn road, Hyde Park, of space in the golf building at Franklin Park for cigarette and tonic machines, at a rental of \$100 a year for a term of three years beginning October 1, 1951.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, November 28, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As a result of a change-over of equipment, the department has a six-yard rubbish truck body which has not been in use for two years, and for which there will be no further use.

In accordance with the provisions of section 14 of chapter 3 of the Revised Ordinances of 1947, I respectfully request your approval to dispose of the above-referenced truck body for the sum of \$300.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, November 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

James Freaney & Co. were engaged by the owners of Nos. 338 to 346 Talbot avenue, Dorchester, to repair house drain from this building. When the drain was exposed near the 36-inch x 48-inch brick sewer in Talbot avenue, it was found con-

nected to the sewer through a pipe sewer chimney that was defective.

The invert of the brick sewer in Talbot avenue is about 28 feet below the street surface. The chimney extends upward from the invert of the sewer a distance of about 17 feet, or to within about 11 feet of the street surface. The chimney was built with the sewer and is considered part of the sewer.

When it was found that the sewer chimney was defective and that it was the responsibility of the city to repair it the city took over the job Thursday, November 1, 1951, on which day we had a very heavy rainstorm. An examination made, during the storm, of the drain trench left by the Freaney Company showed that there was a large cavity under the pavement near the center line of the street, beyond the limit of the Freaney Company trench. The cavity was located under the south half of the roadway which was open to two-way vehicular traffic, including very heavy MTA buses. Because the work of making the roadway safe, and also because the restoration of drainage for the properties involved constituted an extreme emergency that would not permit of delay, I engaged J. J. Struzziery Company, Inc., to start work immediately to brace the trench and repair the chimney, including continuous pumping during the progress of the work, in order to provide drainage for Nos. 338 to 346 Talbot avenue and for the property at the corner of Talbot avenue and Norfolk street. Had this not been done it is believed that the torrential rain during Friday night, November 2, and all day Saturday, November 3, would have made it necessary to close Talbot avenue, near Codman square, to traffic for an indefinite period.

Your approval is requested to enter into an unadvertised contract with J. J. Struzziery Company, Inc., 1594 Hyde Park avenue, Hyde Park, on a stock and time basis, to install sheeting and shoring required to make Talbot avenue safe for travel and to repair the sewer chimney at this location, at an estimated cost of \$4,500.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted several requisitions to this department for the purchase of animals for the Franklin Park Zoo. Inasmuch as these animals must be purchased whenever and wherever possible, and since the source of supply is very limited, authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies at the amounts indicated:

Catskill Game Farm, Inc., Catskill, New York, \$8,750, net.

Carl Hagenbeck, c/o Arnold J. Achaumann, Allison Park, Pennsylvania, \$7,000, net.

It is my opinion that by awarding the above-named contracts the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

BOSTON, November 21, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In the 1951 Jail budget I asked for and was allowed funds to purchase an electric dishwashing machine for the Jail. I have been in contact with distributors in this field and I find that, because of restrictions on steel and other vital materials, it would be impossible for them to promise a delivery date.

Today, however, I have been informed by the O'Toole Company, 685 Beacon street, Boston, distributors for the Universal Machine Company, Nutting, New Jersey, that their company has a stainless steel dishwashing machine on hand and can make delivery in about four weeks, at a price of \$2,070.

Having in mind the difficulties I encountered relative to restrictions, delivery date, etc., I believe that the price quoted is reasonable, and there would be no benefit for the city to publicly advertise for such a machine. Therefore, I respectfully request your permission to award a contract for the purchase of this machine from the O'Toole Company.

Respectfully yours,

FREDERICK R. SULLIVAN,
Sheriff.

EXTENSION OF CONTRACTS.

BOSTON CIVIL DEFENSE.

Approval has been given for the extension of the time of completion of the contract (specifications FA-5106) with the Stanton Electric Company for the installation of air-raid warning equipment at six different locations in the City of Boston.

This request for an extension of the completion date from September 20, 1951, to February 28, 1952, is due to delays beyond the control of the department.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time, from September 15, 1951, to October 19, 1951, of the contract of F. S. Payne Company for alterations and repairs to elevator and dumb-waiter, House Officers' Building, Boston City Hospital (contract approved May 15, 1951).

This extension is necessary because of delay beyond the control of the contractor, who was unable to satisfactorily complete his contract on September 15, 1951, as originally planned.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated October 4, 1951, with Bagarella Construction Company, Inc., for construction of sewerage works in Irving street, between Cambridge street and Phillips street, City Proper, and in Breed street, at Ashley street, East Boston, from December 4, 1951, to February 4, 1952.

This extension is requested because the contractor was delayed by unforeseen difficulties encountered in the progress of the work.

Approval has been given for the extension of the time of completion of the contract dated May 25, 1951, with

J. F. McGlame Company, for installation of new discharge valves at the Calf Pasture sewage plant, Dorchester, from September 23, 1951, to May 30, 1952.

This extension is requested because the contractor has been delayed in getting delivery from the manufacturer.

ADDITION TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Modern Engineering Company has been ordered to make the following additions to the contract for the Washington Allston School:

1. Cut out with electric torch five dampers in smoke flue and boilers and repair smoke pipe.
2. Cut openings for secondary air in steel bases. Furnish and install materials for secondary air inlets. Install two-inch pipes in secondary air chambers.
3. Furnish and install extra heavy duty oil pumps, pressure and vacuum gauges, together with necessary piping.
4. Install new suction pipes.

Total of above work, \$350, and the amount of \$350 will be added therefor, making the account as follows: Contract price, \$1,700; total addition, \$350; amount of contract, \$2,050.

FIRE DEPARTMENT.

Approval has been given to increase the contract with J. Hollis Company, Inc., for making Fire Department uniforms, as follows:

- 5 privates' uniform overcoats, \$23 each, \$115.
- 10 officers' uniform sack coats, \$16 each, \$160.
- 15 privates' uniform sack coats, \$15 each, \$225.
- 56 pairs uniform trousers, \$5.50 each, \$308.

Total, \$808.

The original contract amounted to \$4,620. The contract with the additional items, amounting to \$808, will make a total contract price of \$5,428, which is still less than the 25 per cent addition allowed under Article 3 of the contract specifications.

PUBLIC WORKS DEPARTMENT.

James A. Susi has been directed to perform the following work under the contract, dated August 16, 1951, for highway improvements, construction and alteration of traffic islands, sidewalks, and roadway repairs in any public way in the City of Boston:

Item ordered: Add to schedule of rates for equipment (not including operator) the following item: Five-ton roller, at \$3.22 an hour.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 19, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Councilor WENZLER, senior member, in the chair. Absent, Councilors Bryan, Hurley, and Lane. Monsignor James F. Fitzsimons, pastor of St. Ann's Roman Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY MONSIGNOR JAMES F. FITZSIMONS.

O God, the Father, we supplicants ask You to stretch forth Thy strong arm to quell the storm which on all sides seems to be rising and threatening to engulf us. When we consider even professedly Christian nations have deviated so far from Thy path of righteousness, we realize how infinite Thy patience and mercy are.

You have endowed each of us with that animated spirit which we call the soul, which gives light to this lightless body, and You have endowed that soul with faculties that astound us because of their particular nature. The greatest of these is the mind, that spiritual faculty by virtue of which we can learn of Your existence by reason alone. You have endowed that soul with a memory and, because of this, we can go back into the past and see our many shortcomings and feel that unless we are extremely circumspect, there will be danger of the repetition of those occasions of sin. You have given us a memory by which we can recall them, hoping thereby we may profit by our past experience.

But you have not endowed us with any faculty by which we can peer into the future. You did this designedly, because, had we known the day of our dissolution, there would be a great possibility of our postponing our reformation until it was too late. We ardently desire to live each day as though it was the last.

Your Divine Son told us, "In my Father's kingdom there are many mansions," meaning thereby no two souls in salvation receive the same reward because no two souls are equally virtuous. So it is our desire and ambition to rise to the supreme height so that we may occupy those highest and most important castles.

We pray for our President. Few men have been confronted with so many trials as the present incumbent. We realize how hopeless he is in meeting some of these, and we pray you may lavish his soul with the necessary grace to perform his acts in a manner in keeping with our Divine Lord. We have placed at his disposal a diabolical weapon, a weapon so destructive that he is rather loath to use it. We ask Thy special grace that he may do what is best for the nation and for the nations throughout the world. We ask You to give him special grace that he may know which method to choose.

We pray and ask for special grace for our Governor, who has under his jurisdiction millions of people whose happiness in great part depends upon the laws which are enacted under his authority.

We pray for the members of this Council, all of whom realize that of themselves they cannot perform works of charity and justice unless they have Your divine assistance. They realize that no matter how erudite they may be or how vast their experience, they must have an infinite law to make the human law conform to it, and, after all, the norm by which is judged human law depends entirely on how it agrees with Your divine law. We have learned Your divine law through the Scriptures of which You are the author, and also we have learned it by tradition which even antedates the New Testament.

In conclusion, the end of our exhortation, we will say that prayer which we have learned from no less a person than Thy Divine Son.

Our Father, who art in heaven, hallowed be Thy name, Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread and forgive our trespasses as we forgive those who trespass against us. Lead us not into temptation, but deliver us from evil. Amen.

The salute to the Flag was given by the members.

POLICE CRUISER BOAT FOR CITY POINT STATION.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Acting Commissioner of the Metropolitan District Commission relative to your order of October 29, 1951, requesting that a police cruiser boat be furnished for the City Point Station.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan District Commission,
November 13, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:
Receipt is acknowledged of your memorandum of November 2, with the accompanying copy of an order of your Honorable City Council requesting this Commission to provide a police cruiser boat for the City Point District.

The Commission regrets that it must advise your Honorable Council that it lacks jurisdiction in the area where the boat would operate, as its control extends only to the mean low water mark. It would appear, therefore, that the boat should be furnished and operated by the City Police Department, if needed.

Very truly yours,
EDGAR F. COPELL,
Acting Commissioner.

Placed on file.

RESURFACING OF FAWNDALE ROAD, WARD 19.

The following was received:

I transmit herewith communication from the Commissioner of Public Works relative to your order of October 29, 1951, requesting the resurfacing of Fawndale road, Ward 19.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I return herewith order in City Council that the Commissioner of Public Works resurface Fawndale road, Ward 19, and this will advise you that it is now too late in the season to undertake this work this year, but this street will be placed on the list of streets to be given consideration for reconstruction during the year 1952.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STREET IMPROVEMENTS, DRESSER STREET.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of October 29, 1951, requesting the placement of a smooth top over the cobblestones on Dresser street, Ward 6, and replacement of the present brick sidewalks with granolithic.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works place a smooth top over the cobblestones on Dresser street, Ward 6, and replace the present brick sidewalks with granolithic, and this will advise you that it is now too late in the season to undertake the work this year, but this will be placed on the list of streets to be given consideration for reconstruction during the year 1952.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

INCREASE IN CITY HOSPITAL NURSING STAFF.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of October 29, 1951, requesting that an emergency meeting be held to determine the plan that will bring about an additional nursing staff.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department,
November 8, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I am in receipt of your communication of November 2, 1951, enclosing City Council order of October 29, 1951, requesting that an emergency meeting be held to determine the plan that will bring about an additional nursing staff.

I will bring this to the attention of the Board of Trustees at its next meeting.

Very truly yours,
JAMES W. MANARY, M.D.,
Superintendent.

Placed on file.

TRAFFIC SIGNALS, COLUMBUS AVENUE AND DAVENPORT STREET.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of October 29, 1951, requesting the studying of the advisability of installing traffic lights on Columbus avenue, corner of Davenport street, Roxbury.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
November 8, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of October 29, requesting that a study be made of the advisability of installing traffic lights on Columbus avenue, corner of Davenport street, Roxbury, I wish to report that the underground conduit for a proposed signal at this location was installed at the time that Columbus avenue was resurfaced.

Accordingly, this location is on our list for consideration. A pedestrian push-button signal, to serve the playground, would be helpful. However, we are trying to serve the greatest needs first, and it is hoped that we will be able to make this installation out of our 1952 appropriations, but we cannot give a definite promise or guarantee at this time.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

IDENTIFICATION TAGS FOR SCHOOL CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, November 5, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of Civil Defense relative to your order of October 15, 1951, requesting that identification tags be furnished to all school children as a means of identification in the event of bombing attacks.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Department Of Civil Defense,
October 31, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Mr. Shannon:

In response to your communication of October 17, 1951, which stated that a City Council order of October 15, 1951, requested "that identification tags be furnished to all school children as a means of identification in the event of bombing attacks," I wish to state that the whole matter of identification has been considered at length by the federal government and a definite prescription was set forth for such identification.

Specifications for identification tags have been submitted to us by the State Department of Civil Defense for our information. No definite action has been requested or required to date.

I took the liberty of calling the H. W. Peters Company, of Watertown, which was the only Massachusetts agency that was designated as ready to manufacture identification tags. Mr. Peters informed me that he himself has not as yet received specifications from the federal government, but in all probability he will receive them shortly, and he promised that he would get in touch with me when he had become more thoroughly informed on the problem of identification.

In view of what has been said on this subject to date, I am inclined to believe that all matters of identification will be determined by the Federal Civil Defense Authority and the State Civil Defense Agency and that our part will be to use the prescription which they set forth.

I shall report to you further on this matter at a later date when more information is available.

Very truly yours,

JOSEPH L. MALONE,
Director of Civil Defense.

Placed on file.

APPROPRIATION FOR PURCHASE OF LAND IN HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

There is submitted herewith a letter for the transfer of funds in the amount of \$15,000 for the purpose of acquiring two parcels of land in the Hyde Park district of Boston—one parcel on the southerly side of Faraday street between numbers 19 and 43, containing about 21,473 square feet, and the other bounded by Truman Highway, Washington street, and by a line about 100 feet south from and parallel to Faraday street, and containing approximately 297,527 square feet.

These parcels of land will be developed by the Board of Park Commissioners into one large play area in the vicinity of the veterans' housing project in the Hyde Park section of the city.

The necessary sum of \$15,000 to acquire this land for playground purposes is being appropriated from the special account, "Sales of City Property," and adoption of the order is recommended by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of fifteen thousand Dollars (\$15,000) be, and the same hereby is, appropriated from the special account "Sales of City Property," to be expended for the purpose of acquiring by purchase, by eminent domain, or otherwise, a parcel of land bounded by Truman Highway, Washington street, and by a line from about 100 feet south and parallel to Faraday street, containing 297,527 square feet, and a second parcel of land on the southerly side of Faraday street, between numbers 19 and 43, containing about 21,473 square feet.

Referred to the Executive Committee.

APPROPRIATION FOR PENSIONS AND ANNUITIES IN INCOME DEPART- MENTS.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.
Gentlemen:

I am advised by the City Auditor that an additional appropriation of twelve thousand dollars (\$12,000) will be needed for the balance of the year 1951 for pensions and annuities in the income departments.

This additional sum is necessary because of the increased number of employees pensioned under the noncontributory pension system since passage of the budget and which could not have been anticipated when the 1951 budget was submitted to the Council.

There is forwarded herewith an order appropriating the above-mentioned sum of twelve thousand dollars (\$12,000) from the income of these self-supporting departments, consideration and adoption of which is recommended by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the sum of twelve thousand dollars (\$12,000) be, and hereby is, appropriated for pensions and annuities in the income departments, said amount to be met from the income of said departments and any excess over income from taxes.

Referred to the Executive Committee.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 16, 1951.
To the City Council.

Gentlemen:

The enclosed requests for transfers of appropriations, together with the accompanying orders, are recommended for adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for 13-74, Pensions and Annuities, \$25,000, to the appropriation for Unclassified, 13-42, Workmen's Compensation, \$25,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, 460, Relief Payments, \$120,000 to the appropriation for Public Welfare Department, Central Office, 1, Personal Services, \$120,000.

Referred to the Executive Committee.

TRANSFER FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1951.
To the City Council.

Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$25,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1951 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$183,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$25,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, November 8, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$25,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000

When making up the budget estimates for the year 1951, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1951, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the sum of twenty-five thousand dollars (\$25,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000

Referred to the Committee on Parkman Fund.

Report on appointment by the Mayor (referred October 29) of Robert C. Younken as constable with authority to serve civil process upon filing of bond, for term ending April 30, 1952,—recommending that the appointment be confirmed.
Report of appointment by the Mayor (referred October 29) of John Keller as weigher of goods for term ending April 30, 1952,—recommending that the appointment be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Coffey and Farin. Whole number of ballots 14, yeas 14, and the appointments were confirmed.

REPORT OF COMMITTEE ON PERAMBU-
LATION OF THE BOUNDARY LINES.

Coun. SHANLEY, for the Committee on Perambulation of the Boundary Lines between Boston and the cities of Revere, Everett, Somerville, and Newton and the towns of Brookline, Dedham, and Milton, submitted the following:

City Council, November 19, 1951.

The special committee appointed to examine the lines and bound marks between the City of Boston and the cities of Revere, Everett, Somerville, and Newton and the towns of Brookline, Dedham, and Milton respectfully report that they have attended to the duty with which they were charged and have examined and verified with the committees

appointed by the said cities and towns the several boundaries and bound marks in the existing boundary lines.

The committee found that some boundary points were unmarked and many others inadequately marked. The Boston-Revere boundary line was originally established along the center of Belle Isle Inlet between Bennington street and Chelsea River. Most of this inlet passing through Suffolk Downs has been filled. The location of the inlet was last surveyed by Whitman & Howard, engineers for Suffolk Downs, and is shown on a plan dated January 6, 1936, signed by William J. Sullivan, Chief Engineer, Street Laying-Out Department, City of Boston. Except for two state highway bounds supposed to be set on the boundary line, one on Bennington street and one at William F. McClellan Highway, this entire boundary is unmarked. The Boston-Everett boundary likewise is poorly marked. Only one original bound was found. The locations of other boundary points are included in the engineering data of both cities and can be reproduced by surveys. The Boston-Somerville line is not well marked. The portion of the line running from Mystic street and Roland street is satisfactory. From Mystic street northeasterly only one intermediate marker exists, and from Roland street southeasterly, likewise, only one boundary point is marked.

The remaining boundary lines between Boston-Brookline, Boston-Newton, Boston-Dedham, and Boston-Milton are reasonably well marked. However, on each line, some points were found unsatisfactory.

It is the recommendation of this Committee that the Board of Street Commissioners be requested to place permanent visible markers at those boundary corners having no markers or where markers are buried or otherwise not plainly visible.

We submit herewith descriptions of the boundary lines and marks for record.

VINCENT J. SHANLEY,
JOHN J. MCCOLGAN,
Councilors.
WALTER J. MALLOY,
City Clerk.

JAMES W. HALEY,
Chief Engineer, Street Laying-Out Department.

(The report of the committee and descriptions are contained in City Document No. 54.)

The report was accepted, and ordered printed.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition (referred today) of Columbia Billiard Company, by Nicholas Cameles, 558 Columbia road, Dorchester, Ward 13, for license to operate bowling alleys on the Lord's day—that same ought to pass.

Report accepted; license granted under the usual conditions.

DEATH OF WILLIAM T. MORRISSEY.

Coun. MCCOLGAN and COOK offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby expresses its sincere regret at the sudden and untimely death of William T. Morrissey, a veteran of World War I and a former City of Boston career man who worked his way up from rodman to Commissioner of Public Works, resigning in 1945 to accept an appointment by Governor Tobin as Chairman of the Metropolitan District Commission, which position he held until his death and in which he gave the same high type of service and conscientious effort as he did during his thirty years' employment with the City of Boston; and be it further

Resolved, That the Boston City Council extends its deep sympathy and condolence to the members of the family of the late William T. Morrissey.

The resolution was adopted by a unanimous rising vote.

ELECTRIC LIGHTS ON REGINA ROAD.

Coun. FARIN offered the following:

Ordered, That the street lighting division of the Public Works Department be requested, through his Honor the Mayor, to put electric lights on Regina road, Dorchester.

Coun. FARIN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to study the feasibility of putting another traffic island in Codman square, Ward 17.

Passed under suspension of the rules.

INCREASED SALARY FOR PUBLIC
WORKS COMMISSIONER.

Coun. ANSEL offered the following:

Resolved, Whereas George G. Hyland, Commissioner of Public Works, has given continued distinctive service to the City of Boston; and

Whereas, George G. Hyland has the experience, training, and qualifications which have been a credit to him and the City of Boston in the performance of his duties as Public Works Commissioner; and

Whereas it is the opinion of the members of the Boston City Council, in meeting assembled, that it is in the best interests of the City of Boston that his service be retained by his Honor, Mayor John B. Hynes; be it

Resolved, In meeting assembled, that the Mayor immediately study the advisability of increasing the salary of the Public Works Commissioner of the City of Boston as his position is one that is highly technical in character and needs the qualifications which the present Public Works Commissioner, George G. Hyland, possesses; and be it further

Ordered, That copies of this resolution go to his Honor the Mayor and to the Public Works Commissioner.

Referred to the Committee on Ordinances.

NAMING OF FRANKLIN PARK TENNIS
COURT FOR EDWARD I. MINSKER.

Coun. ANSEL offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to study the advisability of marking the tennis court at Franklin Park with an appropriate marker in memory of Edward I. Minsker (a veteran who distinguished himself in the service of his country, and who, as a result of injuries, died July 3, 1950) and that such area be named in his memory to perpetuate his contribution to our country.

Passed under suspension of the rules.

Salary: \$64.45 a week.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To have direct charge of the public sailing program on the Charles River Basin and to control and supervise all activities on the landing and sailing areas; to teach sailing to approximately one thousand boys and girls each summer, in a form quickly absorbed by public participants, and to instruct subordinate staff members in methods of giving such instructions; to outline rules and procedures in order to make a public sailing program safe, harmonious, and efficient, and to supervise the staff of paid or voluntary participants in such a manner as to assure absolute compliance with the rules and procedures during times of calm or emergency; to see that all boats and their gear are in good working condition and safe against any contingency which may arise due to the ineptitude of participants or due to the weather, and to ascertain that boats are not placed in charge of participants not qualified to handle them; to anticipate weather conditions on the sailing area and to interpret the effect of present or expected weather on helmsmen of varying degrees of experience; to protect the fleet and participants during heavy weather by correct and decisive action; to be responsible for money collected in cases where fees are charged to adults or to children; to repair and build boats during the wintertime and to instruct groups of youngsters in the building and repairing of boats; and to perform related work as required.

Examples of Duties: Enforcing appropriate measures during stormy weather or where winds strike suddenly in order to insure the safety of the fleet; organizing paid or voluntary assistants, requisitioning nearby boats and proceeding to render appropriate aid to boats most in need during an emergency; instructing boys inept at learning sailing or non-co-operative towards the sailing program and its many problems and handling such types with inspiring and effective confidence; requisitioning required materials for repairing and building boats and organizing the repair work and construction in an efficient manner; conducting swimming tests; safeguarding personal property left ashore; answering questions from persons seeking information concerning the program.

An understanding of the problems of younger and older persons and the relationships between them as participants in a sailing program, with the ability to gain their cooperation, is necessary, as well as the ability to control all activities in a friendly manner but with vigorous authority.

During the summer months, Sunday and holiday work is included, and the program continues until one hour after sunset each day. During the winter months, evening work is included.

Entrance Requirements: Applicants must have had (a) at least six months or two seasons of paid experience in direct charge of a sailing program which was available to the general public with

or without cost and which included preliminary sailing instruction as an established part of the program and actual direction of the sailboats and the activities of the participants at the boat landing of the project, and must have had (b) at least three months or one season of paid experience as an instructor in boatbuilding or allied manual arts. **Substitution:** One year or four seasons of paid experience as a subordinate sailing supervisor with full responsibility during the absences of the sailing director in a sailing program as described under (a) may be substituted for the required (a) experience.

Possession of a current Red Cross first-aid certificate and a certificate (Red Cross, Y.M.C.A., or intercollegiate) as an instructor in life saving and water safety is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

WILL CONTINUE TO OPERATE CITY ON PAY-AS-YOU-GO BASIS AND BORROW NO MONEY FOR CURRENT EXPENSES—MAYOR JOHN B. HYNES OUTLINES BEFORE CHAMBER OF COMMERCE AND CITY'S LEADING BUSINESSMEN HIS PLANS FOR CONDUCTING CITY'S AFFAIRS DURING HIS FOUR-YEAR ADMINISTRATION ABOUT TO BEGIN—MENTIONS PARKING, HOUSING, AND FINANCES AS MOST OUTSTANDING PROBLEMS—ASKS FOR CONTINUATION OF SUPPORT IN EFFORTS—PROMISES BETTER BOSTON.

BOSTON IN FAIR WAY TO SECURE MUCH-NEEDED STEEL TO BUILD OFF-STREET PARKING FACILITIES—MAYOR JOHN B. HYNES GETS FAVORABLE REPLY TO APPEAL TO PRESIDENT TRUMAN IN MATTER—PRESIDENT DIRECTS APPROPRIATE OFFICIALS TO GIVE CAREFUL CONSIDERATION TO APPEAL FOR AID.

Mayor John B. Hynes' appeal to President Truman for aid to Boston in his Honor's effort to secure sufficient allocation of steel for the construction of off-street parking facilities has been heard with sympathy, and it is believed that before long Boston will have the steel allotted to it that will permit a speeding up of construction.

MAYOR HYNES APPEALS TO DIRECTOR OF CIVIL SERVICE, ASKING ESTABLISHMENT OF CLASSIFICATION PLAN FOR CITY OF BOSTON EMPLOYEES—ACTION FOLLOWS RECOMMENDATIONS OF SURVEY.

On December 5 Mayor Hynes sent the following letter to Mr. Thomas J. Greehan, Director of Civil Service, requesting that a classification plan be established for the employees of the City of Boston:

December 5, 1951.

MR. THOMAS J. GREEHAN, *Director of Civil Service, State House, Boston, Mass.*

DEAR SIR:

Under the provisions of section 108A of chapter 41 of the General Laws, the City of Boston has caused a survey to be conducted by the J. L. Jacobs Company of Chicago in order for the city to adopt a classification and compensation plan as

(Continued on page 1372.)

Following are the remarks of his Honor the Mayor, John B. Hynes, at the Chamber of Commerce luncheon to the Mayor, the new School Committee, and the new City Council at the Hotel Bradford on December 13:

As Mayor of Boston, may I extend my personal and official welcome to the twelve newspaper correspondents who are here today from Italy, France, Belgium, the Netherlands, Norway, and Denmark. I hope they will find their visit to our city both informative and enjoyable and that they will take back to the citizens of their respective countries the warm and friendly well wishes of the people in one of the oldest cities of the Western world.

You gentlemen visiting Boston for the first time may be somewhat puzzled by this discussion of our municipal government. Our problems, perhaps, may appear trivial, indeed, by comparison with those of some cities in your own countries, particularly those which knew the ravages of war but a few years ago.

Here in America there is a constant and unending spirit of competition between our great cities in their efforts to hold and to obtain the business, the industry, and the trade so vital to their well-being as large metropolitan centers. You will be interested to know, too, that we are obliged to modify our plans and to postpone some of the great improvements we would like to undertake because materials such as steel must be used by the military to make the planes, the ships, the tanks, and the guns needed to offer a strong defense against any aggressor who threatens the right of the people of our nation and your nations to live in peace and security.

"Offensive Platoon."

In the announcement sent out on this luncheon, Mr. Hoftzyer described the city officials in Boston's new Plan A government as the "offensive platoon." The football-minded Mr. Hoftzyer has the happy thought that, having been on the defensive for two years, we are now about to launch an all-out offensive. As quarterback of the municipal team to which Mr. Hoftzyer referred, I think we are going to use the two-platoon system, and some of our most difficult problems will be those against which we will be called upon to put up a strong defense.

Like the system used so effectively by Notre Dame, Princeton, and the other great football-playing colleges, our team is going to have to perform on both the offense and the defense. For two years we have been trying to hold the line against rising costs, and there is every indication that we are going to have to continue holding the line. The task is not likely to grow any easier in the years just ahead than it has been during the past two years.

Our team isn't going to be able to do all the things it would like to do, or even all the things it should do. As matters stand we can safely undertake only those projects which are of the greatest importance from the over-all standpoint of the city.

(Continued on page 1371.)

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR JOHN B. HYNES ADDRESSES CHAMBER OF COMMERCE ON PLANS FOR COMING TERM.

(Continued from page 1369.)

In a general way, our objective is exactly the same as it was when I assumed office for my freshman term a little less than two years ago. It is to make Boston a better city in which to live and to work—to protect its assets—to promote a better future. But we must, at the same time, measure and weigh every proposal for a public improvement against the city's ability to finance it. We know that we must avoid a confiscatory tax rate. We know that there is a point beyond which the tax rate cannot go without imposing an impossible burden upon both business and homeowners. Behind that is the policy I have adopted, of striving to reduce the city's debt each year. An important part of my program is to pay off a little more in old borrowings each year than is borrowed for capital improvements.

If I may use again the football terms employed by Mr. Hoftyzer, I will admit at the outset that our program is not of the wide open, flashy, razzle-dazzle variety. Instead, it is sound and conservative and uncolorful.

I know that paying off somebody else's bills is no formula for achieving personal success and fame. But I do know that it is of vital consequence to our city and its people that we continue our efforts to strengthen Boston's financial standing. As matters stand today, it is going to be necessary for our city government to raise at least \$8,000,000 more next year than we raised this year. The MTA is posing a great financial headache for us.

Boston, I might remind you, must pay 65 per cent of whatever operating losses the road incurs. We have no choice or discretion in the matter. Under the law we must pay them. Present indications are that the MTA this year will lose something in excess of \$5,000,000. Boston's share would be more than \$3,250,000, rising in proportion if the total loss goes over the \$5,000,000 mark. On top of that we are still paying off slightly more than \$1,000,000 a year on the loan floated by the previous administration to finance the MTA losses for 1948 and the first half of 1949.

During the coming year we will feel the full impact of the cost-of-living salary increases we granted municipal employees last June and the raises given late last month to the police and firemen as a result of an act passed by the State Legislature. By and large, we do not overpay our city employees. I think it is fair to say that a high proportion of them receive smaller pay than do persons holding similar jobs in private industry. I have had that brought home forcibly as a result of attractive financial offers received by some of the key men in our municipal cabinet—men the city cannot afford to lose. I considered it necessary last June to grant a general raise to our employees to enable them to meet the mounting cost of living. At this time, however, I feel that the city cannot afford another general increase. Our new classification and compensation plan should go into effect early in 1952, and it should thereafter begin to eliminate existing inequities.

And, speaking of salaries and wages, I am hopeful that the members of the Legislature, at their next session, will give the city an opportunity to get its breath on salary increases. There was little justification for some of the extreme generosity shown in the pay raise bills enacted during the closing days of the last legislative session. Many of the increases were all out of proportion to what the city can afford, and they are almost

certain to start a series of requests from other workers which we will have no alternative but to turn down.

LEGISLATURE SHOULD PROVIDE.

It seems to me that it is not unreasonable to ask—in view of the financial problems confronting Boston—that the Legislature not enact any bills involving expenditures by the city unless it also provides the money necessary to cover the expense. It is a very pleasant thing to be able to hand out raises liberally and generously and let someone else do the worrying about getting the money.

We, in Boston's city government, believe we have the clearest understanding of our municipal problems. We think we know what should be done, and, to the best of our ability, we intend to do it.

One of our most acute problems—perhaps the most acute—as I see it, is to relieve the parking congestion in our downtown business district. It is vital that we master that problem, for if we fail to do so it is inevitable that Boston will lose business it might never regain. We now have on the planning boards a program that would break the back of that critical parking shortage, and we have the funds to launch it. At the present time, however, we are held back by federal restrictions on the use of steel. The only word we have been able to get from the National Production Authority is that the steel we want might be available in the second quarter of next year.

About a week ago, I appealed directly to President Truman, asking that he intervene and allocate us the small amount of steel we are seeking. I have since received word that my request is being given serious consideration. If we get the steel—and we want only a moderate amount of light steel—we will go ahead immediately with the construction of a garage in Winthrop square and will follow that up with the erection of similar structures at Post Office square and near Copley square. Unless the President helps us out, we will simply have to wait until the National Production Authority sees fit to allocate us the steel. But, barring unforeseen contingencies, I am confident that the next four years will see Boston overcome its most acute problems and go on to greater things.

PUTS CITY'S HOUSE IN ORDER.

During the past two years my administration has had to devote a good portion of its time to putting the city's house in order. We have made substantial progress in this direction. I can report to

you that our city government is being operated more efficiently today than it was when I assumed office on January 2, 1950. At the same time, I state frankly that there is still room for improvement, and that we intend to make further improvements. To some extent we have been handicapped by our inability to do any really long-range planning. My present term, which expires a little more than three weeks from now, was for two years, and much of our planning was on a two-year basis. Many of the minor problems that confronted the city at the time of my inauguration are now behind us. We are now preparing for a four-year term, and we are able to plan in broader terms.

I have had filed for the consideration of the incoming Legislature a bill which would give me power to consolidate and reorganize city departments by executive order. That is not in any sense intended as a slight at the new nine-man City Council. However, I believe that since the charter places upon the Mayor the responsibility for administering the city government, he also should be vested with the power to make the improvements and changes he believes would contribute to a more efficient operation of that government. If this bill is adopted, it is my purpose to try to eliminate the duplication and overlapping of municipal functions which still exist. Perhaps, I should stress that in any reorganization of that kind no employees will be fired, though it is my hope that with a higher degree of operating efficiency we will be able to leave some vacancies unfilled as they occur.

When I was elected Mayor in 1949, I expressed the conviction that the most acute problems confronting the city were its financial stability, its housing shortage, its traffic problem, and its lack of adequate parking facilities in the downtown area. In the next four years I am more than hopeful that the parking, housing, and traffic problems will be solved. The new overhead central artery to be built across downtown Boston and such projects as those under way at Sullivan square and Forest Hills should make possible free travel in and out of the city and take the through traffic off our busy downtown streets.

PROVIDE PARKING SPACE.

The garages to be built as part of our own \$10,000,000 off-street parking problem, with the proposed underground garage beneath Boston Common, will greatly ease the parking problem. I hesitate to say that it will overcome it entirely because of the continuing increase in the number of automobiles on our streets. But we should be able to provide additional parking spaces for about 8,000 cars at one time under this program.

We now have under way the greatest public housing program ever undertaken in Boston's history. It is a program in which I take a great deal of pride.

The task of strengthening the city's financial standing has been made vastly more difficult by the constant rise in almost everything we must purchase to operate our city and to furnish essential public services. The cost of running a hospital is still going up. Supplies and materials cost more.

The effect upon our municipal budget is obvious. We are caught in the upward spiral of inflation. We have tried, and we are trying, to hold the line to as great an extent as we can. Our financial problem is the most difficult and trouble-

some we face as we prepare for the start of our full four-year term. It is more difficult and troublesome because the factors creating it are beyond our control. You can appreciate that it is rather discouraging to save a few thousand dollars here and a hundred thousand dollars some place else only to find that the saving is more than offset by a rise in the cost of supplies or is made to look insignificant by a staggering MTA deficit. However, it is our job to make those savings where and when we can, and to the very best of our ability we will continue to see that the people of Boston get a full value in return for their tax dollars—if there is any such thing as giving full value for a dollar in this present period of inflation. Your dollars don't go very far now in the business world or in your home, and they don't go as far for us in the city government as they did a few years ago.

Under such circumstances the temptation to borrow money for current expenses is great, and some people sincerely believe we should do so and pay off the borrowings under more stable conditions. With that line of reasoning I do not agree. It is my intention to continue to operate the city on a pay-as-you-go basis. Unless some unforeseen emergency arises I will not borrow money for current expenses. Barring such an emergency, I intend to pay off more money each year on old loans than we borrow. That has been my financial policy for the past two years, and it will be my policy for the next four years. That may sound rather unspectacular, but in my judgment it is the safest and soundest course for the city.

When any Mayor enumerates his responsibilities, he places at the head of his list the care of the sick, the needy, the indigent, and the underprivileged. We haven't made much fanfare about it, but we have made great improvements at both the City Hospital and the Long Island Hospital. We have endeavored to care for the needy families on welfare and for retired employees as generously as the city's financial condition would permit. We are trying to carry forward those public improvements which are most vital to the future well-being of the city and its people. Other things we would like to do are being deferred until some more favorable time.

As a general practice, for example, we have undertaken projects of a recreational nature only to the extent that they could be financed with the revenue from the George Robert White Trust Fund, so that they imposed no expense on the taxpayers. And may I add in that connection that it is my objective to make our \$10,000,000 off-street parking program self-supporting.

THANKS FOR COOPERATION.

To you members of the Chamber of Commerce I would like to express my sincere thanks for the help and cooperation you have given me during my first two years in office. You have played a great part in advancing our city during the two years of my administration.

The Mid-20th Century Jubilee added tremendously to Boston's prestige. Without your help and cooperation, our Christmas Festivals could not have been promoted so successfully, and I believe they have been of great benefit to our citizens, to our business community, and to the city itself.

I will need all the help I can get during the next four years. I earnestly ask for the help and cooperation of you members of the Chamber of Commerce. With your

assistance and your support, I believe we can achieve a better Boston.

Mr. Hoftzyer referred earlier to the two-platoon system. One suggestion I have for the two-platoon system is that the city government and the Chamber of Commerce continue to work on both the offense and the defense.

MAYOR HYNES APPEALS TO CIVIL SERVICE ON NEW CLASSIFICATION PLAN.

(Continued from page 1369.)

authorized under the above section. I request that the Director of Civil Service establish a corresponding classification plan under authority granted him by section 2A of chapter 31 of the General Laws and that he put such a classification plan into effect.

The individual department heads of the city having employees affected by the classification plan have been directed by me to transmit to you, via the Budget Commissioner of the City of Boston, their recommendations as to any changes which they believe are necessary to accomplish this purpose. These recommendations will incorporate both the findings of the Jacobs survey as well as their own recommendations in the matter. I have requested the Budget Commissioner to forward to you a final copy of the complete Jacobs report on the classification plan.

I wish to thank you and the members of your staff for the generous cooperation given to the surveyors and the city officials involved, which was most helpful in completing the survey for submission to you for final action.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR HYNES RECEIVES FAVORABLE REPLY TO REQUEST FOR STEEL FOR OFF-STREET PARKING BUILDINGS.

(Continued from page 1369.)

On Monday Mayor Hynes addressed a letter of appeal to President Truman which reads as follows:

HON. HARRY S. TRUMAN,
President of the United States,
Washington, D. C.

MR. PRESIDENT:

The traffic problem of Boston is becoming increasingly acute. Major improvements, under state auspices, and minor improvements, under city auspices, are planned, or are under construction, to relieve the ever-increasing pressure of vehicles using the downtown area of our city.

In connection with these improvements, the municipal government is prepared to construct six off-street parking facilities within the business area of the city. We are ready to go forward immediately with two of these facilities.

Unfortunately, we cannot begin construction because of the limitations on the use of steel. We have appealed our case to the NPA, after twice being denied an allotment, and have been informed that steel *might* be obtainable during 1952.

I presume to write this letter to you in the hope that, by executive direction, sufficient steel will be allotted to Boston

to permit us to meet, to some extent at least, the demand for parking facilities in our business area.

Most large urban centers are experiencing the discouraging effects of decentralization. Lack of sufficient parking facilities gives acceleration to this process, and gives grave concern to municipal authorities.

I think I state the conviction of other municipal executives when I predict that any lag or delay in providing parking facilities will result in further and intolerable traffic congestion and in further debilitating decentralization. In either case it is an unhappy prospect for cities which are now beset with other extraordinary problems.

Might I say also that from the standpoint of civilian defense, in addition to all the other considerations, it is imperative that the congested condition of our downtown streets be relieved. As you know, Boston is an old city. Many of its streets were laid out before the automobile age. I hardly need say that in the event of an emergency it would be vital that travel move freely through our intown streets. The circumstances are such, I believe, as to warrant your intervention to help our city.

May I, therefore, Mr. President, most respectfully request that you order a revision of the present limitations on the use of steel, in sufficient amounts to enable Boston to solve a problem which, unless attacked without further delay, may well prove to be the forerunner of a serious illness from which our city will never fully recover.

With best wishes for your continued good health, I am

Respectfully,

JOHN B. HYNES, Mayor.

Mayor Hynes has received the following reply:

KEY WEST, FLORIDA,
December 7, 1951.

DEAR MR. MAYOR:

The President has asked me to acknowledge the receipt of your letter of December fourth regarding the desire on the part of the City of Boston to secure a sufficient allocation of steel to permit the construction of off-street parking facilities to relieve vehicular traffic in the downtown area.

While the needs of the defense program must come first, the President is, of course, most appreciative of your interest in writing to him about the problem confronting Boston. By direction of the President, the appropriate officials are being asked to give your request careful consideration.

With kind regards.

Very sincerely yours,

WILLIAM D. HASSETT,
Secretary to the President.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, December 7, 1951.
To All Department Heads.

GENTLEMEN:

You are hereby directed to grant one half day, without loss of pay, to employees in your department to allow them to do Christmas shopping.

Respectfully,

JOHN B. HYNES, Mayor.

REPORT OF THOMAS D. GINN, DIRECTOR, DEPARTMENT OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT THIRD ANNUAL WORK CONFERENCE, IN WASHINGTON, OCTOBER 8 TO 10.

The following is a report of the attendance at the Work Conference on Life Adjustment Education by Thomas D. Ginn, Director of Vocational Guidance, October 8 to 10, 1951, in Washington:

The keynote speech was made by Dr. Buell G. Gallagher, Assistant Commissioner for Program Development and Coordination, United States Office of Education. His topic was "Education, Youth, and American Culture." The address was so outstanding that by popular demand a complete copy was given to each member of the conference.

May I quote, "To live in this kind of world—and this is the only kind of world in which today's children have the option of living—to live in this kind of world calls for knowing a great many things which yesterday's children did not know, could not know, had no need to know. These, too, must now be learned. And where are they to be learned, if not in the schools?"

"Educators cannot be cowards. If we are to educate the whole person, we must refuse to be frightened away from the whole, or any part, of life. And if we are not to educate the whole person, then what are we doing in the schools? We have then become the tools of special interests, of fears and pressures, and anxieties and frustrations—instruments of disintegration. That is the movement of adjustment for death, not life."

"Every child needs to know himself as a growing individual. Along with self-discovery and self-development, he also needs a sense of belonging, of being wanted and appreciated." Dr. William Van Til of Nashville, Tennessee, led the discussion.

At the afternoon session under the leadership of Dr. R. W. Gregory, Assistant Commissioner, Division of Vocational Education, there were four speakers on the topic "Critical Problems Facing American Youth." It was the consensus of opinion that the children of today must learn to meet these problems in school under competent educational and vocational guidance counselors.

On Tuesday morning, October 9, the conference opened promptly at nine o'clock with the showing of two motion pictures, the "Drop-Out" and the "Stay-In." These films were made in Dr. Howie's school and produced by McGraw-Hill. They run for twenty minutes each. Dr. Howie complained that the motion picture producers were strong on the dramatic and that he, himself, did not really like the films. However, I think that they could be used to advantage by teachers and some parent-teacher association groups.

We were then assigned to our work group sessions. The one that I attended for the remainder of the convention was "Education for Work," which was under the chairmanship of Mr. Homer Smith of the University of Minnesota. The group was cosmopolitan, coming from all parts of the country, and consisted of thirty-two people. We met in three sessions and reduced the findings to the following preliminary report:

Although a broad concept of work includes all of the productive and service activities of an individual in behalf of the group, this study session is concerned primarily with that aspect of education for work that pertains to earning a living. It is recognized that an adequate program of education for work cannot be confined to youth, but must have its beginning in childhood. It is recognized also, that education for work in a complex and changing society is a continuing need of the individual throughout life. It is further recognized that life adjustment education for work is a responsibility of the entire community, involving many agencies, among which the school may be identified as a primary coordinating force.

A. What do all American youth need to know about work? It was agreed that positive instruction should be given all youth in order that they may understand (a) the nature and necessity of work; and (b) the basic principles of the American economic system.

B. What kinds of experiences do youth need to educate them for work? It was agreed that those experiences are desirable which will tend to develop the following attitudes:

1. A sense of responsibility for being at the right place at the right time.
2. A sense of pride in a job well done.
3. Self-respect as a worker.
4. Respect for the other workers and their jobs.
5. Ability to get along with others on and off the job.
6. Loyalty toward the organization for which one is working.
7. Desire to improve as a worker.
8. Desire to explore several occupational opportunities before making a career choice in the light of interest, aptitude, and availability of opportunity.

C. What are some of the "road blocks" which make it difficult for the school to develop these attitudes in youth?

1. Improper attitudes of parents toward their own work.
2. Traditional attitude of teachers, administrators, and boards of education toward a program of meeting the needs of youth for education for work.
3. Lack of a close liaison between the school and other community agencies in planning to meet these needs.
4. Lack of understanding of the basic principles of our capitalistic economy.

D. How are we going to set up a program of experiences in the school and in the community that will make possible the participation of students in activities that will develop appropriate understandings and attitudes toward work?

SHERIFF'S OFFICE.

Upon December 4 the Mayor approved a contract as requested in the following letter:

BOSTON, December 3, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Pursuant to an advertisement published in the *City Record* on November 10, 1951, proposals for alterations and additions to the heating system for Suffolk County Jail were publicly opened and read on Monday, November 26, 1951, at 12 o'clock noon, and the three lowest bids are as follows:

Malden Industrial Piping Company, Malden, \$8,100; J. W. Praught Company, Dorchester, \$8,196; William M. Collins Company, Boston, \$9,010.

Relative to these bids, I wrote to the Malden Industrial Piping Company, 75 Ferry street, Malden, and to the J. W.

Praught Company, 1049 Dorchester avenue, Dorchester, asking them to submit a record of work performed by them for the City of Boston or the School Buildings Department over the past several years.

I have now received their replies and I find that the Malden Industrial Piping Company of Malden has never done work for any department of the city, while the J. W. Praught Company of Dorchester has performed contract work for the city over the past 31 years, and I attach their letter listing their city work for the past year.

In view of the satisfactory performance record of the J. W. Praught Company on city contracts and as the difference in the amount of the two low bids is only \$96, I believe it will be in the best interests of the city and county to have the J. W. Praught Company do this work at the Jail. Therefore, I respectfully request your permission to the award of this contract to the J. W. Praught Company, the second lowest bidder, whose bid was in the amount of \$8,196.

Very truly yours,

FREDERICK R. SULLIVAN,
Sheriff.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, and the like. Communications from heads of departments interested were as follows:

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, December 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Proposals for new gutters and roof repairs to the Hill Prison at Deer Island were advertised in the *City Record*, but no bids were received on November 15, 1951.

On October 10 I informed you of the dangerous condition of the metal cornice and the need for extensive repairs at the Hill Prison, Deer Island, and received your approval to engage John F. Shea of 41 Hollingsworth street, Mattapan, to prepare a contract and specifications for the necessary sheet metal and roofing work.

The condition of the roof has grown rapidly worse, endangering the proper function of the lighting system. It is imperative that the necessary roofing and sheet metal work be started as soon as possible.

I am therefore requesting your approval to cancel the agreement with John F. Shea Company to prepare contract and specifications and award a contract without advertising for the roofing and sheet metal work at an estimated cost of \$15,400, the same to be based on a mutually agreed price for the same items, of work appearing in the publicly advertised proposal referred to above.

Respectfully yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of October 15, 1951, your Honor approved a contract, which was awarded without publicly advertising for bids, to Mary E. Taaffe, administratrix

of the estate of Edward X. Taaffe, for earth excavation and refilling to assist the Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the Brighton water district.

This contract was awarded to the latter-referenced contractor on the basis of proposals that were obtained after publicly advertising for same on January 25, 1949, and said contract provided for the same unit prices and the same terms and conditions as the original proposal.

The contract sum provided under the provisions of the current contract document has been expended, but it is most essential to provide for a continuance of the work during the remainder of the current year. The work of this contractor has been satisfactory, and the current prices for which the contractor has agreed to do the work are fair and reasonable, and, as stated, were obtained after publicly advertising for same in January of 1949.

I do not feel that there would be any advantage in publicly advertising for proposals to do this work for the remainder of the current year, because of the relatively small amount involved, and also because time will not permit. However, we are publicly advertising for proposals preparatory to the awarding of contracts in all sections of the city for doing this work in 1952. In the meantime, I feel that it would be more advantageous to the city to provide a short-term contract, based — as stated above — on the terms and prices included in the current contract.

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe, of 35 Presentation road, Brighton, in the amount of \$2,000, for earth excavation and refilling to assist Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the Brighton district. The work to be performed under this contract is to be completed on or before December 31, 1951, under the same terms and conditions and on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works

BOSTON, December 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 10, 1951, your Honor approved a contract, which was awarded without publicly advertising for bids, to Construction Units, Inc., 294 Washington street, Boston, for earth excavation and refilling to assist the Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the City Proper water district.

This contract was awarded to the latter-referenced contractor on the basis of proposals that were obtained after publicly advertising for same on January 25, 1949, and said contract provided for the same unit prices and the same terms and conditions as the original proposal.

The contract sum provided under the provisions of the current contract document has been expended, but it is most essential to provide for a continuance of the work during the remainder of the

current year. The work of this contractor has been satisfactory, and the current prices for which the contractor has agreed to do the work are fair and reasonable, and, as stated, were obtained after publicly advertising for same in January of 1949.

I do not feel that there would be any advantage in publicly advertising for proposals to do this work for the remainder of the current year, because of the relatively small amount involved, and also because time will not permit. Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Construction Units, Inc., of 294 Washington street, Boston, in the amount of \$3,000, for earth excavation and refilling to assist Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the City Proper district. The work to be performed under this contract is to be completed on or before December 31, 1951, under the same terms and conditions and on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 12, 1951, your Honor approved a contract, which was awarded without publicly advertising for bids, to Appel & O'Toole Company, 78 Moreland street, Roxbury, for earth excavation and refilling to assist the Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the Dorchester water district.

This contract was awarded to the latter-referenced contractor on the basis of proposals that were obtained after publicly advertising for same on January 25, 1949, and said contract provided for the same unit prices and the same terms and conditions as the original proposal.

The contract sum provided under the provisions of the current contract document has been expended, but it is most essential to provide for a continuance of the work during the remainder of the current year. The work of this contractor has been satisfactory, and the current prices for which the contractor has agreed to do the work are fair and reasonable, and, as stated, were obtained after publicly advertising for same in January of 1949.

on the terms and prices included in the current contract.

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Appel & O'Toole Company of 78 Moreland street, Roxbury, in the amount of \$3,000, for earth excavation and refilling to assist Water Division employees to install, regulate, or repair Water Division structures and other incidental work in the Dorchester district. The work to be performed under this contract is to be completed on or before December 31, 1951, under the same terms and conditions and on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has notified this department that their requirements for procaine penicillin 1 cc. 300,000 U for the remainder of the period of the current drug contract will be more than the amount provided in the contract.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Good Drug Company, who was the lowest bidder on this particular item when bids were publicly opened earlier in the year. This company is the present supplier and will furnish the procaine penicillin to the Boston City Hospital at the same price as that of their contract, namely, 36 cents per vial. The period of the contract will be from December 15, 1951, to March 31, 1952.

Approximate total amount of contract will be \$2,880, less 1 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has notified this department that their requirements for procaine penicillin 5 cc. 1,500,000 U for the remainder of the period of the current drug contract will be more than the amount provided in the contract.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Linus D. Drury, who was the lowest bidder on this item when bids were publicly opened earlier in the year. This company is the present supplier and will furnish the procaine penicillin to the Boston City Hospital at the same price as their contract price, namely, \$1.32 per ampule. The period of the contract will be from December 15, 1951, to March 31, 1952.

Approximate total amount of contract will be \$15,840, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGE IN CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

J. M. McCusker Company has been ordered to make the following changes in the contract for Brighton High School:

Additional Work.

Furnish and install all materials and labor necessary to install 12-inch transite flue on the outside wall of boiler room to roof.

Excavate area to 4-foot depth where stack is to be located and install 2'x2'x1' foundation footing onto which a 16-inch square concrete pier shall be erected. Concrete mix shall be 1-2-4.

Bottom of transite stack shall be equipped with a tee pipe and cap to rest on 16"x16" concrete pier so as to support weight of the stack. The branch opening of bottom tee to be capped and serve as a clean-out.

A transite 12-inch tee shall be installed at the level where the flue comes out of window and receive same flue into its branch opening as shown on drawing.

Transite pipe stack shall be securely hung and fastened with appropriate wrought-iron hangers to the stone wall. Hangers to be painted to match color of wall before being installed.

Top of stack shall be equipped with either copper or transite chimney top to keep weather out of stack.

The amount of \$745 will be added therefor, making the account as follows:

Contract price, \$5,568; total additions, \$745; amount of contract, \$6,313.

EXTENSION OF CONTRACTS.

BOSTON CIVIL DEFENSE.

Approval has been given for the extension of the time of completion, from July 31 to September 29, of the contract with the Stanton Electric Company for the installation of air-raid warning equipment at six different locations in the City of Boston.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract, approved September 17, 1951, with Walter Curley & Son for new retail salesroom at the Jamaica Plain High School, from December 15, 1951, to January 15, 1952. This extension was requested due to scarcity of materials necessary to complete contract.

Approval has been given for the extension of the time of completion of the contract, approved September 17, 1951, with Walter Curley & Son for new athletic storeroom at the Boston Technical High School from December 15, 1951, to January 15, 1952. This extension was requested due to scarcity of materials necessary to complete contract.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from August 1, 1951, to February 15, 1952, on the contract, approved June 20, 1951, of Bay State York Company for alterations and repairs to all walk-in type refrigerators at Boston City Hospital.

This extension was necessary because, due to present conditions, there was considerable delay in the delivery of materials necessary for completion of

contract; also in obtaining a priority rating from the National Production Authority.

EXTRA WORK UNDER CONTRACTS.

POLICE DEPARTMENT ORDERS.*General Order No. 1561.*

A Trial Board, consisting of Capts. William H. Britt, John H. Cloran, and Michael T. Clougherty, having heard by reference a complaint made by Capt. Thomas F. Casey of Division 13 against Patrolman William J. Beswick, Division 13, charging him with violation of the rules and regulations of the Police Department, has reported to the Commissioner a finding of guilty, recommending suspension of three months and 420 hours' punishment duty.

This recommendation is accepted, and it is ordered that the said William J. Beswick, patrolman, be suspended for three months, effective Friday, December 7, 1951, at 5.45 o'clock P.M., at the expiration of which time he shall perform 420 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1562.

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents James F. Daley, James J. Hinchey, and James T. Sheehan, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty during the year 1951.

The Commissioner therefore makes the following awards:

THE WALTER SCOTT MEDAL FOR VALOR AND A DEPARTMENT MEDAL OF HONOR TO DETECTIVE STEPHEN W. SMOLINSKI OF THE SPECIAL SERVICE SQUAD.

Detective Stephen W. Smolinski of the Special Service Squad is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on June 22, 1951.

Detective Smolinski, without regard for his own safety, entered a building in pursuit of a man wanted for shooting and killing a store clerk, and was shot and wounded in the head in his attempt to capture the criminal.

DEPARTMENT MEDALS OF HONOR.

Detective James V. Concannon of the Special Service Squad and Detective Daniel L. Crowley of Division 10 each are awarded a Department Medal of Honor for meritorious police duty performed on June 22, 1951. These officers succeeded in cornering in a building the man who had killed a store clerk and wounded Detective Smolinski. When called upon to surrender he attempted to shoot the officers—whereupon they fired simultaneously, killing this vicious criminal.

Patrolman Thomas J. Regan of Division 2 is hereby awarded a Department Medal of Honor for meritorious police duty performed on December 23, 1950. In the early morning hours Patrolman Regan by his alertness surprised a man in the basement of a building who had just demolished a safe and removed a large sum of money. He attempted to shoot the officer but was overpowered and taken into custody.

Patrolman Morgan F. O'Loughlin of Division 4 is hereby awarded a Department Medal of Honor for meritorious police duty performed on April 29, 1951.

While checking the doors of a business concern in the early morning hours, Patrolman O'Loughlin observed a man crouching behind a counter. The man fled to the rear with a metal cash box. The officer circled the building and, after a chase, managed to apprehend this criminal at the point of his revolver.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1563.

A Trial Board, consisting of Capts. Frank H. Shiley, Leo E. Hoban, and Harold J. Walkins, having heard by reference a complaint made by Capt. George W. O'Donnell of Division 4 against Patrolman Nathan E. Stewart, Division 4, charging him with violation of the rules and regulations of the Police Department, has reported to the Commissioner a finding of guilty.

It is hereby ordered that the said Nathan E. Stewart, patrolman, be suspended for three months, effective as of Friday, December 7, 1951, at 5.45 o'clock P.M., at the expiration of which time he shall perform 420 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1564.

The following promotions and assignments are hereby ordered, to take effect Wednesday, December 12, 1951, at 7.45 o'clock A.M.:

To the Grade of Lieutenant.

Sergeant-Detective William J. Donovan, from Detective Bureau to the Superintendent's office.

Sergeant Charles J. Hunter, from Division 10 to Division 14.

Sergeant Walter P. Carney, from Division 6 to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 59.*

I. APPARATUS OPERATOR WILLIAM H. LOUGHLIN.

It is with deep regret that the Fire Commissioner announces the death, on December 5, 1951, of Apparatus Operator William H. Loughlin of Engine Company 54. Apparatus Operator Loughlin was appointed to the department December 14, 1917.

The funeral was held from his late home, 26 Pine Ridge road, Dorchester, at 9 A.M., Friday, December 7, 1951, followed by services at St. Gregory's Church, Dorchester, at 10 A.M.

The Chief of Department made the customary detail to act as funeral escort.

II. LIEUT. THOMAS F. MALONEY.

It is with deep regret that the Fire Commissioner announces the death, on December 9, 1951, of Lieut. Thomas F. Maloney of Ladder Company 14. Lieutenant Maloney was appointed to the department July 16, 1937, and was promoted to the grade of lieutenant February 5, 1947.

The funeral was held from his late home, 36 Gardena street, Brighton, at 8.15 A.M., Wednesday, December 12, 1951, followed by services at St. Columbkille's Church, Brighton, at 9 A.M.

The Chief of Department made the customary detail to act as funeral escort, and members of Ladder Company 14 were excused from duty in order to attend the services.

III. ASSIGNMENTS OF MEN ON PROBATION.

The following assignments of men on probation, which became effective at 8 A.M., Wednesday, December 12, 1951, are hereby announced:

William E. Walsh, to Ladder Company 22.

VI. INSTALLATION OF NEW FIRE ALARM BOXES.

The following fire alarm boxes will be installed in the near future:

2517, South and St. Rose streets.

2631, Washington and Basile streets.

Fire Alarm Box 2517 will have the same assignment as Box 2516. Fire Alarm Box 2631 will have the same assignment as Box 2632. Assignment cards for these boxes will be distributed at a later date.

Circuit numbers for the foregoing boxes will be announced when the boxes are installed.

VII. CHANGE IN DESIGNATION OF ASSIGNMENT CARD, BOX 3789.

Due to the change in the name of a part of Washington street to Wakefield avenue, the designation of Fire Alarm Box 3789 will be changed to read as follows: 3789, Truman Highway and Wakefield avenue.

Company commanders shall make the above change on the assignment card for Box 3789.

VIII. CHANGE IN STREET NAME.

Notice has been received from the Board of Street Commissioners concerning the following change in name of street: Wakefield avenue, formerly part of Washington street, from Truman Highway to Badger road, Hyde Park.

IX. RENEWAL OF DUMP PERMITS FOR 1952.

Permits issued by the Health Commissioner for dumping ashes and house refuse on vacant land expire on December 31, 1951.

District chiefs are requested to forward to Headquarters on or before December 18, 1951, report of any objections they may have to the renewal of any dumping permits in their respective districts.

X. NEW PAGES FOR G. A. C. ASSIGNMENT BOOK.

New pages, Nos. 16 and 17, for the General Alarm Corporation Assignment Book are being issued to the department today.

Company commanders are requested to return old page 16 to headquarters in the envelope provided on or before December 17, 1951.

XI. COMMENDATIONS.

Hoseman Andrew J. Brady of Lighting Plant 2 is hereby commended for responding to and working at fire, Box 1551, on November 21, 1951, while off duty.

Man-on-Probation William F. Newman of Ladder Company 5 is hereby commended for responding to and working at fire, Box 716, on November 22, 1951, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EARTH EXCAVATION AND REFILLING TO ASSIST THE WATER DIVISION EMPLOYEES TO INSTALL, REGULATE, OR REPAIR WATER DIVISION STRUCTURES AND OTHER INCIDENTAL WORK IN DORCHESTER (WATER DIVISION) DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for earth excavation and refilling to assist the Water Division employees to install, regulate, or repair Water Division structures and other incidental work in Dorchester (Water Division) district. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Earth Excavation and Refilling to Assist the Water Division Employees to Install, Regulate, or Repair Water Division Structures and Other Incidental Work in Dorchester (Water Division) District," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, DECEMBER 27, 1951, with a certified check for THIRTY-SEVEN HUNDRED (3,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HEYLAND,
Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR EARTH EXCAVATION AND REFILLING TO ASSIST THE WATER DIVISION EMPLOYEES TO INSTALL, REGULATE, OR REPAIR WATER DIVISION STRUCTURES AND OTHER INCIDENTAL WORK IN WEST ROXBURY (WATER DIVISION) DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for earth excavation and refilling to assist the Water Division employees to install, regulate, or repair Water Division structures and other incidental work in West Roxbury (Water Division) district. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Earth Excavation and Refilling to Assist the Water Division Employees to Install, Regulate, or Repair Water Division Structures and Other Incidental Work in West Roxbury (Water Division) District," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of THURSDAY, DECEMBER 27, 1951, with a certified check for THIRTY-SEVEN HUNDRED (3,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Dec. 15.) Commissioner of Public Works.

Mayor John B. Hynes' Christmas Message to His Fellow Citizens of Boston

To all the citizens of Boston I wish a holy and happy Christmas. Especially do I wish that the spirit of the Prince of Peace bring comfort to the hearts of the mothers and fathers of boys in the armed forces of our country.

As once again we rejoice on the birthday of the Saviour, let us also pray to Him that peace will come to this troubled world.

MAYOR HYNES ANNOUNCES INTENTION TO PUT INTO FORCE EVERY PRACTICAL RECOMMENDATION TO IMPROVE EFFICIENCY AND ECONOMY OF OPERATION OF CITY'S AUTOMOTIVE EQUIPMENT — PLANS ANNOUNCED AT MEETING OF DEPART- MENT CHIEFS AT PARKER HOUSE.

At a meeting of an interdepartmental committee on the management of Boston's automotive equipment, appointed as the result of a recommendation of the Boston Municipal Research Bureau which recently completed a survey on the subject, Mayor John B. Hynes stated that it will be his policy to effect every practical recommendation which will improve the efficiency and economy of operation of the city's automotive equipment.

Present at the meeting held at the Parker House were George G. Hyland, Commissioner of Public Works; Robert E. Cunniff, secretary of the Boston Finance Commission; Francis X. Moloney, executive secretary; Joseph Slavet, of the Boston Municipal Research Bureau; and the following committee members: J. Leo McGrath, chairman, division engineer of the Automotive Division of the Public Works Department; Capt. David I. Driscoll, assistant engineer in charge of motor apparatus of the Boston Fire Department; Lieut. William M. Donahue, supervisor of automotive equipment of the Boston Police Department; Theodore J. Hoppe, director of traffic safety education of the Boston Traffic Commission;

Recommendations of the Board of Directors for the Years 1951 and 1952.

1. That the maximum number of shares which may be held by a member during the ensuing year be fixed at 100.
2. That the maximum amount of deposits which may be made by a member be limited to \$5 per month, the total deposits not to exceed \$200.
3. That the maximum amount of credit which a member may have at any one time during the ensuing year be fixed at \$300.
4. That a dividend at the rate of 6 per cent and 2 per cent be declared payable on or after December 1, 1951.

Directors whose term expired and who were re-elected were:

Joseph F. Daly, Soldiers' Relief; Daniel J. Falvey, Auditing Department; Daniel A. Grant, Collecting Department; Joseph W. Fellows, School Department; William D. Kenney, Retirement Board; Henry C. McKenna, Court House; James S. Kiernan, Public Welfare.

Officials elected for the year were:

President, Timothy C. Doherty; vice president, Elmer J. Casey; treasurer, Daniel A. Grant; clerk, John J. Connolly. Credit Committee: William D. Kenney, Charles J. Scanlon, Daniel F. Ego.

Auditing Committee: Arthur J. O'Keefe, John J. Donovan, James S. Kiernan.

Such was the information furnished by officials of the Boston Christmas Festival Committee, requested by Mayor Hynes to undertake the responsibility of seeing to it that every one of these brave men, many of them critically wounded, receives a Christmas remembrance from the "Grateful People of Boston."

The committee has already received \$7,971.73 from various charitable and patriotic sources, but needs a total of \$15,000 to pay for the 1,743 Christmas boxes that have been sent to Korea, Europe, and Japan and to purchase the 400 boxes for the Korean wounded at the Chelsea Naval and the Waltham General Hospitals.

Each box costs approximately \$7, including transportation charges. Contributions should be sent to the Christmas Festival Committee, care of Robert Cutler, treasurer, 1 Federal street, Boston.

CHRISTMAS FESTIVAL COMMITTEE INFORMS MAYOR HYNES APPROXIMATELY \$7,000 MORE NEEDED TO PROVIDE CHRISTMAS BOXES FOR 400 KOREAN WOUNDED VETERANS IN GREATER BOSTON HOSPITALS.

Approximately \$7,000 is needed if the 400 Korean wounded veterans at the Greater Boston service hospitals are to receive Christmas boxes from the people of Greater Boston, and unless there is an immediate response with financial contributions from the people of the Greater Boston area they will not get them in time for Christmas or possibly go without.

MAYOR PLANS IMPROVEMENTS IN OPERATION OF CITY'S AUTOMOTIVE EQUIPMENT.

(Continued from page 1389.)

Edward J. Ryan, buyer of automotive equipment, parts, and supplies, Supply Department; Joseph M. Walsh, assistant superintendent of the Boston Park Department; James H. Stewart, supervisor of motor transportation of the Public Works Department; and Joseph P. Lally, Auditing Department.

The subjects to be considered by the committee will be inventory system and policy, control and issue of tools, work order procedure, preventative maintenance practice, operational and cost records, driver training, purchase and replacement policies, and vehicle utilization.

REPORT OF JAMES S. REARDON, SCHOOLHOUSE CUSTODIAN, ON ATTENDANCE AT 37TH ANNUAL CONVENTION OF THE ASSOCIATION OF SCHOOL BUSINESS OFFICIALS, IN TORONTO, ONTARIO, CANADA, OCTOBER 15 TO 18, INCLUSIVE.

The following is the report by James S. Reardon on his attendance at the Association of School Business Officials Convention:

Left Boston Sunday, October 14, 1951. Registered in Toronto Monday, October 15, 1951, A.M. I registered for the convention and then attended an assembly meeting at 10.30 A.M. in the concert hall, convention floor, Thomas W. Cleft, president, presiding.

Invocation: Rev. David M. Keir, minister, Royce Presbyterian Church, Toronto.

Presentation of Colors: Dominion of Canada; the United States of America.

Musical Program: Oakwood High School Choir, Toronto.

Addresses of Welcome: His Worship, Hiram E. McCallum, Mayor of Toronto; W. Howard Male, K.C., Chairman, Board of Education, Toronto; Dr. C. C. Goldring, Director of Education, Toronto.

Response to Addresses of Welcome. Edward P. Williams, Vice President Association of School Business Officials Business Manager, Fort Worth, Texas.

Greetings from the Exhibitors: Elliot C. Spratt, Chairman, Association Exhibitors, St. Louis, Missouri.

President's Message: Thomas W. Cleft, Assistant Superintendent in Charge of Business Affairs, Atlanta, Georgia.

Monday, 2.30 P.M. Sectional programs started. Rooms 1, 2, 3, mezzanine floor. Maintenance and operation of plant.

The meeting was opened by Arthur Knoll, Long Beach, California, Business Manager, who, after a few remarks, introduced the first speaker, Eugene Hightora, Assistant Business Manager, Fort Worth, Texas, who in his talk on interior of classrooms covered the following points — painting, furniture, chalkboards, and shades.

The next speaker to be introduced was T. B. Kent, Supervisor of Buildings and Grounds, Mississippi, Minnesota, who spoke on proper inspection and supervision of plant. Mr. Kent pointed out

in his talk that a great reduction in operating cost has been made by proper inspection in his city.

Some of the causes cited by Mr. Kent which resulted in increased cost:

- (a) Improper heating.
- (b) Defective radiators.
- (c) Temperature controls.
- (d) Ventilating.
- (e) Piping.
- (f) Draft and construction control.

The next speaker was F. Donald Ledgett, mechanical engineer, Toronto, Canada, who spoke on comparison of heating systems—coal, gas, and oil.

The final talk of the afternoon was given by Wallace C. Kirk, Supervisor of Education Supplies and Equipment, Baltimore, Maryland, on paints and paint testing. Mr. Kirk has made an exhaustive study of paints and paint testing and has put it into book form which was passed out to the members. I was particularly interested in his explanation of the proper formula and method for sealing floors.

Tuesday, 2 P.M. Convention tour. Arrangements had been made for a tour of the city and surrounding territory, with all members invited. It certainly was one of the highlights of the entire convention. A stop was made at the Board of Education Building, and we were escorted through the entire building. The maintenance groups impressed me very much. We saw old desks which had been taken from classrooms refinished into practically brand new desks. This was also true of other school furniture, shades, motors, etc. After leaving here we continued on our visit of the city.

Wednesday, 10 A.M. Sectional meeting, plant operation and maintenance. Philip J. Hickey, Supervisor of Instruction, St. Louis, Missouri, spoke on the coordination between maintenance and plant operators and the instructors' department. It was pointed out in this talk, and it has been proven in St. Louis, that much better understanding has been reached among the employees and office by calling together the various groups in order to get their viewpoint on new construction of school buildings, since they are the people who use the facilities. Take, for example, a chemistry room. The teachers know better than the architect how and why this room should be laid out in a particular way. The same holds true for plant operators, and it was his contention that the views of this department should be obtained for greater efficiency and working conditions.

Radiant heating was discussed by H. B. Rockety, secretary, London, Ontario, Canada. After an investigation and study for one year, they have decided to install radiant heat in their new school buildings and where replacements have to be made in old equipment. In one season there was a fuel saving of approximately 20 per cent, no deterioration in piping, no corrosion, radiators removed, no marred walls. It was also pointed out that there was a saving in installation cost of 25 per cent.

Mr. H. S. Brannon, Director of Buildings, Houston, Texas, gave a very interesting talk on floor maintenance—the care of various types of floors, wood, asphalt tile, and others.

Wednesday evening. Annual banquet was held at 7.15 in the concert hall, convention floor. Chairman, Thomas W. Cleft, President. Toast to the King. Toast to the President of the United States of America. Chairman's remarks and introduction of head table guests. Introduction of speaker—W. Harold

Male, K.C., Chairman, Toronto, Board of Education. Address by the Honorable Sir Alexander Clutterbuck, K.C., M.C., High Commissioner for the United Kingdom.

Thursday, A.M. Assembly meeting. Invitation for 1953-54 conventions. Addresses—The educational systems in the Province of Ontario by Dr. J. A. Althouse, Chief Director of Education, Department of Education, Toronto, Canada. Civil Defense Is Everybody's Business—Dr. Davoyne Giton, Assistant Federal Civil Defense Administrator and Director of Education, I.B.M. Corporation, New York, N. Y.

Convention adjourned 11.45 A.M., Thursday, October 18, 1951.

Arrangements for a visit to Niagara Falls had been made for Friday, 10 A.M., with return at 5 P.M.

Schoolhouse Custodian.

AUDITING DEPARTMENT NOTICE TO PAYROLL CLERKS.

To Payroll Officials.

Chapter 781 of the Acts of 1951 authorizes minimum and maximum increases in the amounts of *non-contributory pensions* and retirement allowances of former employees who were separated from the service of the city prior to November 1, 1949.

The minimum increase of \$100 applies to former employees now receiving a pension of less than \$2,000 a year and who were retired because of accidental disability or who, at the time of retirement, had at least 15 years of creditable service. The new pension allowance resulting from this increase cannot exceed \$2,000 per year.

If the minimum increase of \$100 does not establish a retirement allowance of \$1,200 and the former employee was retired because of accidental disability, or at the time of retirement had reached the age of 60 and had at least 25 years of creditable service, then the pension of such an employee shall be raised to \$1,200.

Annuitants under the provisions of section 89A of chapter 32 of the General Laws are not covered by this act.

All increases under this act may be computed as of December 1, 1951. If time will not permit placing the increases on the regular December pension roll, then a special roll for the December increase should be prepared and sent to the Payroll Section, Room 60, on or before December 31, so that this payroll may be charged against the 1951 appropriation.

CHARLES J. FOX,
City Auditor.

SPECIAL NOTE.

Since Christmas and New Year's fall on Tuesday and, undoubtedly, department offices will be operated with skeleton forces on the preceding Mondays, it is imperative that the preliminary copies of payrolls to be paid on the Wednesdays following the holidays should be delivered to the Payroll Section, Room 60, on or before the close of business on the preceding Fridays. Preliminary copies of rolls payable on Thursday should be delivered to the Payroll Section on Monday. Your cooperation in observing this schedule will be appreciated and will assure the payment of payrolls in accordance with the regular schedule.

MAYOR VETOES COUNCIL PROPOSAL TO GIVE CITY FUNDS IN CASE OF DEATH WHERE CITY WAS FOUND NOT TO BE INVOLVED IN FATALITY.

On December 12 Mayor Hynes addressed the following communication to the City Council:

To the City Council.

GENTLEMEN:

I return herewith disapproved the order passed by your Honorable Body on December 3, 1951, for the purpose of accepting chapter 737 of the Acts of 1951, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to John Grande."

My objections thereto are that there is no evidence that Anthony Grande's death was directly or indirectly due to any carelessness or negligence on the part of the city or any of its officers or employees, and so to make the payments being authorized would result in an unconstitutional use of public funds. See communication concerning the matter addressed to me under date of December 10, 1951, by Corporation Counsel William L. Baxter, a copy of which is transmitted herewith.

Respectfully,

JOHN B. HYNES, *Mayor.*

(From Law Department.)

(December 10, 1951.)

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I am in receipt of your letter of December 5, 1951, concerning chapter 737 of the Acts of 1951, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to John Grande."

I understand the facts of the instant case to be as follows: About 4.30 P.M. on July 7, 1949, Anthony Grande was playing with another boy on a wall surrounding a schoolyard which was not then open for use. When he attempted to pass a third boy who was also on the wall, the latter refused to let him. In an ensuing tussle, both fell to the ground. In falling, Anthony Grande struck his head on the pavement of the schoolyard and sustained injuries which resulted in his death two days later.

It is well settled that a municipality in this Commonwealth, even with the sanction of the Legislature, has no power to bestow a gratuity upon a private individual. "A statute conferring such power is unconstitutional, because it authorizes raising money by taxation for the exclusive benefit of particular individuals, and appropriates money for a private purpose which can only be raised and used for public objects."

Mead v. Acton, 139 Mass. 341, 344. Compare *Whittaker v. Salem*, 216 Mass. 483, 484-485, where it is said: "However meritorious the project may appear to be either in its practical or ethical or sentimental aspects, if it is in essence a gift to an individual rather than a furthering of the public interest, money raised by taxation cannot be appropriated for it." Accord, *Matthews v. Westborough*, 131 Mass. 521, 522, and *Jones v. Natick*, 267 Mass. 567, 570.

It is readily apparent from the facts recited above that Anthony Grande's death was not directly or indirectly due to any carelessness or negligence on the part of the city or any of its officers or employees, but entirely attributable to factors completely beyond

the city's control. In the circumstances, despite the reference in the above-cited statute to a moral obligation on the part of the city, no such moral obligation in fact exists. Accordingly, the above-cited statute provides merely for the payment of a gratuity, and, therefore, is in my opinion unconstitutional.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

COUNCILOR LANIGAN.

Ordered. That chapter 737 of the Acts of 1951, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to John Grande," be, and the same hereby is, accepted.

IN CITY COUNCIL December 3, 1951.
Passed.

W. J. MALLOY, *City Clerk.*

MAYOR AWARDS CITY OF BOSTON MEDALS TO 32 BOSTON KOREAN VETERANS.

Thirty-two Boston Korean veterans, some home on Christmas leave and some convalescing at Greater Boston service hospitals, have been awarded the City of Boston Korea Medal by Mayor John B. Hynes.

Present were high ranking officers of the Army, Navy, Marine Corps, and Air Force and many relatives and friends of the servicemen receiving the medals.

I respectfully recommend that snow removal contracts for the years 1951-1952 be awarded to the following-named contractors:

Area 5, Pacella Brothers, Inc., 99 cents per cubic yard. Area 7, Peerless Construction Company, 78 cents per cubic yard. Area 8, J. F. White Contracting Company, \$1 per cubic yard. Area 11, A. Singarella & Son, 85 cents per cubic yard. Area 12, C. & R. Construction Company, 67 cents per cubic yard.

The above-named contractors, in my opinion, represent the best qualified bidders who have sufficient experience, organization and equipment to do the required work in these areas, and it is in the best interests of the city that the contracts be awarded as recommended.

The above prices represent bids that were opened in this office for these districts December 7, 1951, after publicly advertising for proposals in the *City Record*.

GEORGE G. HYLAND,
Commissioner of Public Works.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, December 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On July 11, 1951, your Honor approved a contract, without public advertising, between the city and the American Service Company, 253 Adams street, Dorchester, providing for the servicing and maintaining of the gas lamps located in our streets. The contract as executed covered the period July 1 to December 31, 1951, the entire cost of the gas lamps' service and maintenance for this period being estimated as not in excess of \$40,000.

It now becomes apparent, however, that the final total cost of maintaining and servicing the gas lamps in use on the streets of the city for the six months' period ending December 31, 1951, will exceed the estimated cost of \$40,000 (estimate made last June 11, 1951) by about \$7,000. Therefore, your authorization is respectfully requested to dispense with public advertising and to amend the aforesaid contract by an amount, not in excess of \$7,000, to cover the cost of the aforesaid gas lamps' maintenance and servicing, at the present contract rates and prices up to and including December 31, 1951, the said contract's present termination date, thereby making the authorized maximum expenditure under the contract, up to the end of this year, the total sum of \$47,000.

Your authority is also requested to dispense with public advertising and to further amend the said contract with the American Service Company, providing for servicing and maintaining the gas lamps in use on our city streets, under the authority of the Acts of 1909, c. 486,

s. 16A, without an appropriation, to include the period January 1, 1952, to March 31, 1952, inclusive, at a cost for this period not to exceed the sum of \$25,000.

The American Service Company performs its work in an efficient and highly satisfactory manner. This firm will continue to carry out its gas lamp maintenance and servicing operations at the same unit prices and under the same terms and conditions as contained in its existing contract, and is willing to continue so doing at the same prices and on the same terms and conditions during the period January 1, 1952, to March 31, 1952. Furthermore, this department is not aware of any other contractor in this area capable of performing the servicing work required under the provisions of our street lighting contract. For these reasons, it is felt that nothing is to be gained by publicly advertising for proposals for this work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 14, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully recommend that a contract, without publicly advertising for proposals, be awarded to Carriere Construction Company, 23 Glendower road, Roslindale, for removing snow in Area No. 9 at an agreed price of \$1 per cubic yard, with the understanding that the contract will be in effect until December 31 of the current year, with the option on the part of the city of extending it to May 1, 1952.

Publicly advertised proposals were opened for this work under date of December 7, and the prices for Area No. 9 varied from 79 cents to \$1.10. Incidentally, the latter-referenced price was submitted by the Carriere Construction Company. All other bidders who submitted proposals for Area No. 9 had been awarded contracts in other districts and, therefore, Carriere Construction Company is the only bidder who submitted a publicly advertised proposal and who has not been awarded a contract. I therefore negotiated with the latter-referenced contractor, and he agreed to do the work at \$1 per cubic yard, which, as noted above, is 10 cents less than the bid that he submitted as the result of publicly advertising for proposals.

It is my opinion that it is in the best interests of the city, therefore, to award a contract to Carriere Construction Company at the agreed price of \$1 per cubic yard, without publicly advertising for proposals, and I so recommend.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for one (1) new 1951 Mercury four-door sedan to be delivered as soon as possible.

Informal quotations were solicited among several dealers, and three of them submitted prices. Authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to Waldo Gargage,

Inc., the lowest bidder. This company can make immediate delivery on the above vehicle.

Total amount of contract will be \$1,291.78, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Assessing Department has submitted a requisition to this office for one (1) Remington-Rand Three-Stage Multistage Selector with a wiring unit installed.

Remington Rand, Inc., is the sole manufacturer of the above equipment. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to this company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$3,460.50, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The current contract for Class "B" iron castings between the City of Boston and Mechanics Iron Foundry Company expires on December 31, 1951. However, the company will be unable to complete deliveries before December 31, 1951, because there was not a sufficient supply of pig iron allocated to it.

Mechanics Iron Foundry Company is agreeable to make deliveries in 1952 at the same price as that of their present contract. Authority is therefore requested to award a contract, without public advertisement, to Mechanics Iron Foundry Company for the undelivered portion, plus the 25 per cent in excess as provided in the contract. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$24,400, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Auditing Department has submitted a requisition to this office for one (1) No. 306-2 alphabetical key punch. It is necessary to procure this machine because of the increased volume of work now being handled by the Auditing Department.

The above machine is manufactured by Remington Rand, Inc. Inasmuch as the Auditing Department is desirous of standardizing on the equipment in the Payroll Division, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Remington Rand, Inc.

Approximate total amount of contract will be \$2,430, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Sanitary Service of the Public Works Department has submitted a requisition to this office for one (1) Trojan Buckler loader, as per specifications submitted by the department.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Clyde Everett Equipment Company, who is the distributor in this area for the above equipment. This company can make immediate delivery on the order, and this is a very important factor inasmuch as the department requested delivery immediately if possible.

Total amount of contract will be approximately \$6,948, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The contract between the City of Boston and Warren Foundry and Pipe Corporation for furnishing iron castings to the Public Works Department expires on December 31, 1951. Because of a shortage of materials, the contractor will be unable to complete deliveries by the expiration date.

Inasmuch as the present contractor is agreeable to make deliveries in 1952 at the same prices as those of the current contract, authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Warren Foundry and Pipe Corporation. It is my opinion that, in this way, the best interests of the city will be served.

The undelivered portion of the contract is approximately 105,000 pounds of iron castings which will amount to approximately \$12,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for latex rubber tubing in various sizes. James B. Cunningham Company has quoted prices, in writing, which are considerably less than the standard list price for rubber tubing.

Authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to James B. Cunningham Company. By awarding this contract as requested, a considerable saving will accrue to the city.

Approximate total amount of contract will be \$1,700, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The contract between the City of Boston and Hersey Manufacturing Com-

pany for furnishing water meters to the Water Division of the Public Works Department expires on December 31, 1951. However, all water meters will not be delivered by the expiration date because of a shortage of materials.

The Hersey Manufacturing Company is agreeable to make deliveries in 1952 at the same prices as their current contract. In order to take advantage of this opportunity, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Hersey Manufacturing Company for the undelivered balance of water meters.

Approximate total amount of contract will be \$40,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, December 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. HYNES:

Your authorization is respectfully requested to dispense with public advertising and to further contract by appropriate form of amendment, and without an appropriation, under the authority of the Acts of 1909, chapter 486, section 16A, with Otis Elevator Company, a New Jersey corporation, with offices at 130 Clarendon street, Boston, Mass., for the furnishing of maintenance and service to ten passenger elevators in the Suffolk County Court House, during the period January 1, 1952, to March 31, 1952, inclusive, at a cost not to exceed \$3,432.

This company is presently engaged in furnishing said elevator service and maintenance under a contract, the period of which expires on December 31, 1951. However, the Otis Elevator Company is willing to continue furnishing its very dependable and satisfactory elevator services throughout the months of January, February, and March, 1952, at no increase in rates. The rate per month under the existing contract is \$1,144, with an extra charge of \$4.15 per man-hour for possible overtime work.

In the light of the above outlined circumstances, it is felt that advantage would not accrue to the city by publicly advertising for bids for furnishing of the elevator service and maintenance herein described.

Respectfully yours,

COURT HOUSE COMMISSION.
THOMAS P. McDAVITT,
Chairman.

NEARLY 48,000 VISITED BOSTON'S NEW MUSEUM IN FIRST 6 WEEKS.

Attendance figures at the new Museum of Science Park, Boston, passed the last full year's admissions at the old Museum of Natural History on Berkeley street in only six weeks after the new museum opened.

During the school vacation recently, 10,196 people visited the museum. This brought the first six weeks paid admissions to 45,739. From January 1944 to January 1945, the attendance at the old museum, open four hours longer each day, was but 40,700.

The new museum is open from 2 to 5 p.m., Tuesday through Friday; from 10 a.m. to 5 p.m., Saturday, and 2 to 5 p.m., Sunday. It is closed on Monday.

CIVIL SERVICE EXAMINATIONS.

PUBLIC BOATING MANAGER, BOSTON PARK DEPARTMENT, JANUARY 26, 1952.

Last date for filing applications, Monday, January 7, 1952.

Salary: \$64.45 a week.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To have direct charge of the public sailing program on the Charles

River Basin and to control and supervise all activities on the landing and sailing areas; to teach sailing to approximately one thousand boys and girls each summer, in a form quickly absorbed by public participants, and to instruct subordinate staff members in methods of giving such instructions; to outline rules and procedures in order to make a public sailing program safe, harmonious, and efficient, and to supervise the staff of paid or voluntary participants in such a manner as to assure absolute compliance with the rules and procedures during times of calm or emergency; to see that all boats and their gear are in good working condition and safe against any contingency which may arise due to the ineptitude of participants or due to the weather, and to ascertain that boats are not placed in charge of participants not qualified to handle them; to anticipate weather conditions on the sailing area and to interpret the effect of present or expected weather on helmsmen of varying degrees of experience; to protect the fleet and participants during heavy weather by correct and decisive action; to be responsible for money collected in cases where fees are charged to adults or to children; to repair and build boats during the wintertime and to instruct groups of youngsters in the building and repairing of boats; and to perform related work as required.

Examples of Duties: Enforcing appropriate measures during stormy weather or where winds strike suddenly in order to insure the safety of the fleet; organizing paid or voluntary assistants, requisitioning nearby boats and proceeding to render appropriate aid to boats most in need during an emergency; instructing boys inept at learning sailing or non-co-operative towards the sailing program and its many problems and handling such types with inspiring and effective confidence; requisitioning required materials for repairing and building boats and organizing the repair work and construction in an efficient manner; conducting swimming tests; safeguarding personal property left ashore; answering questions from persons seeking information concerning the program.

An understanding of the problems of younger and older persons and the relationships between them as participants in a sailing program, with the ability to gain their cooperation, is necessary, as well as the ability to control all activities in a friendly manner but with vigorous authority.

During the summer months, Sunday and holiday work is included, and the program continues until one hour after sunset each day. During the winter months, evening work is included.

Entrance Requirements: Applicants must have had (a) at least six months or two seasons of paid experience in direct charge of a sailing program which was available to the general public with or without cost and which included preliminary sailing instruction as an established part of the program and actual direction of the sailboats and the activities of the participants at the boat landing of the project, and must have had (b) at least three months or one season of paid experience as an instructor in boatbuilding or allied manual arts. **Substitution:** One year or four seasons of paid experience as a subordinate sailing supervisor with full responsibility during the absences of the sailing di-

rector in a sailing program as described under (a) may be substituted for the required (a) experience.

Possession of a current Red Cross first-aid certificate and a certificate (Red Cross, Y.M.C.A., or intercollegiate) as an instructor in life saving and water safety is desirable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 3, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair. Absent, Councilors Coffey and Lane.

The Reverend Joseph J. Boyle of St. Gregory's Roman Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH J. BOYLE.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen. O Lord God Almighty, Father Eternal, we beg at this closing session of this year 1951, to give to this Council assembled the wisdom that they may add to their knowledge which is Thine, to do justice to themselves as well as to do what is fair to the City of Boston. In all they do, may they so act that they may be a credit to themselves and to their fellow men as well as to the fair city of Boston. Give to their families knowledge to act to the best of their ability following their consciences. Give to all assembled such fortitude, courage, and deep faith in following Thy direction, heeding Thy counsel, and answering Thy admonitions, so that their decisions here today may reflect courage in them and glory on the city as well as upon those who elect them in office. We ask these things in the name of Our Lord, God Father Almighty, now here watching our every action.

Our Father, Who art in heaven, hallowed be Thy name. Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive our trespasses as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The salute to the Flag was given by the members.

Coun. BANKS in the chair.

RECESS.

The Chair declared a short recess at 2.46 p.m., and the Councilors reassembled in the Council Chamber and were called to order by Chairman BANKS at 3.08 p.m.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Weighers of Coal for the term ending April 30, 1952:

Leon Frank, 315 Mason terrace, Brookline; Samuel Schneider, 64 Payston street, Roxbury; James A. White, 34 Buswell street, Boston; Isabelle C. Abdon, 230 Maverick street, East Boston.

Severally referred to the Committee on Confirmations.

RESIGNATION OF MICHAEL J. FEEHILY.

Notice was received from the Mayor of the resignation of Michael J. Feehily as a constable. Placed on file.

VETO OF ORDER FOR ANNUITY TO ROSE M. BRADLEY.

The following was received: City of Boston, Office of the Mayor, December 3, 1951. To the City Council. Gentlemen:

I am returning herewith disapproved the order passed by your Honorable Body on November 19,

1951, purporting to provide for the payment of a certain annuity to Mrs. Rose M. Bradley.

My objection thereto is that the death of the individual involved was not the natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while he was acting in the performance and scope of his duty, and so the prerequisites of G. L. (Ter. Ed.) c. 32, s. 89A, as amended, under which the order purports to have been passed, have not been met. See communication concerning the matter addressed to me under date of November 30, 1951, by Corporation Counsel William L. Baxter, a copy of which is transmitted herewith.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Law Department, November 30, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

This is in reply to your letter of November 21, 1951, asking, in effect, whether in my opinion you would be acting within the scope of your powers if you approved the order passed by the City Council on November 19, 1951, providing an annuity for the widow and children of the late Manassah E. Bradley, Jr., who at the time of his death was a member of the Boston Police Department.

G.L. (Ter. Ed.) c. 32, s. 89A, as amended, under which the aforesaid order purports to have been adopted, reads, so far as presently material, as follows:

"If an employee of the commonwealth, or of any political subdivision thereof is killed, or dies from injuries received, or dies as a natural and proximate result of undergoing a hazard peculiar to his employment, while in the performance of his duty, and it shall be proved to the satisfaction of the appropriate public authority as hereinafter defined that such death was the natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while he was acting in the performance and within the scope of his duty, and a majority of the members of a board consisting of two physicians designated by the public authority hereinafter defined, and one physician to be designated by the commissioner of public health shall certify to the treasurer of the body politic and corporate by which the compensation of such deceased person was payable, that the death was the natural and proximate result of the said injury or hazard, there shall, except as hereinafter provided, be paid out of the treasury of such body politic and corporate, to the following dependents of such deceased person the following annuities: . . ."

In my opinion, the inescapable meaning of the words just quoted is that the annuities provided for by the statute cited are to be granted only if the employee is either killed while in the performance of duty, or dies from injuries received while in the performance of duty, or dies as a natural and proximate result of undergoing, while in the performance of duty, a hazard peculiar to his employment. According to the findings of the Justice who presided at the inquest held before the Municipal Court of the City of Boston to inquire into the cause and manner of Mr. Bradley's death, Mr. Bradley died as a result of a gunshot wound caused by the accidental discharge by him of his police revolver while he was in his own home off duty. In other words, Mr. Bradley was neither killed, nor did he die from injuries received, nor did he die as a natural and proximate result of undergoing a hazard peculiar to his employment, while in the performance of his duty.

Accordingly, it is my opinion that the above-mentioned order passed by the City Council on November 19, 1951, does not come within G.L. (Ter. Ed.) c. 32, s. 89A, as amended, and that you would not be acting within the scope of your powers if you approve such order.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

City of Boston,
Office of the Mayor, December 3, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Fire Commissioner relative to your order of November 19, 1951, requesting an investigation into the use of grease paint sold to children in such cases as Halloween, and at other such times as children have use for it, insofar as it is highly inflammable material.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, November 28, 1951.

Mr. Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Enclosed herewith is a report from the Fire Prevention Division of our department with reference to your communication dated November 21, 1951. This report is self-explanatory, and I trust that it will provide the information desired.

Very truly yours,
MICHAEL T. KELLEHER,
Fire Commissioner.

From: Fire Prevention Division.

To: The Fire Commissioner.

Subject: Memo from the Office of the Mayor re Inflammable Grease Paint.

Pursuant to the attached memo from the office of the Mayor, the following information is herewith submitted.

There was no grease paint involved in the accident mentioned in the communications. The burns resulted from ignition of the child's dress, made by her mother, and were in no way connected with the Halloween observance.

I have spoken with Councilor Ramsey, who now finds that he was misinformed and requests that the matter be dropped.

Respectfully submitted,
EDWARD MONTGOMERY,
Deputy Chief in Charge,
Fire Prevention Division.

To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of November 19, 1951, requesting a study of the advisability of putting another traffic island in Codman square, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
November 28, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of November 19, 1951, requesting a study of the advisability of putting up another traffic island in Codman square, Ward 17, I wish to report that we have recently relocated the entire signal system in Codman square.

At that time we made a study of constructing channelizing islands to help the movement of traffic and to control safety for pedestrians.

We considered placing an island in the throat of Washington street at the southerly end of Codman square, but we did not follow through with the idea because it appeared that it would constrict the traffic, reducing it to one lane in either direction, which would not be sufficient to take care of the demand.

Respectfully yours,

Boston Traffic Commission,
November 28, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Regarding Council order dated November 19, 1951, requesting the installation of "Slow" signs and crosswalk lines at the corner of P and East Fifth streets, Ward 6, I wish to report that our painting schedule has been completed for the year, and the temporary painters employed annually left our service on November 1 according to custom.

We already have a "Slow" sign in P street approaching East Fifth street, and we will not be able at this time of the year to install the crosswalk lines, as weather conditions will prevent anything of a semipermanent character being established at this time.

TRAFFIC SIGNALS AT WASHINGTON STREET AND MELVILLE AVENUE.

The following was received:

City of Boston,
Office of the Mayor, December 3, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of November 19, 1951, requesting the placement of lights on the corner of Washington street and Melville avenue, in Ward 17, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
November 29, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of November 19, 1951, requesting the installation of traffic lights on the corner of Washington street and Melville avenue, in Ward 17, Dorchester, I submit the following report.

Two accidents occurred at this location on November 5 and on November 17. The accident on November 5 involved a man seventy-one years old, killed by a passenger car going south on Washington street, approaching Melville avenue. The driver of the car was a woman sixty-eight years old.

A previous accident near the intersection involved a boy five years old who dashed across

Washington street and was struck by a bus. These are the only two accidents involving personal injuries that have occurred at Melville avenue and Washington street, according to the records of the Police Department or the Traffic Commission.

An accident which occurred on November 17 consisted of a trackless trolley, which was stopped in front of 533 Washington street, being struck by a driver of a passenger car in the rear. The driver of the passenger car in question was fined \$75 for drunken driving.

In view of these circumstances it does not appear that traffic signal lights would have prevented them, and these three incidents appear to be the sum total of the accident record for the area during a considerable period of time.

Consultation with the police officials of the district supports the view that since the intersection of Melville avenue and Washington street is open, providing a view of several hundred feet in either direction for motorists approaching the intersection, the need for signalization does not appear to be as pressing as that of other sections of Dorchester and other parts of the city where much more hazardous conditions exist.

In accordance with the resources at our disposal for traffic lights throughout the city we are restricted by the fact that the available appropriations do not provide enough for us to catch up on all the previously neglected intersections which need traffic lights.

We have been able to install about forty signal lights a year, but we have not yet completed the program, which should cover the most congested and most dangerous intersections.

We believe that it is our duty to provide for such intersections, and with that in mind it is necessary for us, in many cases such as this one, to report with regret that we are unable to comply with the wishes of some petitioners.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

INCREASING PENSIONS OF CERTAIN EMPLOYEES.

The following was received:

City of Boston,

Office of the Mayor, December 3, 1951.

To the City Council.

Gentlemen:

I submit herewith an order for the acceptance of chapter 781 of the Acts of 1951. In the cities which accept it, this act authorizes an increase of \$100 in the pensions or retirement allowances of employees retired prior to November 1, 1949, with 15 years of service and now receiving less than \$2,000 a year; and an increase to \$1,200 of those retired after 25 years of service and now receiving less than \$1,200. It also benefits those employees who retired between October 1, 1946, and November 1, 1949, and who did not share in the three increases granted in the last five years. During the last two years I have been very much disturbed over the situation of those retired employees whose pensions are in the lower brackets, especially as no halt seems to be in sight in the rising cost of living.

Many of them were retired on pensions that, at the time of retirement, were barely sufficient to meet their living expenses, and they now find that the purchasing power of their pensions has been materially reduced.

Nearly every one would admit that it is desirable and justifiable to increase these pensions, but the pension legislation is such a hodgepodge that it is extremely difficult to accomplish it without involving many inconsistencies and without too much of a burden on the city's finances.

While the act submitted is not entirely free from objections it has the merit of taking care, to a large extent, of those pensioners who now find themselves in a precarious situation and presents a fairly reasonable step in the solution of the problem.

I feel assured that the City Council and the people generally will agree that it is incumbent on the city to take this action to assist the pensioners, and I recommend the passage of the order at the earliest possible date.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That chapter 781 of the Acts of 1951, entitled, "An ACT Relative to Increasing the Amounts of Pensions and Retirement Allowances Payable to Certain Former Public Employees," be, and hereby is, accepted by the City Council of Boston, acting in behalf of the city and the County of Suffolk.

On motion of Councilor Hannon the rules were suspended and the order was passed.

SALARIES OF CERTAIN OFFICIALS.

The following was received:

City of Boston,

Office of the Mayor, November 30, 1951.

To the City Council.

Gentlemen:

I forward herewith an amendment to the ordinances of the City of Boston concerning certain salaries of certain department officials.

It is a matter of common knowledge that present-day salaries for the department officials are not, in many cases, attractive. As a consequence, the city government can neither retain, nor persuade other competent persons to accept positions of wide responsibility. Therefore, at the present time, I am recommending that the salaries of the City Auditor, the Corporation Counsel, the Building Commissioner, the Budget Commissioner, the Public Works Commissioner, and the Fire Commissioner be increased.

The salary schedule of other department heads will be adjusted at the time of the acceptance of the general compensation and classification plans. The survey now being made will also include

recommendations applying to these other positions, and these recommendations will be forwarded to your Honorable Body in due time.

I recommend the prompt adoption of the accompanying ordinance.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

In the Year Nineteen Hundred and Fifty-one.

An Ordinance Concerning Salaries of Certain Officials.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section five of chapter 3 of the Revised Ordinances of 1947, as most recently amended by chapters 4 and 5 of the Ordinances of 1951, is hereby further amended as follows:

In the clause establishing the salary of the budget commissioner, by striking out the words "seventy-seven hundred and sixty" and inserting in place thereof the words "nine thousand."

In the clause establishing the salary of the building commissioner, by striking out the words "ninety-two hundred and sixty" and inserting in place thereof the words "ten thousand five hundred."

In the clause establishing the salary of the city auditor, by striking out the words "eighty-six hundred and sixty" and inserting in place thereof the words "ten thousand nine hundred," and in the same clause by striking out the words "ten thousand two hundred and sixty" and inserting in place thereof the words "twelve thousand five hundred."

In the clause establishing the salary of the corporation counsel, by striking out the words "ten thousand seven hundred and sixty" and inserting in place thereof the words "twelve thousand five hundred."

In the clause establishing the salary of the fire commissioner, by striking out the words "ninety-seven hundred and sixty" and inserting in place thereof the words "twelve thousand."

In the clause establishing the salary of the public works commissioner, by striking out the words "ninety-seven hundred and sixty" and inserting in place thereof the words "twelve thousand."

SECT. 2. Section one of this ordinance shall take effect on December 5, 1951. This section shall take effect upon its passage.

SALE OF SURPLUS PIGS, DEER ISLAND.

The following was received:

City of Boston,
Office of the Mayor, December 3, 1951.
To the City Council.

Gentlemen:
I am in receipt of communication from the Penal Institutions Commissioner, attached herewith, requesting authority to sell one hundred (100) pigs at a price of approximately two thousand dollars (\$2,000).

I am in favor of the sale of these surplus pigs to the highest bidder and respectfully request approval of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Penal Institutions Department,
November 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
We have a surplus of one hundred (100) pigs at the House of Correction, Deer Island, which we would like to sell. These pigs weigh about one hundred twenty-five (125) pounds each, a total of twelve thousand five hundred (12,500) pounds.

At the present market price this department should receive approximately two thousand dollars (\$2,000) from this sale. If approved it is our intention to advertise this sale in the *City Record* and sell to the highest bidder, with a representative of the Sealer of Weights and Measures Department to supervise the weighing.

Authority by the City Council and your Honor's approval of this public sale is respectfully requested.

Very truly yours,
EDWARD L. FRIEL,
Penal Institutions Commissioner.

Ordered, That the Penal Institutions Commissioner is hereby authorized to sell to the highest bidder one hundred (100) surplus pigs at the House of Correction, Deer Island.

Referred to the Executive Committee.

APPROPRIATION FROM INCOME OF PRINTING DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 3, 1951.
To the City Council.

Gentlemen:
I am submitting herewith an appropriation order for \$50,000 to provide sufficient funds for the operation of the Printing Department for the balance of the year. The major portion of this appropriation is necessary because of the increased costs of printing, binding, and ruling furnished the city departments. The balance is necessary to provide funds for emergency repairs on passenger and freight elevators, the purchase of parts for complete overhauling of monotype equipment and for other emergency replacements which could not have been anticipated in the original budget.

I recommend passage of this order by your Honorable Body.

Respectfully,
J. B. HYNES Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1951, an additional sum of fifty thousand dollars (\$50,000) be, and the same hereby is, appropriated from the income of the Printing Department for the following purposes. Any excess of expenditures over income shall be met from taxes.

2. Contractual Services.....	\$39,390
3. Supplies and Materials.....	10,110
5. Equipment	
510. Electrical and Mechanical Machinery and Equipment.....	500

FIRE DEPARTMENT ORDERS.

General Order No. 61.

I. CRUSADE FOR FREEDOM.

A local committee has been appointed to assist in carrying out this year's Crusade for Freedom campaign to provide for the expansion of Radio Free Europe from its present limited facilities, erected in 1950 and 1951, to a network of more powerful stations. This program was launched last year under the leadership of General Eisenhower, and presently is being directed by General Lucius Clay.

As Greater Boston co-chairman in the Crusade for Freedom, the Fire Commissioner requests the cooperation of members of the Fire Department in contributing to this cause.

"Freedom" scrolls are being issued to the department today, one scroll for each house.

Company commanders and heads of department branches are asked to interview each member of their commands and accept any voluntary contributions which may be offered. The names of members and the amounts of their contributions are to be listed on the "Freedom" scrolls, and members who cannot contribute are also asked to sign the scroll.

Contributions and scrolls should be forwarded to Hoseman John E. Burwell of the Division of Public Relations, Public Information and Civilian Defense, 194 Broadway, Boston, on or before December 29, 1951.

The Greater Boston goal in the Crusade for Freedom is \$74,000.

All of the 54 Federal savings associations in New England are part of a nation-wide thrift system which includes some 1,500 institutions whose total resources exceeded \$8,000,000,000 as of December 31, 1950. Each association is a truly mutual institution owned by its members. All members share in the net earnings of the association in proportion to their holdings, after operating expenses and legal reserves have been allocated in accordance with charter regulations.

Funds in these Federal savings and loan associations are legal investments for trusts and are widely used by trustees, conservators and attorneys, as well as by credit unions, cemetery associations, and municipal fund investors. No fines or fees or any other assessment may be levied against savings funds in these institutions.

NO. 52

PARK DEPARTMENT CLOSSES HIGHLY SUCCESSFUL SEASON—213 LEAGUE GAMES PLAYED THROUGHOUT CITY WITH 151 OFFICIALS CONDUCTING THEM—EVERY SECTION OF CITY SHARED IN ENTERTAINMENT PROVIDED BY TEAMS—SPECTATORS NUMBERED MORE THAN 100,000.

Boston Park Department's Association of Football Leagues closed its most successful season of recent years, according to the report of the Park Department as rendered to and approved by the Mayor. A total of 213 games were played. The handling of these games required the services of 151 officials, with each official working at not more than 12 games for the season.

The complete report reads as follows:

PARK DEPARTMENT.

Boston, December 11, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The following is a report of the football games played in the 1951 Boston

MOTOR VEHICLE OFFICIALS URGE MAYOR HYNES TO ADVOCATE CITIZENS DRINKING COFFEE AFTER PARTIES TO LESSEN AUTO ACCIDENTS AND FATALITIES—AMERICAN ASSOCIATION OF MOTOR VEHICLE ADMINISTRATORS MAKES REQUEST.

The following communication was received by his Honor the Mayor on December 21:

American Association of Motor Vehicle Administrators,
Washington 6, D. C.,

December 18, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

According to figures compiled by the National Safety Council, 849 persons were killed and more than 10,000 others injured on United States streets and highways during the twin three-day celebrations of Christmas and New Year's a year ago. Thus we have this sad paradox: At a season when we are the happiest, our coroners and doctors are busiest.

CITY'S VETERANS' SERVICES WERE CALLED ON FOR \$13,447.66 LESS DURING OCTOBER THIS YEAR THAN IN THE SAME PERIOD OF 1950—1,487 CASES WERE AIDED WITH 2,822 BENEFICIARIES—159 CASES WERE CLOSED BECAUSE OF OBTAINING GAINFUL EMPLOYMENT, UNEMPLOYMENT COMPENSATION, OR OTHER AWARDS.

Expenditures for veterans' benefits for the month of October show a decrease of \$13,447.66 from those of the comparable period for the previous year. This is shown in the report of the Commissioner, Francis X. Cotter, to Mayor John B. Hynes.

There were 1,487 cases aided during the month with 2,822 individuals being benefited. There were also 159 cases closed during the month as the result of obtaining work, unemployment compensation, or social security awards. The complete report as submitted to the Mayor is as follows:

Boston, December 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of October, 1951.

Very truly yours,

FRANCIS X. COTTER, Commissioner.

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES URGED TO
MAKE APPEAL FOR
SAFETY OVER THE
HOLIDAYS.

(Continued from page 1413.)

People who are charged with promoting public safety are appalled, as you must be, by the ghastly by-products of our carefree, holiday spirit. This year the American Association of Motor Vehicle Administrators is sponsoring a plan so basic that it is surprising it has not been widely adopted long before this. It is simply this:

Ask hostesses and other party-givers to make it a "must" to serve strong hot coffee as the final refreshment of the party—the "one for the road." The theory is that if coffee is served as the last drink instead of another round of stronger stuff, more celebrants will arrive home safely.

There is a good deal of medical evidence to support the proposal. Tests conducted at Cornell University some years back demonstrated that when taken after alcohol, coffee has a steadying effect. And the old pros of the road, the long haul truck and bus drivers are living documentation of the alertness value of coffee. They make a habit of frequent stops for it to keep reflexes normal to meet the traffic emergencies that beset the driver everywhere.

Obviously, the plan is no cure-all. It is just one of many things people can do to live through the New Year after greeting it.

To this end there will appear in the newspapers of your city on December 28 a large-space advertisement which will say in substance, "On New Year's Eve, when it's 'one for the road,' be sure it's coffee!" The text of the advertisement will touch on the details contained in this letter.

Now while none of us begrudge the nation its little fling each year, we are all saddened by the price tag.

To help mark down the figure on that price tag, will you please add the "one for the road" suggestions to your annual appeal to the public in your city to take precautions during the holidays?

If, with your help, even a single accident is thus averted, we will feel that this part of the nation's safety campaign has been worth while.

Sincerely yours,

L. S. HARRIS,
Executive Director.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claims:

Thomas F. Forrester, 12 Churchill place, Dorchester, in the sum of \$225, as compensation for personal injuries caused by a hole in the sidewalk on Washington street, Dorchester, near Churchill place, February 9, 1951.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, December 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authorization is respectfully requested to dispense with public adver-

tising and to award a contract to the Eastern Massachusetts Street Railway Company, a local corporation with branch offices at 945 Hancock street, Quincy, Massachusetts, providing for the furnishing of daily bus service from the Fields Corner Rapid Transit Station to Long Island Hospital, Long Island, to cover the period from January 1, 1952, to March 31, 1952, at a cost not to exceed \$10,000.

The aforementioned contract is proposed for execution without an appropriation, under the authority of the Statutes of 1909, chapter 486, section 3A, as inserted by Statutes of 1941, chapter 604, section 1.

The above-named firm, which has the franchise over the route, has been engaged in providing this bus service to patients, employees, and visitors to Long Island Hospital since August 5, 1951, under its contract therefor, the term of which expires December 31, 1951.

The Eastern Massachusetts Street Railway Company has carried on the subject transportation services in an efficient and highly satisfactory manner and has co-operated to the utmost with this department.

In view of the foregoing, and since this company is willing to furnish the bus service to Long Island Hospital at no increase in rates over its existing contract and under the same terms and conditions, it is my opinion that nothing would be gained by publicly advertising for bids for the subject transportation services.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, December 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Owing to a recent law passed, chapter 69, Acts of 1941, which provides "that all persons committed for any crime, unless the court otherwise orders, have or cause to be taken his name, age, height, weight, photograph and general description and copies of his fingerprints in accordance with the fingerprint system of identification of criminals. All such photographs and identifying matter shall be committed forthwith to the Commissioner of Public Safety." The above law took effect as of June 8, 1941, and it is compulsory that all inmates be photographed upon commitment on and after that date.

In accordance with the above law, I therefore respectfully request permission to award a contract, without publicly advertising, to pay Fay Foto Service, Inc., for the performance of taking photographs of all persons committed to the House of Correction, Deer Island, in the sum of \$1.75 for each set of the pictures of each person photographed. Estimated cost will exceed \$1,000.

This type of work is necessarily of a very confidential nature. The Fay Foto Service, Inc., has done this work for a number of years in a highly satisfactory manner. Because this company has guarded carefully these confidences and because confidential matter is best intrusted to one company, I feel that the city's interests will be best served by engaging their services.

Very truly yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, December 17, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

For the coming nine-man City Council, it will be necessary to purchase eight desks, eight chairs, and eight desk pads.

Inasmuch as these desks, chairs, and pads are stock items of the types ordered, there is no appreciable variance in prices amongst the furniture dealers. My main concern has been the guarantee of delivery on or before the first Council meeting which takes place on January 7, 1952.

I wrote to three reputable furniture dealers in the city. One responded that delivery could not be guaranteed in the time set. In the prices offered by the other two dealers there was a slight variance, and I have selected the S. M. Levin Company, of 82 Washington street, Boston, the lower of the two bidders, to furnish us with the chairs, desks, and pads at a total cost of \$2,299.60.

However, since the proposals were originally sent out to the dealers and their estimates submitted, there has been a slight change in the furniture requirements of the new Council. The City Messenger and the City Clerk both inform us that nine, instead of eight, each of the above items will be needed. Consequently, it has been necessary to increase same as requested with the added cost for the three additional items.

I therefore respectfully request your permission to dispense with publicly advertising for bids and to award a contract to the S. M. Levin Company, in the sum of \$2,587.05.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 14, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of December 7, publicly advertised proposals were opened in this office in connection with the award of snow removal contracts for the remainder of the current year and for the first four months of 1952.

Based on the bids obtained, contracts have been awarded in all areas, with the exception of Areas 6, 9, 10, and 13. In the latter-referenced areas I have been able to negotiate contracts on a more satisfactory basis than if these contracts were awarded on the basis of publicly advertised proposals; keeping in mind that it is not our usual policy to award more than one snow removal area to a contractor and also keeping in mind that we must give consideration to the qualifications, background, and experience of the contracting organizations.

In Area 6, the publicly advertised bids ranged from a low of 80 cents a cubic yard to a high of \$1.10, and contracts have been awarded, in other areas, to all contractors who submitted bids in Area 6, except the contractor who submitted the bid of \$1.10 per yard. The latter-referenced price, in my opinion, is too high for this district, and I have, therefore, negotiated a contract at an agreed price of 85 cents per yard with John J. McCarthy Company, Inc., of 25 Huntington avenue, Boston.

In Area 10, the publicly advertised bids ranged from a low of 65 cents to a high of \$1.20. The price of 65 cents, in my opinion, is too low, and, aside from this point, the contractor who submitted this price is being awarded a contract covering Area

13. The second low and third low bids were submitted at a price of 75 cents per cubic yard, but I have awarded the two contractors involved other snow removal areas, and, therefore, I do not feel that it would be to the advantage of the city to award either of them Snow Area 10. I have, therefore, negotiated a contract with the contracting firm of Joseph P. McCabe, Inc., of 509 East First street, South Boston, at an agreed price of 75 cents per cubic yard. The addition of the latter-referenced contracting firm will strengthen our snow removal organization, and the agreed price is fair and reasonable in this particular area.

In Area 13, publicly advertised bids ranged from 64 cents to \$1.20. The two bidders who submitted the two low bids have been awarded contracts in other areas and the third low bidder, Atlantic Roads, Inc., submitted a price of 90 cents per yard. I felt that the price was a little high, and the contractor has agreed to do the work at an agreed price of 85 cents.

I respectfully request, therefore, your authority to award contracts, without publicly advertising for proposals, to the above-referenced contractors at the agreed prices as specified above for snow removal work, respectively in Areas 6, 10, and 13 for the period ending December 31 of this year, with the option on the part of the city of extending these contracts to May 1 of 1952.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Following each snowstorm it is necessary for this department, in connection with keeping the highways and streets of the city open for travel, to supplement departmental forces and equipment by utilizing the services and equipment of outside firms and individuals.

The equipment we hire consists of trucks for plowing and hauling, loaders, tractors, etc., and the service includes the manpower necessary to operate such equipment. The employment of this extra equipment is of an emergency nature and the cost cannot be reasonably estimated in advance since the extent and nature of winter storms is not predictable. In the event of a heavy or protracted storm, payments for these supplementary services may, in the aggregate, exceed \$1,000.

In view of this possibility and, as the rates to be paid for services and the rental of equipment are established by this department, nothing would be gained by advertising.

I therefore respectfully request your authority to dispense with public advertising and to pay all bills incurred on snowstorms during the winter season 1951-1952 without issuing service orders therefor, and also ask that I be authorized to pay such bills as may exceed \$1,000.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 12, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On November 23, 1951, bids on proposals for furnishing flour, as required, to the various city departments from January 1, 1952, to March 31, 1952,

were publicly opened and read in this office. Attached is tabulation of prices received.

Authority is requested to award a contract to Thurman Company, the lowest bidder, at the prices checked on the accompanying sheet. Approximate total amount of contract will be \$12,336, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions for passenger cars and trucks to be delivered to the Public Works Department and the Building Department. These requisitions were received at too late a date to publicly advertise for bids and to have the orders placed by December 31, 1951.

Inasmuch as the departments concerned are desirous of purchasing this equipment with 1951 funds, informal quotations were solicited among the various dealers and prices have been submitted. Authority is therefore requested to dispense with publicly advertising for bids and award contracts, without public advertisement, to the companies as listed below who were the lowest bidders on the quotations. It is my opinion that, in this way, the best interests of the city will be served.

Total amounts of contracts will be as follows:

Cote Motor Company, Inc., \$8,703, less 2 per cent cash discount for payment in 10 days; Bowers Motor Sales, Inc., \$2,617, net; Dickson Buick, Inc., \$2,087.12, net; Williams Buick Company, \$1,678.65, less 2 per cent cash discount for payment in 10 days; Clay Chevrolet, Inc., \$1,157.82, less 2 per cent cash discount for payment in 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Civil Defense office has submitted a requisition to this office for the following: 37, only, 7½ h.p., 220 volts, 50/60 cycle, single-phase sirens (Federal), 3, only, 7½ h.p., 220-440 volts, 50/60 cycle, three-phase sirens (Federal), 20, only, 5 h.p., 220 volts 50/60 cycle, single-phase sirens (Federal) — together with controls and push-button switches.

Federal Enterprises, Inc., 8700 South State street, Chicago, Illinois, is the manufacturer of the sirens requested. Owing to this fact, and also because this company can make immediate delivery, authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to Federal Enterprises, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$36,157.50, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Institutions Department has submitted a requisition to this office for one 1952 station wagon which is urgently needed for the transportation of children under the guardianship of the Child Welfare Division.

This department has experienced much difficulty in trying to procure the particular type of vehicle requested. The Chieftain Pontiac Corporation, 1299 Blue Hill avenue, Mattapan, has submitted an informal quotation and has assured this office that delivery can be made within a very short period of time. Authority is therefore requested to dispense with publicly advertising for prices, and award a contract, without public advertisement, to the Chieftain Pontiac Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,665.66, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

DEDUCTIONS FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given of the following deductions in the contract of M. S. Kelliher Company, dated December 30, 1949, for the erection of a new headquarters and maintenance garage building on Southampton street, Boston:

Deduction No. 10.

Under the general contract, plumbing section, the sum of \$5,000 is carried to cover special equipment and tests. Changes and additions under the allowance, consisting of installing and connecting drains from carbon monoxide

headers, water piping for spray head in CO₂ ducts, relocating hot water tank in boiler room, furnishing drain connection to sprinkler lines in paint shop, furnishing drain to sprinklers in fuel wagon room, installing extra drain in boiler room sump pit, furnishing and installing 24 mirrors, changing vent lines in clerks' office, and changing supply lines in toilet at ramp in Administration Building amounted to \$4,501.57, allowing for a deduction of \$498.43.

Deduction No. 11.

In the general contract under electrical allowances, \$6,000 was allowed for special electrical apparatus and equipment and \$4,750 was allowed for undervoltage trip coils making a total of \$10,750. Changes and additions in work performed under these allowances consisted of increasing bus-ducts and 225-amp breakers to 400 amps, and feeders from 350 centimeters to 500-centimeters increased motor feeders in machine shop, blacksmith shop, and ladder shop for power and lighting frames; changes in shops required because of heating duct interferences; changes in P.B.X. telephone system on second floor, and the addition of three 600-amp frame circuit breakers to main switchboard. The total of all changes and additions amounted to \$10,542.12, allowing for a deduction of \$207.88.

Deduction No. 12.

In the general contract under the heating section, an allowance of \$5,000 is carried for special heating and ventilation equipment and tests. Changes under this allowance were as follows: Raising steam main in fire station and changing flow to drain into condensation pump in basement; revising and changing duct work and outlets in hose shop, paint shop, repair shop, and two machine shops; offsetting main duct line R.S. supply No. 1, and monoxide trunk line to clear fire doors and relocating two 21-inch by 6-inch supply outlets (drawing No. H-2). The cost of the foregoing work was \$4,773.96, allowing for a deduction under this item in the amount of \$226.04.

Original contract, \$1,684,932; additions, Nos. 1 to 20, inclusive, \$57,980.34; total contract with additions, \$1,742,912.34; deductions, Nos. 1 to 12, inclusive, \$42,127.35; total contract with additions and deductions, \$1,700,784.99.

MAYOR HYNES PROCLAIMS DECEMBER 28 SEABEE DAY.

Whereas, The twenty-eighth day of December, 1951, marks the tenth anniversary of the birth of the SEABEES (United States Naval Construction Battalions), the youngest branch of the armed services; and

Whereas, Our citizenry is invited to render appropriate honor to the SEABEES as well as to all veterans of the service now honorably retired to civilian life; and

Whereas, Our SEABEES, at their several posts of duty at home and abroad, courageously and unselfishly protect and promote the doctrines upon which our nation was founded; and

Whereas, It is fitting that our gratitude for the devotion of the SEABEES be given concrete personal expression;

Now, Therefore, I, JOHN B. HYNES, Mayor of the City of Boston, do hereby declare December 28, 1951, as SEABEE DAY and call upon my fellow citizens to display the Flag of the United States at their homes and places of business during SEABEE DAY and to participate in exercises expressive of our recognition of the skill, gallantry, and uncompromising devotion to duty characteristic of those men of our SEABEES who have with high honor followed our Flag in peace and war.

Given at the office of the Mayor in Boston, this twenty-seventh day of December, in the year of our Lord one thousand nine hundred and fifty-one, and of the Independence of the United States of America the one hundred and seventy-fifth.

JOHN B. HYNES, Mayor.

Jerry Capodilupo, 43 Somerset street, Boston, in the sum of \$300, as compensation for damage to property caused by the backflow of sewage at 11A Irving street, Boston, from the main sewer which was broken, August 15, 1951.

NEW ENGLAND IN FEDERAL SAVINGS ASSOCIATIONS.

All of the 54 Federal savings associations in New England are part of a nation-wide thrift system which includes some 1,500 institutions whose total resources exceeded \$8,000,000,000 as of December 31, 1950. Each association is a truly mutual institution owned by its members. All members share in the net earnings of the association in proportion to their holdings, after operating expenses and legal reserves have been allocated in accordance with charter regulations.

Funds in these Federal savings and loan associations are legal investments for trusts and are widely used by trustees, conservators and attorneys, as well as by credit unions, cemetery associations, and municipal fund investors. No fines or fees or any other assessment may be levied against savings funds in these institutions.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of a portion of Providence street, Boston Proper district, as a highway, between Berkeley street and Clarendon street, bounded and described as follows:

A portion of the highway named Providence street is hereby discontinued, from Berkeley street to Clarendon street, on the southerly side.

Said portion of said highway, as hereby discontinued, is bounded as follows:

Easterly by Berkeley street, three feet; southerly by the southerly line of said Providence street as it existed previously to this discontinuance, five hundred forty-eight and 16-100 feet; westerly by Clarendon street, three feet; and northerly by the southerly line of said Providence street as hereby established, five hundred forty-eight and 16-100 feet, containing 1,644 square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of a portion of Providence street, Boston Proper district, as a highway, from Berkeley street to Clarendon street, under the order of the Board of December 19, 1951, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Carlson Circle, West Roxbury district, as a highway, from Weld street to Church street, bounded and described as follows:

A highway named Carlson Circle is hereby laid out, from Weld street to Church street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Weld street, by two measurements, seventy and 2-100 feet on a curve of one hundred seventy-one and 31-100 feet radius and three and 14-100 feet; westerly by the westerly line of said Carlson Circle as hereby laid out, by two measurements, thirty and 18-100 feet on a curve of twenty feet radius and two hundred forty-five and 92-100 feet; southerly by the southerly line of said Carlson Circle as hereby laid out, by four measurements, fifty-five and 16-100 feet on a curve of forty-five feet radius, one hundred fifty-seven and 72-100 feet, fifty-five and 7-100 feet on a curve of two hundred and eighty feet radius, and one hundred sixty-six and 71-100 feet; easterly by the easterly line of said Carlson Circle as hereby laid out, twenty-nine and 8-100 feet on a curve of twenty feet radius; westerly by Church street, eighty and 55-100 feet; northerly by the northerly line of said Carlson Circle as hereby laid out, by five measurements, thirty-three and 75-100 feet on a curve of twenty feet radius, one hundred fifty-seven and 33-100 feet, sixty-two and 94-100 feet on a curve of three hundred and twenty feet radius, one hundred fifty-seven and

72-100 feet, and one hundred four and 18-100 feet on a curve of eighty-five feet radius; easterly by the easterly line of said Carlson Circle as hereby laid out, two hundred fifty-six and 78-100 feet; and northerly by the northerly line of said Carlson Circle as hereby laid out, twenty-four and 47-100 feet on a curve of twenty feet radius.

Trees or structures standing upon the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of said Carlson Circle, from Weld street to Church street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.
